Item F1

Public Hearing - Baker Redevelopment Plan

Staff Contact: Chad Nabity

Agenda Item #4

PLANNING DIRECTOR RECOMMENDATION TO REGIONAL PLANNING COMMISSION:

June 28, 2012

SUBJECT:

Redevelopment plan amendment for property located in Blight and Substandard Area #6 at on 18th Street between Eddy and Cleburn in Grand Island Nebraska and other properties as necessary to support this development. (C-20-2012GI)

PROPOSAL:

Baker Development Inc. is proposing to acquire property, extend services, prepare the site and build a duplex on property located at 709 and 715 W 18th Street. The developer is seeking Tax Increment Financing to offset the cost of acquisition of the property, service extension, and site preparation. The property is currently vacant.

OVERVIEW:

The purpose of the CRA and the designated blight and substandard areas is to provide incentives for development in underdeveloped areas of the community. This project will provide commercial development in a location that is intended for these uses. Development of this property should prevent further decay of this neighborhood. This area has already been declared blighted and substandard by the CRA, the Hall County Regional Planning Commission and the Grand Island City Council.

This project is **consistent** with the **existing zoning** and the **future land use plan** for the City of Grand Island. This is evidenced by the fact that the property is zoned B2 General Business. The B2 zone allows for the development of housing as a permitted use. There is a residential property to the north of 18th Street. All of the properties on the south side of 18th Street surrounding these vacant lots are also used for residential purposes. The B2 zone requires 1000 square feet of property per dwelling unit and there are more than 13,900 square feet of property available on these 2 lots.

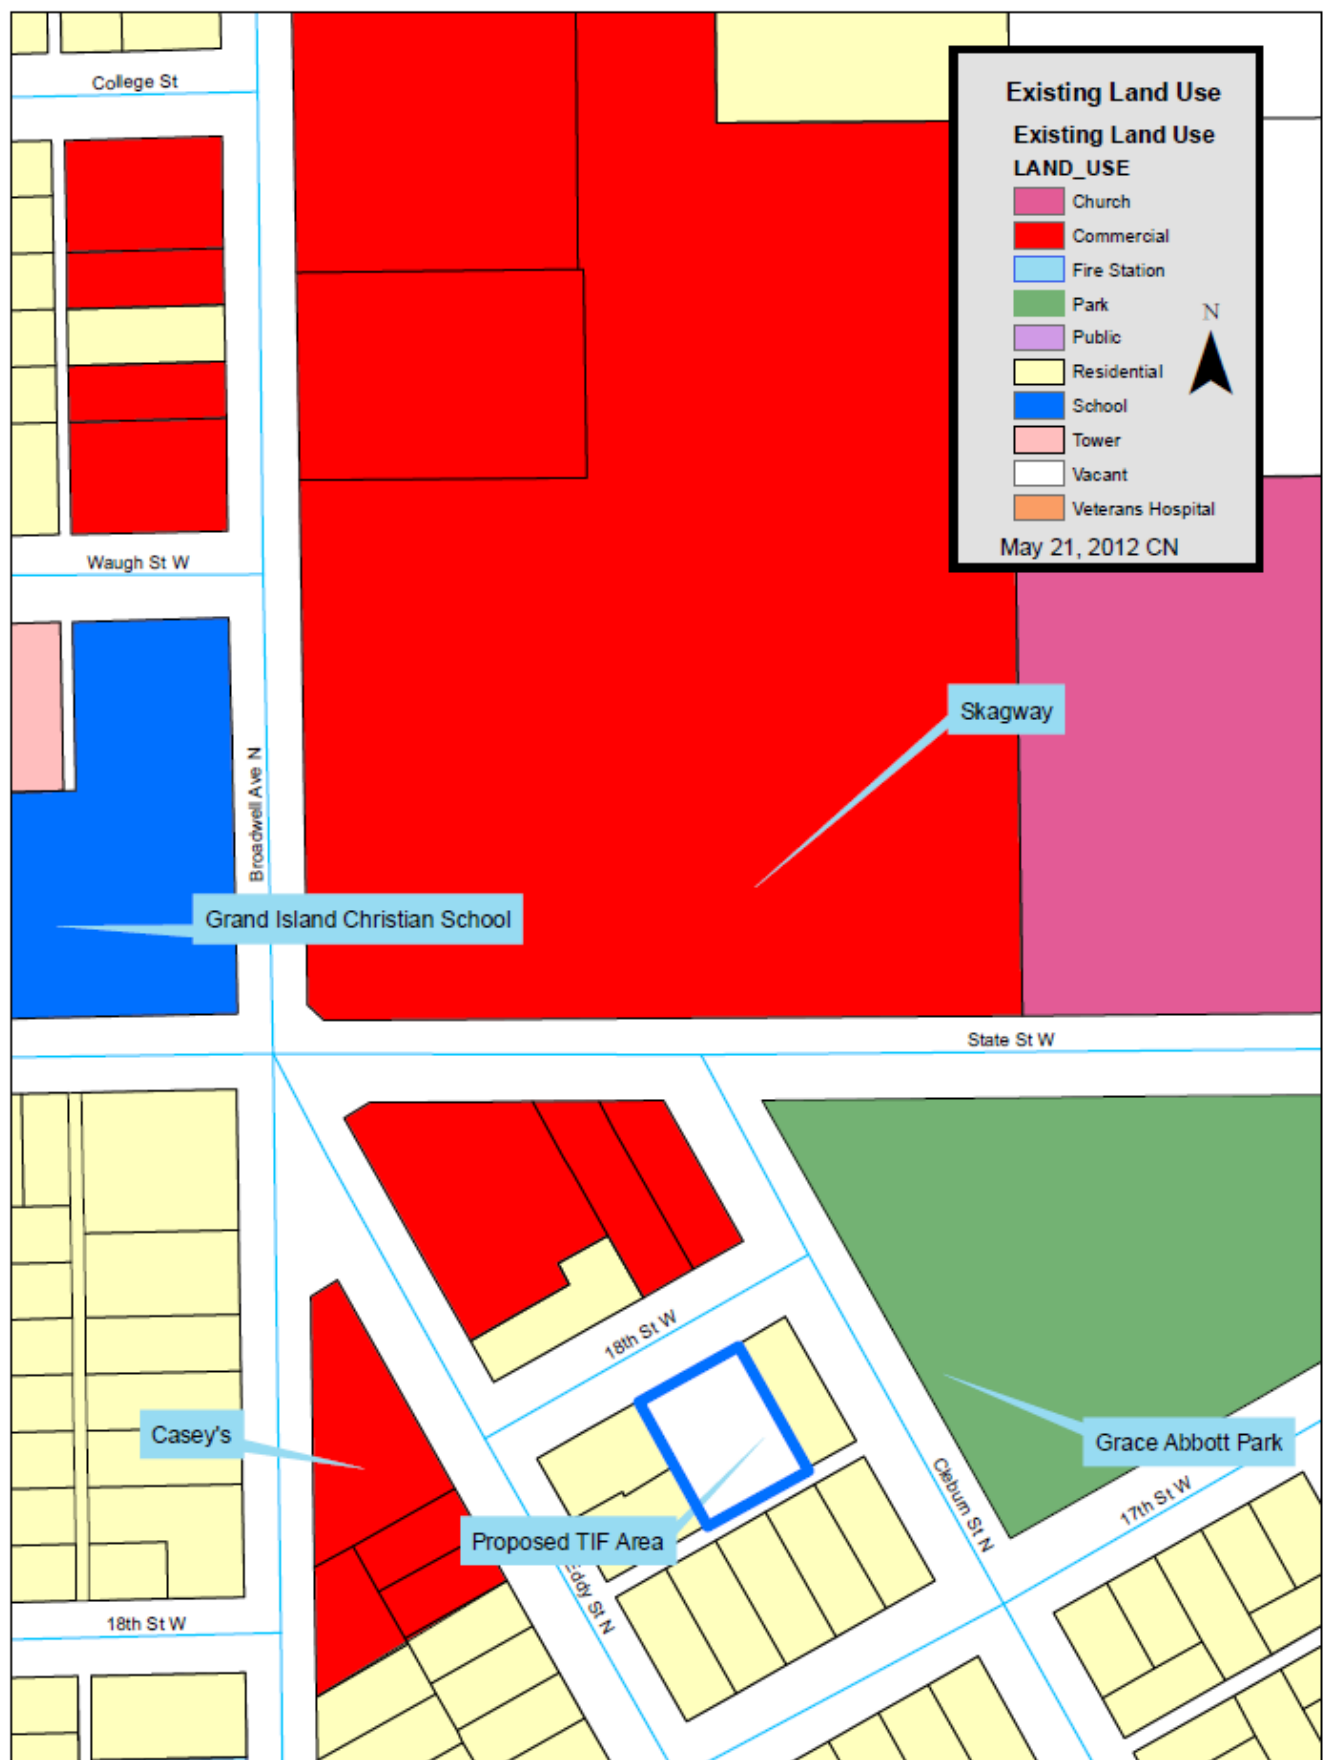

The Regional Planning Commission recommendation is limited to the appropriateness of the proposed use at this location. The Grand Island Comprehensive Plan calls for general commercial at this location and mixed use commercial within 1 block to the south and west; the Zoning Map defines this area as a commercial district that permits housing. Grace Abbott Park is located one half block to the east.

The Planning Commission is required to comment on these applications to confirm that expenditure of public funds through TIF is not supporting uses that would be inconsistent with the Comprehensive Plan. The proposed use for residential units at this location **is** supported by the plan.

RECOMMENDATION:

That the Regional Planning Commission recommend that City Council **approve** of the redevelopment plan amendment as submitted. A resolution is attached for your consideration.

**Redevelopment Plan Amendment
Grand Island CRA Area #6
May 2012**

The Community Redevelopment Authority (CRA) of the City of Grand Island intends to amend the Redevelopment Plan for Area #6 with in the city, pursuant to the Nebraska Community Development Law (the “Act”) and provide for the financing of a specific infrastructure related project in Area #6.

**Executive Summary:
Project Description**

THE ACQUISITION OF PROPERTY LOCATED AT 709 AND 715 W 18TH STREET AND THE SUBSEQUENT SITE WORK, UTILITY and ENGINEERING, LANDSCAPING AND PARKING IMPROVEMENTS NECESSARY FOR CONSTRUCTING A DUPLEX AT THIS LOCATION.

The use of Tax Increment Financing to aid in the acquisition of property along with costs associated with redevelopment of this site with a new duplex. The use of Tax Increment Financing makes it affordable to provide additional housing in Grand Island at this location at a contract rent that is consistent with the neighborhood. This project would not be possible in an affordable manner without the use of TIF.

The site is under contract for purchase by developer contingent on the approval of TIF. All acquisition costs, site work, and utilities will be paid for by the developer. The developer is responsible for and has provided evidence that they can secure adequate debt financing to cover the costs associated with the acquisition, site work and remodeling. The Grand Island Community Redevelopment Authority (CRA) intends to pledge the ad valorem taxes generated over the 15 year period beginning January 1, 2014 towards the allowable costs and associated financing for the acquisition and site work.

TAX INCREMENT FINANCING TO PAY FOR THE ACQUISITION OF THE PROPERTY AND RELATED SITE WORK WILL COME FROM THE FOLLOWING REAL PROPERTY:

Property Description (the “Redevelopment Project Area”)

This property is located at the between Cleburn Street and Eddy Street on the south side of 18th Street in northeast Grand Island. The attached map identifies the subject property and the surrounding land uses:

- **Legal Descriptions** Lot 2 and Lot 3 of Block 22 of Schimmer’s Addition to the City of Grand Island.

The tax increment will be captured for the tax years the payments for which become delinquent in years 2014 through 2028 inclusive.

The real property ad valorem taxes on the current valuation will continue to be paid to the normal taxing entities. The increase will come from development of a duplex housing unit at this location.

Statutory Pledge of Taxes.

Pursuant to Section 18-2147 of the Act, any ad valorem tax levied upon real property in the Redevelopment Project Area shall be divided, for the period not to exceed 15 years after the effective date of the provision, which effective date shall be January 1, 2014.

a. That portion of the ad valorem tax which is produced by levy at the rate fixed each year by or for each public body upon the redevelopment project valuation shall be paid into the funds, of each such public body in the same proportion as all other taxes collected by or for the bodies; and

b. That portion of the ad valorem tax on real property in the redevelopment project in excess of such amount, if any, shall be allocated to and, when collected, paid into a special fund of the Authority to pay the principal of; the interest on, and any premiums due in connection with the bonds, loans, notes, or advances on money to, or indebtedness incurred by, whether funded, refunded, assumed, or otherwise, such Authority for financing or refinancing, in whole or in part, a redevelopment project. When such bonds, loans, notes, advances of money, or indebtedness including interest and premium due have been paid, the Authority shall so notify the County Assessor and County Treasurer and all ad valorem taxes upon real property in such redevelopment project shall be paid into the funds of the respective public bodies.

Pursuant to Section 18-2150 of the Act, the ad valorem tax so divided is hereby pledged to the repayment of loans or advances of money, or the incurring of any indebtedness, whether funded, refunded, assumed, or otherwise, by the CRA to finance or refinance, in whole or in part, the redevelopment project, including the payment of the principal of, premium, if any, and interest on such bonds, loans, notes, advances, or indebtedness.

Redevelopment Plan Amendment Complies with the Act:

The Community Development Law requires that a Redevelopment Plan and Project consider and comply with a number of requirements. This Plan Amendment meets the statutory qualifications as set forth below.

1. The Redevelopment Project Area has been declared blighted and substandard by action of the Grand Island City Council on October 9, 2007.[§18-2109] Such declaration was made after a public hearing with full compliance with the public notice requirements of §18-2115 of the Act.

2. Conformation to the General Plan for the Municipality as a whole. [§18-2103 (13) (a) and §18-2110]

Grand Island adopted a Comprehensive Plan on July 13, 2004. This redevelopment plan amendment and project are consistent with the Comprehensive Plan, in that no changes in the Comprehensive Plan elements are intended. This plan merely provides funding for the developer to acquire the necessary property and provide the necessary site work for the construction of a permitted use on this property.

3. The Redevelopment Plan must be sufficiently complete to address the following items: [§18-2103(13) (b)]

a. Land Acquisition:

The Redevelopment Plan for Area #6 provides for real property acquisition and this plan amendment does not prohibit such acquisition. There is no proposed acquisition by the authority. The developer is proposing to acquire the property through private contract.

b. Demolition and Removal of Structures:

The project to be implemented with this plan does call for the demolition and removal of an existing substandard housing unit at this location. The structure to be demolished is a vacant substandard residential structure owned by the applicant.

c. Future Land Use Plan

See the attached map from the 2004 Grand Island Comprehensive Plan. The site is planned for commercial development. [§18-2103(b) and §18-2111] The attached map also is an accurate site plan of the area after redevelopment. [§18-2111(5)]

City of Grand Island Future Land Use Map

d. Changes to zoning, street layouts and grades or building codes or ordinances or other Planning changes.

The area is zoned B2-Genereal Business zone. No zoning changes are anticipated with this project. No changes are anticipated in street layouts or grades. No changes are anticipated in building codes or ordinances. Nor are any other planning changes contemplated. [§18-2103(b) and §18-2111]

e. Site Coverage and Intensity of Use

The developer is proposing purchase the property. The B2 zoning district allow 1 dwelling unit per 1000 square feet of property the combined size of the two lots is slightly more than 13139 square feet; enough to legally accommodate a duplex housing unit. The property is zoned B2 and could accommodate a building of up to 100% of the property area. The proposed units including the attached garages will cover about 2,984 square feet, well within the allowable coverage. [§18-2103(b) and §18-2111]

f. Additional Public Facilities or Utilities

Sewer and water are available to support this development. New water and sewer services may be required for this building. Water is located on the north side of 18th Street and no services are present on the south side of the street for these lots.

No other utilities would be impacted by the development.

The developer will be responsible for replacing any sidewalks damaged during construction of the project.

No other utilities would be impacted by the development. [§18-2103(b) and §18-2111]

4. The Act requires a Redevelopment Plan provide for relocation of individuals and families displaced as a result of plan implementation. This property, under contract by the developer is currently vacant and undeveloped, no relocation is needed. [§18-2103.02]

5. No member of the Authority, nor any employee thereof holds any interest in any property in this Redevelopment Project Area. [§18-2106]

Baker Development Inc. does have a banking relationship with Home Federal Bank in Grand Island, Nebraska. Barry Sandstrom, Chair of the CRA is also President of Home Federal Bank. He will abstain from the votes on actions taken on this project.

6. Section 18-2114 of the Act requires that the Authority consider:

a. Method and cost of acquisition and preparation for redevelopment and estimated proceeds from disposal to redevelopers.

The developer has a contract to purchase the property. The cost of property acquisition is included as a TIF eligible expense. Costs for acquisition, site preparation, utilities extensions, landscaping and concrete are \$38,250. These expenses are included as TIF eligible expenses. Fees and reimbursement to the City and the CRA of \$2750 are included as a TIF eligible expense. .

No property will be transferred to redevelopers by the Authority. The developer will provide and secure all necessary financing.

b. Statement of proposed method of financing the redevelopment project.

The developer will provide all necessary financing for the project. The Authority will assist the project by granting the sum of \$42,000 from the proceeds of the TIF Indebtedness issued by the Authority. This indebtedness will be repaid from the Tax Increment Revenues generated from the project. TIF revenues shall be made available to repay the original debt and associated interest after January 1, 2014 through December 2029.

c. Statement of feasible method of relocating displaced families.

No families will be displaced as a result of this plan.

7. Section 18-2113 of the Act requires:

Prior to recommending a redevelopment plan to the governing body for approval, an authority shall consider whether the proposed land uses and building requirements in the redevelopment project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted, and harmonious development of the city and its environs which will, in accordance with present and future needs, promote health, safety, morals, order, convenience, prosperity, and the general welfare, as well as efficiency and economy in the process of development, including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic, and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage, and other public utilities, schools, parks, recreational and community facilities, and other public requirements, the promotion of sound design and arrangement, the wise and efficient expenditure of public funds, and the prevention of the recurrence of insanitary or unsafe dwelling accommodations or conditions of blight.

The Authority has considered these elements in proposing this Plan Amendment. This amendment, in and of itself will promote consistency with the Comprehensive Plan, in

that it will allow for the utilization of and redevelopment of existing lots. This will not significantly impact traffic on at the Five Points intersection. New residential rental properties in this area raise property values and provide a stimulus to keep surrounding properties properly maintained. This will have the intended result of preventing recurring elements of unsafe buildings and blighting conditions.

8. Time Frame for Development

Development of this project (including demolition, site preparation and new construction) is anticipated to be completed between September 2012 and March of 2012. Excess valuation should be available for this project for 15 years beginning with the 2014 tax year.

9. Justification of Project

This is a residential neighborhood characterized by single family dwellings on smaller lots. The City of Grand Island is in need of additional housing units and this development will result in 2 brand new housing units. This is infill development in an area with all city services available. This project does not propose to tear down any buildings.

10. Cost Benefit Analysis Section 18-2113 of the Act, further requires the Authority conduct a cost benefit analysis of the plan amendment in the event that Tax Increment Financing will be used. This analysis must address specific statutory issues.

(a) Tax shifts resulting from the approval of the use of Tax Increment Financing;

The redevelopment project area currently has an estimated valuation of \$20,909. The proposed demolition and subsequent construction of a duplex at this location will result in an additional \$138,000 of taxable valuation based on an analysis by the Hall County Assessor's office. No tax shifts are anticipated from the project. The project creates additional valuation that will support taxing entities long after the project is paid off.

(b) Public infrastructure and community public service needs impacts and local tax impacts arising from the approval of the redevelopment project;

No additional public service needs have been identified. Existing water and waste water facilities will not be impacted by this development. The electric utility has sufficient capacity to support the development. It is not anticipated that this will impact schools. Fire and police protection are available and should not be impacted by this development.

(c) Impacts on employers and employees of firms locating or expanding within the boundaries of the area of the redevelopment project;

The proposed facility will provide jobs for persons employed with Baker Construction. It will have no impact on other firms locating or expanding in the area.

(d) Impacts on other employers and employees within the city or village and the immediate area that are located outside of the boundaries of the area of the redevelopment project; and

This project will not have a negative impact on other employers and will result in additional housing choices for employees within the city.

(e) Any other impacts determined by the authority to be relevant to the consideration of costs and benefits arising from the redevelopment project.

This project will increase the available quality housing in Grand Island by a net of 2 units. These types of smaller projects spread throughout the city will have a less drastic impact on neighborhoods and schools than a centralized larger housing project.

Time Frame for Development

Development of this project is anticipated to be completed during between September 2012 and March of 2013. The base tax year should be calculated on the value of the property as of January 1, 2013. Excess valuation should be available for this project for 15 years beginning in 2014. Excess valuation will be used to pay the TIF Indebtedness issued by the CRA per the contract between the CRA and the developer for a period not to exceed 15 years or an amount not to exceed \$42,000. This is about \$3,000 less than the projected amount of increment based upon the anticipated value of the project and current tax rate. Based on the estimates of the expenses of the cost of acquisition, site preparation, expenses and fees reimbursed to the City and CRA, the developer will spend at least \$42,000 on TIF eligible activities.

Section 6.05 Limitations of Liability; Indemnification.

Notwithstanding anything in this Article VI or this Redevelopment Contract to the contrary, neither the City, the Authority, nor their officers, directors, employees, agents or their governing bodies shall have any pecuniary obligation or monetary liability under this Redevelopment Contract.
