Item I-3

#2016-318 – Consideration of Approving the Purchase of 40 Tasers from TASER International, Inc. as Sole Source Provider

Staff Contact: Robert Falldorf, Police Chief

Council Agenda Memo

From: Robert Falldorf, Police Chief

Meeting: December 27, 2016

Subject: Approving the purchase of Tasers for the Police Department.

Presenter(s): Robert Falldorf, Police Chief

Background

The Police Department is currently using the X26 model Taser, manufactured by TASER International. This specific model will become obsolete beginning January 1, 2017 and TASER International will no longer sell, service, or warranty the X26 Taser. The Police Department would like to replace the obsolete X26 Taser's with the new X26P version manufactured and distributed through TASER International, a Sole Source Provider.

Discussion

The Police Department currently has thirty-eight (38) X26 model Tasers in service that our officers carry as an intermediate weapon. These Tasers are manufactured and distributed by TASER International, a Sole Source Provider of Tasers in the Public Service industry. The X26 model Tasers will become obsolete after January 1, 2017 and will no longer be sold, serviced, or warranted by TASER International. The majority of the Police Department's X26 Tasers are old and worn out and in need of being replaced.

The Police Department contacted TASER International inquiring about a replacement option for the obsolete X26 Taser model and were advised that they will be replaced by the new and improved X26P model. The Police Department determined that they will need forty (40) new Tasers to replace the obsolete models. TASER International informed the Police Department of a program referred to as their Taser 60 Plan. This plan would allow the Police Department to receive all needed forty (40) X26P model Tasers immediately upon signature of their provided quote and allow the Police Department to pay for the forty (40) Tasers over a five (5) year period, interest free. The Police Department did confirm with TASER International that the cost of these Tasers would be the same over the five (5) year time period as they would be if we purchased them all up front (confirmed no additional fees or interest charged for using Taser 60 Plan).

All of the forty (40) Tasers would also be covered under an extended warranty, which would cover them for the entire length of the agreement (five years).

The initial total cost over the five (5) years, or Taser 60 Plan agreement, would be \$49,588. This cost includes \$588 for shipping and handling and also includes a credit or discount back to the Police Department of \$3,800 for trade in of our current thirty-eight (38) X26 Tasers (\$100 credit or discount per Taser). This discount will be credited to the 1st year payment under the agreement for a total 1st year payment of \$6,232 (\$10,560 minus the discount of \$3,800). Yearly payments for years 2 through 5 will be \$10,560.

The Police Department is also requesting to have TASER International designated as the Sole Source Provider for Tasers sold to our department. TASER International is the only manufacturer and distributor of Tasers that meet our needs and specifications. Included in the Council packet is the Sole Source Provider letter from TASER International.

Alternatives

It appears that the Council has the following alternatives concerning the issue at hand. The Council may:

1. Move to approve
2. Refer the issue to a Committee
3. Postpone the issue to future date
4. Take no action on the issue

Recommendation

City Administration recommends that the Council approve the quote/purchase agreement (Taser 60 Plan) for forty (40) Tasers for the Police Department from TASER International and also approve the designation of TASER International as the Sole Source Provider of Tasers for the Police Department.

Sample Motion

Move to approve the quote/purchase agreement for forty (40) Tasers for the Police Department and the designation of TASER International as the Sole Source Provider of Tasers for the Police Department.
