
City of Grand Island

Tuesday, November 1, 2016 Study Session Packet

City Council:

Linna Dee Donaldson
Michelle Fitzke
Chuck Haase
Julie Hehnke
Jeremy Jones
Vaughn Minton
Mitchell Nickerson
Mike Paulick
Roger Steele
Mark Stelk

Mayor:

Jeremy L. Jensen

City Administrator:

Marlan Ferguson

City Clerk:

RaNae Edwards

7:00 PM
Council Chambers - City Hall
100 East 1st Street

Call to Order

This is an open meeting of the Grand Island City Council. The City of Grand Island abides by the Open Meetings Act in conducting business. A copy of the Open Meetings Act is displayed in the back of this room as required by state law.

The City Council may vote to go into Closed Session on any agenda item as allowed by state law.

Invocation

Pledge of Allegiance

Roll Call

A - SUBMITTAL OF REQUESTS FOR FUTURE ITEMS

Individuals who have appropriate items for City Council consideration should complete the Request for Future Agenda Items form located at the Information Booth. If the issue can be handled administratively without Council action, notification will be provided. If the item is scheduled for a meeting or study session, notification of the date will be given.

B - RESERVE TIME TO SPEAK ON AGENDA ITEMS

This is an opportunity for individuals wishing to provide input on any of tonight's agenda items to reserve time to speak. Please come forward, state your name and address, and the Agenda topic on which you will be speaking.

City of Grand Island

Tuesday, November 1, 2016

Study Session

Item -1

Presentation and Discussion regarding the Grand Island Fire Department

Staff Contact: Cory Schmidt, Fire Chief

Council Agenda Memo

From: Marlan Ferguson, City Administrator

Meeting: November 1, 2016

Subject: Review Grand Island Fire Department Operations

Presenter(s): Fire Chief Cory Schmidt

Background

During the budget process for the 2017 Fiscal Year Budget much discussion was concerning future budgets and sustainability. The Mayor and City Council have determined to have a balanced budget for Fiscal Year 2018. In order to accomplish that goal there will need to be some tough decisions made. Currently the City's expenditures in the general fund are growing at a faster rate than the revenues in the General Fund. This is the result of a number of events, including becoming an MSA community which causes salaries to increase substantially by way of comparing to a different array of Cities. At the same time the City made the decision after a recommendation from a Public Safety Study completed by the ICMA; to increase the number of police officers and support staff in the police department by 17 FTE since 2012. In the FY 2017 Budget 62% of the expenditures in the General Fund is for the Public Safety Departments. In addition 77% of the expenditures are for personnel costs. It is the administrations intent to review each department's operational activities to determine the level of service provided versus the cost of service.

Discussion

Tonight's study session is for the purpose of discussing and reviewing the Grand Island Fire Department. As you know the GIFD includes fire suppression, ambulance, and fire prevention. Members of this department serve on 24 hours shifts with the exception of the Chiefs, so is different than other departments. We want the City Council to have a good understanding of the current operating procedures in order to identify potential cost savings and what level of service is most desirable and at what cost. Chief Schmidt will provide details on the history, response times, rolling stock, department structure, operating budget, call volumes, future demands, and cost recovery options.

Conclusion

This item is presented to the City Council in a Study Session to allow for any questions to be answered and to create a greater understanding of the GIFD.

Grand Island Fire Dept.

All-Hazards Department

History of GIFD

- 1874 - organized as a fire department
- 1921 - changed from all volunteer to all career
- 1980 - ALS ambulance service started
- 2000 - paramedics assigned to engine companies
- 2002 - fire stations and crews began to specialize

Dept. Summary

- ☞ 3 shifts, 24 hours long (0700-0700)
 - ☞ 21 personnel on each shift, assigned to 4 stations
 - ☞ 1 Shift commander
 - ☞ 4 fire apparatus staffed
 - ☞ 2 ALS ambulances, 3rd staffed when possible

Why 24 hour shifts?

- Section 7k of the FLSA exempts cities from paying firefighters overtime for hours worked greater than 40 hours per week. Allows up to an average of 53 hours without requiring overtime pay.
- Reduces overtime costs and/or number of personnel

Dept. Summary

- 🌊 Four stations strategically located
 - 🌊 Station 1, 409 E. Fonner (2007)
 - 🌊 Station 2, 1720 N. Broadwell (1956)
 - 🌊 Station 3, 2310 S. Webb (1987)
 - 🌊 Station 4, 3690 W. State (1996)

Personnel minimum staffing

- Minimum staffing level is 17 per shift (4 stations)
 - Shift commander (1)
 - Paramedic and firefighter on each ambulance (4)
 - Captain, firefighter/EMT, and firefighter/paramedic on each frontline engine/aerial (12)
- 17

Personnel (70 total)

Admin (5)

- 🚒 Fire Chief
- 🚒 3 Division Chiefs
- 🚒 1 Admin Assistant
- 🚒 2 life safety inspectors*

Shift personnel (63)

- 🚒 3 shift commanders
- 🚒 12 Captains
- 🚒 27 firefighter/paramedics
- 🚒 21 firefighter/EMTs

How do we compare?

Firefighters per 1000 population

 Nationwide: 1.67

 GIFD: 1.25

 Array: 1.28

Personnel Changes

- 1985-87 – Added 6 firefighters (opened Sta. #3)
- 1996 – Added 9 firefighters (opened Sta. #4)
- 2000 – Added 6 firefighters (69 total)
- 2013 – Eliminated Division chief, reclassified 3 Captains to Shift Commanders, added life safety inspector (69 total)
- 2014 – Added life safety inspector (70 total)

Experience of employees

Employee age

Response time standards (Fire)

- NFPA 1710: Fire department's fire suppression resources shall be deployed to provide for the arrival of an engine company within a 2 minute travel time to 90 percent of the incidents.
- GIFD: Average time is 3:34, 90 percent is 6:25

Response time standards (EMS)

- NFPA 1710: Fire department's EMS for providing a first responder with AED shall be deployed to provide for the arrival of a first responder with AED company within 4 minute travel time 90 percent of the time; 8 minutes for ALS.
- GIFD: Average time is 2:57, 90 percent is 4:43

Rolling Stock

- | | |
|-----------------------|----------------|
| 2016 Quint | 2016 ambulance |
| 2014 Engine | 2014 ambulance |
| 2013 Rescue/pumper | 2012 ambulance |
| 2000 Engine | 2009 ambulance |
| 1999 Engine* | 2003 ambulance |
| 1999 Aerial Platform* | 2000 ambulance |
| 1996 Engine* | 2000 ambulance |

Reserve Apparatus

- Three units (aerial platform, two pumpers)
 - Aerial – first out on large, commercial fires
 - Fire Engines— shift changes, recalls, break downs

Dual Purpose Vehicles

2013 Rescue pumper

-  Took place of 1987 pumper and 1998 Rescue truck

2016 Quint

-  Provide 2nd aerial and 1999 engine placed in reserve

Ambulance Fleet

- 2 front line units (staffed daily)
- 1 additional unit staffed when possible
- 4 reserves – one at each station
 - Break downs, recalls, cross-staffing

Vehicle replacement plan

- 🚒 Fire Engines: 20 years of total service
- 🚒 Aerials: 25 year service life
- 🚒 Ambulance: Purchase one every other year, goal is to have units not older than 14 years

Vehicle needs

- 🚒 Fire Engine (within 3 years)
- 🚒 Ambulance every other year (FY 2018)

Dept. Structure

- Three major divisions, each under Division Chief supervision
 - Fire Operations and training
 - Emergency medical services (EMS)
 - Fire Prevention

Fire Operations Division

Grand Island Fire Department

Emergency Responses

- 🚒 Fire Suppression
- 🚒 Hazardous Materials
 - 🚒 One of ten state MOU teams
 - 🚒 Funded by NEMA
- 🚒 Technical Rescue
 - 🚒 Auto and machinery extrication
 - 🚒 Ice rescue

Emergency Responses

- 🚒 Trench rescue
- 🚒 Confined space rescue and standby
- 🚒 High and low angle rope rescue
- 🚒 Tower rescue
- 🚒 Severe weather response
- 🚒 Aircraft rescue and firefighting (ARFF)
- 🚒 Medical Responses (including vehicle accidents)

Non-emergent Responses

Service Calls

-  Elevator rescue, smoke and water removal

Public Education

-  Fire Prevention Week activities
-  Civic and social group talks
-  Fire extinguisher classes
-  Business/public events

Station Staffing and Specialization

Station One – Technical Rescue

-  E1/L1 (1 Capt, 1 FF, and 1 FF-P)

-  A1 (1 FF and 1 FF-P)

-  Shift Commander

Station Two – ARFF

-  E2 (1 Capt, 1 FF, and 1 FF-P)

-  A-2 (1 FF and 1 FF-P)

Station Staffing and Specialization

Station Three - Heavy Rescue

 R3 (1 Capt., 1 FF, and 1 FF-P)

Station Four - Hazmat

 E4 (1 Capt., 1 FF, and 1 FF-P)

 A4 (1 FF and 1 FF-P [when staffing allows])

Recruit Training Cost

- ☛ Total wage package.....\$27,100
- ☛ Equipment and Uniform.....\$3,400
- ☛ Total costs for recruit training....\$30,500

Initial Recruit Training

- 🇺🇸 Six week academy
 - 🇺🇸 Firefighter I certification
 - 🇺🇸 Hazmat Operations certification
 - 🇺🇸 Basic technical rescue training
 - 🇺🇸 Rapid Intervention/Safety
 - 🇺🇸 Emergency Medical Training
 - 🇺🇸 Emergency vehicle operations training

Initial Recruit Training

On shift

-  Streets and maps

-  Firefighter II

-  In depth technical rescue/specialty training

-  Live burns whenever possible

Continuous Training

 Driver/Operator.....	20 hours
 Technical Rescue.....	20 hours
 ARFF.....	10 hours
 Rapid Intervention.....	16 hours
 Hazardous Material.....	18 hours
 Fire Operation.....	54 hours
 Emergency Medical.....	68 hours

Total

Emergency Deployment

Structure Fires

-  3 fire engines and 1 aerial
-  1 ambulance
-  1 shift commander
-  15 personnel minimum

Emergency Deployment

Motor vehicle crash

-  1 ambulance

-  1 fire engine

-  1 rescue truck if extrication is needed

-  1 shift commander

-  6 personnel minimum

Emergency Deployment

Automatic Alarms

-  1 fire engine and 1 additional engine or aerial

-  6 personnel minimum

Vehicle and Grass Fires

-  1 fire engine

-  3 personnel minimum

Emergency Deployment

- ☞ Medical (depends on nature of call)
 - ☞ 1 ambulance
 - ☞ 1 fire engine (If criteria is met)
 - ☞ Shift Commander (very serious calls)
 - ☞ 2 personnel minimum, ALS calls normally 5 personnel

Emergency Medical Services Division

Grand Island Fire Department

Emergency Medical Technician Training

- 🚒 120 hours Classroom education
 - 🚒 +10 hours of field experience with 5 patient contacts
- 🚒 40 hours of continuing education every two years
 - 🚒 20 hours of topics set by the National Registry of EMT
- 🚒 Nebraska state licensed

Paramedic Training

- 🚒 EMT - 500 hours classroom education
 - 🚒 +600 hours of field experience
 - 🚒 Ambulance, Emergency Department, ICU, Surgery, OB
- 🚒 60 hours of continuing education every two years
 - 🚒 30 hours of topics set by the National Registry of EMT
- 🚒 Nebraska state licensed

EMT Probation Training

- Third person on ambulance –three shifts
- Watch, learn, skills
- Documentation
- Driving ambulance after Emergency Vehicle Operations Class (EVOC).

Paramedic Probation Training

- Phase 1- watch, learn, skills – third person
- Phase 2- team leader, documentation – third person
- Phase 3- specific call types (61)
- Phase 4- driving ambulance after EVOC, crew integration

Cardiopulmonary Resuscitation

- 27% “clinical” save rate
- Lucas Device
- Emergency Department lead time
7.6 minutes

Severe Trauma

- 🚒 Scene Time 11.28 minutes
- 🚒 Emergency Department lead time 9.1 minutes
- 🚒 Notification of Trauma Team
 - 🚒 Surgeon(s)
 - 🚒 Portable x-ray

Stroke

- 🚒 Cincinnati Stroke Scale assessment
- 🚒 Blood glucose check
- 🚒 Document “last known well” time
- 🚒 Lead time 6.2 minutes
- 🚒 Notification of CT scanner technician

ST Segment Elevation Myocardial Infarction

- Care starts upon arrival of EMS
- 12 lead EKG transmitted in 10.1 minutes of arrival
- Hospital notification lead time 7.5 minutes
- Notification of Interventional Cardiologist and Heart Catheterization Lab personnel

4 Ambulances on calls at the same time

- 🚒 Saturday, August 27, 2016 6:32 pm
 - 🚒 Two car accident at 10th St. and Lincoln Ave.-11 patients
 - 🚒 Initial response 1 ambulance, 1 engine, 1 Shift Commander
 - 🚒 Second ambulance requested 6:35pm
 - 🚒 Third ambulance requested 6:39pm
 - 🚒 Fourth ambulance requested 6:51pm
- 🚒 One engine still in station- recall of personnel

4 Ambulances out at the same time

☞ Saturday, August 13, 2016

☞ 2:45am ambulance and engine to Chest Pain

☞ 2:51am ambulance to COPD (County call)

☞ 2:55am back-up ambulance and engine to COPD

☞ 3:11am second back-up ambulance, Shift Commander,
and same engine to cardiac arrhythmia

☞ No personnel in station- recall of personnel

4 Ambulances out at the same time

🌊 Saturday, August 13, 2016

🌊 2:45am help arrived in 5:54 minutes of 9-1-1 call

🌊 2:51am help arrived in 13:31 minutes (county call)

🌊 2:55am help arrived in 6:55 minutes

🌊 3:11am help arrived in 9:14 minutes (secondary districts)

Medical Physicals

- Hazardous Waste Operations and Emergency Response, 29 CFR Part 1910.120
- *IDLH* or *Immediately dangerous to life or health* means an atmospheric concentration of any toxic, corrosive, or asphyxiant substance that poses an immediate threat to life or would interfere with an individual's ability to escape from a dangerous atmosphere.
- **(f)(3)(i)(B)** At least once every twelve months for each employee covered unless the attending physician believes a longer interval (not greater than biennially) is appropriate;

FEMA

Where don't we inspect?

- 🌊 We do not inspect single and two family dwellings
- 🌊 We don't typically inspect multifamily residential property if no commons areas under 11 units.
- 🌊 We don't inspect buildings and structures on private residential property used under residential permits

Where do we inspect?

- Commercial Buildings New and Existing (2637)
 - Factories, Mercantile Stores, Businesses, Body Shops, Malls, Restaurants, Strip Malls, Hospitals, Adult Care, Health Care, Child Care, Home Child Care, State Fair Grounds....etc.
 - Building Code vs Fire Codes
 - Delegated Authority
 - Fire Protection Systems
-

- 🚒 Suppression Crews vs. Fire Code Inspectors
 - 🚒 2 inspectors replacing 12-15 Captains
 - 🚒 More Personal Contact
 - 🚒 The Quality of Inspections
 - 🚒 Privatize (legal authority)
 - 🚒 Privatize (non commissioned inspectors/contractors)

Inspection Chart

New Assignments:

- Patio Grills
- Fire Protection System Deficiencies
- Private Hydrant Maintenance
- Apartment Smoke Alarm and CO Detectors
- Underground Storage Tanks

Delegated by State Fire Marshal's Office

Health Facilities:

Assisted Living Facilities

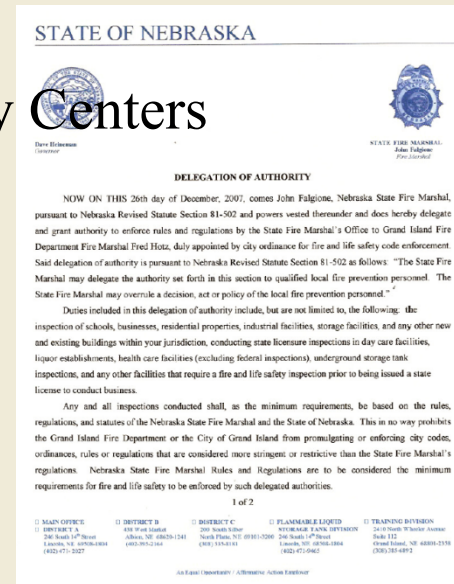

Hospitals, Alcohol and Drug Centers, Surgery Centers

Adult and Child Care Centers and Homes

Liquor Licensures

Corrections Facilities

Underground Storage Tanks

Fire Protection Systems

- ☞ Suppression Systems
 - ☞ Fire Water Service Lines
 - ☞ Automatic Sprinkler Systems
 - ☞ Hood Suppression Systems
 - ☞ Computer Rooms
 - ☞ Spray Booths
- ☞ Alarm Systems

Plan Reviews

- Commercial Buildings
(Architect & Engineers Act)
- Building Plans
- Fire Protection Systems

Permits (\$92,000 in 2015)

- Commercial Buildings to Build
- Commercial Building to Occupy
- New Occupancy Permits in existing buildings
- Open burning
- Fireworks Stands/Trailers

Grand Island

Study Session - 11/1/2016

Page 72 / 94

Fire Prevention Division

- 🏠 Code Enforcement
- 🏠 Arson Investigation
- 🏠 Public Education

Insurance Services Office (ISO)

- Evaluate fire departments and helps determine the fire insurance premiums for property owners in the department's jurisdiction
- Rates departments from 1 to 10
- GIFD is currently rated at 3
 - Scheduled for Nov 29 evaluation

Insurance Services Office

4 areas evaluated:

- Emergency communications (10 points)
- Fire Department (50 points)
- Water supply (40 points)
- Community risk reduction (5.5 bonus)

Peak Staffing

- Very difficult to predict emergencies
- Could be utilized for LDT's and transports

Peak Staffing

Volunteer Department?

- Recruitment and retention is very difficult
- Availability of volunteers during business hours
- Number of personnel available can vary
- Amount of time required substantial
- Level of proficiency is hard to maintain

Volunteer Department?

- Trend in Nebraska, as cities grow, they tend to transition from volunteer to career departments
- Response times are critical
- Insurance rates

Why provide EMS?

- Geographical location of stations
- Cross-trained personnel benefit both fire and EMS
- System capabilities higher than private provider
- Decrease scene time
- Seamless patient care

Why provide EMS?

- Extremely high level of service
- Subsidize providers when not fire based
- Excellent source of cost recovery

Other Nebraska Cities' EMS Service

- 2001 Lincoln changed from private to Fire Dept.
- 2006 Omaha evaluated private EMS provider, stayed with Fire Dept.
- 2011 Hastings changed from private to Fire Dept.
- 2016 Hamilton County evaluated private EMS provider over county based EMS - pending

Why do fire engines respond on medical calls?

- Dispatch Info
- Patient Care
- Time
- Readiness
- Discretion

Personnel Budget

2007

 \$5,362,033

 Reg salaries: \$3,464,035

 Health Ins.: \$814,044

2017

 \$7,390,467

 Reg salaries: \$4,844,654

 Health Ins: \$1,142,596

Operating Budget

2007

 \$665,761

2017

 \$569,161

 Reduced \$89,400 compared to 2016 budget

Cutting costs?

- 🚢 Operating budget: made significant reductions
- 🚢 Personnel budget: minimum staffing, terms of contract, rising insurance costs, and increased call volume make cost reduction difficult

Rising call volume

- Recalls for 2015: 37
- Recalls for 2016: 44 (as of 10-26-16)

Fire and EMS calls by Year

How to meet future demands?

- Need to staff an additional ALS ambulance
 - 2015 and 2016: Requested six additional personnel
 - (2 per shift x 3 shifts)

Crews assigned at same time 2016 YTD

Multiple units on calls

Cost Recovery Options

Fees for service

-  Discussed at previous study session

Increase EMS transports (local and LDT)

-  Staff isn't adequate to take on more calls – require additional personnel

Contract with Hall County

-  Currently: \$196,200

MVCs
