Item E3

Approval Recommendation of Final Draft Unified Planning Work Program No. 1

In June 2016, the GIAMPO Policy Board approved the 2017 Unified Planning Work Program (UPWP). This document provides an outline of the Metropolitan Planning Organization's planned work activities, and identifies the funding for those activities for state fiscal year 2017. The proposed amendment primarily revises the budget for a majority of the work elements. The changes in this amendment are based on the following reasons:

- Transfer of 30 hours from the UPWP to the Long Range Transportation Plan (LRTP)
- Transfer of \$7,011.54 relating to Other Direct from the Transportation Improvement Program (TIP), Public Participation Plan (PPP), LRTP, Administration/System Management to the Master Bike/Ped Plan Outside Consultant Service
- FTA Carry Over 5305 increased from \$25,000 to \$35,559.99. The additional funds will be used towards the Transit Needs Study and for staff and other expenses

The Final Draft 2017 UPWP Amendment No. 1 has been made available for public comment for a 15-day period. On February 13, 2017, Amendment No. 1 was recommended for adoption by the GIAMPO Technical Advisory Committee, and now requires official approval from the GIAMPO Policy Board.

Grand Island Metropolitan Study Area

Introduction

As required by 23 CFR 420 and 450.314 the Grand Island Area Metropolitan Planning Organization (GIAMPO) has prepared this Unified Planning Work Program (UPWP).

The purpose of this document is to provide the citizens of the GIAMPO and all partnering governing bodies an outline of the Metropolitan Planning Organization's planned work activities, and identify the funding for those activities for fiscal year 2017, (July 1, 2016-June 30, 2017). This document is a budget document and it may be amended by the policy board as priorities and activities change.

The primary objectives for this year are to implement the Continuing, Cooperative, and Comprehensive (3-C) transportation process to develop a performance based Long Range Transportation Plan, Formal Public Participation Plan, goals, objectives, and performance measures in accordance to current Federal Transportation Act (Fixing Americas Surface Transportation Act), and to institute a transportation planning process that will address the needs and investments in the transportation system in order to adequately maintain the transportation system.

These Factors Include:

The metropolitan planning process must explicitly consider and analyze, as appropriate, eleven (11) planning factors defined in FAST Act that reflect sound planning principles and in coordination, cooperation, and continuing with stakeholders in the Grand Island Metropolitan Planning Organizations Planning Area.

- ✓ Support the economic vitality of the metropolitan area, especially by enabling global competitiveness, productivity and efficiency;
- ✓ Increase the safety of the transportation system for motorized and non-motorized users;
- ✓ Increase the security of the transportation system for motorized and non-motorized users;

- ✓ Increase the accessibility and mobility options available to people and for freight;
- ✓ Protect and enhance the environment, promote energy conservation, and improve quality of life, and promote consistency between transportation improvements and State and local planned growth and economic development patterns;
- ✓ Enhance the integration and connectivity of the transportation system, across and between modes, for people and freight;
- ✓ Promote efficient system management and operation;
- ✓ Emphasize the preservation of the existing transportation system;
- ✓ Improving transportation system and reliability;
- ✓ Reducing (or mitigating) the storm water impacts of surface transportation; and
- ✓ Enhancing travel and tourism.

This input will be used to identify, plan and prioritize projects to meet the transportation needs of the area. Initial efforts will focus on the development of the Public Participation Plan, Long Range Transportation Plan, and corridor studies to improve safety and efficiency within the existing transportation system.

Grand Island Area Metropolitan Planning Organization (GIAMPO)

- ✓ The Grand Island Area Metropolitan Planning Organization (GIAMPO), is the organization of elected officials in the Grand Island urbanized area designated by the Governor to carry-out the federal mandated transportation planning process.
- ✓ GIAMPO provides the forum for local decision-making on transportation issues of a regional nature.
- ✓ The foundation for the metropolitan planning process is to promote consistency between transportation improvements and state and local planned growth and economic development patterns and the submission of transportation planning documents to the FHWA, FTA, and NDOR.
- ✓ Meaningful public involvement will be encouraged and actively sought throughout the planning and development of the area's transportation plans and programs. Area citizens will be provided an opportunity and encouraged to comment on every aspect of the transportation planning process through planning meetings, public hearings, and individual correspondence.
- ✓ GIAMPO staff will facilitate the development of all planning elements for the Metropolitan Planning Area in accordance to the current federal transportation bill.

GIAMPO RESOLUTION NO. 2017-02

Grand Island Area Metropolitan Planning Organization

A Resolution Amending the FY 2017 Unified Planning Work Program

WHEREAS, the Grand Island Area Metropolitan Planning Organization (GIAMPO), is designated as the Metropolitan Planning Organization (MPO) for the Grand Island Urbanized Area, by the Governor acting through the Nebraska Department of Roads in cooperation with locally elected officials of the Grand Island Urbanized Area; and

WHEREAS, the MPO, pursuant to Title 23 U.S.C. and Title 49 U.S.C. Chapter 53, adopted on June 14, 2016, a Unified Planning Work Program (UPWP) for fiscal year 2017; and

WHEREAS, the MPO has prepared an amendment to the MPO's UPWP for fiscal year 2017 to mainly revise the budget for six work elements (Unified Planning Work Program, Transportation Improvement Program, Public Participation Plan, Long Range Transportation Plan/Travel Demand Model, Transit Planning, and Administration/System Management). The amendment is based on the following reasons:

- Transfer of 30 hours from the UPWP to the Long Range Transportation Plan.
- Transfer of \$7,011.54 relating to Other Direct from the Transportation Improvement Program, Public Participation Plan, Long Range Transportation Plan/Travel Demand Model, and Administration/System Management to the Master Bike/Ped Plan – Outside Consultant Service.
- FTA Carry Over 5305 increased from \$25,000 to \$35,559.99. The additional funds will be used towards the Transit Needs Study and for staff and other expenses.

The budget changes are shown in red in the attached budget table of the UPWP for fiscal year 2017 (Exhibit A); and

WHEREAS, the amendment has been made available for public comment for a fifteen (15) day period and has been reviewed and recommended for adoption by the Technical Advisory Committee (TAC) of the MPO, and now requires official approval from the Policy Board of the MPO; and

NOW, THEREFORE BE IT RESOLVED, that the Policy Board of the MPO approves and adopts the amendment to the MPO's UPWP for fiscal year 2017.
