From: Keith Kurz PE, Assistant Public Works Director

Meeting: June 26, 2018

Subject: Consideration of Repealing Prior Parking Regulation Ordinances

Presenter(s): John Collins PE, Public Works Director

Background

The Engineering Division of the Public Works Department completed a review of various parking regulations within the City. During such review it was found creation was done by a mixture of ordinances and resolutions over the years.

Discussion

To avoid any conflicts with past ordinances regarding parking regulations enacted by City Council it is being requested to repeal any and all. An all-encompassing resolution is being presented for City Council's consideration at tonight's meeting to address roadway improvements and traffic patterns that have changed over time.

Alternatives

It appears that the Council has the following alternatives concerning the issue at hand. The Council may:

1. Move to approve
2. Refer the issue to a Committee
3. Postpone the issue to future date
4. Take no action on the issue

Recommendation

City Administration recommends that the Council approve to repeal all prior parking regulation ordinances.

Sample Motion

Move to approve the ordinance.
