Regular Meeting

Item F2

Discussion of Interlocal Agreement with Hall County and Referral to Committee

Our two-year agreement with Hall County for county-wide library card access is nearing the three-quarter point. At the end of December 2017 the number of household cards was 652, an increase of 63% from the October 2016 baseline of 400. With the next report coming out on March 31, this is an appropriate time for referral to committee in preparation for negotiations with Hall County as part of their budget process.
