City of Grand Island

Tuesday, July 16, 2019 Study Session Agenda

City Council:

Jason Conley

Michelle Fitzke

Chuck Haase

Julie Hehnke

Jeremy Jones

Vaughn Minton

Mitchell Nickerson

Mike Paulick

Clay Schutz

Mark Stelk

Mayor:

Roger G. Steele

City Administrator:

Jerry Janulewicz

City Clerk:

RaNae Edwards

7:00 PM Council Chabmers - City Hall 100 East 1st Street, Grand Island, NE 68801 City of Grand Island Tuesday, July 16, 2019

Call to Order

This is an open meeting of the Grand Island City Council. The City of Grand Island abides by the Open Meetings Act in conducting business. A copy of the Open Meetings Act is displayed in the back of this room as required by state law.

The City Council may vote to go into Closed Session on any agenda item as allowed by state law.

Invocation

Pledge of Allegiance

Roll Call

A - SUBMITTAL OF REQUESTS FOR FUTURE ITEMS

Individuals who have appropriate items for City Council consideration should complete the Request for Future Agenda Items form located at the Information Booth. If the issue can be handled administratively without Council action, notification will be provided. If the item is scheduled for a meeting or study session, notification of the date will be given.

B - RESERVE TIME TO SPEAK ON AGENDA ITEMS

This is an opportunity for individuals wishing to provide input on any of tonight's agenda items to reserve time to speak. Please come forward, state your name and address, and the Agenda topic on which you will be speaking.

10 year CIP average \$2,485,750 5-year CIP average \$2,909,600

2020 Wastewater Budget

Enterprise fund

- Handle wastewater generated by community residents, businesses and industries.
- Meet all state and national requirements for effluent quality.
- Rely strictly on revenue collected for funding of all operations and capital improvements.
- Average residential bill for 2018 was \$31.19, well below the \$37.89 average for comparable cities

Wastewater Overview

- ₹ Handle an average of 12.2 million gallons every day
 - Peak flows over 20 mgd
- F.O.G. (Fat, Oil, Grease) Monitoring
 - **▼** Working with County Health Dept. Inspectors
 - ₹ Will be developing a formal program in 2020
 - ▼ Particularly damaging to the collection system
 (Generation of H₂S)

PUBLIC WORKS

FY 2019 Capital Projects

(\$ 3,405,585)

ITEM	DESCRIPTION	2019	COST
BNR STUDY (HDR)	PREP FOR TIGHTENING REGULATIONS	\$	75,445
FLOW & RATE STUDY (BV)	VERIFY HYDRAULICS & REVIEW RATES	\$	205,000
DIFFUSER REPLACEMENT	REPLACE DIFFUSER IN BASINS (REG MAINT – 5-7 YR LIFE)	\$	59,000
CLARIFIER REHAB	REHAB FINAL CLARIFIER (REG MAINT – 20 YR LIFE)	\$	315,000
UPGRADE WAS BLOWERS	IMPROVE BLOWERS IN W.A.S. TANKS (MAINT)	\$	115,298
DNTN COLLECT REHAB	CIPP COLLECTION SYST LINING (EXTEND LIFE 50+ YR)	\$	780,000
LS 11 MOVE/UPGRADE	PRIMARY COLLECTION FOR SF HOSPITAL	\$	900,000
VEHICLE REPLACEMENT	3 VEHICLES INCLUDING LIFT TRUCK (MAINT)	\$	228,449
ONLINE MONITORING	FLOW METERS IN COLLECTION SYSTEM, ETC.	\$	250,000
FY2018 CARRY OVER	LS-28; STOLLEY-ENGLEMAN; MISC	\$	477,393

Lift Station No. 11 Relocation

Carry over from FY 2019 – \$400,000 (est.)

- Late spring caused construction delay
- Located near CHI Health St. Francis
- Continuity of service is critical
- Need to install generator for backup power
- Will move 100,000 gallons per day from south interceptor to the north interceptor

PUBLIC WORKS

Facility Security

\$50,000 (Ongoing)

Long Range Plan

- Wastewater facility covers approx. 13 acres.
- Physical intrusion history
- America's Water Infrastructure Act 2018

View WWTP of Back Lot

Diffuser Replacement

\$50,000 (Maintenance – Included in Operating Costs)

- \blacksquare This will be the 2nd of 4 basins
- ₹ Each diffuser has a 5-7 year life
 - Diffusers are evaluated each year and, if necessary, individual units are repaired
- Current schedule is to replace diffusers in one basin per year

Final Clarifier Rehabilitation

\$400,000 (Maintenance – Included in Operating Costs)

- This is the 2nd of 3 clarifiers to be done
- Final clarifiers installed in 2000
- Typically have 15-20 year life

Anodes inhibit corrosion

Corrosion in Clarifier

Capital Equipment: Flusher Truck \$350,000

- ₹ 19 years old
- Original cost: \$98,000
- Operating hours: 10,340 (equivalent to 400-500,000 miles)
- Total lifetime maintenance cost of almost \$150,000
- Limited water tank capacity causes frequent trips for refilling

Capital Equipment: Biosolids Dump Truck \$180,000

- 20 Years old
- Original Cost: \$36,000
- Uncertain total usage (meter broken)
- Substantial downtime for repair
- Total lifetime repair costs over \$66,000

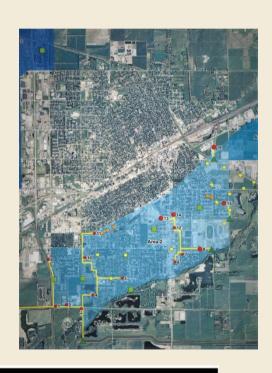

Dewatering Model

\$ 150,000

- Evaluate an alternative to \$30 million South Interceptor reconstruction and area sanitary main repairs
- Develop conceptual plan and economic benefit
- Preliminary construction estimate \$3 to \$6 million

Assessment Districts

\$ 1,570,000

- Hanover Subdivision
- Willow Street Neighborhood

Item -2

Review Utilities Electric and Water Budgets for FY 2019/2020

Staff Contact: Tim Luchsinger, Utilities Director

Council Agenda Memo

From: Timothy Luchsinger, Utilities Director

Meeting: July 16, 2019

Subject: Electric and Water Budgets for 2019 - 2020

Presenter(s): Timothy Luchsinger, Utilities Director

Background

The proposed budgets for Electric Utility Enterprise Fund 520 and Water Utility Enterprise Fund 525 have been developed for the City's Fiscal Year 2019-2020 by Department management and financial staff.

Discussion

These budgets will be presented for preliminary discussion by Council.

Conclusion

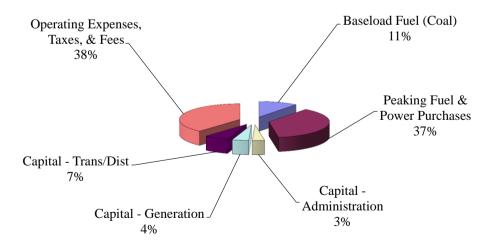

This item is presented to the City Council in a Study Session to allow for any questions to be answered and to create a greater understanding of the issue at hand.

It is the intent of City Administration to bring this issue to a future council meeting for the Council to approve.

UTILITIES

Budget Guidelines

- Conservative (low) revenue forecast
 - Weather dependent
 - Ensure debt service coverage
- Conservative (high) operating costs
 - Generation fuel/purchased power
 - Allow potential production capacity
- Maintain adequate cash reserves
- Manage controllable operating expenses and capital expenditures

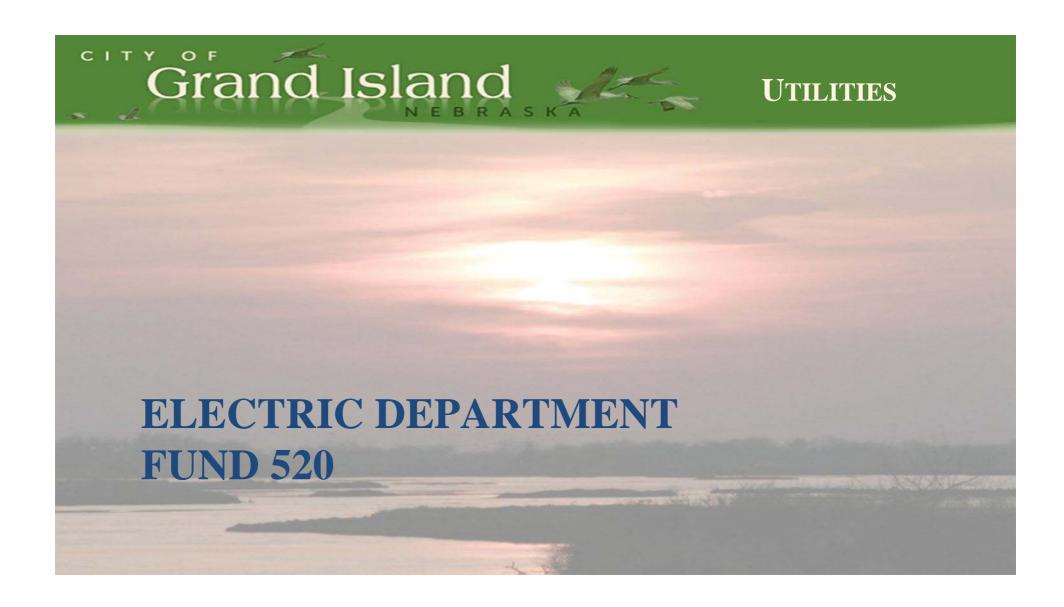

Cash Reserve Guidelines

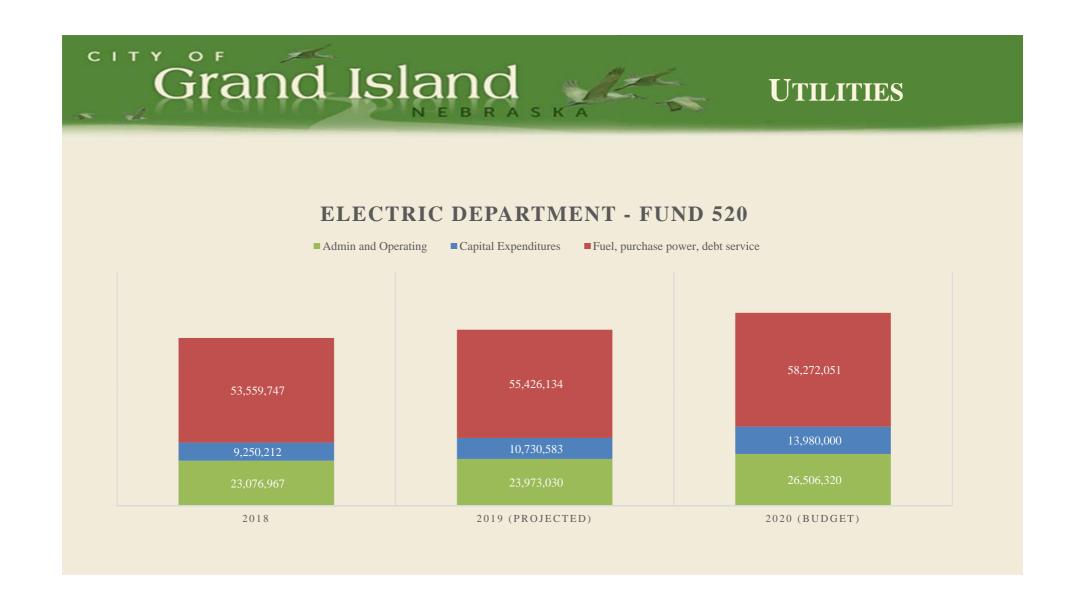

- Cash Reserve Considerations
 - Working Capital
 - Replacement Power
 - Asset Replacement
 - Capital Improvement Reserve
 - Debt Service Reserve
- Electric Fund \$36,655,000
- Water Fund \$4,123,000

Capital Improvement Budgets

- Electric and Water Master Plans recently completed
- 5 and 20 Year System Requirements
 - Technical Evaluation
 - No Financial Evaluation
- Recommendations included in 5 year capital improvement budget forecasts

Electric Capital Improvements

- Total Capital Budget \$13,230,000
 - Transmission and Substation Upgrades \$1,350,000
 - **Solution** Bond payments \$3,225,000
 - Distribution improvements \$4,275,000
 - \$1,150,000 Automated metering/LED lighting
 - Power plant maintenance/improvements \$4,340,000
 - \$2,650,000 Burdick decommissioning/GT modifications

UTILITIES

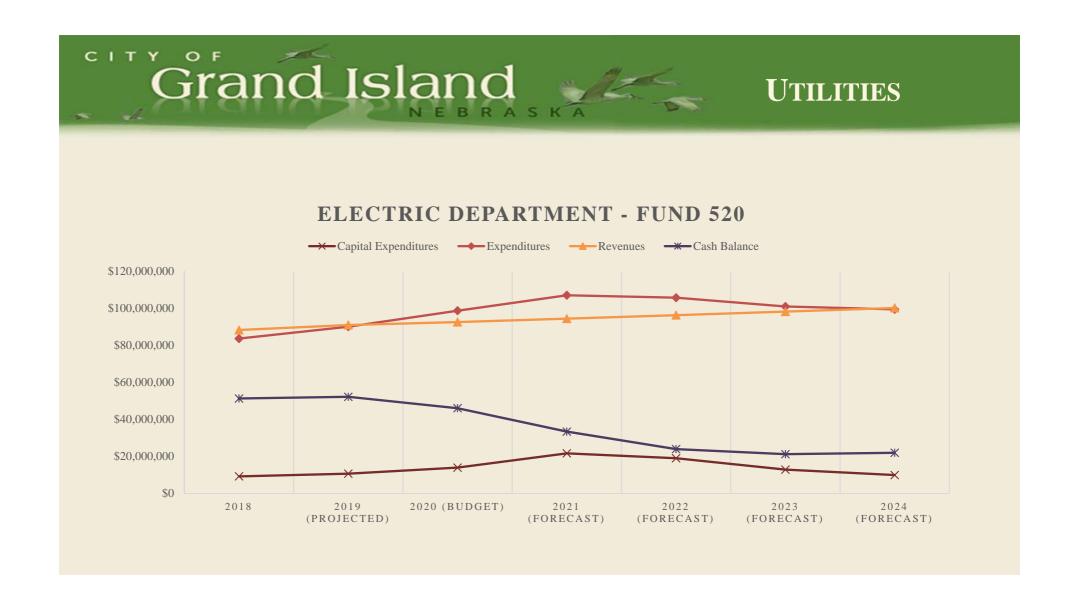

Noted Proposals

- Electric Cost of Service Study Recommendations Implemented
- Burdick Steam Unit Retirement and Staff Reorganization / GT-1 Replacement
 - **▼** GT-1 13MW quickstart/blackstart commissioned in 1967
 - 4 to 5 Year Project
 - \$15M to \$20M total cost

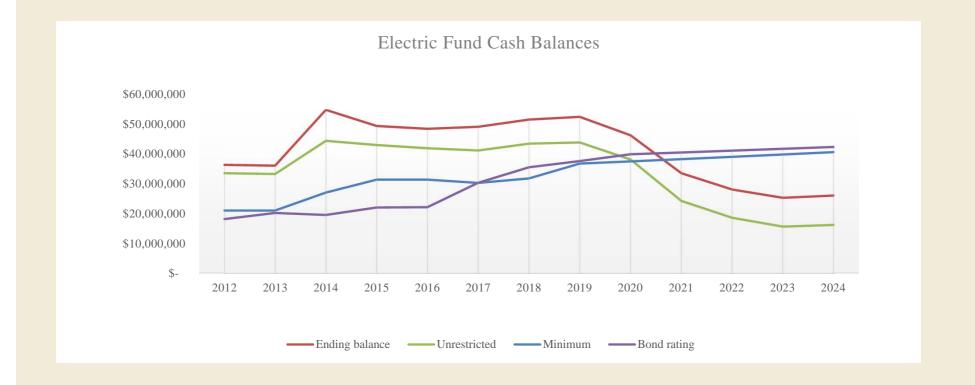

Grand Island UTILITIES

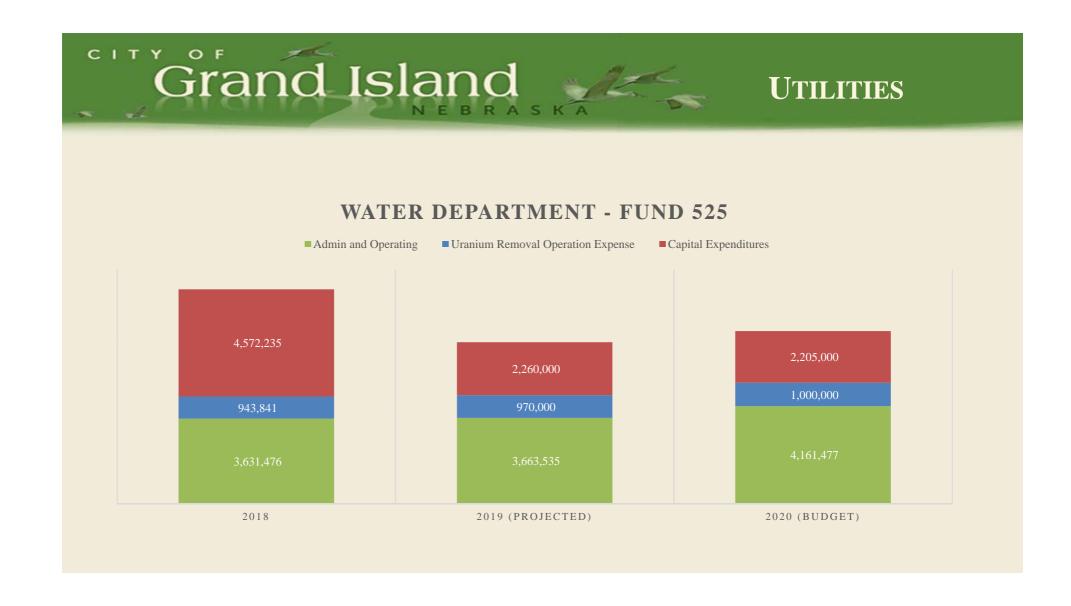

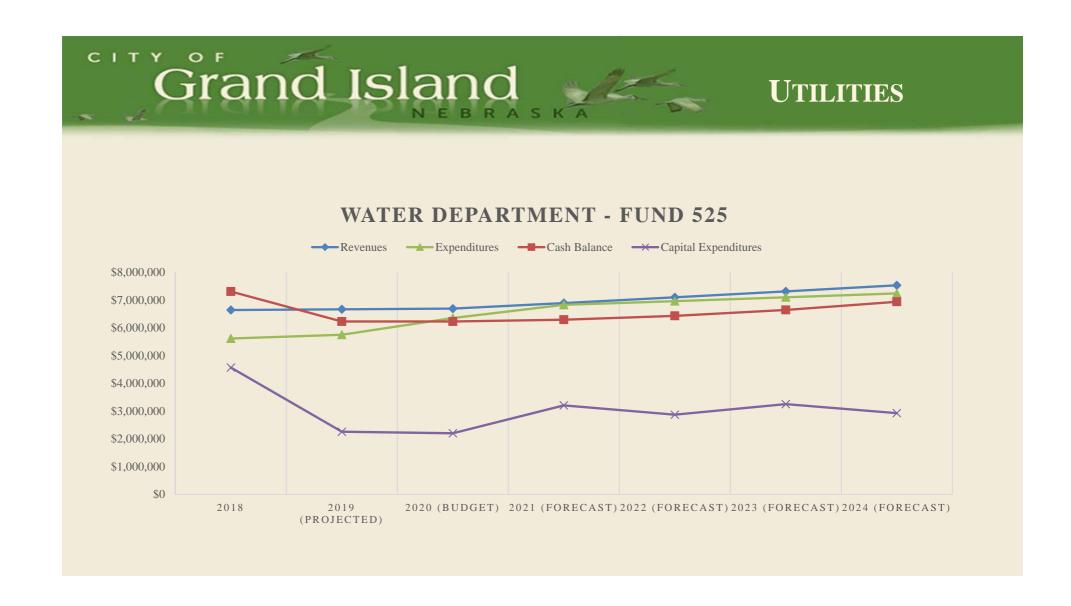

Water Capital Improvements

Total Capital Budget - \$2,405,000

- **Bond payments \$305,000**
- Distribution improvements- \$1,740,000
- Production improvements \$360,000

CAPITAL IMPROVEMENTS BUDGET ELECTRIC DEPARTMENT FISCAL YEAR 2019-20

ADMINISTRATION

- 1. Administrative Capital Additions: \$0
- 2. <u>2012 Revenue Bond Payment: \$1,645,000</u> Anticipated debt service on Series 2012 Bonds.
- 3. <u>2013 Revenue Bond Payment: \$1,580,000</u> Anticipated debt service on Series 2013 Bonds.

TRANSMISSION

- 4. <u>Transmission Line Improvements: \$750,000</u> \$250,000 – General Maintenance
- 5. Additional Substations: \$0
- 6. Equipment & Vehicles: \$40,000 Unit #1882, Replacement for a 2002 Ford F250
- 7. <u>PCC Improvements: \$100,000</u> Phelps Control Center building improvements.
- 8. <u>Substation Upgrades: \$1,000,000</u> \$1,000,000 – New spare substation transformer

DISTRIBUTION

9. Overhead Material: \$2,400,000

\$1,000,000 - This routine item includes pole-mounted transformers, conductors, poles, meters, streetlights, small tools, hardware and labor necessary for overhead electrical distribution. The budgeted amount is based on historical expenditures.
\$1,200,000 - AMI Deployment. The Utilities Department has a goal of a fully deployed AMI system by 2025. The amount of \$800,000 maintains that deployment schedule. In addition, \$150,000 is anticipated for upfront costs for Distribution Automation integration and \$250,000 for Meter Data Management.
\$200,000 - LED Streetlight Maintenance. The Utilities Department has a goal of 100% LED streetlights by 2025. The amount of \$200,000 maintains that replacement schedule.

10. Underground Materials: \$1,500,000

This is a routine item that includes the cable, pad-mounted transformers, conduit, small tools, hardware and labor necessary to supply underground electric service to new businesses and subdivisions. Cable nearing the end of its useful 30 year life is replaced from

Page 1 of 2

CAPITAL IMPROVEMENTS BUDGET ELECTRIC DEPARTMENT FISCAL YEAR 2019-20

this line item. Most projects have a short lead-time, and the budgeted amount is based on the historic needs.

11. Equipment & Vehicles: \$400,000

\$120,000 – Unit #1563. Replacement for a 2002 dump truck for the tree trimming crew \$280,000 – Unit #1649. Replacement for a 2005 knuckle crane

12. Outside Contractors: \$125,000

Contractors used for underground boring to install conduit for the Underground Department

13. Distribution Building Improvements: \$100,000

14. Distribution Improvements: \$0

Engineering computers and automated mapping.

PRODUCTION

15. PGS Improvements: \$1,650,000

\$750,000 – Valve Overhaul \$700,000 – Boiler Maintenance \$200,000 – Bunker Inspection

16. PGS Air Quality Control: \$0

17. Equipment & Vehicles: \$40,000

Unit #1200 Replacement

18. Burdick Steam Units: \$950,000

\$200,000 - Hazardous Material Cleanup

\$750,000 - Engineering - Demo/GT1 Replacements

19. Burdick Gas Turbines: \$1,700,000

\$1,200,000 – Control/Maintenance Building

\$500,000 – Demineralized Water Storage

CAPITAL IMPROVEMENTS BUDGET WATER DEPARTMENT FISCAL YEAR 2019-20

ADMINISTRATION

- 1. Administrative Capital Additions: \$0
- 2. <u>2017 Revenue Bond Payment: \$305,000</u> Anticipated debt service on Series 2017 Bonds.

DISTRIBUTION

3. Water Main Districts: \$500,000

This item includes unplanned extensions of water mains into new subdivisions and developments and inspection of private water mains/services. Compliance with Federal regulations, annexation, and aquifer contamination will continue to produce additional requests for water main extensions.

4. Equipment & Vehicles: \$45,000

Skid Steer

5. <u>Distribution Improvements: \$1,195,000</u>

\$100,000 - Lincoln & Delta - Extension to the North

\$600,000 - State Street - Webb to Hancock

\$100,000 - Ludlow Fire Hydrant Replacement

\$220,000 – Greenwich St (Fonner Park to Phoenix)

\$75,000 – Koenig & Grant (Water/Sewer Conflict)

\$50,000 – Pleasantview & Phoenix (Water/Sewer Conflict)

\$50,000 – Pleasantview & Delaware (Water/Sewer Conflict)

6. Trunk Line Expansion: \$0

PRODUCTION

- 7. Well Field Improvements: \$0
- 8. Equipment & Vehicles: \$0
- 9. <u>Pumping Station Improvements: \$160,000</u> Redundant Power Source to Burdick Pump Station

Item -3

Review Solid Waste Budget for FY 2019/2020

Staff Contact: John Collins

PUBLIC WORKS

Landfill on Husker Hwy @ Hall / Buffalo County Line

Solid Waste Division FY 2020 Budget

Enterprise Fund

- Receive no funding from General Fund
- All revenues generated from tipping fees
- One of the few divisions with competition
- Serves residents and non-residents

Landfill Site Life

- 20 years life left in current area(Cells 1, 2, & 3)
- Approximately28 years life leftin total Phase 1area

Notable Items from FY 2019

- Continued routine capital replacement schedule
 - Transfer Station
 - Setco solid rubber tires for the loader

- Landfill
 - Caterpillar D8T waste handler dozer

Notable Items from FY 2019

- Landfill Cell 3 Construction project completed
 - 14 acres of liner and leachate collection system
 - Approximately 20 years of additional site life
- Transfer Station operations and facility improvement study progressing
 - Modify operations and facilities to better handle current and future customer traffic/tonnage
 - Will be beneficial to customers and staff

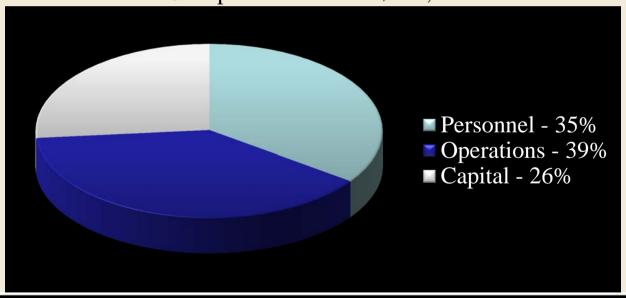

PUBLIC WORKS

FY 2020 Budget

₹ Personnel = \$1,065,180

• Operations = \$1,176,575

₹ Capital = \$807,000

FY 2020 Budget Capital Expenditures

- Landfill GPS software and machine display (\$70,000)
- Used dozer for landfill for use as backup machine and other dirt work (\$275,000)
- Replacement of transfer station wheel loader (\$150,000), truck-tractor (\$110,000), and transfer trailer (\$70,000)
- Transfer station and landfill concrete replacement

Highlights of FY 2020 Budget

Rate increase proposed for FY 2020

₹ 10% increase at transfer station, 4% increase at landfill

<u>Location</u>	Transfer Station Rate Per Ton	<u>Landfill Rate Per Ton</u>
Grand Island	\$43.71 (uncompacted)	\$34.76 (uncompacted)
	\$35.18 (compacted)	\$30.63 (compacted)

Capital Projects 2019/2020

PUBLIC WORKS

2019 Projects

- Pavement Condition Survey
- Five Points Intersection Improvements
- ₹ 13th Street Improvements
- Annual Curb Ramp Installation
- South Front Street Bridge Replacement & Sycamore St Underpass Rehabilitation
- Webb Road Paving Assessments (City share)
- Stolley Park Rd Restriping/Rehabilitation
- Old Potash Highway; North Road to E of Webb Road
- Broadwell Avenue/UPRR Grade Separation
- US Highway 281 Lighting (Stolley Park Rd to US Highway 30 overpass)

- Traffic Services Evaluation-Various Locations
- US Highway 281 Signal Timing
- North Road; 13th Street to Highway 2
- North Road; Old Potash Highway to 13th Street
- Northwest Flood Control Project
- North Broadwell Avenue Drainage
- Sugar Beet Ditch Drainage
 - Kaufman Detention Cell Outlet
 - Moores Creek Drain Extension
 - William Street Realignment

2010 E----

PUBLIC WORKS

Proposed Capital Projects for 2019/2020

- Old Potash Highway; North Road to E of Webb Road
- Annual Curb Ramp Installation
- Broadwell Avenue/UPRR Grade Separation
- North Road: 13th Street to Highway 2
- North Road: Old Potash Highway to 13th Street
- North Road: US Highway 30 to Old Potash Highway
- Five Points Intersection Improvements
- South Front St Bridge Replacement & Sycamore St Undernass Rehab

- Capital Avenue; Moores Creek to North Road
- Custer Avenue: Forrest Street to Old Potash Highway
- **Eddy Street Underpass Rehabilitation**
- Webb Road Paving Assessments (City share)
- **Kaufman Detention Cell Outlet**
- Storm Sewer Mapping
- North Moores Creek 80 Wetland
 Detention Design

PUBLIC WORKS

Old Potash Highway, North Road to Webb Rd \$2,365,000

- The interaction between the various traffic features is complex, prompting the creation of a master plan for the corridor to ensure that the individual street and intersection projects will function together
- Widening and reconfiguring Old Potash Highway, signal and geometric improvements at each intersection, and increased connectivity to roadway network
- Anticipated expenditures will include design engineering and property acquisition

PUBLIC WORKS

Annual Curb Ramp Installation

\$154,500

Required by the Federal American Disabilities Act (ADA) Regulations – installation program follows the previous year's asphalt program and other priority corridors. Additional locations are added as funds allow.

Broadwell/UPRR Grade Separation Feasibility Study \$410,000

Required report to become eligible for NDOT Rail Safety

funds (90% of project cost)

- Assess potential solutions to vehicle traffic conflicts with railroad crossing
- Anticipate 10 year process to acquire funds

North Road, 13th Street to Highway 2 \$3,654,397

- ₹ Improvements from the intersection of 13th Street and North Road to the intersection of Highway 2 and North Road
 - Capital Avenue to Hwy 2- Construction 2020
 - ₹ 13th Street to Capital Avenue- Design 2020
- Concrete curb and gutter roadway section with associated sidewalk, traffic control, drainage and other associated improvements

North Road, Old Potash Highway to 13th Street \$100,000

- ▼ Improvements from the intersection of Old Potash Highway and North Road to the intersection of 13th Street and North Road
- Concrete curb and gutter section with associated sidewalk, traffic control, drainage and other associated improvements
- Final design 2020

North Road, US Highway 30 to Old Potash Highway \$90,000

- Improvements from the intersection of US Highway 30 and North Road to the intersection of Old Potash Highway and North Road
- Concrete curb and gutter section with associated sidewalk, traffic control, drainage and other associated improvements
- Preliminary design 2020

PUBLIC WORKS

Five Points Intersection Improvements \$102,000

(Total Project Cost = \$2,676,375)

- 80% Federally funded safety project through Nebraska Department of Transportation (NDOT)
- Right size the lane configuration to optimize safety and efficiency, and meet the Federal Highway Administration (FHWA) safety program requirements
- Public comment scheduled for July 2019

PUBLIC WORKS

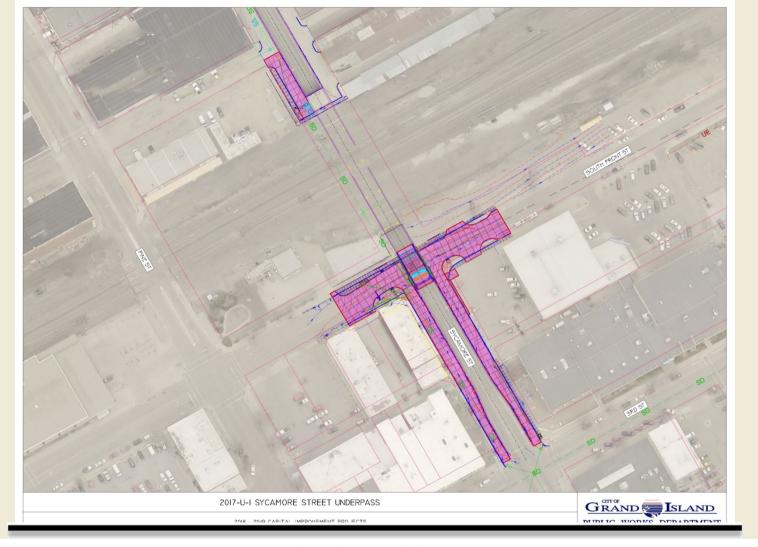

Page 78 / 99

PUBLIC WORKS

South Front St Bridge Replacement & Sycamore St Underpass Rehab \$170,000

- Replace bridge deck, two (2) abutment walls, patch and seal retaining walls, improve drainage, and reconstruct pump station
- Construction anticipated to be complete September 2019

PUBLIC WORKS

Capital Avenue, Moores Creek to North Road \$90,000

- ▼ Improvements from the Moores Creek Drainway at Capital Avenue to the intersection of North Road and Capital Avenue - continuation of the Capital Avenue widening
- Concrete curb and gutter section with associated sidewalk, traffic control, drainage and other associated improvements
- Preliminary design 2020

Custer Avenue, Forrest Street to Old Potash Highway \$77,250

- This project will consider alternatives for driving lanes improvements/rehabilitation
- ₹ Full concrete replacement or asphalt overlay of driving lanes as well as other alternatives will be considered
- Engineering 2020, Construction 2021

PUBLIC WORKS

Eddy Street Underpass Rehabilitation \$103,000

- Evaluate condition of concrete structure and bridges to develop plan to complete maintenance on this structure
- Preventative concrete patching, wall surface treatments, bird netting and other items will be addressed
- Engineering 2020, Construction 2021 (anticipate lane closures, but not full closure)

PUBLIC WORKS

Webb Road Paving Assessment (City share) \$120,000

- The City portion of the Webb Road paving improvements under District No. 1260 were set at \$803,896.74
- Installments are set to be paid over the ten (10) year timeframe set by the Board of Equalization − 2019 is payment year four (4)

PUBLIC WORKS

Kaufman Detention Cell Outlet \$450,000

- Drainage in connection with Old Potash Highway improvements
- Additional impermeable surface due to development in area has increased the need for detention and drainage
- Reduce standing water

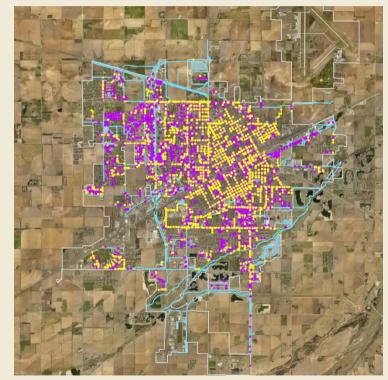

Storm Sewer Mapping \$500,000

- Continue mapping of existing storm sewer infrastructure
- This will allow for future drainage performance evaluation as well as allow asset management for the system to be developed

North Moores Creek 80 Wetland Detention Design \$200,000

- Begin evaluation of using site for a city owned wetland bank
- This will allow future wetland impacts due to improvement projects to be offset
- It is anticipated this will double as a detention cell to allow additional water storage on the north end of town
- Aid in moving drainage north through town more efficiently

North Front Street at Webb Road

- Streets Project; not CIP
- Smooth transition to intersection
- Delayed through Winter and Old Potash Traffic Count
- Scheduled to start shortly

City of Grand Island

Tuesday, July 16, 2019 Study Session

Item -5

Review FTE Requests for FY 2019/2020

Staff Contact: Patrick Brown

Council Agenda Memo

From: Patrick Brown, Finance Director

Meeting: July 16, 2019

Subject: Proposed 2020 FTE Changes

Presenter(s): Patrick Brown, Finance Director

Discussion

FTE Requests:

City Clerk – Add Deputy City Clerk/Media Relations to the City Clerk Department (1.0 FTE).

• This position will help with the duties of the City Clerk, front counter and media relations. The media relations was part of the Public Information Officer duties which is being eliminated. This would be part of the reorganization of Administration and would decrease the financial impact on the General Fund by \$11,091.

Library – Add three part-time employees (1.5 FTE's)

- Since 2010, library staffing has decreased from 27.348 FTE down to 23.5 FTE due to budget decreases. At one time, the library requested 1.5 more FTE and that request was approved. However, subsequent budget decreases brought the library back down to 23.5 FTE and has remained that way since. In this past decade, the library's hours of service have decreased from 70 to the current 62 per week and the library's outreach-vehicle based services inside Grand Island were eliminated.
- The requested restoration of 1.5 FTE will bring back at least 3 hours of service per week depending on model chosen, and will restore Grand Island neighborhood, care center and community activity library outreach activities that were curtailed in 2010. Recent work with Grow Grand Island and transportation studies has demonstrated this community's need for neighborhood library services. With only one library facility, there are many parts of this community that are not adequately served with essential literacy and learning resources and programs offered by the library. Obtaining an outreach vehicle through donations and securing staffing for this service will rectify this decade-old problem and help the library and community realize its GILIBRARY 2020 goals.

• These proposed FTE's would impact the General Fund \$47,702 for fiscal year 2020.

Public Information Office – Moving the Audio/Visual Technician from General Fund to Information Technology (Internal Service Fund).

- This move will create a back-up for the current A/V Technician. At this time there is no back-up.
- This move takes an FTE out of General Fund and will be a shared cost spread out over several funds. This move would shift most of the \$84,798 out of the General Fund

Building – Add 0.40 FTE to existing position (moving from 0.35 FTE to 0.75 FTE)

- The Building Department needs to increase the part-time position to provide service for permit counter, inspection scheduling and plan processing to continue timely service for permits, inspections, documentations and request for services from the construction industry and public.
- The additional 0.40 FTE would impact the General Fund by \$15,237.

Police – Add (3) Lieutenants and subtract (1) Captain and (2) Sergeants (net zero FTE change but would impact the General Fund by \$7,070)

• Discussion of this reorganization was on July 9, 2019 Council Meeting.

Fire – Add (6) FTE's for a third advance life support ambulance.

- Fire Administration requests City Council approval to add six FTEs (three firefighter/EMTs and three firefighter/paramedics). The requested FTEs would allow for the staffing of a third advance life support (ALS) ambulance on a daily basis.
- Over the last several years, fire administration has expressed concerns related to the increasing number of emergency medical calls answered by the Grand Island Fire Department (GIFD) as well as the rise in the number of recalls. Current and previous councilmembers acknowledged these concerns but were hesitate to add FTEs due to the associated cost and the difficult task of balancing the budget.
- A revenue stream has been identified that has the potential to offset most of the
 associated cost of the additional FTEs. The revenue stream is possible due to a
 time-sensitive opportunity that involves partnering with St. Francis Medical
 Center (SFMC) for the GIFD to provide local and long distant ambulance
 transport service for SFMC patients.
- The cost of adding six FTEs is approximately \$460,000 (step 1) to \$607,929 (step 9). Estimated transport revenue is approximately \$364,000 to \$682,000. If we used the lowest cost and revenue figures from above, it would impact the General Fund by \$96,000 for fiscal year 2020.

Parks

- Cemetery Add 0.50 Seasonal FTE. This position is for the Veteran's Cemetery and would be funded through farm income from the Veteran's property The FTE change would impact the General Fund by \$13,500 but offset by the farm income.
- **Heartland Public Shooting Park/Fieldhouse** Add 0.25 Customer Service Representative (increasing existing CSR from 0.75 to 1.0). This person would help out at the fieldhouse during the winter months. The General Fund impact would be \$24,523 for fiscal year 2020
- **Greenhouse** Add (3) seasonal workers for 0.80 FTE. Seasonal workers will assist the City Horticulturist and the Friends of the Parks complete desired projects. The Friends of the Parks is requesting the help to support their efforts. The General Fund impact would be \$18,000 for the fiscal year 2020.

Total General Fund impact with all proposed FTE's including the revenue from the ambulance service and farm would be \$128,704 for the fiscal year 2020.
