Regular Meeting

Item F2

Discussion of Library Hours

The library now has a standard year-round schedule of 62 hours per week based on our personnel count of 23.5 FTE. A decade ago, the FTE count was 27.348 and we were open 70 hours per week. It is appropriate to discuss potential increases in hours if and when some or all of these FTE are restored. Historical information and various models will be presented for discussion.
