### **Approval of Revision to Reduced Library Hours for Anticipated Re-opening and Authorizing Library Director to Adjust Hours and Services as Needed Through Remainder of Fiscal Year**

*Board approval of the following hours of operation schedule, upon reopening, is recommended due to the decrease in staffing from 21.5 FTE to 18.0 FTE. This approval also authorizes the Library Director to make adjustments to hours and services based on COVID-19 conditions and guidelines, and to report such changes to the Library Board monthly. Hours and services beyond this fiscal year are tied to the City's FY 2020/2021 budget process.*
