Regular Meeting

Item F2

Approval of Suspension of Overdue Fines Until Further Notice

At present time, in fairness to our patrons no overdue fines are being assessed for checked out items and their due dates have been extended until June 15. Patrons' access to the library will be limited for some time after the book drop reopens, and with quarantine procedures being developed, items will not be checked for several days after their return. Board approval of suspension of daily overdue fines is recommended. Library staff will still maintain its billing procedures for items still out several weeks after their due date. Under these procedures, patrons are responsible for the full item cost.
