Council Session

Item G-11

#2021-335 - Approving Agreement with Applied Pavement Technology, Inc. for 2022 Pavement Condition Assessment

Staff Contact: John Collins, P.E. - Public Works Director

Council Agenda Memo

From: Keith Kurz PE, Assistant Public Works Director

Meeting: November 23, 2021

Subject: Approving Agreement with Applied Pavement Technology, Inc. for 2022 Pavement Condition Assessment

Presenter(s): John Collins PE, Public Works Director

Background

A Request for Qualifications (RFQ) for 2022 Pavement Condition Assessment was advertised in the Grand Island Independent on August 4, 2021. The RFQ was also sent to nine (9) potential proposers by the Engineering Division of the Public Works Department.

The City is required to assess roadway pavement every three (3) years, at a minimum. Such assessment is used to determine roadways that become part of the annual maintenance project, as well as roadways that require more substantial work or rebuild. This information is also used for the City's annual audit and for GASB 34 (GASB 34 provides a comprehensive framework for financial reporting with the objective of making annual reports easier to understand and more useful to the people who rely upon the financial condition contained therein. The most significant aspect of Statement 34 was that for the first time general infrastructure assets; such as roads, bridges and dams) were to be reported together with related depreciation or preservation costs.

Discussion

Three (3) submittals were received on September 2, 2021, with evaluation of each by Public Work staff based on established criteria in the RFQ. The pavement condition assessment and pavement management services were a requirement of the scope of services.

Applied Pavement Technology, Inc. of Urbana, Illinois was selected as the best qualified firm to perform the requested services. An agreement was negotiated for the services to be performed at actual costs with a maximum amount of \$136,655.00. It is anticipated that all work will be completed before the end of this fiscal year.

Alternatives

It appears that the Council has the following alternatives concerning the issue at hand. The Council may:

1. Move to approve
2. Refer the issue to a Committee
3. Postpone the issue to future date
4. Take no action on the issue

Recommendation

City Administration recommends that the Council approve the agreement with Applied Pavement Technology, Inc. of Urbana, Illinois for pavement condition assessment and pavement management services to be performed at actual costs with a maximum amount of \$136,655.00.

Sample Motion

Move to approve the agreement.

Stacy Nonhof, Purchasing Agent
