Background

On October 30, 2021 the Solid Waste Division of the Public Works Department advertised for a 2022 Model Solid Waste Transfer Trailer. There were ten (10) potential bidders for such piece of equipment. Funds for the transfer trailer are in the approved 2021/ 2022 budget.

Discussion

One (1) bid was received and opened on November 16, 2021. The Solid Waste Division of the Public Works Department and the Purchasing Division reviewed the bid that was submitted. The transfer trailer bid by Wilkens Industries, Inc. of Morris, Minnesota meets all of the specifications. This transfer trailer is a front-line piece of equipment that is utilized on a daily basis for hauling solid waste form the Transfer Station to the Landfill for disposal.

This transfer trailer will replace the 2014 Wilkens model that is being traded in with this purchase, which is 8 years old and in need of new tires, hydraulic hoses and lines, brakes, and several other repairs due to years of severe use in Transfer Station and Landfill operations. A picture of the Wilkens model transfer trailer to be traded is below.
