#2022-74 - Approving Bid Award for Various Locations Drainage Projects; Brookline Drive and Henry Street/South Street Intersection; Project No. 2021-D-1

Staff Contact: John Collins, P.E. - Public Works Director

Council Agenda Memo

From: Keith Kurz PE, Assistant Public Works Director- Engineering
Meeting: March 22, 2022
Subject: Approving Bid Award for Various Locations Drainage Projects; Brookline Drive and Henry Street/South Street Intersection; Project No. 2021-D-1
Presenter(s): John Collins PE, Public Works Director

Background

The Various Locations Drainage Projects; Brookline Drive and Henry Street/ South Street Intersection is to plan, design, and build projects to improve drainage.

One project is improving drainage along Brookline Drive. City staff looked at several options, but constructing a concrete curb and gutter street appears to be the best alternative.

The other project is paving the intersection of Henry Street and South Street. With the heavy truck traffic and large amounts of water drainage from the north, this appears to be the preferred option to fix drainage problems.

On February 10, 2022 the Engineering Division of the Public Works Department advertised for bids for Henry Street/South Street and Brookline Drive Drainage Improvements; Project No. 2021-D-1. There were twenty-three (23) potential bidders for this project.

Discussion

One (1) bid was received and opened on March 1, 2022. The bid was submitted in compliance with the contract, plans and specifications. A summary of the bids is shown below.
