Subject to the further provisions of this Article VI, in the event of any failure to perform or breach of this Redevelopment Contract or any of its terms or conditions, by any party hereto or any successor to such party, such party, or successor, shall, upon written notice from the other, proceed immediately to commence such actions as may be reasonably designed to cure or remedy such failure to perform or breach which cure or remedy shall be accomplished within a reasonable time by the diligent pursuit of corrective action. In case such action is not taken, or diligently pursued, or the failure to perform or breach shall not be cured or remedied within a reasonable time, this Redevelopment Contract shall be in default and the aggrieved party may institute such proceedings as may be necessary or desirable to enforce its rights under this Redevelopment Contract, including, but not limited to, proceedings to compel specific performance by the party failing to perform or in breach of its obligations. The Redeveloper hereby acknowledges and agrees that the Authority shall have completed its required performances and satisfied all of its obligations under this Redevelopment Contract upon the issuance of the Indebtedness and the subsequent payment of grant amounts to the Redeveloper as set forth in Section 3.04.

Section 6.02 Additional Remedies of Authority

In the event that (each such event an "event of default"):

(a) the Redeveloper, or its successor in interest, shall fail to commence the construction of the improvements included in the Public Infrastructure Costs for the first Phase of the Redevelopment Project on or before June 1, 2022, or shall abandon construction work related to the Public Infrastructure Costs and housing construction, once commenced, for any period of 180 days, excepting delays caused by inclement weather,

In the event of such failure to perform, breach or default occurs and is not cured in the period herein provided, the parties agree that the damages caused to the Authority would be difficult to determine with certainty and that a reasonable estimation of the amount of damages that could be incurred is the amount of the grant to Redeveloper pursuant to Section 3.04 of this Redevelopment Contract, less any reductions in the principal amount of the Indebtedness, plus interest on such amounts as provided herein (the "**Liquidated Damages Amount**"). Upon the occurrence of an event of default, the Liquidated Damages Amount shall be paid by Redeveloper to Authority within 30 days of demand from Authority given to the Redeveloper.

Interest shall accrue on the Liquidated Damages Amount at the rate of seven percent (7%) per annum and interest shall commence from the date that the Authority gives notice to the Redeveloper demanding payment.

Payment of the Liquidated Damages Amount shall not relieve Redeveloper of its obligation to pay real estate taxes or assessments with respect to the Redevelopment Project Property and the Project.

Redeveloper, on or before contracting for work included within the Public Infrastructure Costs, shall furnish to the Authority copies of labor and materials payment bonds and performance bonds for each contract entered into by Redeveloper related to Public Infrastructure Costs. Each such bond shall show the Authority and the City as well as the Redeveloper as beneficiary of any such bond, as and to the extent commercially obtainable (as determined in the discretion of the Authority). In addition, the Redeveloper shall provide a penal bond with good and sufficient surety to be approved by the Authority, conditioned that the Redeveloper shall at all times promptly make payments of all amounts lawfully due to all persons supplying or

furnishing to any contractor or his or her subcontractors (for each contract entered into by Redeveloper related to Public Infrastructure Costs) with labor or materials performed or used in the prosecution of the work provided for in such contract, and will indemnify and save harmless the Authority to the extent of any payments in connection with the carrying out of such contracts which the Authority may be required to make under the law.

Section 6.03 Remedies in the Event of Other Redeveloper Defaults.

In the event the Redeveloper fails to perform any other provisions of this Redevelopment Contract (other than those specific provisions contained in Section 6.02), the Redeveloper shall be in default. In such an instance, the Authority may seek to enforce the terms of this Redevelopment Contract or exercise any other remedies that may be provided in this Redevelopment Contract or by applicable law; provided, however, that any defaults covered by this Section shall not give rise to a right or rescission on termination of this Redevelopment Contract, and shall not be covered by the Liquidated Damages Amount.

Section 6.04 Forced Delay Beyond Party's Control.

For the purposes of any of the provisions of this Redevelopment Contract, neither the Authority nor the Redeveloper, as the case may be, nor any successor in interest, shall be considered in breach of or default in its obligations with respect to the conveyance or preparation of the Redevelopment Area or any part thereof for redevelopment, or the beginning and completion of construction of the Project, or progress in respect thereto, in the event of forced delay in the performance of such obligations due to unforeseeable causes beyond its control and without its fault or negligence, including, but not restricted to, acts of God, or of the public enemy, acts of the Government, acts of the other party, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and unusually severe weather or delays in subcontractors due to such causes; it being the purpose and intent of this provision that in the event of the occurrence of any such forced delay, the time or times for performance of the obligations of the Authority or of the Redeveloper with respect to construction of the Project, as the case may be, shall be extended for the period of the forced delay: Provided, that the party seeking the benefit of the provisions of this section shall, within thirty (30) days after the beginning of any such forced delay, have first notified the other party thereto in writing, and of the cause or causes thereof and requested an extension for the period of the forced delay.

Section 6.05 Limitations of Liability; Indemnification.

Notwithstanding anything in this Article VI or this Redevelopment Contract to the contrary, neither the City, the Authority, nor their respective elected officials, officers, directors, appointed officials, employees, agents or their governing bodies shall have any pecuniary obligation or monetary liability under this Redevelopment Contract. The sole obligation of the Authority under this Redevelopment Contract shall be the issuance of the Indebtedness and granting of a portion of the proceeds thereof to Redeveloper, as specifically set forth in Sections 3.02 and 3.04 and payment of TIF Revenues pledged pursuant to the Resolution. The obligation of the City and Authority on any Indebtedness shall be limited solely to the payment of the TIF Revenues and other funds pledged on the Indebtedness as set forth in the Resolution.

Notice to Divide Tax for Community Redevelopment Project

[TO BE ATTACHED]

**Redevelopment Plan Amendment
Grand Island CRA Area 33
August 2021**

The Community Redevelopment Authority (CRA) of the City of Grand Island intends to amend the Redevelopment Plan for Area 33 within the city, pursuant to the Nebraska Community Development Law (the “Act”) and provide for the financing of a specific infrastructure related project in Area 33.

Executive Summary:

Project Description

THE REDEVELOPMENT APPROXIMATELY 200 ACRES OF PROPERTY LOCATED WEST OF PRAIRIEVIEW STREET AND NORTH OF HUSKER HIGHWAY IN SOUTHWESTST GRAND ISLAND FOR THE DEVELOPMENT OF A WALKABLE MIXED USE COMMUNITY (DETACHED SINGLE FAMILY RESIDENTIAL, ATTACHED SINGLE FAMILY RESIDENTIAL, MULTIFAMILY RESIDENTIAL, NEIGHBORHOOD SCALE COMMERCIAL, AND RECREATIONAL USES) WHILE PROTECTING PRESERVING AND ENHANCING THE NATURAL WETLANDS ON THE PROPERTY. THIS WILL BE A MULTI-PHASE DEVELOPMENT WITH A REDEVELOPEMENT PLAN AMENDMENT FOR EACH PHASE OF THE DEVELOPMENT TO BE APPROVED SEPARATELY.

This plan is intended as a general development plan for the entire 200 acre tract included in the legal description below. It is also the site specific redevelopment plan for the first phase (Legacy 34 2022) of this project at the southeast corner of this property that includes multifamily residential, attached single family residential, neighborhood scale commercial development significant portions of the storm water and drainage infrastructure to support the full development. Amenities for the neighborhood and community including hike bike trail extensions and green space will also be a part of the Legacy 34 2022 phase of this development.

The use of Tax Increment Financing to aid in redevelopment expenses associated with platting and installing the necessary infrastructure (streets, sanitary sewer, water, and storm sewer) for the development of a club house and 140 one and two bedroom apartments in 10 unit buildings, 33 attached single family homes (2 and 3 bedroom townhomes) and 8 two story commercial buildings with 2000 square feet on each floor in the Legacy 34 2022 phase. The use of Tax Increment Financing is an integral part of the development plan and necessary to make this project feasible as presented. The proposed development does not maximize the number of units that can be built on the property but maximize the livability of the neighborhood by creating a walkable neighborhood with a mix of housing types and recreation features scattered throughout the development. It is anticipated that the Legacy 34 2022 phase of this development will take up to 5 years to complete and that the next phase will likely begin before the last of this one has being developed. It is unlikely that full development of this site will be done in less than 15

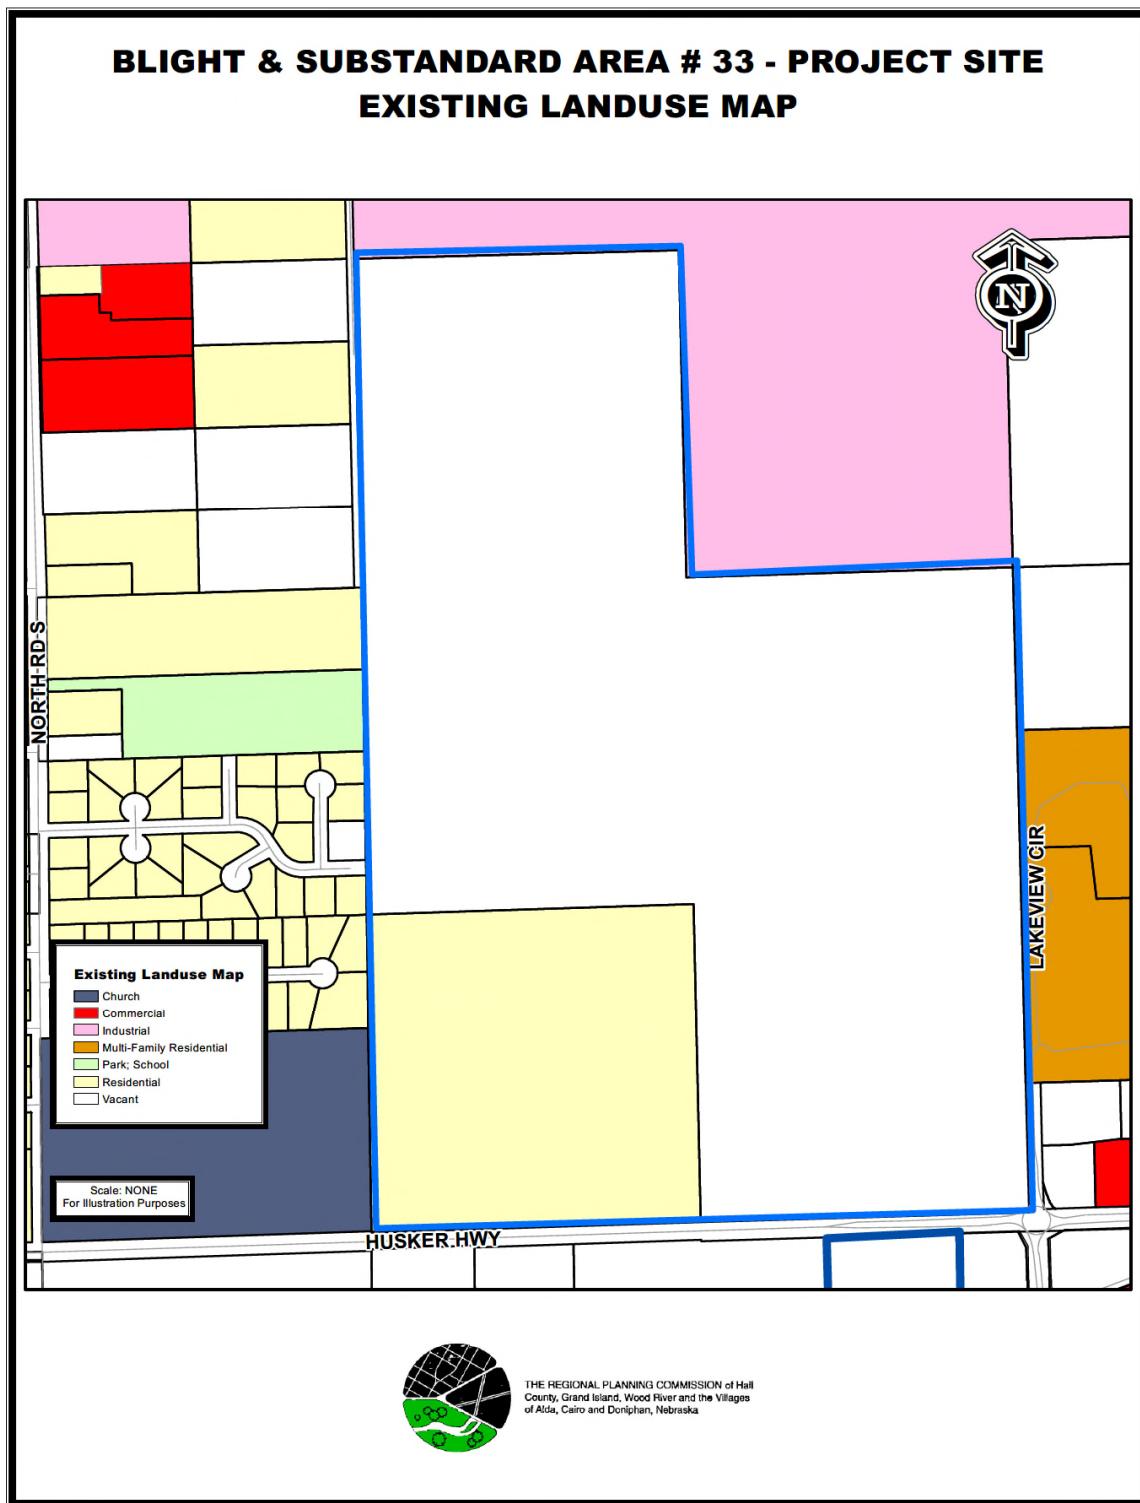

years and could easily extend to 30 or more years based on the history of large developments in Grand Island.

Innate Development 2, LLC has an option to purchase the full 200 acres upon approval of the Legacy 34 2022 phase of this project. This is property has an old farm house and farm buildings, wetlands and crop ground. The property was annexed in 2011 and has not had any development prospects make application for development since its annexation. The developer is responsible for and has provided evidence that they can secure adequate debt financing to cover the costs associated with this project. The Grand Island Community Redevelopment Authority (CRA) intends to pledge the ad valorem taxes generated over multiple 15 year periods beginning January 1, 2023 towards the allowable costs and associated financing for redevelopment of this property.

TAX INCREMENT FINANCING TO PAY FOR THE REDEVELOPMENT OF THE PROPERTY WILL COME FROM THE FOLLOWING REAL PROPERTY:

Property Description (the “Redevelopment Project Area”)

Legal Descriptions: The SE ¼ of the NW ¼ and the E ½ of the SW ¼ and the W ½ of the SE ¼ of 25-11-10 (Parcels 400201089 and 400201097) in the City of Grand Island, Hall County, Nebraska.

Existing Land Use and Subject Property

The tax increment on Legacy 34 2022 will be captured for the tax years the payments for which become delinquent in years 2023 through 2044 inclusive. The TIF contract will be structured so it can be amended each year for up to five years to add the buildings to be completed during that year. No single building will be eligible for TIF for a period of more than 15 years.

The real property ad valorem taxes on the current valuation will continue to be paid to the normal taxing entities. The increase will come from development of the property for a mix of residential and commercial uses in the project area to be permitted as the project progresses.

Statutory Pledge of Taxes.

In accordance with Section 18-2147 of the Act and the terms of the Resolution providing for the issuance of the TIF Note, the Authority hereby provides that any ad valorem tax on the Redevelopment Project Area for the benefit of any public body be divided for a period of fifteen years after the effective date of this provision as set forth in the Redevelopment Contract or redevelopment contract amendment, consistent with this Redevelopment Plan. This plan anticipates that the whole 200 acre project will be developed in several phases with a redevelopment plan amendment specific to each phase of the development. The first phase is included with this general plan and referred to as Legacy 34 2022. The Legacy 34 2022 plan anticipates that buildings constructed each year of the development will constitute new effective date for the purposes of determining the period of fifteen years. Improvements for the overall development may be constructed prior to the development of later phases and eligible expenses from those improvements not covered by early phases may be applied to later phases for reimbursement by TIF funds generated in the later phases. Said taxes shall be divided as follows:

a. That portion of the ad valorem tax which is produced by levy at the rate fixed each year by or for each public body upon the redevelopment project valuation shall be paid into the funds, of each such public body in the same proportion as all other taxes collected by or for the bodies; and

b. That portion of the ad valorem tax on real property in the redevelopment project in excess of such amount, if any, shall be allocated to and, when collected, paid into a special fund of the Authority to pay the principal of; the interest on, and any premiums due in connection with the bonds, loans, notes, or advances on money to, or indebtedness incurred by, whether funded, refunded, assumed, or otherwise, such Authority for financing or refinancing, in whole or in part, a redevelopment project. When such bonds, loans, notes, advances of money, or indebtedness including interest and premium due have been paid, the Authority shall so notify the County Assessor and County Treasurer and all ad valorem taxes upon real property in such redevelopment project shall be paid into the funds of the respective public bodies.

Pursuant to Section 18-2150 of the Act, the ad valorem tax so divided is hereby pledged to the repayment of loans or advances of money, or the incurring of any indebtedness,

whether funded, refunded, assumed, or otherwise, by the CRA to finance or refinance, in whole or in part, the redevelopment project, including the payment of the principal of, premium, if any, and interest on such bonds, loans, notes, advances, or indebtedness.

Redevelopment Plan Amendment Complies with the Act:

The Community Development Law requires that a Redevelopment Plan and Project consider and comply with a number of requirements. This Plan Amendment meets the statutory qualifications as set forth below.

1. The Redevelopment Project Area has been declared blighted and substandard by action of the Grand Island City Council on August 26, 2021.[§18-2109] Such declaration was made after a public hearing with full compliance with the public notice requirements of §18-2115 of the Act.

2. Conformation to the General Plan for the Municipality as a whole. [§18-2103 (13) (a) and §18-2110]

Grand Island adopted a Comprehensive Plan on July 13, 2004. It is anticipated that changes to future land use map in the Grand Island Comprehensive Plan will be necessary to accommodate this development as anticipated. Those changes should be considered with the approval of each site specific development plan or with a complete update to the comprehensive plan. The initial phase of this project including the multifamily and attached single family residential units is consistent with the planned development of housing at up to 14 units per acre. The neighborhood commercial was not anticipated for the particular area but is consistent with the level of service of Husker Highway and the commercial properties developing to the east of this site. The Hall County Regional Planning Commission held a public hearing at their meeting on October 6, 2021 and passed Resolution 2022-02 confirming that this project is consistent with the intent of the Comprehensive Plan for the City of Grand Island, supporting this project and necessary changes to the plan for the development as planned. The Grand Island Public School District has submitted a formal request to the Grand Island CRA to notify the District any time a TIF project involving a housing subdivision and/or apartment complex is proposed within the District. The school district was notified of this plan amendment prior to it being submitted to the CRA for initial consideration.

3. The Redevelopment Plan must be sufficiently complete to address the following items: [§18-2103(13) (b)]

a. Land Acquisition:

This Redevelopment Plan for Area 33 provides for real property acquisition and this plan amendment does not prohibit such acquisition. There is no proposed acquisition by the authority.

b. Demolition and Removal of Structures:

The project to be implemented with this plan does not provide for the demolition and removal any structures on this property.

c. Future Land Use Plan

See the attached map from the 2004 Grand Island Comprehensive Plan. All of the area around the site in private ownership is planned for low to medium density residential development at the south end and manufacturing in the northwest corner. It is anticipated that changes to the plan will be made to accommodate and support this development as proposed. This property is in private ownership. [§18-2103(b) and §18-2111] The attached map also is an accurate site plan of the area as proposed after redevelopment with 278 single family detached lots, 25 duplex lots, 53 townhouse/condo lots, 300 units of apartments and 6.3 acres of retail and 9 acres of light industrial backing on to the industrial property to the north.. [§18-2111(5)]

d. Changes to zoning, street layouts and grades or building codes or ordinances or other Planning changes.

The area is zoned R-2 Low Density Residential zone and M-1 Light Manufacturing Zone. The property has historically been farmed a permitted use in both of those districts. The plan for a mixed use neighborhood at this location will require a mix of zoning changes. New streets and storm drainage are planned throughout the site as part of the development in a manner consistent with the existing development. It is anticipated that TIF revenues will offset the costs of those improvements and that some of these

improvements may be built. No changes are anticipated in building codes or ordinances. [§18-2103(b) and §18-2111]

e. Site Coverage and Intensity of Use

The proposed development will meet the coverage and intensity of use requirements for each phase of the development as it is approved. The overall planned density of the project is less than would be permitted with no changes. [§18-2103(b) and §18-2111]

f. Additional Public Facilities or Utilities

Sanitary sewer and water are available to support this development. Both sanitary sewer and water will need to be extended throughout the site. TIF revenues will be used to offset the cost of these public utility improvements.

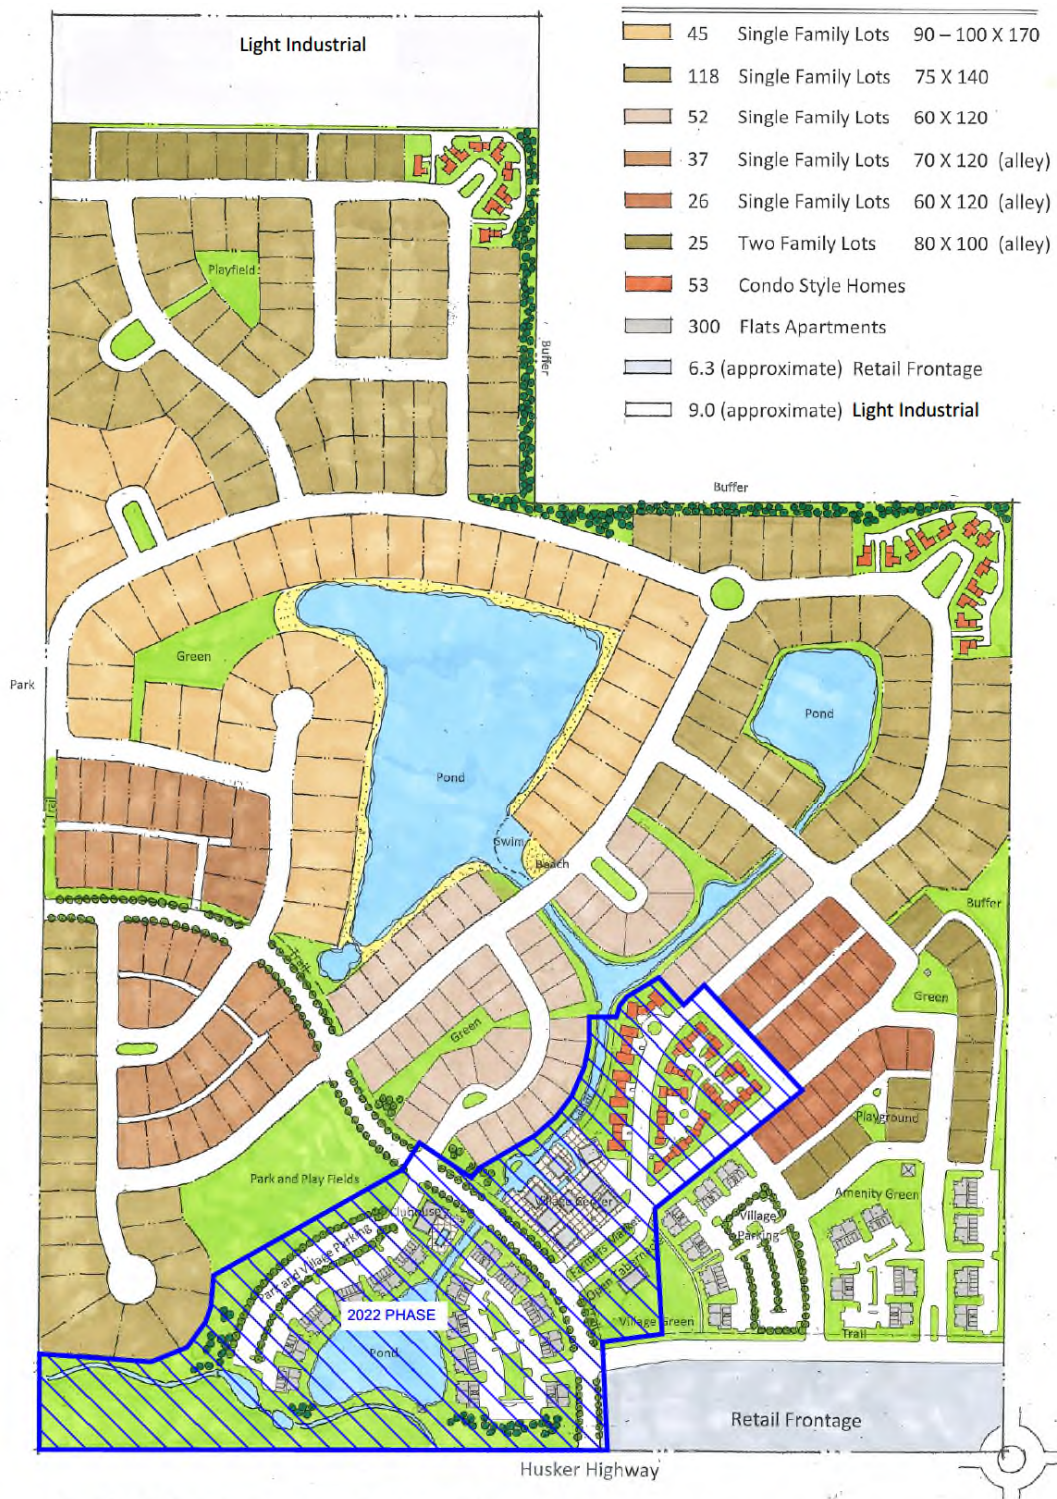

Electric utilities are sufficient for the proposed use of this property. Electric lines will need to be extended throughout the property.

No other publicly owned utilities would be impacted by the development. §18-2103(b) and §18-2111]

Proposed layout for Legacy 34 2022 Phase of the Proposed Development

4. The Act requires a Redevelopment Plan provide for relocation of individuals and families displaced as a result of plan implementation. This property is vacant and no relocation is contemplated or necessary. [§18-2103.02]

5. No member of the Authority, nor any employee thereof holds any interest in any property in this Redevelopment Project Area. [§18-2106] No members of the authority or staff of the CRA have any interest in this property.

6. Section 18-2114 of the Act requires that the Authority consider:

a. Method and cost of acquisition and preparation for redevelopment and estimated proceeds from disposal to redevelopers.

The developer is proposing to purchase the property for \$3,000,000, this is an eligible expense for the overall project but \$480,000 of this is being attributed to the Legacy 34 2022 phase and the remainder will be attributed to future phases. For the Legacy 34 2022 phase the estimated costs of grading, streets, trails, sanitary sewer, water and storm sewer is \$8,370,000. Total costs for parks, and right of way landscaping \$2,530,226. It is anticipated that planning activities including design, engineering and architecture for the site will exceed \$2,700,000 and need to be included in Legacy 34 2022 project costs. Other eligible activities including government fees and expenses (building permits included) and legal and contract expenses are expected to be \$300,000. The total of the eligible expenses for this project is estimated by the developer at \$16,950,226.

No property will be transferred to redevelopers by the Authority. The developer will provide and secure all necessary financing.

b. Statement of proposed method of financing the redevelopment project.

The developer will provide all necessary financing for the project. The Authority will assist the Legacy 34 2022 project by granting the sum of \$14,430,226 from the proceeds of the TIF. This indebtedness will be repaid from the Tax Increment Revenues generated from the project. TIF revenues shall be made available to repay the original debt and associated interest after January 1, 2023 through December 2044.

c. Statement of feasible method of relocating displaced families.

No families will be displaced as a result of this plan.

7. Section 18-2113 of the Act requires:

Prior to recommending a redevelopment plan to the governing body for approval, an authority shall consider whether the proposed land uses and building requirements in the redevelopment project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted, and harmonious development of the city and its environs which will, in accordance with present and future needs, promote health, safety, morals, order, convenience, prosperity, and the general welfare, as well as efficiency and economy in the process of development, including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic, and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage, and other public utilities, schools, parks, recreational and community facilities, and other public requirements, the promotion of sound design and arrangement, the wise and efficient expenditure of public funds, and the prevention of the recurrence of insanitary or unsafe dwelling accommodations or conditions of blight.

The Authority has considered these elements in proposing this Plan. This amendment, in and of itself will promote consistency with the Comprehensive Plan. This will have the intended result of preventing recurring elements of unsafe buildings and blighting conditions. This will accomplish the goal of increasing the number of residential units, commercial development and recreational opportunities within the City of Grand Island and encouraging infill development.

8. Time Frame for Development

Development of this project is anticipated to begin in the 2022 year. The Legacy 34 2022 phase will likely be built over a five year period between 2022 and 2026 based on market demand. Excess valuation should be available for the Legacy 34 2022 project for 15 years beginning with the 2023 tax year. Additional phases of development are anticipated for the remainder of the project beginning near the completion of the Legacy

34 2022 phase. It is anticipated that the developers will be including TIF in the capital stack of future phases but each future phase will be evaluated with a site specific redevelopment plan prior to contract approval.

9. Justification of Project

The 2020 housing study for the City of Grand Island projected that by 2024 we would need an additional 1361 new housing units. Between January 1 of 2020 and July of 2021 permits for 305 new housing units had been issued leaving a need for more than 1000 additional units in the next 3 years to meet the anticipated need. The current housing market, a combination of the cost of producing housing and the prevailing wages, has not created a situation that gives the markets sufficient incentive to build the number housing units required to meet community needs. This lack of housing options impacts a variety of other areas within the community including work force development, overcrowding, maintenance of residential units and rents.

10. Cost Benefit Analysis Section 18-2113 of the Act, further requires the Authority conduct a cost benefit analysis of the plan amendment in the event that Tax Increment Financing will be used. This analysis must address specific statutory issues.

As authorized in the Nebraska Community Development Law, §18-2147, *Neb. Rev. Stat.* (2019), the City of Grand Island has analyzed the costs and benefits of the proposed Redevelopment Project, including:

Project Sources and Uses. Approximately \$14,430,226 in public funds from tax increment financing provided by the Grand Island Community Redevelopment Authority will be required to complete the project. This investment by the Authority will leverage \$46,780,250 in private sector financing; a private investment of \$3.24 for every TIF and grant dollar investment.

Tax Revenue. The 27.83 acres of this site to be redeveloped as Legacy 34 2022 is anticipated to have a January 1, 2022, valuation of approximately \$80,828 based on the per acre valuation of the current parcel. Based on the 2020 levy this would result in a real property tax of approximately \$1,759. It is anticipated that the assessed value will increase by \$44,210,250 upon full completion, as a result of the site redevelopment. This development will result in an estimated tax increase of over \$960,000 annually. The tax increment gained from this Redevelopment Project Area would not be available for use as city general tax revenues, for the period of the bonds, but would be used for eligible private redevelopment costs to enable this project to be realized.

Estimated 2022 assessed value (27.83 acres):	\$ 80,828
Estimated value after completion	\$ 44,291,000
Increment value	\$ 44,210,000
Annual TIF generated (estimated)	\$ 962,000
TIF bond issue	\$ 14,430,226

(a) Tax shifts resulting from the approval of the use of Tax Increment Financing;

The redevelopment project area currently has an estimated valuation of \$80,828. The proposed redevelopment will create additional valuation of \$44,210,000 over the course of the next five years. The project creates additional valuation that will support taxing entities long after the project is paid off along with providing 173 additional housing units, neighborhood commercial space and recreational trail connections and opportunities. The tax shift from this project will be equal to the total of the bond principal of \$14,430,226 if fully funded and any associated interest on the bond to be assigned with contract approval.

(b) Public infrastructure and community public service needs impacts and local tax impacts arising from the approval of the redevelopment project;

Existing water and waste water facilities will not be negatively impacted by this development. The electric utility has sufficient capacity to support the development. This is infill development with services connecting to existing line with capacity. This development is likely to result in a larger number of students in the Gates Elementary School service area. Fire and police protection are available and should not be negatively impacted by this development though there will be some increased need for officers and fire fighters as the City continues to grow whether from this project or others.

Housing of the type proposed in Legacy 34 2022 (1 and 2 bedroom apartments and 2 bedroom townhomes) is less likely to attract families to the neighborhood than the single family detached housing proposed for later phases of this project. Overall there will be a net increase in the number of students attending the Grand Island Public School system as a result of this development.

(c) Impacts on employers and employees of firms locating or expanding within the boundaries of the area of the redevelopment project;

This will provide additional housing options for the residents of Grand Island. The National Homebuilders Association estimates that each new single family home is the equivalent of 2.5 full time equivalent jobs and each unit of multifamily housing results in an FTE of 1.16 job. An average of 28 apartments and 7 townhomes would produce about 48 FTE's per year for the next 5 years.

(d) Impacts on other employers and employees within the city or village and the immediate area that are located outside of the boundaries of the area of the redevelopment project; and

This project will not have a negative impact on other employers different from any other expanding business within the Grand Island area. Grand Island does have tight labor market and part of that is due to the availability and cost of housing. This development may help alleviate some of those pressures.

(e) Impacts on student populations of school districts within the City or Village:

This development will have an impact on the Grand Island School system and will likely result in additional students at both the elementary and secondary school levels.

The average number of persons per household in Grand Island for 2015 to 2019 according to the American Community Survey is 2.61. 173 additional households would house 452 people. According to the 2010 census 19.2% of the population of Grand Island was over 4 years old and under 18 years old. 2020 census number for this population cohort are not yet available but 27.6% of the 2021 population is less than 18 years of age this is the same percentage as the under 18 age cohort in 2010. If the averages hold it would be expected that there would be an additional 87 school age children generated by this development. Given the nature of the units (140- 1 and 2 bedroom apartments and 33 townhomes) proposed for Legacy 34 2022 these numbers are likely to be significantly less than for detached single family development. If this develops at a rate of 35 unit per year for 5 years approximately 16 children could be added to the school age population every year with this development. These 16 children will likely be spread over the full school age population from elementary to secondary school. According to the National Center for Educational Statistics¹ the 2019-20 enrollment for GIPS was 10,070 students and the cost per student in 2017-18 was \$12,351 of that \$4,653 is generated locally. The Grand Island Public School System was notified on August 24, 2021 that the CRA would be considering this application at their September 8, 2021 meeting.

(f) Any other impacts determined by the authority to be relevant to the consideration of costs and benefits arising from the redevelopment project.

This project is consistent the goals of the 2020 Housing Study for the City of Grand Island to create more than 1300 new dwelling units by 2024. Based on the permits between January of 2020 and July of 2021 more than 1000 units still need to be built before the end of 2024 to meet the projected need. The local housing market is not capable of producing the number of units needed at market rate given the costs of building and development.

Time Frame for Development

Development of the Legacy 34 2022 project is anticipated to be completed during between the Spring of 2022 and the end of 2026. The base tax year should be calculated on the value of the property as of January 1, 2022 for the first phase with each phase based on the preceding year's valuation of the property included in the amendment for that year. Excess valuation should be available for this project beginning in 2023 with taxes due in 2024. Excess valuation will be used to pay the TIF Indebtedness issued by the CRA per the contract between the CRA and the developer for a period not to exceed 15 years on each property or an amount not to exceed \$14,430,226 the projected amount of increment based upon the anticipated value of the project and current tax rate. Based

¹ https://nces.ed.gov/ccd/districtsearch/district_detail.asp?ID2=3100016

on the estimates of the expenses, the developer will spend at least \$14,430,226 on TIF eligible activities.

It is anticipated that full development of the 200 acre site will take a minimum of 15 years thought it could take as long as 30 or more based on average development in Grand Island. Each additional project will be brought forward as an amendment to this plan.

The name and registered address of the registered owner of the Note (including notation of any pledgee as may be requested by the Redeveloper) shall at all times be recorded in such books.

The transfer of the Note may be registered only upon the books kept for the registration and registration of transfer of the Note upon (a) surrender thereof to the Registrar, together with an assignment duly executed by the Owner or its attorney or legal representative in such form as shall be satisfactory to the Registrar and (b) evidence acceptable to the Authority that the assignee is a bank or a qualified institutional buyer as defined in Rule 144A promulgated by the Securities and Exchange Commission. Prior to any transfer and assignment, the Owner will obtain and provide to the Authority, an investor's letter in form and substance satisfactory to the Authority evidencing compliance with the provisions of all federal and state securities laws, and will deposit with the Authority an amount to cover all reasonable costs incurred by the Authority, including legal fees, of accomplishing such transfer. whole or in part at any time at a redemption price equal to 100% of the principal amount being redeemed, plus accrued interest on such principal amount to the date fixed for redemption. Reference is hereby made to the Resolution for a description of the redemption procedures and the notice requirements pertaining thereto.

In the event this Note is called for prior redemption, notice of such redemption shall be given by first-class mail to the Registered Owner hereof at its address as shown on the registration books maintained by the Registrar not less than 10 days prior to the date fixed for redemption, unless waived by the Registered Owner hereof.
