REPORT: Transit Development Plan Update

BACKGROUND

The City of Grand Island is leading the Grand Island Transit Development Plan, also known as GO GI Transit. The study will help the City of Grand Island plan for the future of public transit in the Grand Island/Hall County area.

The GO GI Transit plan is analyzing the current CRANE Public Transit system and developing potential future service options based on current and anticipated future needs. Ultimately, GO GI will result in an implementable and fundable plan for the next 10, and even 20, years to meet the short- and long-term needs of transit service in the Grand Island community.

The GO GI Transit study process began in October 2021 and is estimated to be completed in November 2022. The project website is located at www.crane-transit.com/i-want-to/gogi.

HDR staff will provide an update on the Transit Development Plan (GO GI Transit) at the June 13 TAC meeting. This update will include a presentation and discussion on multiple items, including plan goals and potential transit service options.
