Agenda Item # 5

PLANNING DIRECTOR RECOMMENDATION TO REGIONAL PLANNING

COMMISSION:

July 26, 2022

SUBJECT: *Zoning Change*(C-33-22GI)

PROPOSAL: To rezone tract of land consisting of 1.17 acres. This property is located at 3015 and 3019 Colorado Avenue Lots 14 and 15 of Northwest Gateway Subdivision in Grand Island, Hall County, Nebraska from LLR Large Lot Residential and R1 Suburban Density Residential. This property is located north of Nevada Avenue at the north end of Colorado Avenue.

OVERVIEW:

Site Analysis

Current zoning designation:

LLR: Large Lot Residential Zone

Intent of District:

LLR: To provide for a transition from rural to urban uses, and is generally located on the fringe of the urban area. This zoning district permits residential dwellings at a maximum density of two dwelling units per acre, as well as other open space and recreational activities.

Permitted and conditional uses:

LLR: Residential uses at a density of 2 dwelling units per acre, churches, schools, and parks.

Comprehensive Plan Designation:

Designated for mixed use commercial.

Existing land uses:

Vacant

Proposed Zoning Designation:

R1: Suburban Density Residential Zone

Permitted and conditional uses:

R1: Residential uses with a maximum density of 4 units per acre and a minimum lot size of 9,000 square feet per dwelling unit. Churches, parks and schools are also permitted in this district.

Adjacent Properties Analysis

Current zoning designations:

North: RO: Residential Office Zone

South, East and West: LLR: Large Lot Residential Zone

Permitted and conditional uses:

RO: Residential uses with no limit on the density except available parking spaces, office uses, personal services, assisted living facilities, day cares, and prescription related retail.

LLR: Residential uses at a density of 2 dwelling units per acre, churches, schools, and parks.

Comprehensive Plan Designation:

North and West: Mixed Use Commercial

South and East: Designated for low to medium density residential and public uses

Existing land uses:

North: Vacant Lot

South and East: Single family residential

West: Church

EVALUATION:

Positive Implications:

- *Consistent with the City's Comprehensive Land Use Plan: The property is designated for low to medium density residential development.*
- *Accessible to Existing Municipal Infrastructure:* City water and sewer services have been extended to serve the rezoning area. All properties have access to sewer and water which facilitates higher density development.
- *Would provide additional housing:* This would provide for more modernized housing stock allowing for more housing choices throughout the community. This would allow multiple housing units to be constructed on this lot.

Negative Implications:

- *None Foreseen.*

Other Considerations:

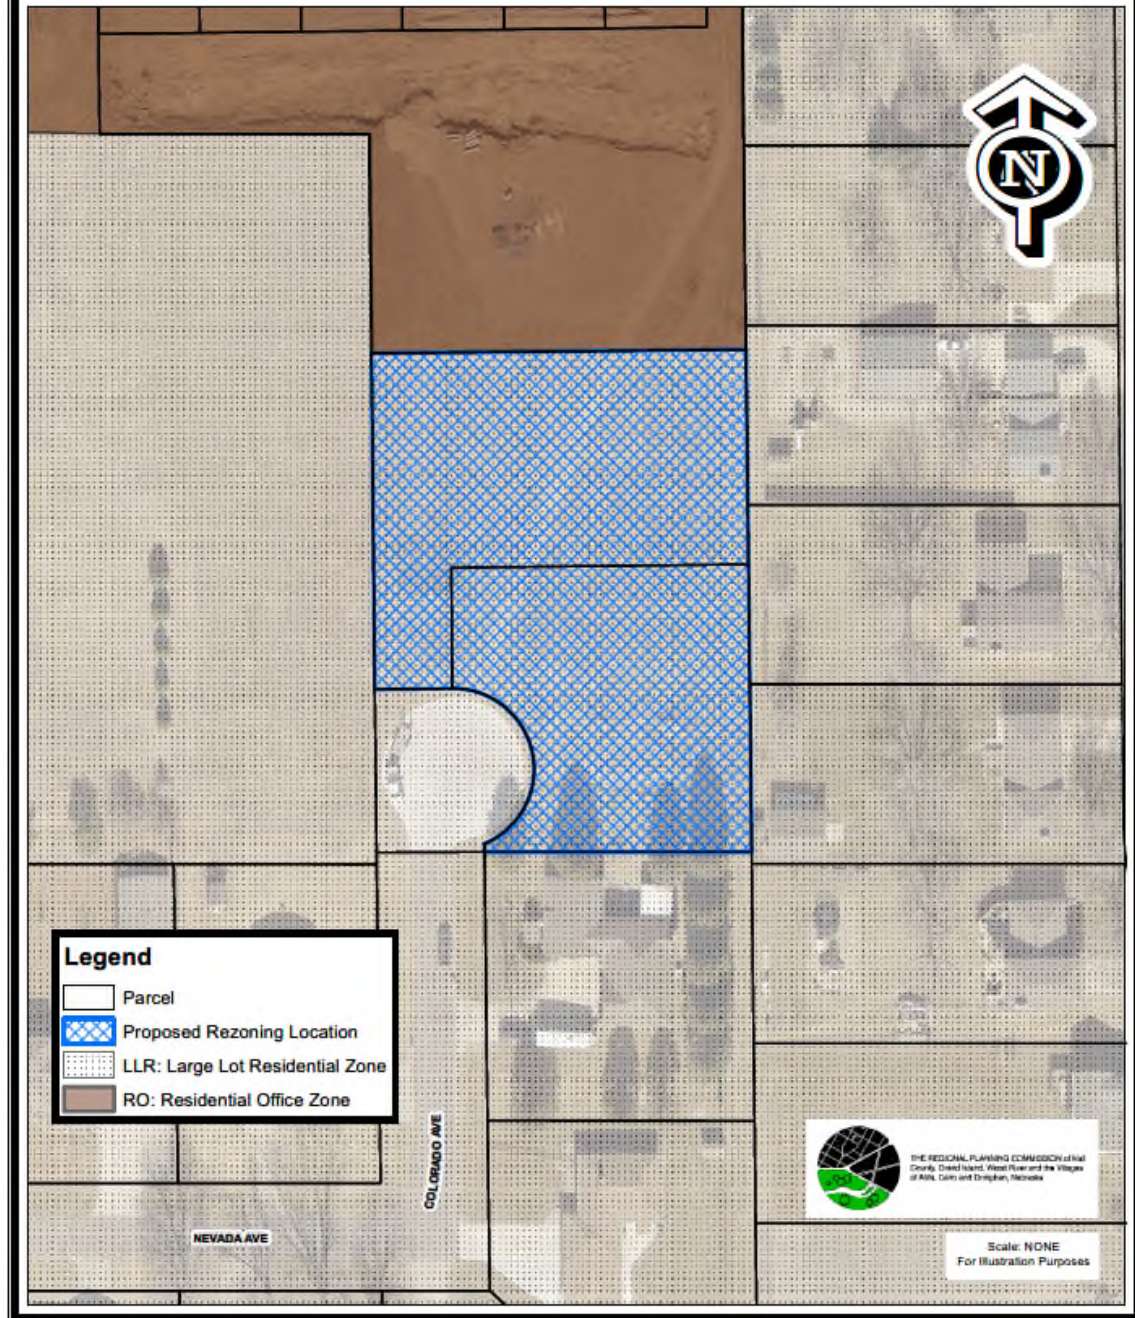

The LLR properties were around these lots were developed with lots that needed both on site wells and septic systems. The larger lots were required for those on site improvement. Sewer and water infrastructure adds to the cost of the lots as they are developed and smaller lots are likely to be more affordable.

RECOMMENDATION:

That the Regional Planning Commission recommend that the Grand Island City Council change the zoning on this site from from LLR Large Lot Residential to R-1 Suburban Density Residential.

Mr Nabity,

I am in receipt of your letter regarding the zoning change on Colorado Avenue adjacent to the property I own on Montanna.

Please note that I am in favor of the rezoning as proposed.

Thanks,

Pat
