

Hall County Regional Planning Commission

**Wednesday, August 3, 2022
Regular Meeting**

Item F2

**Public Hearing - Redevelopment Plan - Grand Island - Public
Hearing Concerning a redevelopment plan for CRA Area No. 34 to
allow for redevelopment of property located north of 13th Street
and west of the Moore's Creek Drainway (Millennial Estates
Subdivision as proposed)**

Staff Contact:

Agenda Item #5

PLANNING DIRECTOR RECOMMENDATION TO REGIONAL PLANNING COMMISSION:

July 26, 2022

SUBJECT:

Redevelopment plan amendment for property located in Blight and Substandard Area 34 located north of 13th Street and west of the Moore's Creek Drainway being platted as Millennial Estates Subdivision, in Hall County, Nebraska to support this development. (C—34-22GI)

PROPOSAL:

Starostka Group Unlimited is proposing to develop the properties described above for residential recreational purposes. The property is zoned a combination of R-2 Low Density Residential the proposed uses are permitted in this zoning district.

OVERVIEW:

The purpose of the CRA and the designated blight and substandard area is to provide incentives for development in underdeveloped areas of the community. This area has already been declared blighted and substandard the Grand Island City Council.

This project is **consistent** with the **existing zoning** and the **future land use plan** for this area within the City of Grand Island. This is evident by the existing zoning districts and fact that the property was rezoned for these uses in 2021. This development will promote housing construction in Grand Island.

The Regional Planning Commission recommendation is limited to the appropriateness of the proposed use at this location. The Grand Island Comprehensive Plan calls for the development of a mix of commercial and residential uses at this location. This proposed development will install, extend and connect to city utilities including sewer and water at this location.

The Planning Commission is required to comment on these applications to confirm that expenditure of public funds through TIF is not supporting uses that would be inconsistent with the comprehensive plan. The proposed use for a mixed use development at this location appears to be supported by the plan.

RECOMMENDATION:

That the Regional Planning Commission recommends find that the redevelopment plan is consistent with the Comprehensive Plan (general plan for development) of the city of Grand Island. A resolution is attached for your consideration.

_____ Chad Nabity AICP, Planning Director

**Redevelopment Plan Amendment
Grand Island CRA Area 34
July 2022**

The Community Redevelopment Authority (CRA) of the City of Grand Island intends to amend the Redevelopment Plan for Area 34 within the city, pursuant to the Nebraska Community Development Law (the “Act”) and provide for the financing of a specific infrastructure related project in Area 34.

Executive Summary:

Project Description

THE REDEVELOPMENT APPROXIMATELY 49 ACRES OF PROPERTY LOCATED NORTH OF 13TH STREET SOUTH OF STATE STREET AND WEST OF THE MOORE’S CREEK DRAINWAY IN NORTHWEST GRAND ISLAND FOR A RESIDENTIAL HOUSING INCLUDING UP TO 120 UNITS OF HOUSING.

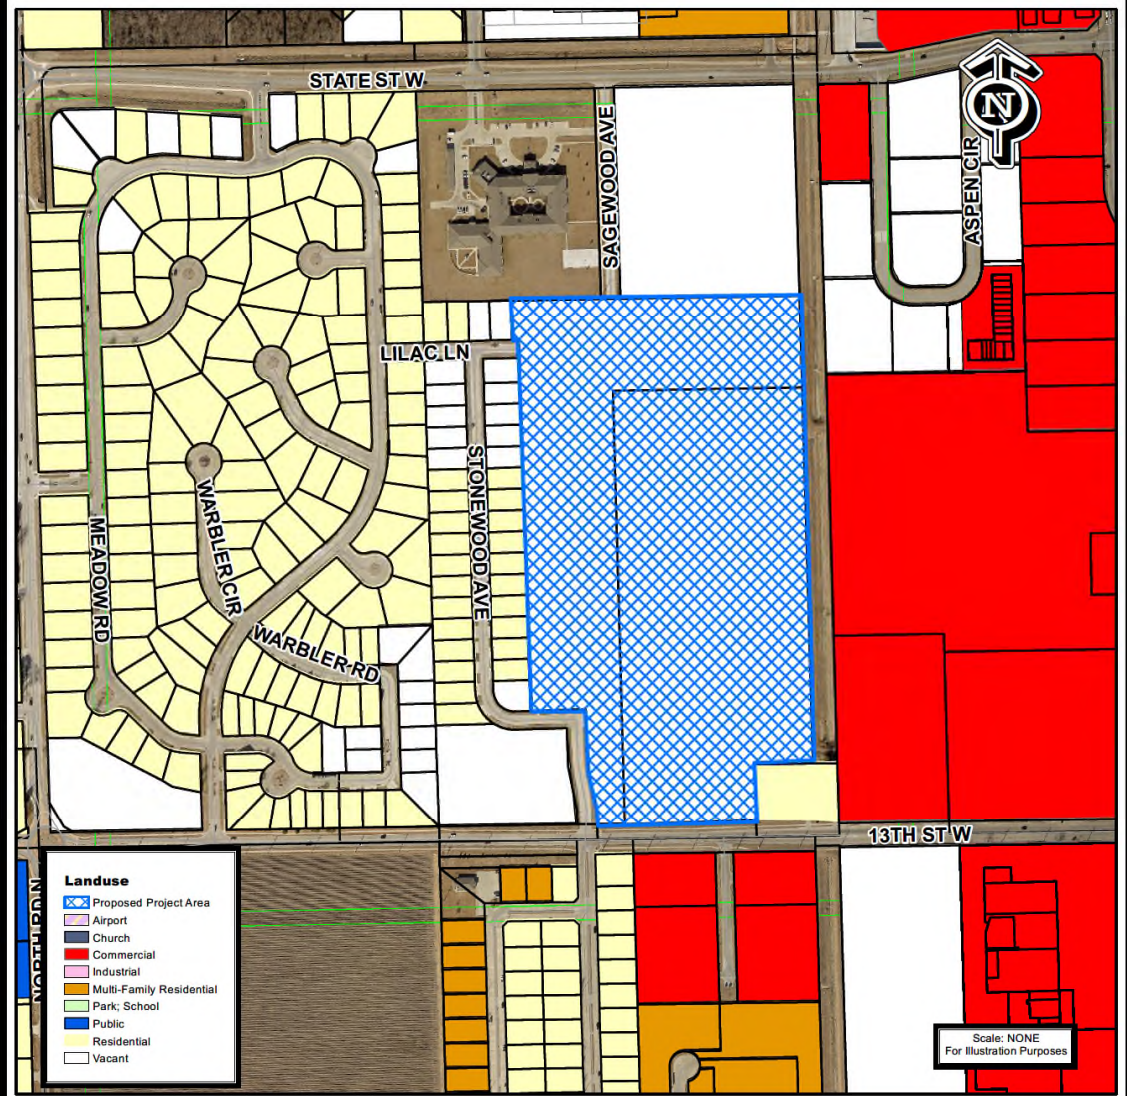

The use of Tax Increment Financing to aid in redevelopment expenses associated with platting and installing the necessary infrastructure (streets, sanitary sewer, water, and storm sewer) for the development of 120 units of housing. The use of Tax Increment Financing is an integral part of the development plan and necessary to make this project affordable. The 2020 Housing Study for the City of Grand Island identified a need of 1361 new rental and owner occupied housing units by 2024.

Starostka Group Unlimited, Inc has purchased a portion of this property and has an option to purchase rest for residential development. Changes in the cost of construction, availability of materials and the approval of several other housing projects using Tax Increment Financing have led to this application for assistance with the project. This project will also include building a portion of Claude Road along the eastern side of the property and relocating the existing ditch for the Moore’s Creek Drainway. The developer is responsible for and has provided evidence that they can secure adequate debt financing to cover the costs associated with the construction of units. The Grand Island Community Redevelopment Authority (CRA) intends to pledge the ad valorem taxes generated over multiple 15 year periods beginning January 1, 2024 towards the allowable costs and associated financing for the development of this property.

TAX INCREMENT FINANCING TO PAY FOR THE DEVELOPMENT OF THE PROPERTY WILL COME FROM THE FOLLOWING REAL PROPERTY:
Property Description (the “Redevelopment Project Area”)

Legal Descriptions: Part of the E ½ of the SW ¼ of 12-11-10 (PID 400149971) and Part of the E ½ of the SW ¼ 12-11-10 (PID 400149966)

TAX INCREMENT FINANCING - PROJECT SITE **EXISTING LANDUSE MAP**

THE REGIONAL PLANNING COMMISSION of Hall County, Grand Island, Wood River and the Villages of Alda, Cairo and Doniphan, Nebraska

Existing Land Use and Subject Property

The tax increment will be captured for the tax years the payments for which become delinquent in years 2023 through 2048 inclusive. The TIF contract will be structured so it can be amended each year for up to ten years to add the housing units to be completed during that year. No single property will be eligible for TIF for a period of more than 15 years.

The real property ad valorem taxes on the current valuation will continue to be paid to the normal taxing entities. The increase will come from development of the property for residential and commercial uses as previously described.

Statutory Pledge of Taxes.

In accordance with Section 18-2147 of the Act and the terms of the Resolution providing for the issuance of the TIF Note, the Authority hereby provides that any ad valorem tax on the Redevelopment Project Area for the benefit of any public body be divided for a period of fifteen years after the effective date of this provision as set forth in the Redevelopment Contract or any amendment to the redevelopment contract, consistent with this Redevelopment Plan. The plan anticipates that each phase of the development will constitute new effective date for the purposes of determining the period of fifteen years. Said taxes shall be divided as follows:

a. That portion of the ad valorem tax which is produced by levy at the rate fixed each year by or for each public body upon the redevelopment project valuation shall be paid into the funds, of each such public body in the same proportion as all other taxes collected by or for the bodies; and

b. That portion of the ad valorem tax on real property in the redevelopment project in excess of such amount, if any, shall be allocated to and, when collected, paid into a special fund of the Authority to pay the principal of; the interest on, and any premiums due in connection with the bonds, loans, notes, or advances on money to, or indebtedness incurred by, whether funded, refunded, assumed, or otherwise, such Authority for financing or refinancing, in whole or in part, a redevelopment project. When such bonds, loans, notes, advances of money, or indebtedness including interest and premium due have been paid, the Authority shall so notify the County Assessor and County Treasurer and all ad valorem taxes upon real property in such redevelopment project shall be paid into the funds of the respective public bodies.

Pursuant to Section 18-2150 of the Act, the ad valorem tax so divided is hereby pledged to the repayment of loans or advances of money, or the incurring of any indebtedness, whether funded, refunded, assumed, or otherwise, by the CRA to finance or refinance, in whole or in part, the redevelopment project, including the payment of the principal of, premium, if any, and interest on such bonds, loans, notes, advances, or indebtedness.

Redevelopment Plan Amendment Complies with the Act:

The Community Development Law requires that a Redevelopment Plan and Project consider and comply with a number of requirements. This Plan Amendment meets the statutory qualifications as set forth below.

1. The Redevelopment Project Area has been declared blighted and substandard by action of the Grand Island City Council on September 28, 2021.[§18-2109] Such declaration was made after a public hearing with full compliance with the public notice requirements of §18-2115 of the Act.

2. Conformation to the General Plan for the Municipality as a whole. [§18-2103 (13) (a) and §18-2110]

Grand Island adopted a Comprehensive Plan on July 13, 2004. This redevelopment plan amendment and project are consistent with the Comprehensive Plan, in that no changes in the Comprehensive Plan elements are intended. This plan merely provides funding for the developer to rehabilitate the building for permitted uses on this property as defined by the current and effective zoning regulations. **The Hall County Regional Planning Commission held a public hearing at their meeting on August 3, 2022 and passed Resolution 2022-XX confirming that this project is consistent with the Comprehensive Plan for the City of Grand Island.** The Grand Island Public School District has submitted a formal request to the Grand Island CRA to notify the District any time a TIF project involving a housing subdivision and/or apartment complex is proposed within the District. The school district was notified of this plan amendment prior to it being submitted to the CRA for initial consideration.

3. The Redevelopment Plan must be sufficiently complete to address the following items: [§18-2103(13) (b)]

a. Land Acquisition:

This Redevelopment Plan for Area 34 provides for real property acquisition and this plan amendment does not prohibit such acquisition. There is no proposed acquisition by the authority.

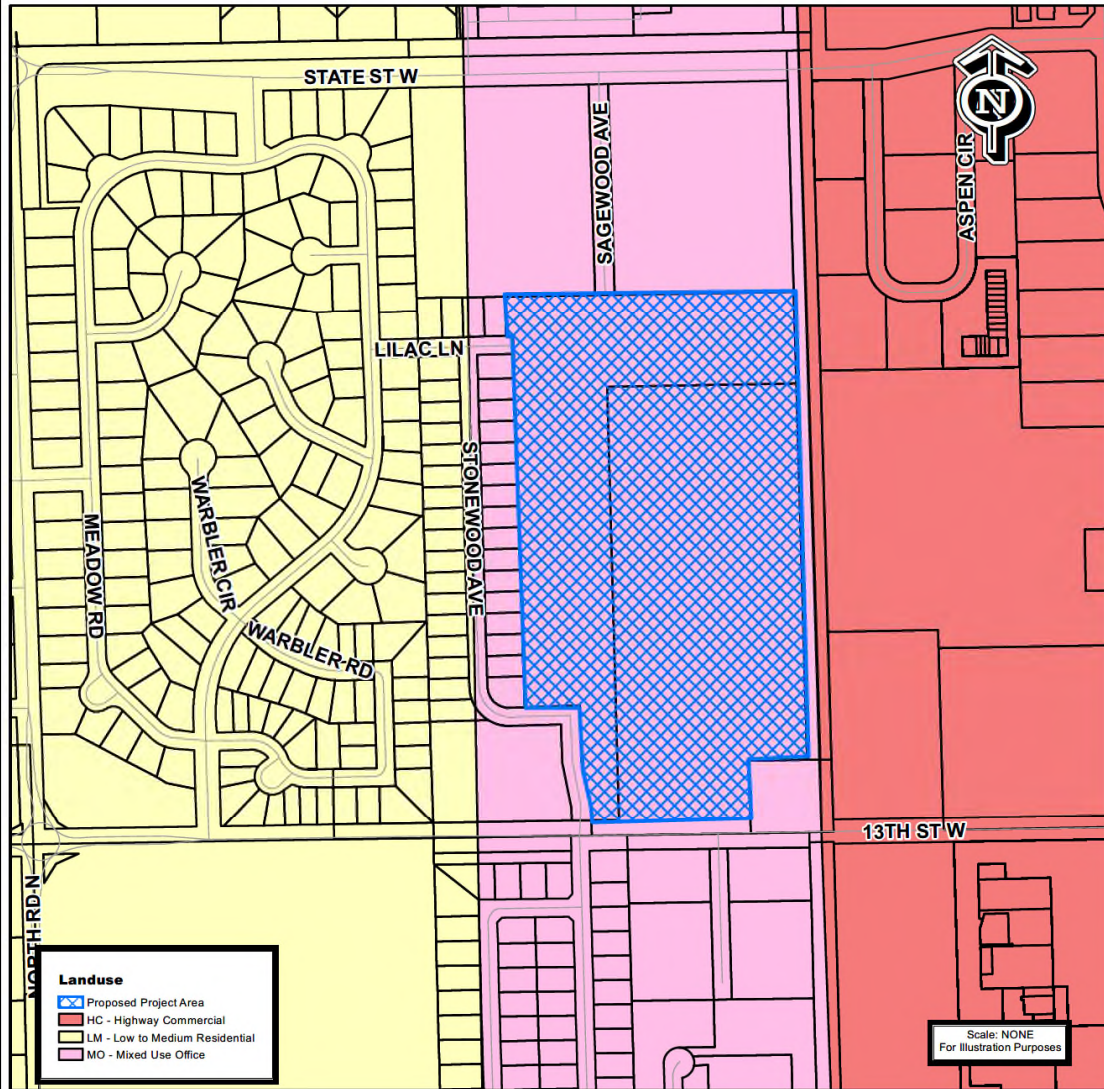

b. Demolition and Removal of Structures:

The project to be implemented with this plan does not provide for the demolition and removal any structures on this property.

c. Future Land Use Plan

See the attached map from the 2004 Grand Island Comprehensive Plan. All of the area around the site in private ownership is planned for low to medium density residential development. This property is in private ownership. [§18-2103(b) and §18-2111] The attached map also is an accurate site plan of the area after redevelopment. [§18-2111(5)]

TAX INCREMENT FINANCING - PROJECT SITE FUTURE LANDUSE MAP

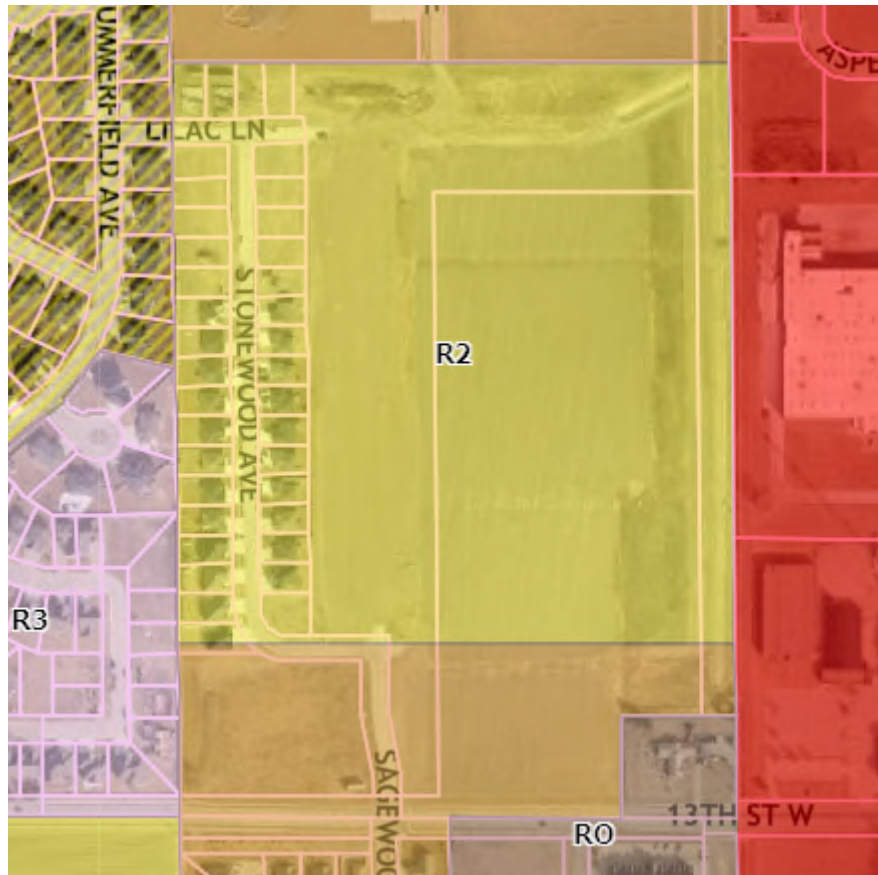

THE REGIONAL PLANNING COMMISSION of Hall
County, Grand Island, Wood River and the Villages
of Aida, Cairo and Duniphan, Nebraska

City of Grand Island Future Land Use Map

d. Changes to zoning, street layouts and grades or building codes or ordinances or other Planning changes.

The area is zoned R4 High Density Residential along 13th street and R2 Low Density Residential on the northern portion of the site. The future land use map calls for medium density to office use development across this entire site. New public streets and utilities are anticipated and needed to support this project and it is anticipated that TIF revenues will offset the costs of those improvements. No changes are anticipated in building codes or other ordinances. No other planning changes contemplated. [§18-2103(b) and §18-2111]

Current Zoning on the Site

e. Site Coverage and Intensity of Use

The R2 zoning district allows for one dwelling unit per 6000 square feet of lot space with a 6000 square foot minimum lot size. The R0 zoning district does not limit the density of housing units but does require minimum 6000 square foot lot. The development as proposed will have a residential density of 2.4 units per acre. *Appendix A of this plan includes the developer's vision for the development.* [§18-2103(b) and §18-2111]

f. Additional Public Facilities or Utilities

Sanitary sewer and water are available to support this development. Both sanitary sewer and water will need to be extended throughout the site. TIF revenues will be used to offset the cost of these public utility improvements.

Electric utilities are sufficient for the proposed use of this property. Electric lines, transformers, and conduit will need to be extended throughout the property.

No other publicly owned utilities would be impacted by the development. §18-2103(b) and §18-2111]

4. The Act requires a Redevelopment Plan provide for relocation of individuals and families displaced as a result of plan implementation. This property is vacant and has been vacant for more than 1 year; no relocation is contemplated or necessary. [§18-2103.02]

5. No member of the Authority, nor any employee thereof holds any interest in any property in this Redevelopment Project Area. [§18-2106] No members of the authority or staff of the CRA have any interest in this property.

6. Section 18-2114 of the Act requires that the Authority consider:

a. Method and cost of acquisition and preparation for redevelopment and estimated proceeds from disposal to redevelopers.

The purchase price of the property is \$810,000 as an eligible expense. The estimated costs of utilities including sewer and water is \$1,446,189. Streets and drainage are estimated at \$2,520,655. Planning activities including engineering, architecture, legal fees and government fees are estimated at \$872,706. The total of the eligible expenses for this project is estimated by the developer at \$5,650,000.

No property will be transferred to redevelopers by the Authority. The developer will provide and secure all necessary financing.

b. Statement of proposed method of financing the redevelopment project.

The developer will provide all necessary financing for the project. The Authority will assist the project by granting the sum of \$5,650,000 from the proceeds of the TIF. This indebtedness will be repaid from the Tax Increment Revenues generated from the project. TIF revenues shall be made available to repay the original debt and associated interest after January 1, 2023 through December 2048.

c. Statement of feasible method of relocating displaced families.

No families will be displaced as a result of this plan.

7. Section 18-2113 of the Act requires:

Prior to recommending a redevelopment plan to the governing body for approval, an authority shall consider whether the proposed land uses and building requirements in the redevelopment project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted, and harmonious development of the city and its environs which will, in accordance with present and future needs, promote health, safety, morals, order, convenience, prosperity, and the general welfare, as well as efficiency and economy in the process of development, including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic, and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage, and other public utilities, schools, parks, recreational and community facilities, and other public requirements, the promotion of sound design and arrangement, the wise and efficient expenditure of public funds, and the prevention of the recurrence of insanitary or unsafe dwelling accommodations or conditions of blight.

The Authority has considered these elements in proposing this Plan. This amendment, in and of itself will promote consistency with the Comprehensive Plan. This will have the intended result of preventing recurring elements of unsafe buildings and blighting conditions. This will accomplish the goal of increasing the number of residential units within the City of Grand Island and encouraging infill development.

8. Time Frame for Development

Development of this project is anticipated to begin in the 2022 year. The build out of the subdivision is planned in five phases between 2023 and 2032. It is anticipated that the units in this development will be fully built out by 2032 with the tax increment on those homes extending to 2048. Excess valuation should be available for the first homes built with this project for 15 years beginning with the 2023 tax year.

9. Justification of Project

The 2020 housing study for the City of Grand Island projected that by 2024 we would need an additional 1361 new housing units. There should be 902 non-age restricted units with 518 owner occupied and with 384 rental units. There should be 459 age restricted unit 459 with 222 as 55+ owner occupied and with 237 as 55+ rental units. Between January 1 of 2020 and December of 2021 the city issued permits for 430 new housing units including both restricted and unrestricted units leaving a need for 931 additional units by 2024. The current housing market, a combination of the cost of producing housing and the prevailing wages, has not created a situation that gives the markets sufficient incentive to build the number housing units required to meet community needs. This lack of housing options impacts a variety of other areas within the community including work force development, overcrowding, and maintenance of residential units. This project will create new housing options for all citizens and potential citizens of Grand Island and will likely result in the sale of existing homes around the city.

10. Cost Benefit Analysis Section 18-2113 of the Act, further requires the Authority conduct a cost benefit analysis of the plan amendment in the event that Tax Increment Financing will be used. This analysis must address specific statutory issues.

As authorized in the Nebraska Community Development Law, §18-2147, *Neb. Rev. Stat.* (2019), the City of Grand Island has analyzed the costs and benefits of the proposed Redevelopment Project, including:

Project Sources and Uses. Approximately \$5,650,000 in public funds from tax increment financing provided by the Grand Island Community Redevelopment Authority will be required to complete the project. This investment by the Authority will leverage \$32,424,550 in private sector financing and investment; a private investment of \$5.74 for every TIF dollar invested.

Use of Funds	Source of funds		
Description	TIF Funds	Private Funds	Total
Site Acquisition	\$810,000		\$810,000
Building Costs		\$32,400,000	\$32,400,000
Sewer and Water	\$1,446,189		\$1,446,189
Public Streets/ sidewalks	\$2,520,655		\$2,520,655
Planning (Arch. & Eng.)	\$872,706		\$872,706
Legal/ TIF contract	\$450	\$24,550	\$25,000
Total	\$5,650,00	\$32,424,550	\$38,074,550

Tax Revenue. The property to be redeveloped is anticipated to have a January 1, 2023 valuation of approximately \$149,793. Based on the 2021 levy this would result in a real property tax of approximately \$3,247. It is anticipated that the assessed value will increase by \$32,400,000 upon full completion, as a result of the site redevelopment. This development will result in an estimated tax increase of over \$699,000 annually. The tax increment gained from this Redevelopment Project Area would not be available for use as city general tax revenues, for the period of the bonds, but would be used for eligible private redevelopment costs to enable this project to be realized.

Estimated 2023 assessed value:	\$ 149,793
Estimated value after completion	\$ 32,400,000
Increment value	\$ 32,250,261
Annual TIF generated (estimated)	\$ 699,308
TIF bond issue	\$ 5,650,000

(a) Tax shifts resulting from the approval of the use of Tax Increment Financing;

The redevelopment project area currently has an estimated valuation of \$89,739. The proposed redevelopment will create additional valuation of \$32,400,000 over the course of the next ten years. The project creates additional valuation that will support taxing entities long after the project is paid off along with providing 120 additional housing units and provide for the development and construction of Claude Road on the east side

of this property. The tax shift from this project will be equal to the total of the bond principal of \$5,650,000 if fully funded and any associated interest on the bond to be assigned with contract approval.

(b) Public infrastructure and community public service needs impacts and local tax impacts arising from the approval of the redevelopment project;

Existing water and waste water facilities will not be negatively impacted by this development. The electric utility has sufficient capacity to support the development. This is infill development with services connecting to existing line with capacity. This development will result in a larger number of students for Grand Island Public Schools. Fire and police protection are available and should not be negatively impacted by this development though there will be some increased need for officers and fire fighters as the City continues to grow whether from this project or others.

(c) Impacts on employers and employees of firms locating or expanding within the boundaries of the area of the redevelopment project;

This will provide additional housing options for the residents of Grand Island. The National Homebuilders Association estimated in a 2014 study¹ that each unit of single family housing resulted in 2.97 full time equivalent jobs so this development at 13 units per year would represent an additional 39 FTE's within the city for the next nine years.

(d) Impacts on other employers and employees within the city or village and the immediate area that are located outside of the boundaries of the area of the redevelopment project; and

This project will not have a negative impact on other employers different from any other expanding business within the Grand Island area. Grand Island does have tight labor market and part of that is due to the availability and cost of housing. This development may help alleviate some of those pressures.

(e) Impacts on student populations of school districts within the City or Village:

This development will have an impact on the Grand Island School system and will likely result in additional students at the elementary and secondary school levels.

The average number of persons per household in Grand Island for 2015 to 2019 according the American Community Survey is 2.61. 120 additional households would house 313 people. According to the 2010 census 19.2% of the population of Grand Island was over 4 years old and under 18 years old. 2020 census number for this population cohort are not yet available but 27.6% of the 2021 population is less than 18 years of age this is the same percentage as the under 18 age cohort in 2010. If the averages hold it

¹ <https://www.nahb.org/news-and-economics/housing-economics/housings-economic-impact/impact-of-home-building-and-remodeling-on-the-us-economy>

would be expected that there would be an additional 60 school age children generated by this development. If this develops at a rate of 13 units per year for 9 years approximately 7 children could be added to the school age population every year with this development. These 7 children will likely be spread over the full school age population from elementary to secondary school. According to the National Center for Educational Statistics² the 2019-20 enrollment for GIPS was 10,070 students and the cost per student in 2017-18 was \$12,351 of that \$4,653 is generated locally.

The Grand Island Public School System was notified on January 31, 2022 that the CRA would be considering this application at their July 13, 2022 meeting.

(f) Any other impacts determined by the authority to be relevant to the consideration of costs and benefits arising from the redevelopment project.

This project is consistent the goals of the 2020 Housing Study for the City of Grand Island to create more than 1361 new housing units. Between January of 2020 and December of 2021 the City of Grand Island has issue permits for 430 housing units. The local housing market is not capable of producing the number of units needed at market rate given the costs of building and development.

Time Frame for Development

Development of this project is anticipated to be completed between Fall of 2022 and the end of 2032. The base tax year should be calculated on the value of the property as of January 1, 2023 for the first phase with each phase based on the preceding year's valuation of the property included in the amendment for that year. Excess valuation should be available for this project beginning in 2023 with taxes due in 2024. Excess valuation will be used to pay the TIF Indebtedness issued by the CRA per the contract between the CRA and the developer for a period not to exceed 15 years on each property or an amount not to exceed a base amount of \$5,650,000 the projected amount of increment based upon the anticipated value of the project and current tax rate. Based on the estimates of the expenses of the rehabilitation the developer will spend at least \$5,650,000 on TIF eligible activities.

Is purchase of the site contingent on Tax Increment Financing Approval? Yes ☒ No ☐

Proposed Project: Building square footage, size of property, description of buildings – materials, etc. Please attach site plan, if available.

Redeveloper intends to construct an approximately 120 unit residential subdivision in multiple phases. The project site is currently vacant and in the need of significant infrastructure improvements to be developable and usable for any purposes.

See attached preliminary proposed site plan. The project will consist of three phases of residential development, with subphases as appropriate, and a phase for the construction of Claude Road. The phases are referred to on the site plan as (i) Phase 1, (ii) Phase 2, (iii) Phase 3, and (iv) Claude Road.

Name, Address, Phone & Fax Numbers of Architect, Engineer and General Contractor:

Estimated Real Estate Taxes on Project Site Upon Completion of Project:
(Please Show Calculations)

There will be approximately 120 residential units. Based on applicant's plan to develop and construct workforce housing, we are assuming an average valuation of approximately \$270,000 per unit. There will likely be some difference between units, but the average value of \$270,000 and a presumed tax levy of 2.161133 would yield a annual real estate tax of \$5,835 per lot.

While the construction of the units will be phased, when completed the taxes on the entire project would be approximately \$646,200 (\$5,385x120)

TAX INCREMENT FINANCING REQUEST INFORMATION

Describe Amount and Purpose for Which Tax Increment Financing is Requested:

Redeveloper is requesting \$5,650,000 in TIF over all of the phases of the project. Redeveloper is requesting the TIF bond be issued at 8% interest.

TIF would assist with the cost of the infrastructure improvements necessary to develop the project site. This would include approximately: \$810,000 in site acquisition, \$4,000,000 in infrastructure improvements, \$873,000 in architectural, engineering, and legal fees, and 8% interest on the TIF bond. The 8% interest is necessary to justify the long term commitment and risk over the multi-year, multiple phase redevelopment project.

See attached addendum for additional information.

Statement Identifying Financial Gap and Necessity for use of Tax Increment Financing for Proposed Project:

Applicant desires to develop a residential subdivision with approximately 120 workforce housing units. The goal for the workforce housing units is to keep the average final value at approximately \$270,000 per unit. Construction costs are so high right that this will be a challenge. Without the requested TIF assistance, which equates to approximately \$83,000 per lot, this would be impossible. A large scale subdivision like the proposed project is simply not possible with the required cost of infrastructure without the assistance of TIF. It would be particularly impossible to build any workforce housing without TIF, because the applicant could never recover its costs, let alone make any profit necessary for the risk involved with this project.

Municipal and Corporate References (if applicable). Please identify all other Municipalities, and other Corporations the Applicant has been involved with, or has completed developments in, within the last five (5) years, providing contact person, telephone and fax numbers for each:

Explanation of Estimated Costs

LAND ACQUISITION:

- PID 400149971 was recently acquired for approximately \$410,000
- PID 400149966 is under contract and will be acquired for approximately \$400,000

TIF USES:

Total proposed TIF uses for the Project are approximately \$5,650,000:

Subdivision Phase 1	\$1,613,788
Subdivision Phase 2	\$1,521,263
Subdivision Phase 3	\$1,321,582
Claude Road	\$1,192,916
Total	\$5,649,549

Redeveloper requests a TIF Bond with an interest rate of 8%. The 8% interest rate is necessary for the financing and investment, based on the risk of the large infrastructure investment for the multi-phase project.

The TIF uses consist of site acquisition costs, site preparation, utility and infrastructure improvements, and engineering, architectural, and legal fees.

The proposed TIF uses by phase are set forth in the chart below:

MILLENNIAL ESTATES REDEVELOPMENT PROJECT

Phase	Phase 2	Phase 3	Phase 4	Claude Rd	total
Lots	39	39	42	0	120
Anticipated Construction Year	2022	2025	2027	2027	n/a
TIF Uses (see below)	\$1,613,788	\$1,521,263	\$1,321,582	\$1,192,916	\$5,649,549

TIF USES

PAVING / Grading	\$526,873	\$568,590	\$561,792	\$738,400	\$2,395,655
Utilities (Water & Wastewater)	\$402,339	\$320,478	\$461,472	\$114,400	\$1,298,689
Dewatering	\$57,500	\$30,000	\$60,000	\$0	\$147,500
Lighting / Striping	\$0	\$0	\$0	\$125,000	\$125,000
TOTAL INFRASTRUCTURE	\$986,712	\$919,068	\$1,083,264	\$977,800	\$3,966,844
Site Acquisition	\$410,000	\$400,000	\$0	\$0	\$810,000
Survey, Engineering, Legal	\$217,077	\$202,195	\$238,318	\$215,116	\$872,706
Total	\$1,613,788	\$1,521,263	\$1,321,582	\$1,192,916	\$5,649,549

All costs set forth herein are preliminary estimates and will be certified upon completion. Given the current state of labor and materials pricing in the construction industry, it is likely that the prices will continue to increase and will not go down any time soon.

OVERALL PROJECT COSTS:

In addition to the initial \$5,650,000 for public improvements, Applicant will construct 120 residential dwelling units. Because of the unstable cost of labor and materials in the construction industry and the long term construction schedule, it is impossible to determine the construction costs for the private improvements. However, applicant's goal is to construct workforce housing – targeting an average house valuation of approximately \$270,000. Accordingly, the final valuation is anticipated to be approximately \$32,400,000 when construction of the entire project is completed, so total construction costs of more than \$30,000,000 is a reasonable estimate at this point.

Construction Schedule

The Project will be built in four (4) phases: three phases of residential units and the Claude Road phase. Each residential phase shall be completed in up to three (3) subphases. The residential phases are referred to herein as Phase 1, Phase 2, and Phase 3.

Redeveloper desires to complete the project by the end of 2027. However, Redeveloper desires to built in a little flexibility to account for the unknown market conditions that will affect the project.

First, applicant's desired schedule is set forth below:

		Completion date	Effective Date
Phase 1	Subphase 1	12/31/2023	1/1/2024
	Subphase 2	12/31/2024	1/1/2025
Phase 2	Subphase 1	12/31/2025	1/1/2026
	Subphase 2	12/31/2026	1/1/2027
Phase 3	Subphase 1	12/31/2027	1/1/2028
	Subphase 2	12/31/2028	1/1/2029
Claude Road		12/31/2027	n/a

Because the construction schedule will depend on market conditions and absorption rate of new home purchases, Redeveloper desires to build a little flexibility into the schedule required by the Redevelopment Agreement. Therefore, while Redeveloper intends to try to complete the project by the desires schedule set forth above, the proposed schedule for the Redevelopment Agreement is set forth below:

		Completion date	Effective Date
Phase 1	Subphase 1	12/31/2023	1/1/2024
	Subphase 2	12/31/2024	1/1/2025
	Subphase 3	12/31/2025	1/1/2026
Phase 2	Subphase 1	12/31/2026	1/1/2027
	Subphase 2	12/31/2027	1/1/2028
	Subphase 3	12/31/2028	1/1/2029
Phase 3	Subphase 1	12/31/2029	1/1/2030
	Subphase 2	12/31/2030	1/1/2031
	Subphase 3	12/31/2031	1/1/2032
Claude Road		12/31/2029	n/a

Here is a more detailed explanation of the more conservative schedule set forth above:

Phase 1

It is anticipated that the infrastructure for Phase 1 will commence in 2022.

It will take up to three (3) subphases to complete the 39 residential units consisting of Phase 1. While construction may occur quicker depending on the market, current assumptions are that 1/3 of the units (13 units) will be built each year, such that the Phase 1 schedule will be:

- Infrastructure construction: 2022
- 13 homes built: 2023
- 13 homes built: 2024
- 13 homes built: 2025

Phase 2

It is anticipated that the infrastructure for Phase 2 will commence in 2025.

It will take up to three (3) subphases to complete the 39 residential units consisting of Phase 2. While construction may occur quicker depending on the market, current assumptions are that 1/3 of the units (13 units) will be built each year, such that the Phase 2 schedule will be:

- Infrastructure construction: 2025
- 13 homes built: 2026
- 13 homes built: 2027
- 13 homes built: 2028

Phase 3

It is anticipated that the infrastructure for Phase 3 will commence in 2027 or 2028. It will take up to three (3) subphases to complete the 42 residential units consisting of Phase 3. While construction may occur quicker depending on the market, current assumptions are that 1/3 of the units (14 units) will be built each year, such that the Phase 3 schedule will be:

- Infrastructure construction: 2028
- 14 homes built: 2029
- 14 homes built: 2030
- 14 homes built: 2031

Claude Road

Claude Road will be constructed by the time the first homes are built for Phase 3. It is intended that this will occur by December 31, 2027, but in no case will this be later than December 31, 2029.

**COMMUNITY REDEVELOPMENT AUTHORITY
OF THE CITY OF GRAND ISLAND, NEBRASKA**

RESOLUTION NO. 396

**RESOLUTION OF THE COMMUNITY REDEVELOPMENT AUTHORITY OF THE CITY
OF GRAND ISLAND, NEBRASKA, SUBMITTING A PROPOSED
REDEVELOPMENT CONTRACT TO THE HALL COUNTY REGIONAL PLANNING
COMMISSION FOR ITS RECOMMENDATION**

WHEREAS, this Community Redevelopment Authority of the City of Grand Island, Nebraska ("Authority"), pursuant to the Nebraska Community Development Law (the "Act"), prepared a proposed redevelopment plan (the "Plan") a copy of which is attached hereto as Exhibit 1, for redevelopment of an area within the city limits of the City of Grand Island, Hall County, Nebraska; and

WHEREAS, the Authority is required by Section 18-2112 of the Act to submit said to the planning board having jurisdiction of the area proposed for redevelopment for review and recommendation as to its conformity with the general plan for the development of the City of Grand Island, Hall County, Nebraska;

NOW, THEREFORE, BE IT RESOLVED AS FOLLOWS:

The Authority submits to the Hall County Regional Planning Commission the proposed Plan attached to this Resolution, for review and recommendation as to its conformity with the general plan for the development of the City of Grand Island, Hall County, Nebraska.

Passed and approved this 13th day of July, 2022

COMMUNITY REDEVELOPMENT
AUTHORITY OF THE CITY OF
GRAND ISLAND, NEBRASKA.

Starostka Millennial Area 34

Resolution Number 2022-11

HALL COUNTY REGIONAL PLANNING COMMISSION

A RESOLUTION RECOMMENDING APPROVAL OF AN AMENDMENT TO A REDEVELOPMENT PLAN IN THE CITY OF GRAND ISLAND, NEBRASKA; AND APPROVAL OF RELATED ACTIONS

WHEREAS, the Chairman and Board of the Community Redevelopment Authority of the City of Grand Island, Nebraska (the “**Authority**”), referred **the amendment of the Redevelopment Plan for CRA Area 34 requested by Starostka Group Unlimited** to the Hall County Regional Planning Commission, (the “**Commission**”) for review and recommendation as to its conformity with the general plan for the development of the City of Grand Island, Hall County, Nebraska, pursuant to Section 18-2112 of the Community Development Law, Chapter 18, Article 21, Reissue Revised Statutes of Nebraska, as amended (the “**Act**”); and

WHEREAS, the Commission held a public hearing on the proposed plan on August 3, 2022, and

WHEREAS, the chair or president of Hall County Board, Grand Island School Board, Central Platte Natural Resources District, Educational Service Unit #10 and Central Community College were notified by certified mail of said hearing, and

WHEREAS, the Commission advertised the time, date and location public hearing in the Grand Island Independent on Saturday July 16th and Saturday July 23rd, and

WHEREAS, there are no Neighborhood Associations registered with the City of Grand Island, and

WHEREAS, the Commission has reviewed said Redevelopment Plan as to its conformity with the general plan for the development of the City of Grand Island, Hall County;

NOW, THEREFORE, BE IT RESOLVED BY THE HALL COUNTY REGIONAL PLANNING COMMISSION AS FOLLOWS:

Section 1. The Commission hereby recommends approval of the Redevelopment Plan finding that it is in conformance with the comprehensive development plan (general plan for development) for the City of Grand Island.

Section 2. All prior resolutions of the Commission in conflict with the terms and provisions of this resolution are hereby expressly repealed to the extent of such conflicts.

Section 3. This resolution shall be in full force and effect from and after its passage as provided by law.
