Executive Summary:

Project Description

THE REDEVELOPMENT OF THE PERSHING AND ANDERSON BUILDING LOCATED AT THE SOUTHWEST CORNER OF THE VETERAN’S HOME PROPERTY NORTH OF CAPITAL AVENUE AND EAST OF BROADWELL AVENUE INCLUDING FIRE/LIFE SAFETY IMPROVEMENTS AND BUILDING REHABILITATION AND REMODELING FOR RESIDENTIAL PURPOSES.

The use of Tax Increment Financing to aid in rehabilitation expenses associated with redevelopment of the two of the buildings on the veterans home campus. The developer is proposing to reuse these existing buildings and create 48 units of apartments (35 one bedroom one bath; 12 two bedroom one bath and 1 two bedroom two bath) within the buildings. This project would not be feasible without the use of TIF along with funding from the Nebraska Investment Finance Authority and Historic Tax Credits.

Liberty Campus GI., LLC purchased will acquire the property for redevelopment from the HELP Foundation of Nebraska, both are subsidiaries of The White Lotus Group a development company based in Omaha, Nebraska. The developer is responsible for and has provided evidence that they can secure adequate debt financing to cover the costs associated with the remodeling and rehabilitation of these buildings.

The Grand Island Community Redevelopment Authority (CRA) intends to pledge the ad valorem taxes generated over the 15 year period beginning January 1, 2024 towards the allowable costs and associated financing for rehabilitation.

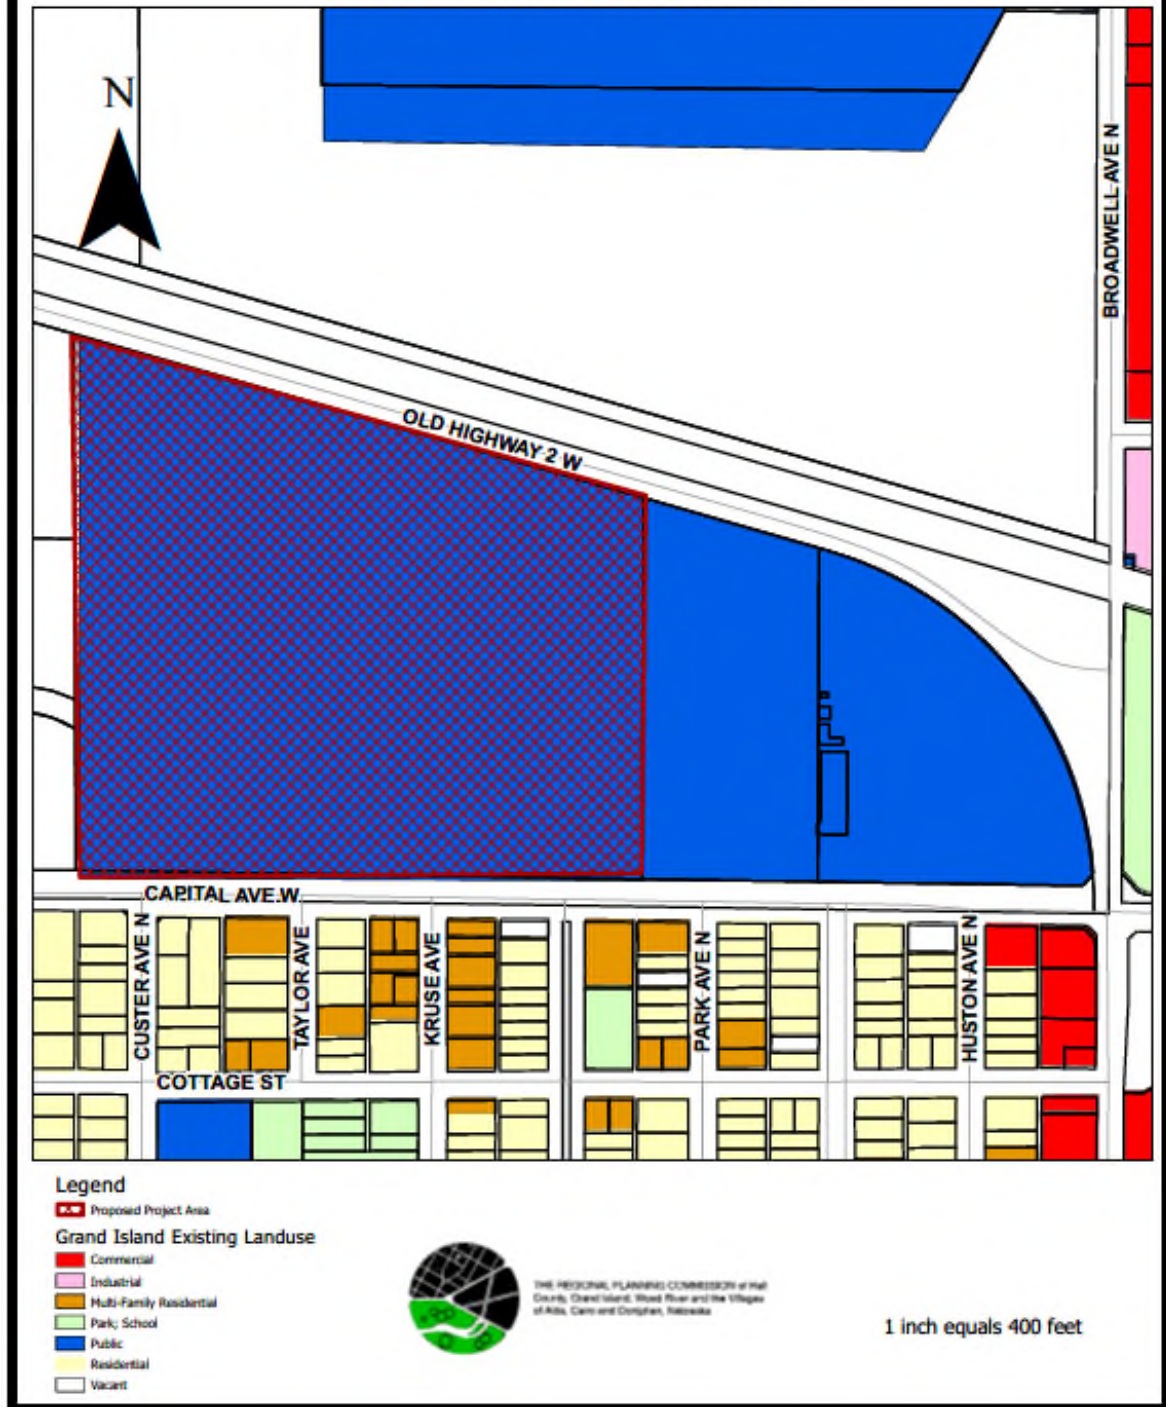

TAX INCREMENT FINANCING TO PAY FOR THE REHABILITATION OF THE PROPERTY WILL COME FROM THE FOLLOWING REAL PROPERTY:

Property Description (the “Redevelopment Project Area”)

Redevelopment Plan Amendment Complies with the Act:

The Community Development Law requires that a Redevelopment Plan and Project consider and comply with a number of requirements. This Plan Amendment meets the statutory qualifications as set forth below.

1. The Redevelopment Project Area has been declared blighted and substandard by action of the Grand Island City Council on June 25, 2019.[§18-2109] Such declaration was made after a public hearing with full compliance with the public notice requirements of §18-2115 of the Act.

2. Conformation to the General Plan for the Municipality as a whole. [§18-2103 (13) (a) and §18-2110]

Grand Island adopted a Comprehensive Plan on July 13, 2004. This redevelopment plan amendment and project are consistent with the Comprehensive Plan, in that no changes in the Comprehensive Plan elements are intended. This plan merely provides funding for the developer to rehabilitate the building for permitted uses on this property as defined by the current and effective zoning regulations. **The Hall County Regional Planning Commission held a public hearing at their meeting on October 5, 2022 and passed Resolution 2023-01 confirming that this project is consistent with the Comprehensive Plan for the City of Grand Island.**

3. The Redevelopment Plan must be sufficiently complete to address the following items: [§18-2103(13) (b)]

a. Land Acquisition:

The Redevelopment Plan for Area 16 provides for real property acquisition and this plan amendment does not prohibit such acquisition. The developer has acquired the property and will be transferring it to for profit sister company. There is no proposed acquisition by the authority.

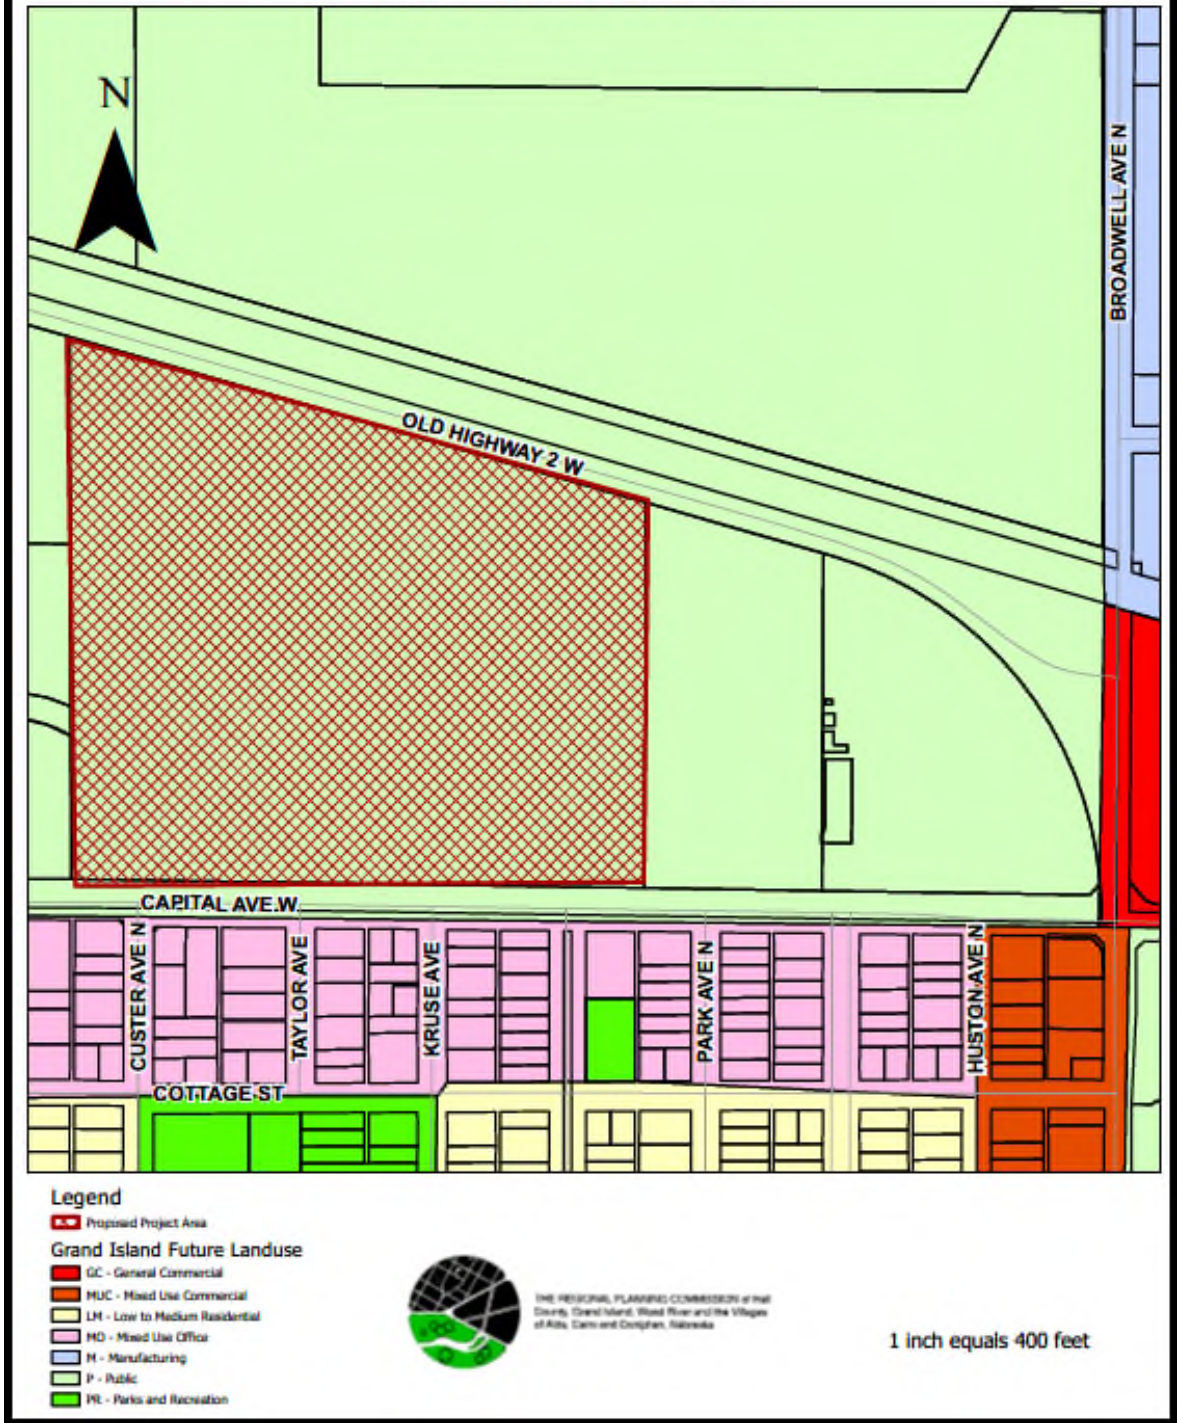

b. Demolition and Removal of Structures:

The project to be implemented with this plan does not provide for the demolition and removal any structures on this property. Demotion of internal structures to accommodate the redevelopment is anticipated and permitted.

c. Future Land Use Plan

See the attached map from the 2004 Grand Island Comprehensive Plan. All of the area around the site in private ownership is planned for public development as this property was owned by the State of Nebraska; the proposed use for housing targeted at individuals age 55 and over is similar to the previous use of this property. Changes to the Future Land Use map are under consideration along with this redevelopment plan. This property is in private ownership. [§18-2103(b) and §18-2111] The attached map also is an accurate site plan of the area after redevelopment. [§18-2111(5)]

TAX INCREMENT FINANCING - PROJECT SITE FUTURE LANDUSE MAP

City of Grand Island Future Land Use Map

d. Changes to zoning, street layouts and grades or building codes or ordinances or other Planning changes.

The area is zoned RO-Residential Office zone. No zoning changes are anticipated with this project. It is anticipated that Custer Avenue will be extended north of Capital avenue to the south and west of this property to connect to Custer Avenue as it is platted on the adjoining property to the west.. No changes are anticipated in building codes or ordinances. Nor are any other planning changes contemplated. [§18-2103(b) and §18-2111]

e. Site Coverage and Intensity of Use

The developer is rehabilitating the existing buildings. The developer is not proposing to increase the size of the building and current building meets the applicable regulations regarding site coverage and intensity of use. [§18-2103(b) and §18-2111]

f. Additional Public Facilities or Utilities

- Sewer and water are available to support this development.
- Electric utilities are sufficient for the proposed use of this building.
- No other utilities would be impacted by the development.
- The developer will be responsible for replacing any sidewalks damaged during construction of the project.

No other utilities would be impacted by the development. [§18-2103(b) and §18-2111]

4. The Act requires a Redevelopment Plan provide for relocation of individuals and families displaced as a result of plan implementation. This property is vacant and has not been used for any residential purposes. [§18-2103.02]

5. No member of the Authority, nor any employee thereof holds any interest in any property in this Redevelopment Project Area. [§18-2106] No members of the authority or staff of the CRA have any interest in this property.

6. Section 18-2114 of the Act requires that the Authority consider:

a. Method and cost of acquisition and preparation for redevelopment and estimated proceeds from disposal to redevelopers.

The property was transferred to the H.E.L.P Foundation of Nebraska for redevelopment. The estimated costs of rehabilitation of this property is \$10,170,000. Demolition is expected to cost \$380,000. Sitework and grading at \$200,000. Architecture and planning expenses are estimated at \$135,000 Legal, Developer and Audit Fees of \$1,930,000 for reimbursement to the City and the CRA for costs to prepare the contract and monitor the project over the course of the development are included in the eligible expenses. The total of eligible expenses for this project exceeds \$14,000,000.

No property will be transferred to redevelopers by the Authority. The developer will provide and secure all necessary financing.

b. Statement of proposed method of financing the redevelopment project.

The developer will provide all necessary financing for the project. The Authority will assist the project by granting the sum of \$715,000 from the proceeds of the TIF. This indebtedness will be repaid from the Tax Increment Revenues generated from the project. TIF revenues shall be made available to repay the original debt and associated interest after January 1, 2024 through December 2038.

c. Statement of feasible method of relocating displaced families.

No families will be displaced as a result of this plan.

7. Section 18-2113 of the Act requires:

Prior to recommending a redevelopment plan to the governing body for approval, an authority shall consider whether the proposed land uses and building requirements in the redevelopment project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted, and harmonious development of the city and its environs which will, in accordance with present and future needs, promote health, safety, morals, order, convenience, prosperity, and the general welfare, as well as efficiency and economy in the process of development, including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic, and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage, and other public utilities, schools, parks, recreational and community facilities, and other public requirements, the promotion of sound design and arrangement, the wise and efficient expenditure of public funds, and the prevention of the recurrence of insanitary or unsafe dwelling accommodations or conditions of blight.

The Authority has considered these elements in proposing this Plan Amendment. This amendment, in and of itself will promote consistency with the Comprehensive Plan. This will have the intended result of preventing recurring elements of unsafe buildings and blighting conditions. This will accomplish the goal preserving these historic buildings with new uses.

8. Time Frame for Development

Development of this project is anticipated to be completed by December 2023. Excess valuation should be available for this project for 15 years beginning with the 2024 tax year.

9. Justification of Project

These buildings at the former Grand Island Veterans' Home in north central Grand Island will be preserved with this project. The developer intends to make the units available to persons aged 55 and over with a preference for veterans, gold star families and the surviving spouse of a veteran. This proposed use will provide housing in Grand Island and honor the history of the Veterans' Home.

10. Cost Benefit Analysis Section 18-2113 of the Act, further requires the Authority conduct a cost benefit analysis of the plan amendment in the event that Tax Increment Financing will be used. This analysis must address specific statutory issues.

As authorized in the Nebraska Community Development Law, §18-2147, *Neb. Rev. Stat.* (2012), the City of Grand Island has analyzed the costs and benefits of the proposed Redevelopment Project, including:

Project Sources and Uses. Approximately \$715,000 in public funds from tax increment financing provided by the Grand Island Community Redevelopment Authority will be required to complete the project. This investment by the Authority will leverage \$16,715,000 in private sector financing; a private investment of \$23.78 for every TIF dollar invested.

Use of Funds Description	Source of funds		
	TIF Funds	Private Funds	Total
Building Acquisition		\$3,060,000	\$3,060,000
Renovation Costs		\$10,170,000	\$10,170,000
Demolition	\$380,000		\$380,000
Grading/Dirtwork	\$200,000		\$200,000
Planning (Arch. & Eng.)	\$135,000	\$355,000	\$490,000
Financing fees/ audit		\$320,000	\$320,000
Legal/ TIF contract		\$160,000	\$160,000
Developer Fees		\$1,450,000	\$1,450,000
Other		\$1,200,000	\$1,200,000
Total	\$715,000	\$16,715,000	\$17,430,000

Tax Revenue. The property to be redeveloped is anticipated to have a January 1, 2024, valuation of approximately \$5,085,000. Based on the 2021 levy this would result in a real property tax of approximately \$110,262. It is anticipated that the assessed value will increase by \$4,685,000 upon full completion, as a result of the site redevelopment. This development will result in an estimated tax increase of over \$101,589 annually. The tax increment gained from this Redevelopment Project Area would not be available for use as city general tax revenues, for a period of 15 years, or such shorter time as may be required to amortize the TIF bond, but would be used for eligible private redevelopment costs to enable this project to be realized.

Estimated 2023 assessed value:	\$400,000
Estimated value after completion	\$5,085,000
Increment value	\$4,685,000
Annual TIF generated (estimated)	\$101,598
TIF bond issue	\$715,000

(a) Tax shifts resulting from the approval of the use of Tax Increment Financing;

The redevelopment project area currently has an estimated valuation of \$400,000. The proposed redevelopment will create additional valuation of \$4,685,000. A tax shift of \$715,000 is anticipated from the project. It is not anticipated that any additional tax burdens will be assumed by public entities as a result of this project. The project creates additional valuation that will support taxing entities long after the project is paid off.

(b) Public infrastructure and community public service needs impacts and local tax impacts arising from the approval of the redevelopment project;

No additional public service needs have been identified. Existing water and waste water facilities will not be impacted by this development. The electric utility has sufficient capacity to support the development. It is not anticipated that this will impact schools in any significant way. Fire and police protection are available and should not be negatively impacted by this development.

(c) Impacts on employers and employees of firms locating or expanding within the boundaries of the area of the redevelopment project;

This will provide additional residential options in Grand Island.

(d) Impacts on other employers and employees within the city or village and the immediate area that are located outside of the boundaries of the area of the redevelopment project; and

This project will not have a negative impact on other employers in any manner different from any other similar housing projects within the Grand Island area.

(e) Impacts on student populations of school districts within the City or Village:

This development will have a minimal impact on the Grand Island School system as it will likely not result in any increased attendance. The plan for this development is that the units will be marketed to seniors aged 55 and older with a preference for veterans. This does not preclude the possibility of renting to non-veterans or those younger than age 55. The majority of the units to be developed with this project are one bedroom units (Anderson building 10 of 17; Pershing Building 25 of 31) and unlikely to be a family units, especially for families with school age children, with the rest planned as two bedroom units (Anderson 7 of 17; Pershing 6 of 31).

The average number of persons per household in Grand Island for 2015 to 2019 according the American Community Survey is 2.61. According to the 2010 census 19.2% of the population of Grand Island was between the ages of 5 and 18. 2020 census number for this population cohort are not yet available but 27.6% of the 2021 population is less than 18 years of age this is the same percentage as the under 18 age cohort in 2010. If the averages hold it would be expected that there would be a maximum of 25 school age children generated by this development though that is mitigated by the fact that there a majority (35 of 48) of these units are 1 bedroom units. If the one bedroom units are excluded a maximum of 7

school age children would be generated by this development

(f) Any other impacts determined by the authority to be relevant to the consideration of costs and benefits arising from the redevelopment project.

This project is consistent the goals of the Council and the CRA to breath life back into the Veterans Home property. The property has been vacant since the home moved to Kearney in 2016. This property was conveyed to the CRA and then immediately to the developer on July 15, 2020.

Time Frame for Development

Development of this project is anticipated to be completed December 2023. The base tax year should be calculated on the value of the property as of January 1, 2024. Excess valuation should be available for this project for 15 years beginning in 2024 with taxes due in 2024. Excess valuation will be used to pay the TIF Indebtedness issued by the CRA per the contract between the CRA and the developer for a period not to exceed 15 years or an amount not to exceed \$715,000 the projected amount of increment based upon the anticipated value of the project and current tax rate. Based on the estimates of the expenses of the rehabilitation the developer will spend at least \$14,000,000.on TIF eligible activities in excess of other grants given.

TAX INCREMENT FINANCING REQUEST INFORMATION

Describe Amount and Purpose for Which Tax Increment Financing is Requested:

TIF will represent some of the soft costs, grading and dirt work and internal demolition that will be needed as we restore these historic buildings back to life.

This project cannot support any additional debt and remain cash flow positive which is why TIF will be such an important part of our capital stack.

Statement Identifying Financial Gap and Necessity for use of Tax Increment Financing
for Proposed Project:

Liberty Campus GI, LLC is requesting TIF for the redevelopment of the Anderson and Pershing buildings on the former Grand Island Veterans Home campus. The campus has such rich history in serving our veterans, and we want to honor our veterans, our seniors & their families by revitalizing the Grand Island historic campus into a vibrant inter-generational facility.

Imagine a space that is not only beautiful, but safe, family-friendly, vibrant and salutes our American Veterans. This space includes a beautiful park with an exquisite tribute to our veterans, affordable housing for seniors, students and our American heroes, educational training facilities, and beautiful office space focusing on health and wellness. This development is centered around providing affordable housing to the community while supplementing the campus with appropriate amenities and users.

The redevelopment of the Anderson and Pershing buildings would supply 48 affordable units to seniors with a preference to veterans and their families. The rest of the redevelopment of the campus will also occur over the coming years in various phases.

We feel this revitalized campus would help solve the housing needs in Grand Island while bringing in elements that will support local residents and pay tribute to the campus' rich American history. It will be creating a standard of a community that is not even approachable with out the Tax Deferment that TIF offers.
