Special Meeting

Item E2

Public Hearing on Proposed Fiscal Year 2012-2013 City of Grand Island Budget

Staff Contact:

Council Agenda Memo

From: Jaye Monter, Finance Director

Meeting: August 21, 2012

Subject: Public Hearing on Proposed Budget Fiscal Year 2012-2013
City Budget

Item #'s: E-2 & X-1

Presenter(s): Jaye Monter, Finance Director

Background

The Budget in Brief and Proposed Budget book for all other funds was distributed to Council at the August 14, 2012 regular council meeting. On August 17, the final valuation from the Hall County Assessor's office was received and we are happy to report to Council, the final valuation amount is **higher** than our proposed budget estimate by \$27,672,805. This will equate to an additional \$89,687 in property tax revenue.

Therefore we took another look at trying to completely close the remaining \$253,000 gap referenced in my August 14, 2012 memo. If we reduce the transfer from the General Fund to the Capital Improvement 400 Fund by \$130,000 which represents the surplus cash from the NDOR reimbursements and completely eliminate the contingency expense, we have an excess that may be applied toward funding for the Police Department. Council may consider the following actions:

					General Fund	Capital Improvements
July 10-July 24th Shortfalls					\$ (353,000)	\$ (461,567)
General Fund Capital Fire Dept. Increase					\$ (80,000)	
Property Tax Revenue Decrease					\$ (20,520)	
Contingency expense eliminated					\$ 300,000	
Reimbursements from NDOR						\$ 591,860
Final Valuation-Property Tax Revenue Increase					\$ 89,687	
Reduce transfer from General Fund to 400 Fund					\$ 130,000	\$ (130,000)
Excess may be used for Police Budget Request					\$ 66,167	\$ 293

Discussion

Tonight's public hearing will allow Council to consider the 2012-2013 proposed city budget with new revenue sources that will close all gaps and maintain the same level of program services for the citizens of Grand Island all without a property tax increase. Council will also have an opportunity to review FTE requests, General Fund Department Capital requests, and the Capital Improvement 400 Fund requests.

The final focus will be reviewing the July 17th study session of the Grand Island Police Department's Implementation Plan from the Public Safety Study. In this presentation we have included all documents from the July 17 discussion. Since that time, Chief Lamken has continued to research possible methods for the implementation of Spillman Mobile Field Reporting with the support of City IT staff. They have developed a new solution that should reduce initial equipment costs in implementing the mobile field equipment that was presented to Council on July 17th. All other changes after Chief Lamken's July 17th presentation will also be explained during this review.

Date: August 14, 2012

To: Electeds

From: Jaye Monter, Finance Director

Re: 2012-2013 Budget in Brief-Proposed Budget

When you review the City of Grand Island's 2012-2013 Budget in Brief and the Proposed Budget book for all other funds, we wanted Council to understand all of the changes since the earlier budget study sessions. Understanding where the budget is today will help you think about what direction to take for next week's budget meetings.

Let's start with the 400 Fund Capital Projects shortfall. In the last presentation on July 24, the 400 Capital Projects Fund showed two changes from the first presentation on July 10th. We reduced the cost of the City Hall HVAC by \$250,000 and added \$38,090 for the Grand Generation Center. The July 24th presentation showed total capital requests at \$4,532,157 with additional funding needed of \$399,657.

In the Proposed Budget, we have changed the \$38,090 for the Grand Generation Center to \$100,000. On page 88 of the Proposed Budget book, and page 28 of the Budget in Brief, total 400 Fund capital requests are now at \$4,594,067. The new shortfall of \$461,567 will be covered by additional revenue. Five projects within the 4.6 million will receive cost reimbursements from the Nebraska Department of Roads. This additional revenue was not in the 2013 revenue estimate on the July 10th presentation. The following list of 400 Fund projects will receive reimbursements.

					Total 400 Fund	Reimb
					Appropriation	to City
Resurfacing Various Location-Federal Aid Projects					\$ 677,300	\$ 120,000
Capital Ave: Webb to Broadwell					\$ 433,000	\$ 320,000
Realign Walnut Ent. & Custer/15th Signal					\$ 11,000	\$ 10,000
Wasmer Detention Cell					\$ 573,200	\$ 103,900
Hiker/Biker-State and Capital Connector					\$ 83,310	\$ 37,960
Total Project Cost/Reimbursement to City					\$ 1,777,810	\$ 591,860

FTEs

In the Solid Waste Enterprise Fund, we added back the .3 Seasonal Worker for the summer at an additional cost of \$7,476.

Golf Course Enterprise Fund

The golf course is presented in the Proposed Budget book starting on page 115. The \$470,000 cost of the irrigation system is included in the Golf Course Fund's Capital expenditures and is being funded with a transfer from the General Fund. This transfer can be made by the General Fund due to additional revenue not shown in the July 10th presentation of the 2013 Revenue Estimate. \$460,000 is planned to come into the Public Works engineering department for engineering services on various Wastewater Treatment Plant rehabilitation and new sewer line projects. Engineering costs are included in the WWTP Fund Capital Budget.

Engineering for Wastewater Projects	Project Costs	Engineering Fee	2012	2013
Platte Valley Industrial Park Sanitary Sewer	\$ 484,384	\$ 48,400	\$ 48,400	
Wildwood Subdivision Sanitary Sewer	\$ 1,120,000	\$ 112,000	\$ 60,000	\$ 52,000
Westwood Park Subdivision Sanitary Sewer	\$ 643,300	\$ 64,300	\$ 64,300	
Blaine Street Paving-Added Part of PVIP	\$ 900,000	\$ 90,000	\$ 90,000	
Husker Highway Sanitary Sewer	\$ 1,550,000	\$ 130,000		\$ 130,000
Lift Station #7 Improvements		\$ 37,750	\$ 37,750	
Interstate 80 / Highway 281 Tap Sanitary Sewer District	\$ 2,562,000	\$ 25,620		\$ 25,620
North Interceptor - Phase 1A	\$ 2,376,000	\$ 23,760		\$ 23,760
North Interceptor - Phase 1B	\$ 6,923,500	\$ 69,230		\$ 69,230
South / West Interceptor Rehabilitation	\$ 935,000	\$ 9,350		\$ 9,350
4th - 5th Eddy / Vine Rehabilitation	\$ 1,898,400	\$ 18,980		\$ 18,980
WWTP Headworks	\$ 17,762,000	\$ 177,620		\$ 177,620
Master Planning	\$ 500,000	\$ 5,000		\$ 5,000
		Totals	\$ 300,450	\$ 511,560
		Revenue in Budget	\$ 124,000	\$ 460,000
Highlighted amounts billed to WWTP from Public Works Engineering Department				
Other amounts could represent matching funds and therefore no money would be transferred from 251 Grant funds to Public Works				

General Fund

In the General Fund, the \$353,000 shortfall shown to Council on July 10th to cover funding for increases in payroll costs and to keep all program services to the citizens of Grand Island at the same levels as last year has been reduced to \$253,000. The \$300,000 contingency reserve was reduced to \$100,000. General Fund Capital requests from the Fire department have increase by \$80,000 due to the generator forecast to be purchased before year end will now be paid for in the 2013 budget. Property tax estimated revenues were reduced slightly by \$20,520. Below is an updated page from the July 10th presentation.

Program Expenditure Development-updated 8/21/12	
Revenue Estimate 2013 - updated	\$38,381,000
Expenses Excluded from Programs	
Mayor & Council	\$ (98,000)
Non-Department	\$ (781,000)
Debt	\$ (2,075,000)
General Fund Capital - updated	\$ (1,915,000)
Transfers Out to other Funds	\$ (1,775,000)
Contingency - updated	\$ (100,000)
General Fund Revenue Shortfall	\$ 253,000
Revenue Needed Dept Programs	\$ 31,890,000

Budget in Brief-Page

6

2013 Budget Summary	
Beg Cash 10/1/12	\$ 7,787,167
End Cash 9/30/13	\$ 7,532,999
Shortfall	\$ 254,168

General Fund Cash Balance-2012 Forecast Summary

The Budget in Brief on page 6 shows the cash balance of the

General Fund is forecast to come in at 7.8 million at September 30, 2012. The 2012 budget showed cash to be 6.6 million at September 30, 2012. The table below shows the difference between the 2012 Forecast compared to the 2012 Budget.

	2012 Forecast	2012 Budget	Increase (Decrease)					
Beg Cash	6,307,153	5,999,114	308,039					
Revenues	33,194,909	33,534,563	(339,654)					
Transfers In	4,542,347	4,402,100	140,247					
Appropriations	34,784,079	35,629,156	(845,077)					
Transfers out	1,473,163	1,671,304	(198,141)					
End Cash	7,787,167	6,635,317	1,151,850					
Increase in Beg Cash	308,039							
Decrease in Revenue	(339,654)	\$124K Engineering fees chgd to WWTP, Increase \$101K Grant Revenue, \$461K Sales Tax, (315K) Fire grant, (100K) Finance Salary Reimb, (326K) Property Taxes, (284K) less other revenue						
Increase Transfers In	140,247	Electric transfer & Fire Pension Reserve transfer, Community Development transfer						
Less Appropriations	845,077	Payroll less \$500K, General Fund Capital less \$345K,						
Less Transfers Out	198,141	(\$98k) transferred less to Police Reserve-no one retired, (\$97K) less transferred to Capital Projects						
	1,151,850							
End Cash	7,787,167							
Beg Cash-Budget	6,635,317							
	1,151,850							

To summarize the table above, actual cash started out higher at the end of 9/30/11 than we had forecast to start the 2012 budget year by \$308,039.

The forecast for 2012 revenues compared to the 2012 budget are lower. The notable changes are as follow:

\$	124,000	Additional Fees Billed to WWTP			
\$	101,000	Additional Grant Revenues-Police-Emergency Mgmt			
\$	461,000	Additional Sales Tax Revenue			
\$	(315,000)	Didn't receive Grant-Pumper Truck			
\$	(100,000)	Less Finance Salary Reimb from Utilities			
\$	(326,000)	Less Property Tax Revenue			
\$	(284,000)	Less various revenue from other city departments			
\$	(339,000)				

Actual transfers into the General Fund from other departments will be \$140,247 higher than the 2012 budget.

Appropriations are forecast to be lower by \$845,000, of which \$500,000 will be a decrease in payroll costs compared to the budget. Several departments have experienced extended vacancies in job positions. General Fund Capital will also be lower than the original 2012 budget by \$345,000.

Transfers out from the General Fund to other departments will be lower than the 2012 budget by \$198,141. No transfer was required to the Police Reserve Fund due to no pre-1984 officers retired in 2012. Also, the transfer from General Fund to Capital Improvements Project 400 Fund is forecast to be \$97,000 less.

General Fund Cash Reserves-2013 Budget Summary

In summary, the City's General Fund cash reserves are approaching recommended balances to maintain cash flow in the event of emergencies. Based upon a \$24.1 million budget for personnel costs added to 8.7 million of operating expenses shown on page 24 of the Budget in Brief, a 90 day reserve would calculate to be 8.2 million. Page 6 of the Budget in Brief, shows the ending cash balance at 9/30/13 is budgeted to be 7.5 million.

Council may choose to take another look at the General Fund Capital requests from departments and also the 400 Fund Capital Improvement Project requests in order to reduce the shortfall of \$253,000 and present a budget to the citizens of Grand Island that would not use the General Fund cash reserves or the 2012 cash surplus.

We will also revisit the law enforcement public safety study costs that were presented to Council on July 17th to determine which direction Council would like to take and the effects of any actions on the 2012-2013 Proposed Budget.

Any questions, please don't hesitate to contact me. Thank you. See you Tuesday.

Budget in Brief

For Fiscal Year 2012-2013

October 1, 2012 – September 30, 2013

An Overview of the Operating Budget & Capital Improvement Program

The Budget in Brief is produced each year by the City of Grand Island's Administration and Finance Departments in order to give the public an overview of the budget. This document highlights key information and provides a general summary of important factors impacting the development of the budget. Copies of the entire budget document(s) are available for viewing at the Grand Island Public Library, or can be downloaded on the City's web site at www.grand-island.com under the Finance Department. For specific questions or comments, please contact the Finance Department.

Budget Process

The Annual Operating Budget is the City's financial plan for providing programs to the community. The proposed budget is presented to the City Council and public by City Administration at special meetings, typically during the months of July to September. All citizens are invited to attend the budget meetings, and allowed the opportunity to share comments and concerns with the Council and Mayor. After discussion, making adjustments to the proposed budget, and public hearings, the City Council formally adopts the budget for the new fiscal year. The fiscal year runs October 1 to September 30, thus the 2012-2013 Budget begins October 1, 2012 and ends September 30, 2013.

About Program Prioritization

Program Prioritization, also known as budgeting for priorities, was utilized for the third year in a row. The City originally began this process in 2009, as a result of declining revenues, expenses outpacing revenues, and long-term fiscal problems. Program prioritization addresses these issues in a fiscally sustainable manner, by looking at Fiscal Health and Wellness.

Budgeting for priorities allows staff a tool to prioritize programs provided by the City, while also providing Council a deeper understanding of programs in the context of the cause-and-effect relationship on the organization's strategic results. Ultimately, budgeting for priorities articulates to the organization and the public how services are valued, and how priorities are invested.

The City made several improvements to program prioritization since inception. For the 2012 Budget, the current City Council and Mayor reviewed and validated the Strategic Result Maps. Additionally, the Governance Result Map was reviewed and changes were made to better define the map. The second improvement was to review the program inventory, and departments made adjustments as needed. Peer review was expanded to include more supervisors from each department, and Council was invited to participate. For 2013, programs were reviewed with departments by Administration and Finance. Programs remained within the same quartiles as previously scored for the 2012 Budget.

ELECTED OFFICIALS & MAYOR-COUNCIL FORM OF GOVERNMENT

Grand Island has a Mayor-Council form of government, with an appointed Administrator. The City Council, as the governing body, adopts ordinances and determines policy which directs City government. The ten member City Council is composed of two representatives from each of the five voting wards. A City Council President is elected by the Council each year. The Council meets in regular session on the second and fourth Tuesdays of each month at 7 p.m. in the Council Chambers of City Hall.

Meetings are called to order by the Mayor, and conducted in an orderly, parliamentary manner. Grand Island's Mayor is elected at large to a four-year term. The Mayor presides over official meetings, serving as the executive officer for the City. The Mayor votes, only when his/her vote is the deciding vote. The Mayor has the power to veto any ordinance or resolution.

The City Administrator reports to the Mayor, and is responsible for carrying out established policies and providing for the efficient administration of City activities. City staff provides information to assist in the Council deliberations and answer questions regarding agenda items.

Budget Foundation: City Council's Strategic Result Maps

The budget foundation begins with the Mayor and City Council's priorities for serving the community. This is accomplished through the Council's Strategic Result Maps (shown below). These core results were developed by the Mayor and City Council in 2009, and revalidated by the current Mayor and City Council. This "revalidating" exercise was necessary to ensure that the results remain an accurate reflection of the community's priorities. The "weight" below each map indicates the amount a score is weighted.

The **Governance Result Map** is a map of the unique support functions of City government. These functions help other programs achieve the Strategic Result maps.

Description of Fund Types

General Fund – The General Fund is the general operating fund of the City. The General Fund includes departments under Genral Government, Public Safety, Public Works, Environment & Liesure, and Non-Departmental.

Special Revenue Fund – Special Revenue Funds are used to account for the proceeds of specific revenue sources. The use and limitations of each Special Revenue Fund are specified by City Ordinance and/or State Statues.

Debt Service Fund – The Debt Service Fund is used to account for the accumulation of financial resources and for the payment of general long-term debt principal, interest and related costs for General Obligation and Assesment Bonds.

Capital Improvment Fund – The Capital Improvment fund provides for major capital improvements, planning, infrastructure and building construction, renovation and replacement, streets and drainage improvments. Requirements of this fund include 1) have a useful life of at least one year, and 2) be a major capital facility or improvement to a facility in excess of \$25,000, or 3) be part of an ongoing project that meets the preceding criteria on a total basis and 4) be for general government purpose.

Enterprise Fund – Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Internal Service Fund – Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City, on a cost-reimbursement basis.

Agency Fund – Agency Funds are used to account for assets held by the City in a purely custodial capacity.

Pension & Trust Fund – Pension & Trust Funds are used to account for assets held by the City for the members and beneficiaries of defined pension plans and defined contribution pension plans.

2013 Budget Summary

	Beginning Balance	Revenue	Bond Proceeds	Transfers In	Transfers Out	Appropriation	Ending Balance
General Fund	7,787,167	35,038,629	-	3,836,286	2,242,112	36,886,970	7,532,999

GENERAL FUND CASH BALANCE

It is important that the Cash Balance of the General Fund maintain adequately funded reserves. Reserves are critical for sufficient cash flow and emergencies. Natural disasters, like Joplin, Missouri, are a reminder of how critical it is to maintain reserves even in tough economic conditions. The General Fund's cash balance for the 2013 Budget is \$7,532,999, or 23% of expenditures (less capital expenses). A 90 day reserve of General Fund Cash would require a balance of 8.2 million. Over the past few years, the City has made an effort to maintain or grow the cash reserve balance.

REVENUES

Developing the City's budget begins with revenues, not with expenses. This starts the budget process with the question, "how much do we have to spend?" not the question, "how much do we need?" This allows revenues to be allocated to expenses in a sustainable manner.

Revenue by Fund:

The pie chart to the right shows the total revenue by each fund. The table below shows that the total revenue is \$147,218,607 before transfers and bond proceeds. Enterprise Funds along with the General Fund are home to 83% of the City's revenues. Bond Revenue of \$16,200,000 is budgeted in the Wastewater Treatment Plant for Sewer Rehabilitation in 2013. Total Bond Revenue of \$11,520,000 was budgeted between the Debt Service and Enterprise Funds for 2012.

Summary of Revenue by Fund	2013 Budget	Transfers In & Bond Proceeds	2013 Total	2012 Budget, Transfers In, & Bond Proceeds	% Growth
General	\$ 35,038,629	\$ 3,836,286	\$ 38,874,915	\$ 37,936,663	0.60%

GENERAL FUND: REVENUES

The pie chart shows the major revenue sources in the General Fund. Other taxes include Telephone, Cell phone, Natural Gas, and Cable occupation taxes, along with Motor Vehicle taxes. Fees and Services include all department fees for services. Other Revenues include co-payments of employee health insurance, interest income, trade ins from sales of assets and miscellaneous revenue.

Sales tax represents almost 43% of the total revenue of the General Fund. Sales taxes have been the largest source of revenue in the General Fund since 2004, when voters adopted a half percent increase in sales tax. During 2008 through 2010, the City saw very little growth in sales tax revenues, which had been accentuated by the economic downturn. In 2011 sales tax showed a 3% increase and continues to be stronger in 2012. The estimate for 2013 will bring sales tax in 5% higher than our 2012 forecast.

	2013 Budget
Sales Tax	\$ 15,041,777
Food and Beverage Tax	\$ 1,354,955
Property Tax	\$ 6,568,128
Other Taxes	\$ 2,595,745
Fees & Services	\$ 4,920,612
Intergovernmental	\$ 2,814,371
Licenses & Permits	\$ 507,250
Other Revenues, Interest	\$ 1,235,791
Total City Revenue	\$ 35,038,629

PROPERTY TAX REVENUES

A levy indicates the amount of tax property owners pay for each \$100 valuation of their property. Property Tax can be calculated by Assessed Valuation divided by 100, and then multiplied by the levy. The City's total levy rate is .3241, the same as the 2011-2012 Budget. A citizen can expect to pay **\$324.10** in City taxes on a \$100,000 home at the current **.3241** levy.

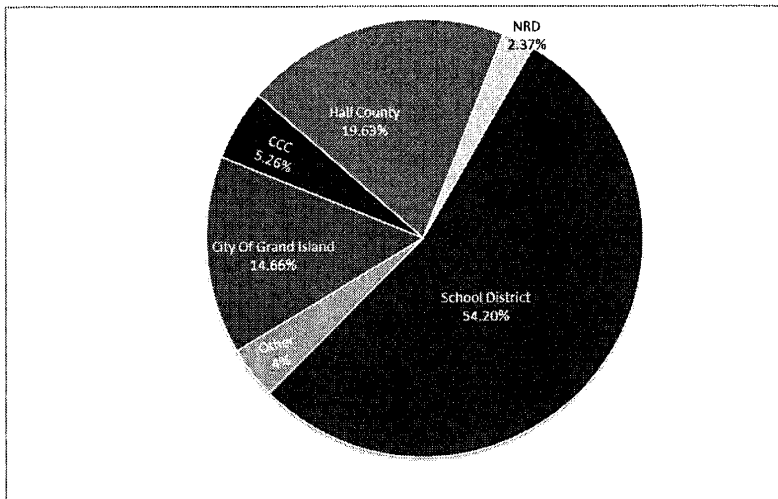

Property Tax Levy from 2012-2013:

The budgeted Mill Levy of .3241 is made up of 3 separate levy rates: the General Fund, Debt Service, and Interlocal agreements with Hall County, Central Nebraska Health District, and the Humane Society.

Fiscal Year 2012-2013	Rate
General	0.220598
Debt Service	0.060256
Interlocals	0.043246
2012-2013 Total	0.324100

Total property tax revenue is budgeted to slightly increase without a rate increase due to an increase in property valuations. Valuations increased from \$2,395,497,486 in 2011 to \$2,459,250,522 in 2012, an increase of \$63,753,036. Actual valuation of property is determined by the Hall County Assessor. The 2013 Budget is estimating valuations to increase by \$30,144,133.

Division of the Property Tax Dollar:

This chart shows that only one-eighth or 14.7% of the property taxes property owners will pay in 2012/2013 will go to the City of Grand Island. This chart is based on the current 2012 fiscal year. Other taxing entities include the CRA, Airport, Agricultural Society, and Educational Service Unit.

Natural Resource District (NRD)
Central Community College (CCC)

GENERAL FUND: PROGRAM PRIORITIZATION

The scoring process of Program Prioritization allowed all programs to be ranked within each Department, and the array of program rankings are divided in to four quartiles with quartile 1 representing the highest ranked programs. The 2013 budget is presented to Council with the approach all departments will maintain their current level of program services to the citizens of Grand Island.

For 2013, General Fund Program costs total \$31.8 million. In 2013, program costs were separated between personnel and operating. Personnel costs represent 76% of the General Fund program costs. All department program personnel costs are shown with the 2013 increases for wages, step increases and proposed health insurance premium increases. General Fund operating costs for programs were assigned with the following increases:

- Quartile 1 Programs 3%
- Quartile 2 Programs 2.75%
- Quartile 3 Programs; 2%
- Quartile 4 Programs; 1.75%

After three years of budget reductions, the 2013 budget is presented to Council with department program services incurring all 2013 payroll costs and a slight increase for operating costs for each program service.

DEBT SERVICE FUND

The Debt Service Fund is used to account for the accumulation of financial resources, and the payment of general long-term debt principal, interest and related costs for General Obligation Bonds.

The Chart below shows the various bonds and the City's total debt. The Heartland Events Center, Library Expansion, and State Fair Building are included in the General Fund as debt outside bond issues, and are detailed here because they are part of the City's total debt.

CAPITAL IMPROVEMENT FUND

The Capital Improvement Fund provides for major improvements, planning, infrastructure and building construction, renovation and replacement, streets, and drainage improvements. During the 2010 fiscal year, the City implemented a new process to identify projects and priorities, similar to the Program Prioritization model. The main criteria used to rank programs include:

- Reaffirmation of Committed Projects
- Fund Leveraging
- Overall Cost to City
- Do-able, Ease of Implementation, Likelihood of Success, Difficulty Implementing
- Life Safety and Legal Issues
- Immediacy of Need-Urgency
- Operational Savings and Efficiencies

SPECIAL REVENUE FUNDS

Special Revenue Funds account for revenue and expenditures specified by City Ordinance and/or State Statutes. The Enhanced 911 and the Public Service Commission Wireless Funds are designated by the State for telephone and cell phone surcharges. The Revolving Loan, Housing Reuse and Community Grant Funds all report revenue and expenditures involving Community Development programs. The Parking District funds deal with downtown parking lots and the parking ramp. The Local Assistance Fund receives and expends donations from various sources to specific City projects or improvements.

Special Revenues Appropriations	2011-2012 Budget	2012-2013 Budget	\$ Difference	% Growth
Enhanced 911 Communications	\$ 447,643	\$ 271,953	\$ (175,690)	-39.25%

Parking District #2	\$ 34,800	\$ 107,300	\$ 72,500	208.33%
Local Assistance	\$ 362,261	\$ 381,865	\$ 19,604	5.41%
Total Special Revenues	\$ 7,946,204	\$ 8,566,348	\$ 620,144	7.80%

ENTERPRISE FUNDS

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises. The Enterprise Funds make up 65% of the City's total appropriations. Enterprise Funds are supported by user fees.

Enterprise Fund Appropriations	2012 Budget	2013 Budget	\$ Difference	% Growth
Solid Waste	\$ 2,335,232	\$ 2,763,378	\$ 428,146	18.33%
Golf Course	\$ 605,778	\$ 1,150,678	\$ 544,900	89.95%
Electric Utility	\$ 73,544,127	\$ 71,717,104	\$ (1,827,023)	-2.48%
Water Utility	\$ 14,559,300	\$ 7,674,656	\$ (6,884,644)	-47.29%
Wastewater Utility	\$ 19,137,497	\$ 26,786,492	\$ 7,648,995	39.97%
TOTAL ENTERPRISE FUNDS	\$ 110,181,934	\$ 110,092,308	\$ (89,626)	-0.08%

INTERNAL SERVICE FUNDS

The City's Internal Service Funds account for goods or services provided by one department to other departments. Information Technology maintains all the computers and network systems for the City of Grand Island. Fleet Services shop garage maintains all city equipment and vehicles. The General Insurance Fund evaluates and accumulates all costs of property, liability, automobile and workers compensation insurance for the City. The Equipment Reserve Fund provides for capital equipment replacement of the General Fund as well as the interlocal agreement between the City and Hall County for expenses to the City/County Public Safety Center.

Internal Service Fund Appropriations	2012 Budget	2013 Budget	\$ Difference	% Growth
Information Technology	\$ 1,005,421	\$ 1,098,827	\$ 93,406	9.29%
Fleet Services	\$ 1,312,751	\$ 1,261,519	\$ (51,232)	-3.90%
General Insurance	\$ 7,064,000	\$ 7,708,500	\$ 644,500	9.12%
Equipment Reserve	\$ 30,000	\$ 100,000	\$ 70,000	233.33%
TOTAL INTERNAL SERVICE FUNDS	\$ 9,412,172	\$ 10,168,846	\$ 756,674	8.04%

AGENCY FUND

Agency Funds account for assets held by the City of Grand Island on behalf someone else. The Cafeteria Plan Fund collects and disburses voluntary employee contributions for IRS code section 125. The Other Agencies Fund accumulates and disburses dollars for fees to the Grand Island Public Schools, the 2% Hotel Occupation Tax collected for Fonner Park and the federal monies associated with the Police Tri-City Task Force operations. The BID Assessments Fund accounts for all activities of the four Business Improvement Districts within the City of Grand Island.

Agency Funds Appropriations	2012 Budget	2013 Budget	\$ Difference	% Growth
Section 125 Cafeteria Plan	\$ 450,000	\$ 500,000	\$ 50,000	11.11%
Other Agencies	\$ 481,500	\$ 496,500	\$ 15,000	3.12%
BID Assessments	\$ 191,447	\$ 204,855	\$ 13,408	7.00%
TOTAL AGENCY FUNDS	\$ 1,122,947	\$ 1,201,355	\$ 78,408	6.98%

PENSION & TRUST FUND

Pension and Trust Funds account for assets held by the City for members and beneficiaries of defined benefit and defined contribution pension plans. The Police & Fire Pension Fund accounts for defined benefit payments to personnel or their beneficiaries who retired before 1984. The Police Reserve and Fire Reserve Funds hold reserves for defined contribution plans for the retirement of employees still employed with started prior to January 1, 1984.

Pension & Trust Funds Appropriations	2012 Budget	2013 Budget	\$ Difference	% Growth
Police & Fire Pension	\$ 163,884	\$ 174,000	\$ 10,116	6.17%
Police Reserve	\$ 100,000	\$ 100,000	\$ -	0.00%
Fire Reserve	\$ 2,005,000	\$ 2,005,000	\$ -	0.00%
TOTAL PENSION & TRUST FUNDS	\$ 2,268,884	\$ 2,279,000	\$ 10,116	0.45%

Fund General	Department Summary	Administrative Services
Fund Type General Government	Supervisor City Administrator	10001

Description

Administrative Services consists of all of the governance functions or support services for the City general fund departments. Within program prioritization, functions are divided between governance and community, with the customer being the identifying element. If the end customer is internal, the function is considered to be governance and if the end customer is the citizens of Grand Island, the function is considered to be community.

Grouping these governance functions together enhances the management of the delivery of the services to other City departments. It may also enable efficiencies that would have been harder to implement without common management.

The divisions within Administrative Services are as follows: City Clerk, Finance, Legal, Human Resources, and Public Information.

Fund General	Department Summary	Economic Development
Fund Type General Government	Supervisor City Administrator	11102

Description

This division reflects the direct costs associated pursuant to LB426 that was passed by the 2005 Legislature. The Department of Revenue is required to notify the most populous city, within the county in which the State Fair is located, the amount estimated to equal ten percent of the lottery money transferred to the Nebraska State Fair Support and Improvement Fund.

Budget Narrative

The City's 1.5 percent Food and Drink occupation tax along with quarterly receipts of \$21,550 from Northwestern Gas company for economic development provide funding to the Nebraska State Treasurer. The 2012-2013 estimate for lottery match payments is \$375,000.

Fund General	Department Summary	Mayor's Office
Fund Type General Government	Supervisor Mayor	11203

Description

Grand Island operates under a Mayor/Council form of government. The Mayor is elected at large and serves a four-year term. The Mayor presides over official meetings and serves as the executive officer of the City. The Mayor and City Council establish goals and objectives of the community, attained through the adoption of policy. The Mayor appoints a City Administrator who is responsible for carrying out established policies and provides for the effective administration of City operations. The Mayor is responsible for appointments to citizen boards and commissions, and serves as the City representative in official proceedings.

Budget Narrative

This budget provides for the operation of the Mayor's office and salary. Personnel costs are the largest expense in the Mayor's budget. Other expenses provide for communication materials and daily operational costs. Because the Mayor is expected to perform official duties and obligations on behalf of the City, there is funding included for dues and travel costs.

Fund General	Department Summary	Legislative
Fund Type General Government	Supervisor City Administrator	11204

Description

Grand Island is governed by an eleven member body comprised of the Mayor and ten City Council members, two from each of the five wards. The City Council is responsible for the legislative and policy-making functions of the City. The City Council, along with the Mayor, establish goals and key results of the community, attained through the adoption of policy. The City Council holds regular meetings on the second and fourth Tuesday of each month at 7:00 PM in the Council Chambers of City Hall.

Fund General	Department Summary	City Administrator's Office
Fund Type General Government	Supervisor City Administrator	11101

Description

The City Administrator provides for the day-to-day administration of all functions of City government. The City Administrator serves as the Chief Operating Officer of the City and is charged with the responsibility of implementing the key results and priorities established by the Mayor and City Council. This is achieved through the supervision, coordination, and administration of the programs and services of City Departments; formulation, presentation, and administration of the budget; the development and preparation of analysis, reports and recommendations for consideration by the Mayor and City Council; and keeping the Mayor and City Council informed of operational and administrative needs and activities. The City Administrator also provides long-range planning, maintains public relations, and provides guidance and leadership to the City staff.

Budget Narrative

The City Administration Office oversees the implementation of the Mayor and City Council's key results and goals in priority areas across the City, as part of the larger effort to achieving fiscal health and wellness.

Fund General	Department Summary	City Clerk
Fund Type General Government	Supervisor City Administrator	11301

Description

The City Clerk is one of four statutory officers under Nebraska law and is responsible for fulfilling administrative responsibilities relative to the records management functions associated with City government. The City Clerk's Office records and maintains City Council proceedings and serves as the legal custodian of official records, including minutes, ordinances, resolutions, contracts, agreements, conditional use permits, liquor licenses and deeds. The City Clerk's Office is responsible for giving notice of meetings, preparing agendas and response to citizen inquiries. The City Clerk also has additional purchasing duties working with the Purchasing Agent.

Budget Narrative

The budget allocates funding for legal notices to provide for the publication of meeting notices, minutes and other official City business. Also included is election expenses for the General Election scheduled for November 2012.

Department Summary

Supervisor
Finance Director

Finance

11401

Description

The Finance Department maintains all financial accounting systems and records, including cash receipts, receivables, payables, purchase orders, encumbrances, payroll and information technology functions. The Department is also responsible for developing and monitoring a system of internal controls. The Finance Department provides financial management and accounting services for all departments, divisions, funds and enterprises. It also provides direct services for the electric, water and sewer utilities by reading meters, disconnections, re-connections, billings and payments, collection of past due accounts and account transfers. The Finance Director also serves as the Treasurer for Community Redevelopment Authority (CRA), Business Improvement Boards (BIDs), and the Grand Island Facilities Corporation. Other responsibilities include managing the City's banking and investment activities, debt service review and analysis, development of the City's Official Statement, preparation of reports and work papers for the annual audit, Worker's Comp and Commercial Insurance management, Health Insurance oversight, pension plan administration, and primary responsibility for the preparation of the Annual Budget. The Information Technology Department functions as a division of the Finance Department and is separated in Internal Service 605 Fund.

Budget Narrative

Expansion of on-line utility payments in December of 2010 lead the Finance department to helping Parks & Recreation become the first department in 2012 to accept on-line registrations and payments for all summer programs. The Heartland Public Shooting Park also jumped on board with on-line registrations for the first annual Pandemic 2012 Zombie shoot. In 2012 the payroll division within the Finance department has helped other departments use electronic employee absence slips where employees initiate a request for time off. After supervisor approval, data is automatically generated into payroll, thereby saving staff time. The Finance Department received a .25 FTE Temporary Worker/Intern in 2012. This individual from the College of Business and Technology at the University of Nebraska at Kearney was fundamental in helping many areas of the Finance Department this summer as well as exposing Finance staff to new technologies.

Fund General	Department Summary	City Hall
Fund Type General Government	Supervisor Building Department Director	11701

Description

This fund provides for the maintenance and operation of Grand Island's City Hall facility. Along with providing a positive working environment for government offices, the facility also provides meeting space for additional governmental and civic organizations. The fund provides the resources to maintain and improve the current building and grounds in an acceptable manner and to protect the City's investment into the future.

Budget Narrative

The proposed budget allows for the continued maintenance, operation, and improvements of the City Hall Facility. Included are funds to continue a sectional multi-year replacement of the City Hall parking lot.

Fund General	Department Summary	Human Resources
Fund Type General Government	Supervisor Human Resources Director	11801

Description

The Human Resources Department is responsible for all aspects of human resource management for the City's 500+ employees. Primary responsibilities include: recruitment of all City-wide positions; employee orientation, development, and evaluation; labor negotiations; legal compliance; maintenance of position descriptions, classification and compensation plan; labor relations; and administration of all of the City's employee benefit programs, including the health, dental, wellness, life and long term disability insurance programs. The Human Resources department has the responsibility for managing the City's risk management program which includes worker's compensation claims and property damage claims. The Human Resources Department works closely with the Legal Department to ensure the City's compliance with federal and state employment laws.

Budget Narrative

The Human Resources Department's budget reflects the responsibility of Human Resources to administer the following programs: the recruitment efforts to fill open positions (Consulting Services and Advertising), maintenance agreement for performance evaluation software program, applicant tracking software, employee training programs, and negotiations and administration for the City's seven labor agreements.

Fund General	Department Summary	Building Inspection
Fund Type Public Safety	Supervisor Building Department Director	22001

Description

The Department is responsible for uniformly administering, enforcing and regulating building, zoning and construction laws and regulations adopted by City, State and Federal governments within the City of Grand Island and the two mile extra territorial area. The codes enforced by the Department include building, electrical, plumbing, mechanical, minimum housing, zoning ordinance, flood plain, state accessibility, subdivision regulations, sign regulations, sewer taps and caps, utility connections and mobile home parks ordinance. The Department is also charged with maintaining all departmental records such as records of inspections and permits, certificates of occupancy and ordinance violation correspondence.

Budget Narrative

The proposed budget provides funds for enforcement of City codes within the jurisdictional area of approximately 101 square miles. This year's budget includes funds for condemnation of substandard properties through a reduction in personal cost.

The Department revenue in building permit fees is projected to collected approximately 75% of the funds expended.

Fund General	Department Summary	Fire-Emergency Medical Services
Fund Type Public Safety	Supervisor Fire Chief	22101

Description

The Grand Island Fire Department (GIFD) is a full-spectrum life safety agency protecting the more than 48,000 people who live, work and play in our city.

The GIFD emergency responders protect life, property and the environment through their direct involvement in fire prevention, firefighting, emergency medical care, technical rescue, hazardous materials mitigation, disaster response, public education and community service.

We deliver this variety of emergency services through our most valuable resource, our emergency responders. These responders are committed to professionalism. They display this professionalism by being highly trained and by being physically capable of meeting the rigorous physical demands that emergencies deliver.

We realize that the best response to a disaster is to prevent it before it happens. The GIFD is very aggressive in preventing fires and other emergencies. Our prevention efforts include construction plan reviews, new and existing building inspections, a smoke detector program, and a public education program that targets segments of our community that are most at risk (children and the elderly).

Budget Narrative

2012-2013 Fire/EMS Budget Highlights – Operations – this budget provides for all daily operational costs including response equipment, station maintenance, utilities, our medical director contract, training, and other things necessary to support our daily operations. We will continue to provide smoke detectors to vulnerable city residents through grant funding from FEMA and the United Way. Capital –The purchase of a new pumper truck (\$400,000) will allow a 16 year old pumper to move from front line service to back up status and remove a 25 year old pumper from the fleet. With the purchase of one ambulance (\$225,000) this will allow us to remove two ambulances from the fleet, due to the upgraded fleet we will no longer need an extra reserve ambulance. The addition to Station Three (\$200,000) will allow for co-ed use of the facility, currently there is only one locker/bath room and one dormitory style bedroom. Also this station lacks an office and proper living quarters. If an energy grant (\$100,000) is secured then we will look at employing alternative energy at a fire station.

Fund General	Department Summary	Police
Fund Type Public Safety	Supervisor Chief of Police	22301

Description

The Police Department provides public safety services to all citizens and people in Grand Island. Examples of services include responding to calls for service, emergency responses to major crimes and serious incidents; accident investigation; traffic safety enforcement; investigation and apprehension of criminals and violators. The Department participates in community based programs such as School Resource Officers; G.R.E.A.T. classes and various business and community presentations. The Department participates in a regional drug and safe streets task force with Federal, State and other local agencies which targets drug dealers and violent criminals. The Department also includes a Victim Assistance Unit and Code Compliance Unit. We also have a Housing Authority Officer, who works closely with the Hall County Housing Authority to provide police services to over 1000 residents. The City contracts with the Humane Society to provide animal control services.

Budget Narrative

The 2012/2013 budget will allow the Department to maintain current staffing; but will not halt the slow degradation of police services to the community.

Fund General	Department Summary	Emergency Management
Fund Type Public Safety	Supervisor Emergency Management Director	226

Description

The Grand Island-Hall County Emergency Management Department provides five programs: 911 Communications, Emergency Management, Local Emergency Planning Committee (LEPC), Citizen Corps and our Alarm System management.

The 2012-2013 Budget provides for the continuation of each of these five programs. The 2012-2013 Budget also includes the movement of 0.5 FTE out of the General Fund and into the 215 Special Revenue Fund (E911 Fund) and 0.75 FTE moved from the 215 E-911 Fund to the 216 PSC Wireless Fund.

Budget Narrative

This budget provides for the maintenance of existing programs, with the movement of 0.5 FTE to the Special Revenue Funds.

Fund General	Department Summary	Engineering
Fund Type Public Works	Supervisor Public Works Director	33001

Description

The Administration & Engineering Division of the Public Works Department provides general Public Works management, administrative and engineering services for the City Repair Shop, Solid Waste, Streets and Wastewater Divisions as well as other City Departments and the Downtown Parking Districts. The Division provides design engineering services for sidewalks, streets, sanitary sewer, storm water drainage and trails; construction project management; Geographic Information System (GIS) management; Right-Of-Way management; storm water management; subdivision review; surveying; and traffic engineering. Responsible Charge duties for federal aid transportation projects and the recent MPO designation will require additional planning by the Department.

Budget Narrative

The Division will provide a combination of planning, coordination, district creation, design, right of way acquisition, construction management and project inspection services for projects including: continuation of the Northwest Grand Island flood control project; Highway 281 drainage improvements, Hike/Bike Trail from State Street to Capital Avenue, Wildwood Subdivision Sanitary Sewer District, Blaine Street bridges rehab, Walk to Walnut Safe Routes to School Project, Highway 30 drainage project, design work on resurfacing project; design work on Capital Avenue reconstruction project and design of an extension of sanitary sewer to the businesses at Highway 281 and Interstate 80.

Fund General	Department Summary	Streets & Transportation
Fund Type Public Works	Supervisor Public Works Director	33501

Description

The Street Division provides for the maintenance of safe and efficient driving conditions for the traveling public by keeping over 850 lane miles of street in a good state of repair utilizing a preventative maintenance approach consisting of patching, crack sealing and asphalt resurfacing. This Division also maintains, services and operates 120 traffic signal locations. The Division maintains and upgrades traffic markings, traffic and street identification signs; cleans and maintains over 5,000 storm sewer catch basins and inlets; and utilizes street sweepers to pick up leaves and debris traveling an average of 12,500 miles and picking up over 7,000 cubic yards of material per year. Mowing of right-of-ways, drainage ditches, and detention cells are also performed by this Division, as well as snow plowing, hauling snow and ice control.

Budget Narrative

Over the past thirty years the street and drainage systems have grown by more than forty percent. Material used to perform roadway maintenance including: asphalt, concrete, salt, and fuel typically increases in price every year. In order to continue with the same amount of production the budget would need to increase with these material costs.

Fund General	Department Summary	Planning
Fund Type Community Environment/Leisure	Supervisor Planning Director	44001

Description

The core programs within the Planning Department provide land use planning-related services for the City and the County. This is done through participation in the Regional Planning Commission. The Regional Planning Commission functions as a unified Planning Department for Grand Island, Hall County and four small cities. The Planning Department is involved with 7 key programs as defined within the program prioritization process followed by the City of Grand Island; Subdivision Review and Regulation; Review of Proposed Developments; Technical Advice and Interpretation of Plans and Regulations; Flood Plain Management; Land Use Planning and Zoning; Mapping and GIS; and in 2012, Addressing (providing E911/street addresses to properties) was shifted from the Public Works Department to the Planning Department. The Department reviews and processes all development proposals and provides direct support to the public, the City Council, the Planning Commission, City staff, Hall County Board of Supervisors and staff and the small city governing bodies.

The Planning Department also provides staffing for the Community Redevelopment Authority (CRA). The CRA budget is separate from the Planning Department Budget and are not shared with Hall County.

The Community Redevelopment Authority (CRA) manages a portion of property tax funds. These funds are used for a variety of projects including: façade improvement grants, infrastructure, acquisition and demolition of substandard properties, redevelopment plans and other studies in blighted and substandard areas. The CRA has a 5 member Board that meets the 2nd Wednesday of each month. The CRA pays a portion of salary and benefits of the Planning Director and Planning Secretary.

Budget Narrative

As indicated by an Intergovernmental Agreement, the entire budget of the Regional Planning Commission is included in the City Budget. Hall County is billed on a monthly basis for one-half the actual monthly operating expenditures which is then reimbursed to the City; thus, the County and City equally share the funding for the Commission pursuant to the agreement. The budget provides for a continuation of the existing service level for this Department. All fees generated by rezoning applications and the filing of preliminary or final plats for subdivisions are submitted directly to the City or County depending on whose jurisdiction the request or subdivision is located. Since the activities of the Commission are primarily administrative in nature, the majority of its Annual Budget is directly related to staff salaries and related benefits. The Commission, by its agreement, does provide to the City a fee for administrative services for central accounting, bookkeeping, and office rental. \$50.00 per month is provided from Hall County through the monthly billing for all services mentioned.

Fund General	Department Summary	Library
Fund Type Community Environment/Leisure	Supervisor Library Director	44301

Description

The Grand Island Public Library is the gateway for the people of our diverse community to achieve a lifetime of learning and literacy. Annual services include: circulation of 350,000 materials in a variety of formats, serving 250,000 visitors, answering 20,000 reference questions and aiding citizens in their research and daily informational needs, providing access to 100,000 uses of the Internet and other electronic information services through a computer lab and various computer centers (including wireless access), providing children's story hours, summer reading programs for 2,000 children and teens, various early childhood literacy and parent education efforts including Family Place and bi-lingual storytimes, offering 24/7 services through an Internet Branch at www.gilibrary.org, engaging in social media efforts such as Facebook and Twitter, participating in the interlibrary loan program, offering community meeting rooms, operating the Abbott Sisters Research Center, literary/cultural programming for general adult audiences and much more. The Public Library is located at 211 North Washington Street in central Grand Island. The building was constructed in 1972. Construction was completed for a fully expanded and renovated facility in 2007 that doubled the square footage and expanded services to the community.

Budget Narrative

This budget takes advantage of the Federal Universal Service Fund's significantly discounted charges for Internet access and other telecommunications services including an increase in Internet bandwidth at less cost than last year. Enhancement of the library's automation systems continues with the statewide Pioneer Consortium open source online catalog underway to reduce the costs of our automation systems. In addition, our library is benefiting from the Nebraska Library Commission's federal stimulus (BTOP) grant for public access computer replacements.

Fund General	Department Summary	Parks
Fund Type Community Environment/Leisure	Supervisor Parks and Recreation Director	444

Description

This division of the Parks and Recreation Department is responsible for the planning, development and maintenance of parks and municipal facilities and providing advice on actions needed to enhance the quality of park facilities in the City. The Parks Division is responsible for over 325 acres of park land and open space areas as well as community facilities. These areas include, but are not limited to the following: athletic fields, playgrounds, hike/bike trails, lakes and public facilities. This division has a supportive role in the maintenance of the aquatic facilities and recreational program facilities. The Greenhouse section is responsible for the establishment and maintenance of flowers throughout the park system.

Budget Narrative

This years budget maintains current FTE levels. The 2012-13 budget represents status quo operational plan from the previous year. No capital expenditures are provided for this budget.

Fund General	Department Summary	Recreation
Fund Type Community Environment/Leisure	Supervisor Parks and Recreation Director	445

Description

The Recreation Division of the Parks and Recreation Department is responsible for providing a wide range of leisure activities for adult and youth. These activities include organized leagues, recreation activities and special events. Recreational activities include, but are not limited to the following: volleyball, basketball, flag football, children's theater, band concerts and various playground and craft programs.

Budget Narrative

This is a status quo budget from the previous year. No programs will be eliminated, no additional programs will be initiated, and FTE levels will remain the same. No capital expenditures are provided for in this budget.

Fund General	Department Summary	Cemetery
Fund Type Community Environment/Leisure	Supervisor Parks and Recreation Director	44405

Description

This program provides for the operation of the Grand Island Cemetery. The facility consists of 90 acres located along Stolley Park Road in the southwest portion of the city. The cemetery's goal is to provide a dignified final resting place for the deceased including: well maintained and landscaped grounds, well maintained facilities, service to families and friends in need and assistance to the public in genealogical research.

Budget Narrative

This budget reflects status quo operational funding. A \$16,000 capital request to replace one mower is included in this year's budget.

Fund General	Department Summary	Aquatics
Fund Type Community Environment/Leisure	Supervisor Parks and Recreation Director	44525

Description

The Aquatics Division of the Parks and Recreation Department provides recreational services in the form of aquatic programming through the operation of two swimming facilities, including one conventional pool (Lincoln) and one water park (Island Oasis). The division offers open swimming, swim lessons, equipment rental, food and beverage sales and special programming. The division offers season passes or a daily fee. The pools are seasonal operations. Both facilities are open from Memorial Day weekend until school begins in mid-August. Island Oasis offers innovative features including water slides, wave pool, lazy river, crossing activities, bubblers and fountains, sand play areas, grassy areas and sand volleyball. Specialized training for all lifeguards is required. The water park operates without property tax subsidy and generates revenues in excess of direct operating expenses.

Budget Narrative

This budget reflects no change in FTE's. No additional or elimination of programs for 2012-13. No capital items are provided for in this year's budget.

Fund	Department Summary	Public Information
General		
Fund Type	Supervisor	
Community Environment/Leisure	City Administrator	44601

Description

The purpose of the Public Information Division is to provide a one-stop place where the media and citizens can go to get accurate community and city government related information in an efficient and timely manner. Different mediums of information include, but are not limited to the City website, electronic Citizen Request Management System, social media tools, press releases, reports, newsletters, and Grand Island Television.

Grand Island Television, also known as GITV, is not public access television but is a Public Educational Governmental (PEG) station. GITV consists of channels 6 and 12 which are provided via Grand Island Charter cable television. Channel 6 is the programming channel that includes City Council meetings, Hall County Board of Supervisors meetings, Grand Island Public School Board of Education meetings, and other programs on governmental, educational, and community events. A particular emphasis is placed on programming associated with the city government departments, services, and programs.

Channel 12, referred to as Info Channel 12, serves as a community bulletin board and airs many public service announcements.

In 1994 a Low Power Television Transmitter was added to broadcast the programming channel to households that do not subscribe to cable television. K56FC, channel 56, was assigned for this purpose and contains the same content as channel 6. In late spring of 2012 GITV received its FCC approval to move to channel 50 and begin broadcasting a digital signal. This transition process will be in 2012-2013.

GITV features also now includes a 24-hour live video stream and video archive system which is available to citizens with internet access to watch live and post production content from anywhere.

In 2012 an addition of a hearing-assist system within council chambers was installed, as well as a more modernized community bulletin board system for Info Channel 12. The ADA compliant hearing-assist system allows participants or audience members to clearly follow the meeting with adjustable volume in real-time. The community bulletin board has many new features including RSS feed capability, interactive bulletins, and the ability to view local traffic cameras, current weather and long-term forecasts, along with community calendars and GITV programming schedules.

Budget Narrative

The majority of the Public Information budget is comprised of funds for staffing and maintaining equipment and systems currently in place. Funding in this budget also includes repair and maintenance of existing GITV studio equipment and city council chamber audio/video equipment and an annual service maintenance agreement for the GITV studio and city council chambers. Furthermore, dollars will be used for website hosting and enhancement, contracts for the Citizen Request Management System and the live video streaming contract. Minimal dollars are included for other communication and citizen outreach tools and materials.

Fund General	Department Summary	Heartland Public Shooting Park
Fund Type	Supervisor	
Community Environment/Leisure	Parks and Recreation Director	44801

Description

The Heartland Public Shooting Park is located on 412 acres in the south-east corner of the former Cornhusker Army Ammunition Plant. The development offers shooting activities for shotgun, rifle and pistol enthusiasts. The facility also offers a seven acre lake for fishing and retriever competitions. Phase one of the campground development has been completed which has made available ten campground pads with water and electricity available for each pad.

Budget Narrative

This budget maintains current FTE levels, operationation plan, and programs. No funds are budgeted for capital items.

Fund General	Department Summary	Non-Departmental
Fund Type Other	Supervisor Finance Director	55001

Description

This division provides for general government operating costs that are not specifically attributable to any one department or budget division. The purpose is to provide for other general costs that are attributable to numerous departments or those inefficient to allocate. New for budget year 2012-2013, previous unallocated expenses such as postage, municipal dues, Information Technology department computer charges and telephone truck line charges will now be allocated accross city departments based upon the number of employees in each department allocation. Property tax collection fees paid to Hall County and remittance of sales tax revenues due to the state will remain in this division. The non-departmental revenue includes property tax, sales tax, occupation taxes and administrative fees for general fund support. Department specific revenue is listed under the respective department.

Budget Narrative

This budget also includes the final year of agency funding for Senior Citizen Industries, the Crisis Center, Hope Harbor, Convention and Visitors Bureau, Council for International Visitors, and Kid's Fishing Derby. An annual retirement contingency is included for employees eligible for retirement as well as a contingency amount set asside for unanticipated department expenditures during the fiscal year. An appropriation is provided for the annual contribution to the Central District Health Department. A significant expense is budgeted for capital lease payments, on the lease-purchase agreements for the Heartland Events Center, the Edith Abbott Memorial Library expansion, and the State Fair building.

City Services

City of Grand Island 2012-2013 Proposed Budget Includes

- ☛ With Council Consideration:
 - ☛ New revenue that will close gaps
 - ☛ A property tax increase can be avoided without diminishing the existing level of program services for the citizens of Grand Island
 - ☛ To lower crime and increase the strength of the Grand Island Police Department, additional revenue needs to be determined

2013 Budget Gap Closure Summary

8/21/12

					General	Capital
					Fund	Improvements
July 10-July 24th Shortfalls					\$ (353,000)	\$ (461,567)
General Fund Capital Fire Dept. Increase					\$ (80,000)	
Property Tax Revenue Decrease					\$ (20,520)	
Contingency expense eliminated					\$ 300,000	
Reimbursements from NDOR						\$ 591,860
Final Valuation-Property Tax Revenue Increase					\$ 89,687	
Reduce transfer from General Fund to 400 Fund					\$ 130,000	\$ (130,000)
Excess may be used for Police Budget Request					\$ 66,167	\$ 293

Capital Improvement Projects 400 Fund Changes in Proposed Budget

On the following pages of 400 Fund Capital Improvements, the green highlights represent changes from previous Budget Study Sessions.

City Hall HVAC-decrease from \$575,000 to \$325,000

2012 Forecast Summary

Beg Cash 10/1/11	\$	6,635,317
End Cash 9/30/12	\$	7,787,167
Surplus	\$	1,151,850

It is important the Cash Balance of the General Fund maintain adequately funded reserves. The General Fund's cash balance for the 2013 Budget is \$7,852,686, or 23% of expenditures (less capital expenses). A 90 day reserve of General Fund Cash would require a balance of 8.2 million or 25% of personnel and operating expenses. Over the past few years, the City has made an effort to maintain or increase the cash reserve balance.

City of Grand Island 2012-2013 Proposed Budget Includes

- ☛ With Council Consideration:
 - ☛ New revenue that will close gaps
 - ☛ A property tax increase can be avoided without diminishing the existing level of program services for the citizens of Grand Island
 - ☛ To lower crime and increase the strength of the Grand Island Police Department, additional revenue needs to be determined

Council Agenda Memo

From: Steven Lamken, Police Chief

Meeting: July 17, 2012

Subject: Grand Island Police Department Implementation Plan for the ICMA Public Safety Study

Item #'s: 2

Presenter(s): Steven Lamken, Police Chief

Background

The International City Managers Association, ICMA, was contracted to conduct a study on the operations of the Grand Island Police Department in 2011. The report received in 2012 provides a comprehensive and empirical analysis of the current state of the Police Department and where the Department needs to progress. The “End Game” or bottom line of the ICMA report was that the Police Department must do more to reduce crime and the fear of crime in Grand Island. The ICMA made multiple recommendations that should be implemented to reach our end goal.

The Police Department leadership was tasked in May of 2012 with developing an implementation plan for the recommendations for police services presented in the ICMA Public Safety Study. The following document and implementation chart are an explanation of our recommendations for implementation.

Attached with this report is a document entitled ICMA Recommendations. It incorporates the recommendations presented throughout the study into a summary document. The ICMA consultants presented sixteen recommendations as part of the study. (pages 13-15). They also proposed the Department report progress in implementation using six performance measures (page 27). There were also several additional recommendations included in the study that were part of implementation. These additional recommendations are noted on the ICMA Recommendations summary with the page number reference for your convenience.

You have also been provided reports that provide greater detail for the following:

- Summary Report of Implementation Costs.
- Personnel Costs Detail.

- Operational and Vehicle Costs for Police Officer and Community Service Officer.
- Mobile Field Reporting Cost Estimate for Patrol and Code Enforcement.

The Department would like to express our thanks for the support of the Finance Department for their ready help and in preparing personnel cost projections. We would like to thank the City IT Department for their staff support in developing cost estimates for Mobile Field Reporting. We also thank the City Public Safety Committee members for their input into and support of the Implementation Plan.

Discussion

Implementation Plan

Benchmarks

The ultimate goal or end game of the ICMA Police Department Study is to reduce crime and the fear of crime in Grand Island. ICMA recommended that the Police Department adopt six Performance Measures that can be used to demonstrate progress towards the end goal. (Page 27)

The Department will adopt the performance measures as benchmarks of our efforts to reduce crime and the fear of crime. We will work with the Public Works Department and the Nebraska Department of Roads to establish a traffic safety performance measure. We will also incorporate two additional performance measures that were recommendations of the ICMA. We will track and report clearance rates for investigators in the Criminal Investigations Division and we propose to measure the Saturation Index on Patrol Services to determine if resources needed for strategic policing are being lost to patrol services due to demand.

Some performance measures can and will be reported on a monthly basis to the Council and community. Some can be reported annually with the release of the State Uniform Crime Report and traffic accident data. Other performance measures will be done on a periodical basis. We propose to measure the Patrol Saturation Index in 2015/2016. The Fear of Crime will require a survey of citizens in the City. We believe that it should be conducted in the 2015/2016 fiscal year after the plan has been fully implemented.

Resources

ICMA uses data to determine the current status of an agency. ICMA found that the Police Department has more resources dedicated to Patrol than should be to provide for other policing functions that support Patrol. In addition, the ICMA study found that the Saturation Index of the Police Department Patrol was consistently above 50% where stress is placed on Patrol to effectively perform in a proactive manner and regularly exceeded 60% which is the threshold where Patrol loses the ability to perform proactively

in an effective manner. This is occurring even with the high percentage of officers committed to Patrol services.

ICMA analyzes and recommends better utilization and redeployment of personnel before making any recommendation for increased staffing. ICMA recommended significant increases in personnel resources for the Police Department to be able to have an impact on the recommended performance measures. We believe that given the recommended resources, we will accomplish the performance measures and achieve the goal of reduced crime and fear of crime.

ICMA recommended the Police Department sworn officer ranks be increased by ten positions to eighty seven officers. The Police Department agrees with this need and the implementation plan calls for an increase in sworn officers from the current strength of seventy seven to eighty seven officers over a two fiscal year period. The majority of these new officers will be committed to the Patrol Division but with an emphasis on providing additional resources to implement strategic policing. They will provide Patrol additional resources that are above the Saturation Index threshold.

ICMA further recommended that the Police Department add six full time CSOs and assign them to Patrol to be used as a resource in strategic policing. The Police Department is recommending an increase of five full time CSOs. Four of the full time CSOs and four of our current part time CSO positions (equivalent of six FTE) will be assigned to Patrol. One full time CSO will serve in Administration and allow us to reassign a Sergeant to Patrol. One part time CSO will remain in Administration. The CSOs in administration will be responsible for administrative duties such as the service and repair of fleet vehicles, maintaining found property and bicycles and operation of the impound lot.

ICMA recommends an increase of four support staff positions. These are a Crime Analyst, a Police Records Clerk in Criminal Investigations, a Police Records Clerk at the Service Desk to allow the Service Desk Officer to be reassigned to Patrol and an Evidence Technician to allow the Evidence Officer to be reassigned. The Police Department is recommending an increase of three positions, the Crime Analyst, one Police Records Clerk at the Service Desk and the Evidence Technician. The Department will review the workload demand on Police Records Clerks after implementation to determine if additional resources are needed in the future.

Strategic Policing

Definition

The ICMA study references the need for the Department to evolve from Problem Oriented Policing to Strategic Policing. The basic concept of strategic policing is:

A well planned and coordinated initiative using multiple resources in cooperation with community resources, with the goal of creating a sustainable impact on crime.

This is a simplified explanation in my words of the concept but will provide further explanation as to how it applies to the ICMA recommendations.

A well planned and coordinated initiative -

Strategic Policing is data driven. Sometimes it is referred to as intelligence led policing. It requires the tracking of criminal or traffic activity and analysis of data to identify problem areas or targets. Strategic Policing expands problem oriented policing from the observations of individual personnel on specific problems to ongoing analysis of data to identify and link crime and activity and emerging criminal trends. This makes the Crime Analyst position an important component of the implementation plan. The Police Department lacks the capacity to do the in depth analysis for strategic policing. The Police Department does not have anyone with the skills set and training much less the time needed to provide adequate crime analysis. As the consultant Mr. McCabe said, when everyone is responsible, no one is responsible and it doesn't get done. This describes the current status of crime analysis with the Police Department.

Once we have the data to identify problems and targets, the Department needs to have a well coordinated action plan. This will be the responsibility of the Special Operations Sergeants under the leadership of the Patrol Captain.

Currently, our Patrol Sergeants are committed to supervising their shifts which encompass specific hours of the day. They are temporal or time oriented. They are supervising shifts that are often under stress or beyond capacity to provide meaningful proactive police services. They do not have supervisory responsibility over other units or resources other than their Patrol shift officers. While they have been responsive to problems with the use of problem oriented policing, it is normally tied to addressing a specific problem within their time frame of responsibility. At the same time, the Patrol Captain is responsible for the total operation of the Patrol Division and lacks time to plan and then carry out strategic policing activities. He cannot cover strategic operations 24 hours per day.

The Special Operations Sergeants are the second key link in the implementation of strategic policing. The Special Operations Sergeants will be provided training to prepare them for their new duties in developing strategies to attack crime and traffic problems. Working as a team, they will develop plans to attack identified targets. They will be able to access a variety of resources to carry out the work once the plan is approved by the Patrol Captain. Again, working as a team, the Sergeants will oversee the operations to ensure that activities and work are completed as planned. The Special Operations Sergeants and the Crime Analyst will conduct after action review and measurements of data to determine if there has been an impact and also determine if further action is needed.

Using multiple resources –

Many of the Department's problem oriented policing efforts have been conducted in a silo manner. We have not been able to incorporate or coordinate our resources when attempting to address problems. The lack of resources is still the most significant obstacle, yet there are others. For example, lack of relevant crime analysis data and assigned responsibility for planning, coordination and oversight of strategic policing initiatives is another that was discussed above. Another barrier is the organizational plan for the Department. ICMA recommends that many units or special operations be consolidated under the Special Operations Sergeants in the Patrol Division. The Department leadership recognizes the value in this and has planned to consolidate the Code Enforcement Unit, (CSOs), School Resource Officer Unit, (SROs) and our Housing Authority Officer under the supervision and leadership of the Strategic Policing Sergeants. ICMA also calls for the creation of a Crime Prevention Unit from new resources and these officers will also be assigned to the Special Operations Sergeants.

The Special Operations Sergeants would also be able to access Police Officer resources from the Swing or Impact Shift and the regular patrol shifts once a plan has been approved by the Patrol Captain. The Patrol Captain can obtain support from Investigations and the Drug and Violent Crime task force by working with the Criminal Investigations Division Captain.

This increase and realignment of resources will provide the Strategic Policing Sergeants multiple resources or tools within the Department to use to implement and carry out a strategic policing operation. Currently, our resources, whether Patrol, CSO, or others are consumed in providing responsive policing. It is important to understand that the reorganization of the Department without additional resources will not accomplish our goal or end game. It will result in placing four Sergeants in positions of responsibility without adequate data and analysis and without resources or tools in their toolbox to get the job done.

In cooperation with community resources –

The Police Department has many valued partnerships with the community in working to improve the quality of life in Grand Island. We cannot succeed without the support of the community. We will continue to work closely with our community partners and hopefully expand our cooperation under strategic policing as we have in some problem oriented policing efforts.

It is also vital to recognize that the safety of our community and success of the Police Department rests in the hands of our citizens. The Police Department enjoys good police/citizen cooperation and relationships. We are excited about the opportunities with strategic policing to strengthen and expand these relationships.

Implementation Plan Schedule

The Police Department proposal is a four year implementation plan. We recognize that it is aggressive but have chosen this schedule for the following reasons:

Timely – ICMA recommends that we implement the plan in a timely manner. The key to our ability to develop successful strategic policing initiatives is to have the resources or tools in place. We believe that front loading the implementation will provide the resources to fully implement strategic policing and hopefully allow us to impact the demand for responsive policing. Even with the proposed implementation, it will be late in 2015 before we have completed a full year of strategic policing with the recommended resources. It will be January of 2016 before we could assess our progress on some of the performance measures. Protracting the implementation over a longer period of time risks losing strategic policing resources and delaying attainment of performance objectives. Grand Island is continuing to grow and expand. Spreading implementation over a longer period of time will run the risk of new resources being absorbed into responsive policing as demand for services increases.

PD Logistical Capacity – The implementation plan calls for significant new resources and many substantial changes in the Department. Change takes time and energy to absorb and adjust. The hiring and assimilation of new employees takes time and resources within the Department. The Department is committed to the training and preparation of new Police Officers to serve our community. We believe that we can add five new Police Officer positions to the Department and also cover the hiring and training of replacement positions in one year with our resources and still ensure quality.

Officer Deployment Time – New Police Officer training takes approximately thirty two weeks to complete before the officer can be assigned to a Patrol shift. The State Academy offers three law enforcement certification courses per year further delaying our ability to hire new officers. Implementation of any sworn officers for strategic policing must take into consideration the limited classes at the State Academy and the time it takes for academy and field training an officer. The time required is typically ten to eleven months. Any delay or extension of adding Police Officers to the Department will extend deployment accordingly. An easy rule of thumb is to add one year onto implementation and performance measure attainment.

Operational Support

The Police Department has been consistently reviewing practices for several years and will continue. We have begun the review of department responses to alarms and traffic accidents in the City in cooperation with the City Public Safety Committee. We will continue to seek efficiencies in our work while ensuring quality service to the community.

We have prepared a cost estimate for the implementation of Field Reporting technology for the Department. Our fleet of patrol vehicle have in-car computer systems. These allow the officers to perform a variety of tasks and data searches, including the completion of some reports. Spillman has developed a Field Reports software module that allows officer to take formatted offense reports in the field. The software provides for the field report to be transferred to the Police Department records system automatically without further data entry.

There are four options the Department can use at this time for getting offense data into our records system without a Field Reports program. None of the current options is as efficient as the new Field Reporting program.

- An officer can take a report in a notebook. The officer can then return to his/her car and type the report on the car computer. This requires officers who are not expedient at data entry to do their own typing. The car computers are not ergonomically set up for entering large amounts of data. It also creates officer safety concerns when an officer is focused on typing while sitting in his/her patrol car on the street or in a parking lot, especially at night. The officer would be using multiple data entry screens in the Spillman records system that are not formatted that will result in more errors in what information is inputted.
- An officer can have the victim of the crime come to the patrol car and sit in the car while the officer types the information on the in-car computer. This has the same disadvantages as the above in typing ergonomics, accuracy, and officer safety. In addition, it can be highly inconvenient or often not feasible for every victim to come to sit in the patrol car.
- The officer can take the report in a notebook. The Officer would then have to travel to the Police Department or one of our two substations. The officer would use a desktop computer to enter the offense report. This uses more time in that the officer must drive to a location to data enter the report. The officer would still be using multiple data entry screens in the Spillman records system that are not formatted that will result in more errors in what information is inputted.
- The officer can take the report on a standardized report form. This form is then turned in and data entry is completed by a records clerk. This method reduces errors; however it still requires that the information be processed by multiple people and also creates a lag time from when the report is taken and when it is entered into the records system. This can create case investigation problems when other officers do not have access to the information. This is the current system being used by the Department.

Each of the four current options has significant problems and none are as efficient as a field reporting program. Field reporting can create efficiencies for the Department. We

would not have officers taking information on paper and then having to have that information entered into our records system either by an officer or records clerk. The information would be transferred directly into the system. The offense reports are custom formatted and use drop down tables that the officer follows which reduce errors to a minimum. The custom formatting and use of drop down tables reduces the amount of typing required to complete a report.

Field reporting requires the use of lightweight, mobile hardware to be user friendly. Officers do not take reports in their cars. They take them at residences, businesses, on the street, in parking lots and many other locations. Seldom is the victim of an offense sitting in a patrol car while the officer takes a report. Officers need hardware that allows them to take a report where the victim is located to be practical.

There are two current hardware options that are lightweight and mobile enough for field reporting; smart cell phones and tablets. Smart cell phones require cellular service with a data plan for each device. This option appears cost prohibitive for the Department as the cell and data plans would cost hundreds of dollars per year per device.

Tablets can be used with a wireless hotspot to provide the same service. The Department cost estimate of implementing Field Reporting is using the option of hand held tablets and the patrol cars cellular modems serving as wireless hotspots for the tablets. Spillman software operates on Windows so the Department would be required to purchase Windows 7 compatible tablets.

The Department recommendations are cost estimates. We worked with staff from the City IT Department to develop our estimates of cost. We believe that the estimates are reasonably accurate. We have also included an option to provide Field Reporting to our CSOs. Once again, there would be significant efficiencies gained by having the data being directly entered by the CSOs in the field. CSO vehicles would not need in-car computers to implement Field Reporting.

We have addressed the ICMA recommendations for training in the Department. We take pride in the level and quality of training we provide our employees with the resources provided. At the same time we recognize that there are areas we need to improve.

A critical area of concern is that the training function is supervised by one Sergeant. This Sergeant also has many other responsibilities that need to be done yet distract from the Sergeant's ability to devote time to training. The ICMA consultants felt that this position was critically overextended. This will be compounded with growth in the Department. We are following the ICMA recommendation to add a Police Officer position to the training function to ensure that we maintain and improve the quality of our in-service training.

The other significant area is leadership development. The Department has curtailed our training for our all of our supervisory and leadership as resources have been reduced. We recognize the value and need for supervisor leadership development. We are

recommending funding to create a supervisory leadership training track. We believe the Northwestern University's two week school of Police Supervision could be a key component of our leadership development plan. It is an outstanding program and reasonably available for scheduling new Sergeants to attend.

Implementation Cost Summary

We have provided a cover page that gives the cost summary of implementing the ICMA recommendations over the Department four year plan. We have also provided explanation summaries for the following:

- Operational Support Costs per Police Officer – The costs are derived from the department's program budget for the 2012/2013 fiscal year.
- Operational Support Costs per Community Service Officer – The costs are derived from the department's program budget for the 2012/2013 fiscal year.
- Police Patrol Fleet Costs for Expanded Officers
- CSO Fleet Costs for Expanded CSOs
- Police Mobile Field Report System Costs
- CSO Mobile Field Report System Costs

The cost summaries do not include recommended Operational costs that we are recommending for the following:

- Crime Prevention Unit – The Police Department does not have or support a crime prevention function. The Crime Prevention Unit will need operational support for printing and materials.
- Community Service Officer – The Department discontinued the nuisance abatement funds for cutting weeds and grass. This funding will allow CSOs to abate these nuisance complaints in a more timely and efficient manner.
- Crime Analyst Support – The new position of Crime Analyst will require the equipping of a workspace and also the investment in software used for crime analysis. The crime analyst will be required to complete initial certification training and continuing education training.

The cost summaries do not include the impacts upon other departments in the City. The Implementation Chart attempts to identify other departments that will be impacted; however, we are unable to assess the scope or cost of the impact.

Conclusion

The Police Department leadership believes that the ICMA study provides direction and opportunity for the Department to reach the End Game, reduced crime and fear of crime in Grand Island. We have prepared an implementation plan based upon the ICMA study that will allow us to move forward towards that goal. We recognize that this requires significant new resources. We also recognize that this creates a difficult challenge for the

City Council. We ensure you that whatever the course of action, the members of the Grand Island Police Department will remain committed to our spirit of service to our community.

MEMORANDUM

TO: The Honorable Jay Vavricek, Mayor of the City of Grand Island and Members of the Grand Island City Council
FROM: Members of the Special Committee on Public Safety
RE: Final Report of the Special Committee on Public Safety
DATE: July 17, 2012

I. INTRODUCTION

On August 11, 2011 the Grand Island City Council (Council) approved Resolution 2012-212 which authorized the International City/County Managers Association (ICMA) to perform a public safety study of the City of Grand Island (City). On April 28, 2012 representatives from ICMA presented the completed study to the Council.

In May, 2012 former City Administrator Mary Lou Brown formed the Special Committee for Public Safety to review the ICMA study and make recommendations to the Administration and Council as to what changes should be made to the City's public safety departments. The members of that committee are:

Bob Sivick, City Attorney (Chairperson)
Steve Lamken, Police Chief
Tim Hiemer, Fire Division Chief
Jon Rosenlund, Emergency Management Director
Brenda Sutherland, Human Resources Director
Jaye Monter, Finance Director
John Collins, Public Works Director

Carla Englund, Secretary to the City Attorney
(Committee Staff)

II. COMMITTEE DISCUSSIONS

The Committee met regularly and thoroughly discussed a number of issues including:

A. Police

1. Strategic Approach to Managing Operations
2. Call for Service Committee
3. Swing Shift
4. Special Operations Sergeants
5. Increase Number of CSOs
6. Crime Prevention Program and Crime Prevention

Officer

7. Case Management System to Track Data
8. Civilian Administrator in CID
9. Civilian in CID for Intelligence and Crime Analysis
10. Review Crime Scene Investigations Protocols
11. Merging Administration into CID and Eliminating Captain Position
12. In Car System for Producing Reports
13. Leadership Development Program
14. Coordinating Internal Investigations
15. Assign Personnel For:
 - a. Training
 - b. Intelligence
 - c. Community Policing

B. Fire

1. Integrated Risk Management Planning
 - a. Quantify Risks and Hazards
 - b. Rigorous Fire Prevention Program
 - c. Training Residents as to Fire Prevention
 - d. Structure Inspections
 - (1) Industrial
 - (2) Commercial
 - (3) Residential
2. Software to Indentify Risks
 - a. Fire
 - b. EMS Calls
3. Paramedic Training and Staffing
4. Smaller Vehicles for EMS Calls
5. Leadership Succession
6. Leadership Organizational Structure
7. Community Risk Analysis for Fire
 - a. Assignments
 - b. Staffing
8. Private Staffing of Ambulance Services
9. Reducing Staffing in Stations 3 & 4
10. Develop Quality/Time Review System for EMS
11. Achieve Accreditation from Fire Accreditation International
12. Review and Revise Strategic Plan
13. Evaluate CAFS for Fire Suppression Apparatus
14. Multipurpose Apparatus for Stations 3 & 4

15. Public Access Defibrillation Program
16. Mobile Data Terminals for Emergency Response Vehicles

C. Emergency Management

1. Joint Committee on Communications to Review:
 - a. Staffing
 - b. Call Taking
 - c. Response Times
2. All Hazard Mitigation and Response Plan
 - a. Public Works
 - b. Utilities
 - c. City Administration
3. Medical Priority Dispatch System
4. Customer Response Information
5. Meet NFPA Standards for Dispatch and Turnout Times
6. Automatic Vehicle Locator System for Computer Aided Dispatch System

The Committee considered all the above topics worthy of thorough discussion. However, given the short timetable to complete its assigned task and the City's limited resources to implement all recommended changes, the Committee focused on three recommendations to be implemented during the 2012-13 fiscal year.

III. COMMITTEE RECOMMENDATIONS

The Committee does hereby make the following recommendations for the 2012-13 fiscal year:

A. Increase Police Department Staffing

Like all City Departments, the Grand Island Police Department (GIPD) has been under budgetary pressure for the last several years. The findings of the ICMA study reinforced and confirmed Police leadership's belief the GIPD needed additional staff to carry out its mission of protecting the people of Grand Island and their property. Accordingly, the Committee recommends the City's elected leadership take the necessary steps to implement staffing increases for the GIPD pursuant to the plan presented by Chief Lamken.

B. Implement a Fire Department Equipment Replacement Program

Presently the Grand Island Fire Department is operating with an equipment fleet that has aged to the point whereby the expense due to increased maintenance exceeds what would have been necessary if the equipment had been replaced in a more timely fashion. This lack of an equipment replacement program has also led to increased downtime of vital fire fighting and emergency rescue equipment. In addition, this necessitates the sudden increased expense of having to replace equipment when it is no longer serviceable. This impairs the ability of the City to effectively plan future budgets with steady consistent equipment replacement expenses. The Committee recommends the City's elected leadership implement an equipment replacement program for the GIFD.

C. Contract with a Private Firm for Ambulance Billing Collections

Presently the City handles ambulance service collections in-house with a collection rate of 53%. Research by the Committee indicated other cities that contract privately for ambulance collections have a higher rate of collections. For instance, the City of Lincoln, which contracts its ambulance collection services, has a collection rate of approximately 80%. The Committee recommends the City's elected leadership direct City staff to begin taking the necessary steps to ultimately contract out its ambulance collections.

Respectfully Submitted,

Robert J. Sivick - Chairperson
City Attorney

Steven Lamken
Police Chief

Tim Hiemer
Fire Division Chief

Jon Rosenlund
Emergency Management Director

Brenda Sutherland
Human Resources Director

Jaye Monter
Finance Director

John Collins
Public Works Director

ICMA Recommendations

Summary of Major Recommendations (pages 13 – 15)

- **Adopt a strategic approach to managing police operations.**

Track PD performance measurements as indicators of department progress. (Page 27)

1. Performance Domain – Crime Reduction
Measure – UCR Part 1 crime rate
Benchmark – NE top 9 City average
Target – 3.773 serious crimes per 100,000. Violent Crime Rate – 265, Property Crime 3,508
2. Performance Domain – Holding Offenders Accountable
Measure – Crime Clearance Rate
Benchmark – UCR Part 1 average group IV (25 – 50 thousand) cities percent of cases cleared.
Target – Violent Crime 49.9%, Property Crime – 21.3 %
3. Performance Domain – Fear of Crime
Measure – ICMA National Cities Survey
Benchmark – IMCA Nation Cities Survey
Target – Average
4. Performance Domain – Public Centered Crime Defense
Measure – Crime Prevention Programs
Benchmark – Baseline
Target – Increase overall baseline
5. Performance Domain – Traffic Safety
Measure – Traffic Accidents and Injuries
Benchmark – Traffic Injury Rate of injuries per population
Target – Baseline to be determined
6. Performance Domain - Providing Emergency Services
Measure – Calls for service response time and Saturation Index.
Benchmark – Calls for service response time. Saturation index.
Target – Less than 5.0 min for priority 1 calls. Less than 60% saturation index.

GIPD adopt strategic policing approach with each major category of crime, traffic crashes, and quality of life violations. Plans addressing each – should be written and disseminated throughout the department and ultimately integrated into an overall strategic plan. (Page 35)

- **Empanel a “calls for service” committee with relevant stakeholders to identify calls of service that can be eliminated from a sworn police response.**

ICMA recommends from a policy perspective, the responses to major categories of calls for service be reduced; including responses to traffic accidents involving only property damage, an alarm call back system be instituted; and 911 call takers and dispatchers be trained to trigger a police response in cases only when there is an emergency situation. (Page 40)

- **Create a third shift of officers (called a swing shift or impact team) and staff it with an appropriate number of officers and supervisors. This shift would supplement the current patrol deployment and would also engage in proactive enforcement to address crime and quality of life issues in the community.**

Patrol Shift Staffing Model (Page 53)

Shift	Team	Sergeants	Officers
Days	A	2 (1 –patrol, 1 spec. ops)	8
Days	B	2 (1 –patrol, 1 spec. ops)	8
Nights	A	2 (1 –patrol, 1 spec. ops)	8
Nights	B	2 (1 –patrol, 1 spec. ops)	8
Swing	A	1(patrol)	5
Swing	B	1(patrol)	5

Recommended that consideration be given to increasing sworn officer strength from current level of 77 sworn officers to an appropriate balance. Recommended strength based on data is 87. (Page 54)

- **Create a supervisory position on each shift called the special operations sergeant who will coordinate crime, traffic, and quality of life enforcement activities pursuant to the strategic management approach.**

Grand Island and PD enact and execute civil nuisance laws available to use in Strategic Policing. (Page 57)

- **Increase the number of community service officers to six full-time positions and assign two CSOs to each tour to assist the special operations sergeants in implementing strategic policing.**
- **Create a robust crime prevention program and staff a dedicated, sworn position of crime prevention officer.**

- **Take immediate steps to implement a case management system that allows GIPD investigative supervisors to track investigations by individual investigator as well as monitor the clearance rates of the unit as a whole. These are essential pieces of information to evaluate the effectiveness on investigative efforts.**
- **Staff the criminal investigations division with one permanent civilian staff member to assist in the administration and management of the division.**
- **Staff the criminal investigations division with one permanent civilian staff member assigned to criminal intelligence and crime analysis.**

Consideration should be given to civilianizing the sworn officer in Evidence and staffing the function with two civilian evidence technicians. (Page 67)

- **Review protocols for crime scene investigations.**
- **Consideration should be given to folding the administration division and criminal investigation division into thus transferring oversight of both functions to one captain and eliminating a captain position from the agency.**

Recommend transfer of SROs to Patrol Special Operations Sergeants instead of the Training Sergeant. (Page 71)

Recommend that CSOs conducting code enforcement should be reassigned to Patrol under the Special Operations Sergeants. (Page 71)

Recommend that Service Desk Officer be civilianized and the officer be reassigned to an operational assignment in the department.(Page 72)

- **Empanel a joint committee on communications comprised of representatives from all agencies to discuss staffing, call taking, response, and emergency management issues.**
- **The PD and City should take immediate steps to determine what is needed to implement a filed reporting system for the department. A portable, in-car system is needed to obtain higher quality reports in a more efficient and timely manner.**
- **Institute a formal leadership development program for midlevel supervisors to ensure future leadership excellence within the PD.**
- **The department should consider designating investigative capacity to coordinate all internal investigations.**

- **Add sworn personnel to positions responsible for the areas of training, criminal intelligence, and community policing.**

Ancillary Recommendations

- **It is strongly recommended that the Chief identify and task one individual with responsibility for implementing these recommendations . This person should be given the authority and responsibility to effectuate the changes recommended – to ensure recommendations are executed in a timely fashion. (Page 17)**
- **All of the ICMA recommendations - - should be implemented by the police administration with a reasonable period of time. (Page 17)**

Grand Island Police Department
Implementation Plan
for the
ICMA Public Safety Study

End Game

Reduce Crime and the Fear of Crime
in Grand Island

Benchmarks

Performance Objectives

-  Crime Reduction – 3773/100,000 population
-  Crime Clearance – Violent 50%, Property 21.3%
-  Fear of Crime – City Survey
-  Crime Defense – Crime Prevention Programs
-  Traffic Safety – to be determined
-  Emergency Services – 5 min. Response Time to Priority 1 Calls. Less than 60% Saturation Index.

Resources

- 🌊 Saturation Index – Above 60% - Upper Threshold

- 🌊 Police Officers

 - 🌊 Ten Additional Officers

 - 🌊 Replacement and Reassignment of Two Officers

- 🌊 CSOs – 5 FTE Positions

- 🌊 Support Staff – 3 FTE Positions

Strategic Policing

A well planned and coordinated initiative, using multiple resources in cooperation with community resources, with the goal of creating a sustainable impact on crime.

Strategic Policing

“A well planned and coordinated initiative” –

Crime Analysis and Targeting

Special Operations Sergeants

Strategic Policing

- ☛ “using multiple resources” –
 - ☛ Swing/Impact Shift
 - ☛ Patrol Shifts
 - ☛ Crime Prevention Unit
 - ☛ Code Enforcement Unit
 - ☛ Investigations
 - ☛ Drug and Violent Crime Task Force
 - ☛ School Resource Officers
 - ☛ Housing Authority Officer

Strategic Policing

“in cooperation with community resources” –

- ☞ Citizens
- ☞ Law Enforcement
- ☞ County and City Attorneys
- ☞ Schools
- ☞ Housing Authority
- ☞ Probation & Juvenile Services
- ☞ Service Providers

Implementation Plan

- Four Year Schedule

- Timely – (ICMA, page 17)

- PD Logistical Capacity

- Officer Deployment Time

Operational Support

- Review of Current Practices

- Field Reporting Technology

- Training

- Leadership Development

Implementation Costs Summary

<u>Program</u>	<u>2012/13</u>	<u>2013/14</u>	<u>2014/15</u>	<u>2015/16</u>
Police Officers	\$561,690	\$820,220	\$861,862	\$921,047
CSOs	\$137,723	\$213,619	\$286,556	\$313,649

8-21-2012 Updated Costs
August Officer Support Costs 2012 Budget

We have changed one item in this document. We removed the reference to purchasing the brand of Data 911 mobile video and computing equipment. We will still be purchasing a Data 911 mobile video system for the vehicle, but will be purchasing a Dell tablet for the computer equipment. The computer equipment also includes a thermal printer and a scanner.

One Patrol Officer

Reoccurring costs every year after FY 2014 - \$18500 for vehicle

8-21-2012 Updated Costs

August 21, 2008 Mobile Field Reporting Implementation Cost Estimates

We have continued to research possible methods for implementation of Spillman Mobile Field Reporting with the support of City IT staff. We have developed a solution that we believe will reduce the costs of implementing the program.

City IT personnel have identified a new mobile tablet that has just become available on the market that will significantly change the Police Department's proposal for implementation of mobile field reporting. The new Dell tablets incorporate technology that will allow us to use the tablet as both our in-car computer and a handheld field reporting device. This will create savings in the cost of the mobile field reporting project and should also create some efficiencies in the cost of maintaining our mobile data equipment.

In addition, the Police Department is initiating an electronic citation program with support funding from the State Crime Commission. The Crime Commission is purchasing thermal printers and scanners for the current patrol fleet so that we can begin submitting electronic citations to the Courts.

We have also been able to better identify Spillman licensing costs for fleet vehicles and employees.

We have made estimates on the information we have developed. The following is the modified cost of mobile field reporting based upon the new Dell tablets and revised licensing cost estimates.

Patrol

2012/2013

\$ 45,200	Spillman Field Reports licensing for twenty six vehicles (current fleet size)
\$ 6,000	Cost for two additional patrol vehicles and five additional police officer Spillman licenses.
<u>\$ 70,200</u>	Cost of 26 Dell Tablets including vehicle docking and mounting brackets. \$2,200/tablet, \$500/hardware.
\$121,400	

2013/2014

\$ 2,000	Spillman Maintenance Agreement
\$ 3,200	Cost for one additional patrol vehicle and five additional police officer Spillman licenses
<u>\$ 1,800</u>	Wireless service for three additional vehicles.
\$ 7,000	

8-21-2012 Updated Costs

2014/2015

\$ 2,000	Spillman Maintenance Agreement
\$ 2,200	One replacement tablet
<u>\$ 1,800</u>	Wireless service for three additional vehicles
\$ 6,000	

2015/2016

\$ 2,000	Spillman Maintenance Agreement
\$ 22,000	Nine replacement tablets (1/3 of the fleet) and 3 replacement docking stations
<u>\$ 1,800</u>	Wireless service for three vehicles
\$ 25,100	

2016/2017

\$ 2,000	Spillman Maintenance Agreement
\$ 22,000	Nine replacement tablets (1/3 of the fleet) and 3 replacement docking stations
<u>\$ 1,800</u>	Wireless service for three vehicles
\$ 25,100	

Community Service Officer

2012/2013

\$ 8,500	Spillman licensing for CSO fleet and 6 CSO employees
\$ 13,500	Five Dell tablets including vehicle docking and mounting brackets
<u>\$ 3,000</u>	Annual wireless service costs for CSO fleet
\$ 25,000	

2013/2014

\$ 2,000	Spillman licensing for two additional CSO employees
<u>\$ 3,000</u>	Annual wireless service costs for CSO fleet
\$ 5,000	

2014/2015

\$ 3,000	Annual wireless service costs for CSO fleet
<u>\$ 2,200</u>	One replacement tablet
\$ 5,200	

8-21-2012 Updated Costs

2015/2016

\$ 3,000	Annual wireless service costs for CSO fleet
<u>\$ 4,400</u>	Two replacement tablets
\$ 7,400	

2016/2017

\$ 3,000	Annual wireless service costs for CSO fleet
<u>\$ 4,400</u>	Two replacement tablets
\$ 7,400

Review of Funding Options

☛ Cell Phone Occupation Tax Increase

- ☛ Increase from 3% to 6% – approximately \$486,000

☛ Property Tax Increase

- ☛ Current Mill Levy - .3241

- ☛ \$324 annual, \$27 per month, on \$100,000 home

- ☛ .01 mill levy generates approximately \$250,000

- ☛ And would add an additional .83 cents per month for owner of \$100,000 home or \$10 per year.

☛ Allocate portion of Cash Reserves

**Option #1 w/
Cell Phone Tax**
