Item G-14

#2013-225 - Approving Certificate of Final Completion - Water Main Project 2013-W-1 - Clark Street at the Union Pacific Railroad Tracks

Staff Contact: Tim Luchsinger, Utilities Director

Council Agenda Memo

From: Timothy Luchsinger, Utilities Director

Meeting: July 9, 2013

Subject: Certificate of Final Completion Water Main Project
2013-W-1 Clark Street and Union Pacific Railroad
Tracks

Item #'s: G-14

Presenter(s): Timothy Luchsinger, Utilities Director

Background

The original water line in Clark Street, where it crosses under the Union Pacific Railroad, was installed in 1917. The main was installed without a protective casing as is standard practice today. Due to the age of the water main and potential damage if the pipe should fail, plans and specifications were prepared for Water Main Project 2013-W-1. The construction provided for replacing the existing direct buried water line with a new 12” ductile-iron water main inside a 24” diameter outer steel casing beyond the limits of the trackage. A map of the crossing area is attached for reference.

Discussion

The project has been completed by Van Kirk Brothers Contracting of Sutton, Nebraska, in accordance with the terms, conditions, and stipulations of the contract, plans and specifications. The contracted amount for the work was \$79,798.50.

Alternatives

It appears that the Council has the following alternatives concerning the issue at hand. The Council may:

1. Move to approve
2. Refer the issue to a Committee
3. Postpone the issue to future date
4. Take no action on the issue

Recommendation

City Administration recommends that the Council accept the Certificate of Final Completion for Water Main Project 2013-W-1, Clark Street and the Union Pacific Railroad tracks.

Sample Motion

Move to approve the Certificate of Final Completion for Water Main Project 2013-W-1.
