**Public Hearing on Redevelopment Plan for Property Located at
217 N. Locust Street, the former Masonic Temple Building**

Council Agenda Memo

From: Chad Nabity, AICP

Meeting: May 27, 2014

Subject: Amendment to Redevelopment Plan for CRA Area #1

Item #'s: E-3 & I-3

Presenter(s): Chad Nabity, AICP CRA Director

Background

In 2000, the Grand Island City Council declared property referred to as CRA Area #1 as blighted and substandard and approved a generalized redevelopment plan for the property. The generalized redevelopment plan authorized the use of Tax Increment Financing (TIF) for the acquisition of property, redevelopment of property, site preparation including demolition, landscaping and parking. TIF can also be used for improvements to and expansion of existing infrastructure including but not limited to: streets, water, sewer, drainage.

Anson Investment and Development, the owner of Tower 217 (Masonic Temple Building) has submitted a proposed amendment to the redevelopment plan that would provide for renovation and redevelopment of this property for mixed use commercial, office and residential space at 217 N. Locust Street in Grand Island, Nebraska.

The CRA reviewed the proposed development plan on April 16, 2014 and forwarded it to the Hall County Regional Planning Commission for recommendation at their meeting on May 7, 2014. The CRA also sent notification to the City Clerk of their intent to enter into a redevelopment contract for this project pending Council approval of the plan amendment.

The Hall County Regional Planning Commission held a public hearing on the plan amendment at a meeting on May 7, 2014. The Planning Commission approved Resolution 2014-06 in support of the proposed amendment, declaring the proposed amendment to be consistent with the Comprehensive Development Plan for the City of Grand Island.

Discussion

Tonight, Council will hold a public hearing to take testimony on the proposed plan amendment (including the cost benefit analysis that was performed regarding this proposed project) and to enter into the record a copy of the plan amendment, the draft TIF contract under consideration by the CRA.

Council is being asked to approve a resolution approving the cost benefit analysis as presented in the redevelopment plan along with the amended redevelopment plan for CRA Area #1 and authorizes the CRA to execute a contract for TIF based on the plan amendment. The redevelopment plan amendment specifies that the TIF will be used to offset allowed costs for renovation and rehabilitation of this property into commercial and residential units. The cost benefit analysis included in the plan finds that this project meets the statutory requirements for as eligible TIF project and that it will not negatively impact existing services within the community or shift additional costs onto the current residents of Grand Island and the impacted school districts. There is \$1,187,826 of identified expenses eligible for Tax increment financing associated with the proposed redevelopment plan amendment. The bond for this project will be issued for a period of 15 years and will end upon final payment of the bond principal and any associated interest. The proposed bond for this project will be issued for the expected TIF proceeds for the 15 year period of \$236,000

Alternatives

It appears that the Council has the following alternatives concerning the issue at hand. The Council may:

1. Move to approve the resolution
2. Refer the issue to a Committee
3. Postpone the issue to future date
4. Take no action on the issue

Recommendation

The CRA and Hall County Regional Planning Commission recommend that the Council approve the Resolution necessary for the adoption and implementation of this plan.

Sample Motion

Move to approve the resolution as submitted.

**Redevelopment Plan Amendment
Grand Island CRA Area #1
April 2014**

The Community Redevelopment Authority (CRA) of the City of Grand Island intends to amend the Redevelopment Plan for Area #1 with in the city, pursuant to the Nebraska Community Development Law (the “Act”) and provide for the financing of a specific infrastructure related project in Area #1.

Executive Summary:

Project Description

THE REDEVELOPMENT OF TOWER 217 FORMALLY KNOWN AS THE MASONIC TEMPLE BUILDING INTO A SEVEN STORY MIXED USE BUILDING COMBINING COMMERCIAL AND RESIDENTIAL SPACE IN DOWNTOWN GRAND ISLAND AT 217 N LOCUST STREET IN GRAND ISLAND, NEBRASKA INCLUDING FIRE/LIFE SAFETY IMPROVEMENTS AND BUILDING REHABILITATION.

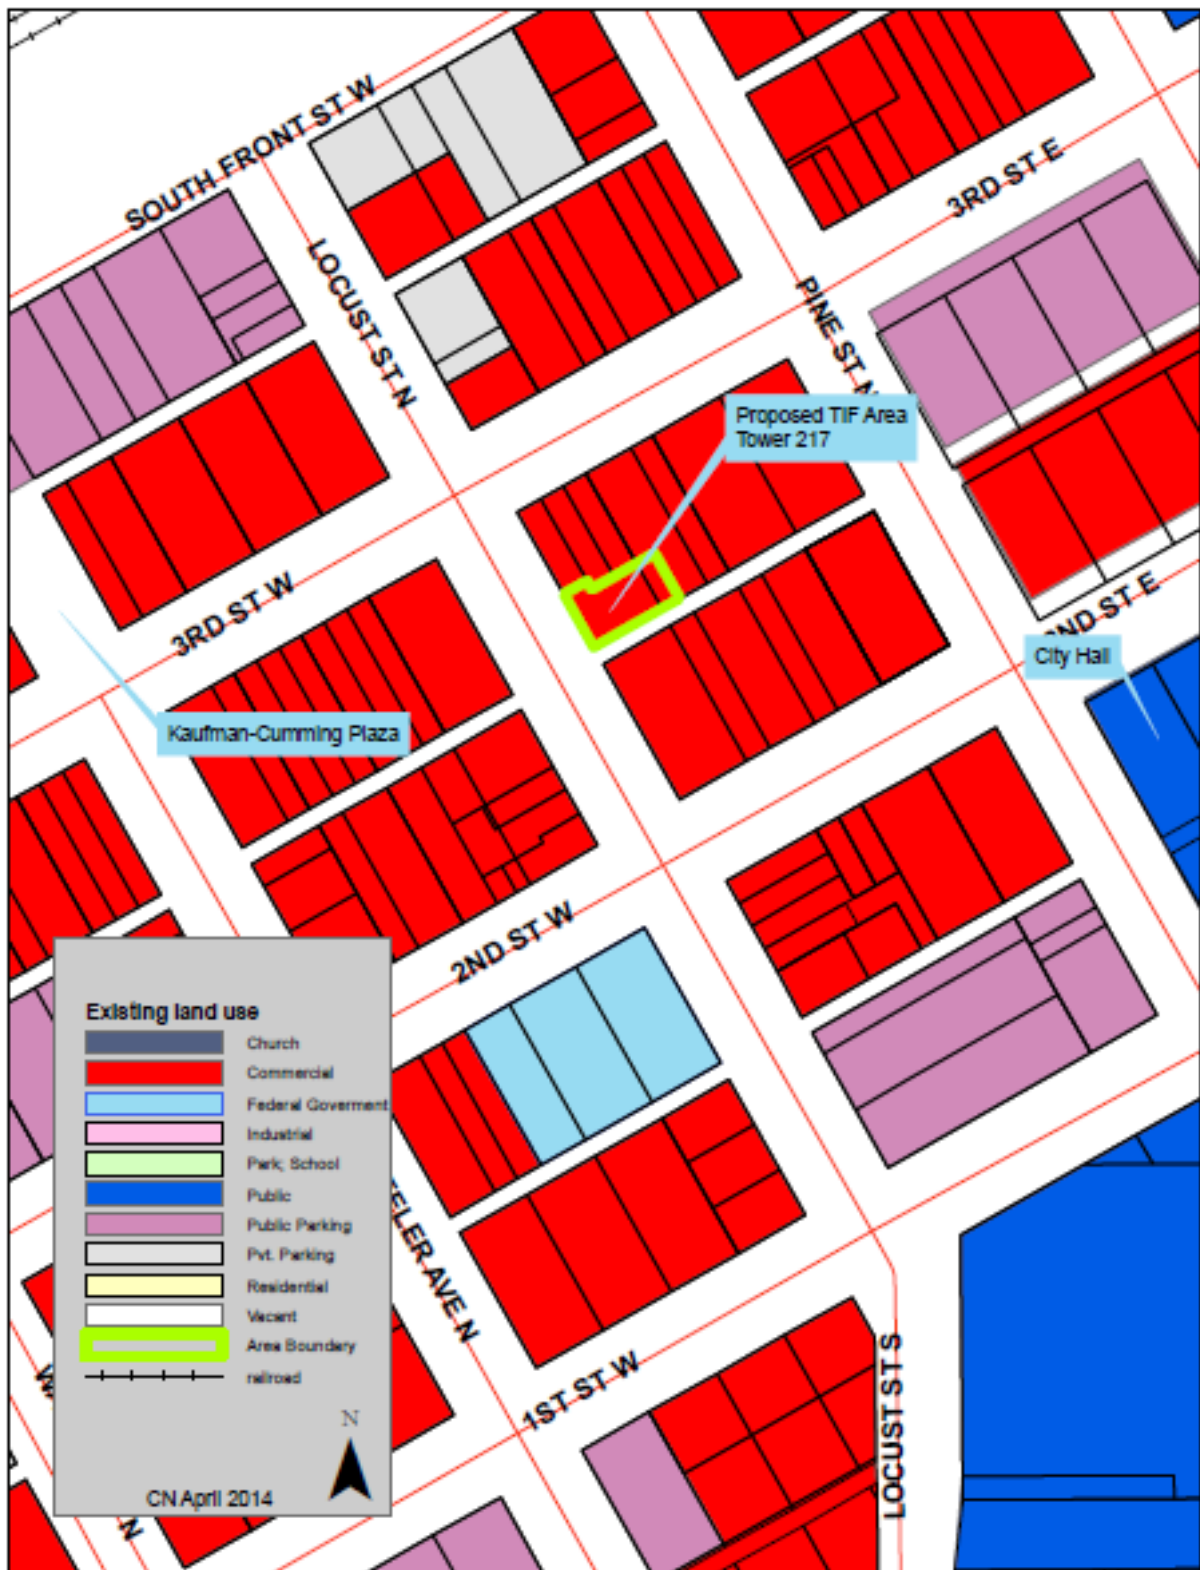

The use of Tax Increment Financing to aid in rehabilitation expenses associated with redevelopment of the Masonic Temple Building into Tower 217. The use of Tax Increment Finance is an integral part of the development plan and necessary to make this project cash flow. The project will result in renovated commercial space and additional market rate residential space in Downtown Grand Island. This project would not be possible without the use of TIF.

Anson Investment and Development is the owner of the property and has been exploring options for the redevelopment of this property since April of 2012. The building is currently vacant. All activities related to the renovation of this building will be paid for by Anson Investment and Development. They will be seeking grants and other funding but will be responsible for all the costs associated with the project. The developer is responsible for and has provided evidence that they can secure adequate debt financing to cover the costs associated with the acquisition, site work and remodeling. The Grand Island Community Redevelopment Authority (CRA) intends to pledge the ad valorem taxes generated over the 15 year period beginning January 1, 2016 or 17 towards the allowable costs and associated financing for the acquisition and site work.

TAX INCREMENT FINANCING TO PAY FOR THE REHABILITATION OF THE PROPERTY WILL COME FROM THE FOLLOWING REAL PROPERTY:
Property Description (the “Redevelopment Project Area”)

217 N. Locust Street in Grand Island Nebraska Masonic Temple Building “Tower 217”

Legal Descriptions: The west 17 1/2' of the south 44' Lot 3 and the north 8' of the south 52' of the west 22' and the south 44' of Lot 4 Block 66 of Original Town in Grand Island, Hall County, Nebraska.

Existing Land Use and Subject Property

The tax increment will be captured for the tax years the payments for which become delinquent in years 2017 through 2031 inclusive.

The real property ad valorem taxes on the current valuation will continue to be paid to the normal taxing entities. The increase will come from rehabilitation of this vacant historic building for mixed commercial and residential uses as permitted in the B3 Heavy Business Zoning District and as encouraged by numerous downtown development plans and studies.

Statutory Pledge of Taxes.

Pursuant to Section 18-2147 of the Act, any ad valorem tax levied upon real property in the Redevelopment Project Area shall be divided, for the period not to exceed 15 years after the effective date of the provision, which effective date shall be January 1, 2016.

a. That portion of the ad valorem tax which is produced by levy at the rate fixed each year by or for each public body upon the redevelopment project valuation shall be paid into the funds, of each such public body in the same proportion as all other taxes collected by or for the bodies; and

b. That portion of the ad valorem tax on real property in the redevelopment project in excess of such amount, if any, shall be allocated to and, when collected, paid into a special fund of the Authority to pay the principal of; the interest on, and any premiums due in connection with the bonds, loans, notes, or advances on money to, or indebtedness incurred by, whether funded, refunded, assumed, or otherwise, such Authority for financing or refinancing, in whole or in part, a redevelopment project. When such bonds, loans, notes, advances of money, or indebtedness including interest and premium due have been paid, the Authority shall so notify the County Assessor and County Treasurer and all ad valorem taxes upon real property in such redevelopment project shall be paid into the funds of the respective public bodies.

Pursuant to Section 18-2150 of the Act, the ad valorem tax so divided is hereby pledged to the repayment of loans or advances of money, or the incurring of any indebtedness, whether funded, refunded, assumed, or otherwise, by the CRA to finance or refinance, in whole or in part, the redevelopment project, including the payment of the principal of, premium, if any, and interest on such bonds, loans, notes, advances, or indebtedness.

Redevelopment Plan Amendment Complies with the Act:

The Community Development Law requires that a Redevelopment Plan and Project consider and comply with a number of requirements. This Plan Amendment meets the statutory qualifications as set forth below.

1. The Redevelopment Project Area has been declared blighted and substandard by action of the Grand Island City Council on December 19, 2000.[§18-2109] Such declaration was made after a public hearing with full compliance with the public notice requirements of §18-2115 of the Act.

2. Conformation to the General Plan for the Municipality as a whole. [§18-2103 (13) (a) and §18-2110]

Grand Island adopted a Comprehensive Plan on July 13, 2004. This redevelopment plan amendment and project are consistent with the Comprehensive Plan, in that no changes in the Comprehensive Plan elements are intended. This plan merely provides funding for the developer to rehabilitate the building for permitted uses on this property as defined by the current and effective zoning regulations.

3. The Redevelopment Plan must be sufficiently complete to address the following items: [§18-2103(13) (b)]

a. Land Acquisition:

The Redevelopment Plan for Area #1 provides for real property acquisition and this plan amendment does not prohibit such acquisition. There is no proposed acquisition by the authority.

b. Demolition and Removal of Structures:

The project to be implemented with this plan does not provide for the demolition and removal any structures on this property.

c. Future Land Use Plan

See the attached map from the 2004 Grand Island Comprehensive Plan. All of the area around the site in private ownership is planned for Downtown Commercial development; this includes housing and commercial uses within the same structure. This property is in private ownership. [§18-2103(b) and §18-2111] The attached map also is an accurate site plan of the area after redevelopment. [§18-2111(5)]

City of Grand Island Future Land Use Map

d. Changes to zoning, street layouts and grades or building codes or ordinances or other Planning changes.

The area is zoned B3-Heavy Business zone. No zoning changes are anticipated with this project. No changes are anticipated in street layouts or grades. No changes are anticipated in building codes or ordinances. Nor are any other planning changes contemplated. [§18-2103(b) and §18-2111]

e. Site Coverage and Intensity of Use

The developer is rehabilitating the existing building in phases beginning with the basement, first and second floors. Life safety improvements including a second stairway to the top of the building will be included in the first phase. Fire sprinklers added to the building as each phase is completed. Upper floors will be unused until such time as all safety and building code requirements are met to allow occupancy of each floor. The developer is not proposing to increase the size of the building and current building meets the applicable regulations regarding site coverage and intensity of use. [§18-2103(b) and §18-2111]

f. Additional Public Facilities or Utilities

Sewer and water are available to support this development. No new services are anticipated with this development.

Electric utilities are sufficient for the proposed use of this building.

No other utilities would be impacted by the development.

The developer will be responsible for replacing any sidewalks damaged during construction of the project.

No other utilities would be impacted by the development. [§18-2103(b) and §18-2111]

4. The Act requires a Redevelopment Plan provide for relocation of individuals and families displaced as a result of plan implementation. This property, owned by the developer is currently vacant; no relocation is contemplated or necessary. [§18-2103.02]

5. No member of the Authority, nor any employee thereof holds any interest in any property in this Redevelopment Project Area. [§18-2106]

6. Section 18-2114 of the Act requires that the Authority consider:

a. Method and cost of acquisition and preparation for redevelopment and estimated proceeds from disposal to redevelopers.

The developer owns this property and acquisition is not part of the request for tax increment financing. The estimated cost of rehabilitation of this property is \$1,132,686. Planning related expenses for Architectural and Engineering services of \$48,540 and are included as a TIF eligible expense. Legal, Developer and Audit Fees including a reimbursement to the City and the CRA of \$6,600 are included as TIF eligible expense. The total of eligible expenses for this project is \$1,187,826.

No property will be transferred to redevelopers by the Authority. The developer will provide and secure all necessary financing.

b. Statement of proposed method of financing the redevelopment project.

The developer will provide all necessary financing for the project. The Authority will assist the project by granting the sum of \$236,000 from the proceeds of the TIF Indebtedness issued by the Authority. This indebtedness will be repaid from the Tax Increment Revenues generated from the project. TIF revenues shall be made available to repay the original debt and associated interest after January 1, 2016 through December 2030.

c. Statement of feasible method of relocating displaced families.

No families will be displaced as a result of this plan.

7. Section 18-2113 of the Act requires:

Prior to recommending a redevelopment plan to the governing body for approval, an authority shall consider whether the proposed land uses and building requirements in the redevelopment project area are designed with the general purpose of accomplishing, in conformance with the general plan, a coordinated, adjusted, and harmonious development of the city and its environs which will, in accordance with present and future needs, promote health, safety, morals, order, convenience, prosperity, and the general welfare, as well as efficiency and economy in the process of development, including, among other things, adequate provision for traffic, vehicular parking, the promotion of safety from fire, panic, and other dangers, adequate provision for light and air, the promotion of the healthful and convenient distribution of population, the provision of adequate transportation, water, sewerage, and other public utilities, schools, parks, recreational and community facilities, and other public requirements, the promotion of sound design and arrangement, the wise and efficient expenditure of public funds, and the prevention of the recurrence of insanitary or unsafe dwelling accommodations or conditions of blight.

The Authority has considered these elements in proposing this Plan Amendment. This amendment, in and of itself will promote consistency with the Comprehensive Plan. This will have the intended result of preventing recurring elements of unsafe buildings and blighting conditions.

8. Time Frame for Development

Development of this project is anticipated to be completed between June 2014 and December of 2018. Excess valuation should be available for this project for 15 years beginning with the 2016 tax year. It is anticipated that phase 1 of this project including the basement, first and second floors will be completed by December 31 of 2015 and that the other phases will move forward when feasible.

9. Justification of Project

This is an historic building in downtown Grand Island that will be preserved with this project. Downtown redevelopment plans over the past 20 years have all stressed the need to develop additional upper story residential in the downtown area. The current downtown living units are all occupied. This project would add a combination of retail, office, restaurant and residential space within the confines of a single building.

10. Cost Benefit Analysis Section 18-2113 of the Act, further requires the Authority conduct a cost benefit analysis of the plan amendment in the event that Tax Increment Financing will be used. This analysis must address specific statutory issues.

(a) Tax shifts resulting from the approval of the use of Tax Increment Financing;

The redevelopment project area currently has an estimated valuation of \$99,655. The proposed redevelopment will create additional valuation of between \$466,000 and \$715,000 of additional valuation depending on the final configuration of the space. No tax shifts are anticipated from the project. The project creates additional valuation that will support taxing entities long after the project is paid off.

(b) Public infrastructure and community public service needs impacts and local tax impacts arising from the approval of the redevelopment project;

No additional public service needs have been identified. Existing water and waste water facilities will not be impacted by this development. The electric utility has sufficient capacity to support the development. It is not anticipated that this will impact schools. Fire and police protection are available and should not be negatively impacted by this development. The addition of life safety elements to this building including fire sprinklers and a second exit actually reduce the chances of negative impacts to the fire department.

(c) Impacts on employers and employees of firms locating or expanding within the boundaries of the area of the redevelopment project;

The proposed project will have no impact on other firms locating or expanding in the area.

(d) Impacts on other employers and employees within the city or village and the immediate area that are located outside of the boundaries of the area of the redevelopment project; and

This project will not have a negative impact on other employers and will result in additional housing choices for employees within the city as well as additional commercial opportunities.

(e) Any other impacts determined by the authority to be relevant to the consideration of costs and benefits arising from the redevelopment project.

This project will increase the quantity of available quality housing in Grand Island by a net of six single family homes. These types of smaller projects spread throughout the city will have a less drastic impact on neighborhoods and schools than a centralized larger housing project.

Time Frame for Development

Development of this project is anticipated to be completed during between June of 2014 and December 31 of 2018. The base tax year should be calculated on the value of the property as of January 1, 2015. Excess valuation should be available for this project for 15 years beginning in 2016 with taxes due in 2017. Excess valuation will be used to pay the TIF Indebtedness issued by the CRA per the contract between the CRA and the developer for a period not to exceed 15 years or an amount not to exceed \$236,000 the projected amount of increment based upon the anticipated value of the project and current tax rate. Based on the estimates of the expenses of the rehabilitation the developer will spend at least \$1,187,826 on TIF eligible activities. The CRA will reserve the right to issue additional debt for this project upon notification by the developer of sufficient expenses and valuation to support such debt in the form of a second or third bond issuance.

TAX INCREMENT FINANCING REQUEST INFORMATION

Describe Amount and Purpose for Which Tax Increment Financing is Requested:

Tower217 is asking for \$236,000 in TIF. The reason for the request is to offset the cost of the future taxes in order to have 15 years to pay off the construction loan before the taxes are “increased”. This will allow the project to cash flow and therefore be a success.

Statement Identifying Financial Gap and Necessity for use of Tax Increment Financing for Proposed Project: Without TIF assistance the project will not cash flow and therefore will not be a successful business venture. See attached pro forma and CRA Life Safety application for further information.

Municipal and Corporate References (if applicable). Please identify all other Municipalities, and other Corporations the Applicant has been involved with, or has completed developments in, within the last five (5) years, providing contact person, telephone and fax numbers for each:

IV. Please Attach Applicant's Corporate/Business Annual Financial Statements for the Last Three Years: New venture, none available

Page 17 / 39

Pro Forma for first four floors:

This is with the assumption the taxes are “frozen” for the first 15 years. As you can see in the bottom two lines, without the life safety grant in combination with the TIF financing, the project simply doesn’t cash flow.

this section shall, within thirty (30) days after the beginning of any such forced delay, have first notified the other party thereto in writing, and of the cause or causes thereof and requested an extension for the period of the forced delay.
