
City of Grand Island

Item C7

Presentation on Housing Study

The City of Grand Island, with grant funding from the Nebraska Department of Economic Development and the Community Redevelopment Authority, undertook a comprehensive look at housing needs in Grand Island. The information obtained assists in development of community housing goals, identifies needed housing types/price products, designates future housing locations, and lists possible present obstacles or barriers that may now exist that prevent the provision of needed housing. The study is available to developers, funding entities, city staff, and other interested persons. The last housing study completed by the City was in 1995; up to date information is required by the Department of Economic Development, Community Development Block Grant Program. Representatives of Hanna:Keelan will be in attendance to present the findings of the recently completed housing market study.
