Council Session

Item G14

#2002-47 - Approving Supplemental Agreement for Utility Rehabilitation - Hwy. 30 East

The City of Grand Island and Nebraska Dept. of Roads entered into an Agreement for Utility Relocation for the East Highway 30 Project. Council approved that agreement April 10, 2001 and the State approved it April 18, 2001. Since that time, the State has redesigned parts of the project resulting in the need for the Utilities Department to re-evaluate the design of its relocated utility infrastructure.

Utility Staff have developed new figures to relocate the utilities. The estimate has increased from the original \$104,850 to \$124,300. The Department of Roads will continue to pay 80% of the costs that do not improve the system as previously agreed. Nebraska Dept. of Roads is in agreement with the new numbers.

The Utilities Department recommends approval by Council. The total cost of the project is \$124,300. The Nebraska Dept. of Roads share @ 80% is \$99,440 and the City's share @ 20% is \$24,860. See attached RESOLUTION.
