Council Session

## Item G27

### **#2002-250 - Approving Bid Award for Amateur Radio Repeater and Accompanying Communications Equipment (Duplexer)**

*Through the FEMA Project Impact grant program, funding was made available for the purchase of emergency communications equipment. Previously, the City Council approved an agreement with the Grand Island Amateur Radio Society in the amount of \$18,500 for the purchase of this emergency communications equipment. Inasmuch as the City will remain the owners of the equipment, purchase of the equipment was undertaken according to the City's procurement policies. The Grand Island Amateur Radio Society was instrumental in developing the request for bid document. Bids were solicited for radio repeater and accompanying communications equipment. Two bids were received. The low bid, meeting specifications, was submitted by TX RX Systems, Inc. This bid was for VHF Duplexers (3 units) and a Mobile Crossband Antenna Coupler Duplexer for a total bid amount of \$4,719.72. Estimate for this equipment was \$20,000.00. Funding is available through the Project Impact grant, line item 10011607.85615.*
