Council Session

Item E9

Public Hearing on Acquisition of Ingress/Egress Easements on South Locust Street Between Stolley Park Road and Fonner Park Road

Council action is necessary for the City of Grand Island to acquire Ingress/Egress Easements. Business Improvement District 4 has been formed to make improvements along South Locust Street between Stolley Park Road and Fonner Park Road. The Ingress/Egress Easements will allow the use of shared drives for selected property owners along the project. It is recommended that Council conduct a Public Hearing and approve acquisition of Ingress/Egress Easements by Resolution. The easements will be acquired from property owners and costs are expected to be minimal. It is appropriate to solicit public comment. The action item is contained under the Consent Agenda.
