Council Session

Item F1

#8838 - Consideration of Creating Sanitary Sewer District No. 511, Dale Roush 1st & 2nd Subdivisions (Indian Acres)

It is recommended that Council approve creation of the Sanitary Sewer District. A ten (10) year assessment period is recommended. If created, a notice will be mailed to all affected property owners and a 30-day protest period allowed. A petition has been received signed by fifteen residents of this area requesting the creation of the District. Public Works staff has been working on design of this district. A district for this area was last created in January 2002 which was subsequently protested out by 51% of the residents. The financial implications of this district will be minimal since the majority of the costs will be assessed to the benefiting properties.
