Staff Contact: Craig Lewis

Council Agenda Memo

From: Craig A. Lewis, Building Department Director

Meeting: May 8, 2007

Subject: Amending Chapter 26 of the Grand Island City Code to Adopt the 2006 Uniform Plumbing Code

Item #'s: F-4

Presenter(s): Craig Lewis, Building Department Director

Background

All ordinances are required to be read by title at three separate meetings unless the rules are suspended by a vote of three-fourths of the Council. The Grand Island City Council approved Ordinance No. 9118 on first reading at their April 24, 2007 regular meeting. Six council members were present not allowing for the suspension of the rules. This item comes back before the city council for second and possible final reading.

Discussion

The City of Grand Island has adopted and enforced plumbing regulations for several decades. Currently the 2003 edition of the Uniform Plumbing Code is adopted to provide minimum standards for the protection of the public health, safety, and welfare in regard to plumbing installations and facilities. This proposal is to amend the City code to adopt the latest edition of the Uniform Plumbing code, that being the 2006 Edition.

The City generally adopts published model codes on a three to six year cycle as model codes are published and revised every three years. This edition and adoption is intended to keep current with the latest model plumbing code and bring the Cities of Hastings, Kearney, and Grand Island together as all three will be enforcing the same model plumbing code. Additional amendments will increase the time in the plumbing trade for journeyman plumbers from two years to four years before being able to take a master plumbing exam and increase the amount of liability insurance a plumbing contractor must carry from \$300,000 to \$1,000,000.

All of these modifications have been before the Grand Island Plumbing Board and received their approval and endorsement.

Alternatives

It appears that the Council has the following alternatives concerning the issue at hand. The Council may:

1. Approve the ordinance.
2. Disapprove or /Deny the ordinance.
3. Modify the ordinance to meet the wishes of the Council
4. Table the issue

Recommendation

City Administration recommends that the Council approve the ordinance to adopt the 2006 Uniform Plumbing Code and modify Chapter 26 of the City Code.
