Item G-11

#2015-148 - Approving Revision to One Year Street Improvement Plan

Staff Contact: John Collins, P.E. - Public Works Director

Council Agenda Memo

From: Shannon Callahan, Street Superintendent

Meeting: June 9, 2015

Subject: Approving Revision to One Year Street Improvement Plan

Item #'s: G-11

Presenter(s): John Collins, Public Works Director

Background

Asphalt Resurfacing Project No. 2015-AC-1 consists of milling and overlaying sections of roadway that exceed the two (2) inch depth maintenance project definition. Projects that exceed this definition are required to appear on the One and Six Year Street Improvement Plan submitted to the Nebraska Board of Classifications and Standards (NBCS) prior to construction.

Public Works would like to proceed with the 2015-AC-1 project with construction taking place in 2015 (calendar year). To meet the NBCS requirements, a revision/addition to the One Year Plan must be submitted for construction projects taking place within that calendar year that were not previously listed on the One Year Plan. This will add all sections of the 2015-AC-1 project to the One Year Plan.

This addition is done by means of a Form 10 (attached) and Council Resolution submittal to the NBCS.

Discussion

The Grand Island City Council adopted the current One and Six Year Street Improvement Plan on February 24, 2015 with Resolution 2015-60.

Revisions to the One Year Plan must be approved by Council Resolution prior to submitting to the NBCS. Any changes to the Six Year Plan will be accounted for and demonstrated on the 2016 One and Six Year Plan submittal.

Alternatives

It appears that the Council has the following alternatives concerning the issue at hand. The Council may:

1. Move to approve
2. Refer the issue to a Committee
3. Postpone the issue to future date
4. Take no action on the issue

Recommendation

Public Works Administration recommends that the Council approve the addition of Asphalt Resurfacing Project No. 2015-AC-1 to the 2015 One Year Street Improvement Plan.

Sample Motion

Move to approve the resolution.
