City of Grand Island City Council

### **Council Agenda Memo**

From: Craig A. Lewis, Building Department Director

Meeting: March 9, 2010

**Subject:** Request of Brain Symons of Foth Infrastructure &

Environment on behalf of Union Pacific Railroad for Approval of a Renewal Request for a Conditional Use Permit to Allow a Temporary Building at 12191/2 W.N.

Front Street

**Item #'s:** E-3 & H-2

**Presenter(s):** Craig Lewis – Building Department Director

#### **Background**

This request is for Council approval to allow for the continued placement of two temporary buildings at 12191/2 W. N. Front Street to facilitate equipment for a remediation project. The original request was presented and approved by the City Council in September of 1999 and has received additional approvals every two years since that time.

#### **Discussion**

The City code allows for temporary buildings and uses if approved by the City Council in the form of a Conditional Use Permit. This request is to allow for the continued operation of equipment to facilitate cleanup efforts at the site. The site location is such that it does not appear it has had any negative impact on the neighboring properties during the operation since 1999.

#### **Alternatives**

It appears that the Council has the following alternatives concerning the issue at hand. The Council may:

- 1. Approve the request.
- 2. Disapprove or /Deny the request.
- 3. Modify the request to meet the wishes of the Council

#### 4. Table the issue

#### **Recommendation**

City Administration recommends that the Council approve the request for a conditional use permit for an additional two year period.

#### **Sample Motion**

Move to approve the request for a conditional use permit to allow for the continued placement of two temporary buildings for an additional two years.
