Study Session

Item -3

Presentation on Parliamentary Procedures

A presentation on Parliamentary Procedures will be given by the Wood River High School Future Business Leaders of America (FBLA) Parliamentary Team along with their teacher, Sandy Olson. The students will do a mock meeting to show how the correct use of Roberts Rules and Orders keeps the meeting focused and flowing. Parliamentary Procedures are use in organizations community-wide and can be intimidating to people. Learning how to use the rules and why, will hopefully allow people to be stronger members (those who speak up) when in meetings where Parliamentary Rules guide the process.
