Study Session

Item -1

Recognition of Steve Riehle, City Engineer/Public Works Director for Service with the City of Grand Island

Mayor Vavricek and the City Council will recognize Steve Riehle, City Engineer/Public Works Director for his years of dedicated service to the City of Grand Island. Mr. Riehle started with the City on May 10, 1999. During his tenure he led the way for the completion of many significant projects including the Wood River diversion project, South Locust Street I-80 interchange, widening and streetscape between Husker Highway and Fonner Park Road of South Locust Street, and the completion of four-lanes on South Locust Street before the 2010 Nebraska State Fair. His last day with the City of Grand Island will be Friday, January 7, 2011. We thank Steve for his service to the City of Grand Island and wish him the best.
