Study Session

Item -2

Discussion on Mosquito Abatement

Staff Contact: Jeremy Collinson, Central District Health Departme

Council Agenda Memo

From: Jon Rosenlund, Director of Emergency Management
Meeting: April 3, 2012 Study Session
Subject: Mosquito Abatement
Item #'s: 2
Presenter(s): Jeremy Collinson, Central District Health Department

Background

The City has received a public request to review the Mosquito Abatement strategies used by the Central District Health Department.

Discussion

The Central District Health Department will provide to the City an explanation of the methods used to mitigate the hazards presented by mosquito populations.

Conclusion

This item is presented to the City Council in a Study Session to allow for any questions to be answered and to create a greater understanding of the issue at hand.
