Rental Deposits

- 1 Return to user being totally reasonable for Bill
- 2 Charge a higher deposit for dwellings with elec heat that will cover 2.5 months of usage
- 3 Spread your deposit out over a 2 or 3 month time frame to get more Deposit

To charge the land lord is not fair because we have no way of getting a bigger deposit
State law limits what we can do. You can charge what is reasonable. And I feel you are
not
getting enough to cover 2.5 month of usage on and elec heat dwelling.``
