We received bids from three different vendors for a refuse truck cab and body. Floyd's Truck Center bid the truck cab for both the Elliott Equipment and the Kois Brothers body models. After reviewing the bid specs, we determined that Elliott's Dadee Mfg. Scorpion full eject body was closest to the body specs that we are wanting in a refuse truck. Peterbilt of Wyoming bid a demo truck which came in over our budget. We have highlighted the truck cab and body that we recommend for purchase.
