Hi Kim,

- 1.) As far as property damage to the gator, or other equipment....if it was damaged it would be covered as long as it is scheduled on your LARM schedule. Any of your equipment that is on your schedule is covered no matter who uses it as long as you've given them permission to use it.
- 2.) If someone from the group was injured, they would not be insured under your WC or liability policy. Unless they sued the City claiming the City was negligent in causing their injury...then we would pay to defend the City.

It's important for you to get a certificate of insurance from the organization running the program and using your property. They would need to name the City an additional insured on their policy.

If you have any further questions, please let me know.
Thank you!
