III.

MAINTENANCE OF CAPITAL ACCOUNTS

3.1 **Maintenance Provisions.** A capital account shall be maintained on the books and records of the company with respect to each member.

- (a) To each member's capital account there shall be credited:
 - (i) the cash and the fair market value (as reasonably agreed by the members in good faith) of any property other than cash contributed by the members to the capital of the company;
 - (ii) The member's allocable share of profits, and any items of income or gain which are specially allocated to the member; and

3.3 Capital Contributions. For purposes of this agreement, "capital contribution" means, with respect to any member, the amount of money and the fair market value of any property (as reasonably agreed by the members in good faith) contributed to the company with respect to the interest held by that member.

IV. ALLOCATIONS OF PROFITS AND LOSSES

4.1 Allocations. The company's profits or losses for any fiscal year shall be allocated among the members in accordance with their respective cumulative capital contributions, adjusted to reflect any withdrawals of capital by any members. The percentage of the capital, profits, and losses of the company allocable to a member, determined in the manner set forth in this Section 4.1, shall be referred to herein as such member's "percentage interest" in the company.

4.2 Other Allocation Rules.

(a) To determine the profits, losses, or any other items allocable to any period, profits, losses, and any such other items shall be determined on a daily, monthly, or other basis, as determined by the members, using any permissible method under Internal Revenue Code Section 706 and the Regulations thereunder.

of cash or other property to members from time to time on a pro rata basis in accordance with the member's respective percentage interests.

The members hereby agree that, notwithstanding any provision of the Nebraska Uniform Limited Liability Company Act, (the "Act"), the company shall not dissolve prior to the occurrence of a liquidating event. If a court of competent jurisdiction determines that the company has dissolved prior to the occurrence of a liquidating event, the members hereby agree to continue the business of the company without a winding up or liquidation until the occurrence of a liquidating event.

6.2 Winding Up. Upon the occurrence of a liquidating event, the company shall continue solely for the purposes of winding up its affairs in an orderly manner, liquidating its asset, and satisfying the claims of its creditors and members. No member shall take any action that is inconsistent with or not necessary to or appropriate for, the winding up the company's business and affairs. To the extent not inconsistent with the foregoing, all covenants and obligations in this agreement shall continue in full force and effect until such time as the assets of the company have been distributed pursuant to this section and the company has terminated. The members shall be responsible for overseeing the winding up and liquidation of the company, shall take full account of the company's liabilities and assets, shall cause the assets to be liquidated as promptly as is consistent with obtaining the fair market value thereof, and shall cause the proceeds from the liquidation, to the extent they are sufficient, to be applied and distributed in the manner required by the Act.

VII. TRANSFERABILITY OF INTERESTS

7.1 General. The Members do not want any Membership Units to be made generally available to persons other than current Members. Except as otherwise permitted herein, the Members agree that no Member will encumber, transfer, or permit to be encumbered or transferred all or any portion of a Membership Unit, including the economic transferable interest of the Member, whether now or hereafter acquired, except in accordance with the terms of this Agreement or with the prior written unanimous consent of the Members (other than the Offering Member). The Company books shall not reflect any attempted encumbrance or transfer of any Membership Units not in accordance with the terms of this Agreement.

7.2 Encumbrances. Notwithstanding any other restriction in this Agreement, Members may not encumber, or permit to be encumbered, all or any portion of a Member's Membership Units as security or collateral for loans acquired, assumed or contracted for by the Company, without the prior written unanimous consent of the Members (other than the encumbering Member).

7.3 Transfer by Gift or Bequest. Any member may transfer by gift or bequest all or any portion of his or her interest in the company to a spouse and/or child(ren) of the transferring member, or to a trust established for the benefit of such spouse and/or child(ren), or to an existing member of the company upon written notice to the company, of such gift or bequest. This is subject to a right of first refusal by the other members to purchase or the LLC to buy back that interest.

7.4 Death of Member. In the event that a member dies, and provided the business of the company is continued pursuant to this Operating Agreement, the company or the remaining members may at their option repurchase the deceased member's interest in the company from the deceased member's heirs for an amount equal to the fair market value of the interest on the member's date of death. The fair market value of the member's interest shall be as agreed in good faith by the remaining members and the personal representative(s) of the deceased member's estate; provided that, if no such agreement has been reached within ninety (90) days of the date of death, then the fair market value shall be determined by an independent and duly qualified appraiser mutually agreeable to the remaining members and the estate of the deceased member, which shall bear equally the cost of such appraisal. The fair market value of the deceased member's interest shall be payable by the company to the deceased member's estate within one hundred twenty (120) days of the establishment of such fair market value on the payment terms set forth in Section 7.4 of this agreement.

7.5 Buy/Sell Rights. Except as provided in Section 7.1, 7.2, and 7.3 of this Operating Agreement, any member desiring to sell, transfer or assign all or any part of the member's interest to a third party shall communicate such intention in writing to the company and all other members stating the purchase price proposed for the transfer. Within thirty (30) days after receiving this notice, the company may purchase, at its option, all or any part of the interest described in the notice for the purchase price stated in this notice. If the company elects not to purchase all of such interest within such thirty (30) day period, then the other members at that time may purchase, at their option, all or any part of the interest within forty-five (45) days of receiving such notice on the same terms and conditions that were available to the company. If more than one member shall desire to acquire this interest and no agreement is reached regarding the portion of the interest each may acquire, the members shall acquire the interest in proportion to their respective percentage interest. If, after the lapse of forty-five (45) days from the date of the notice, neither the company nor the other members have acquired the entire interest proposed to be transferred, then the selling member may consummate the proposed transfer of the remaining interest at a price and on payment terms no more favorable to the buyer than those available to the company and the members under this Section; provided, however, that if this sale is not consummated within one hundred twenty (120) days after lapse of the other member's option to purchase, no sale shall be permitted without again offering the interest to the company and the members in the foregoing manner.

7.6 Expenses. Except as otherwise expressly provided herein, all expenses of the company incident to the admission of the transferee to the company as a member shall be charged to and paid by the transferring member.

VIII. FISCAL YEAR

8.1 Fiscal Year. The fiscal year of the company shall be from January 1st to December 31st of each year.

IX. ACCOUNTING

9.1 Accounting. The company shall at all times maintain full and accurate books of account, in which shall be entered all the transactions of the company. The books of account shall be kept at the principal office of the company, and shall be open to reasonable inspection and examination by the members and their duly authorized representatives during normal business hours. The company shall deliver to each member within ninety (90) days after the expiration of each company fiscal year a) financial statements of the company for that fiscal year compiled on an income tax basis of accounting by an independent certified public accountant, b) the information about the company for that fiscal year required to be provided to the members for income tax purposes, c) a statement of each member's allocated share of profits or losses for the fiscal year, and d) the balance in each member's capital account as of the end of that fiscal year.

X. SALARIES OF OFFICERS

10.1 Salaries of Officers. The compensation, if any, to be paid to a member in exchange for the member's services to the company shall be fixed by a majority in interest of the members in their discretion from time to time.

XI. INDEMNIFICATION

11.1 General Indemnity Provision. With the approval of a majority in interest of the members, the company may indemnify any person who is a party (or is threatened to be made a party) to any action, suit or proceeding (whether civil, criminal, administrative, or investigative), if such person is a party by reason of the fact that he or she is or was a member, employee or agent of the company, or is or was serving at the request of the company as a member, manager, director, officer, employee or agent of another limited liability company, corporation, partnership, joint venture, trust or other enterprise. This person may be indemnified against expenses, including attorney's fees, judgments, fines, and amounts paid in settlement, actually and reasonably incurred by him or her in connection with such action, suit or proceeding.

With the approval of a majority in interest of the members, the company may purchase and maintain insurance on behalf of any person who is or was a member, employee or agent of the company or is or was serving at the request of the company as a manager, member, director, officer, employee or agent of another limited liability company, corporation,

partnership, joint venture, trust, or other enterprise, against any liability asserted against the person and incurred in any such capacity or arising out of his or her status as such.

12.4 Amendments. Upon the affirmative vote of all the members of the company, amendments to this Operating Agreement may be adopted, and each member shall promptly execute the amendments or other documents as the company deems appropriate to reflect the amendments under the law of the state of Nebraska.

12.6 Company Property. The legal title to any real or personal property or interest in real or personal now or hereafter acquired by the company shall be owned, held or operated in the name of the company, and no member, individually, shall have any ownership interest in such property.

12.7 Acceptance of Prior Acts by New Members. Each person, becoming a member, ratifies all action duly taken by the company, under the terms of this Operating Agreement, prior to the date the person becomes a member.

12.8 Section Headings. The division of this Operating Agreement into sections, subsections, and exhibits is for convenience of reference only and shall not affect the interpretation or construction of this Operating Agreement.

12.9 Severability. In the event that one or more of the provisions contained in this Operating Agreement or any portions thereof are unenforceable or are declared invalid for any reason, this unenforceability or invalidity shall not affect the enforceability or validity of the remaining terms or portions of this Operating Agreement. Each unenforceable or invalid portion of this Operating Agreement shall be severable from the remainder of the Operating Agreement and the remainder of this Operating Agreement shall be interpreted as if the unenforceable or invalid provision or portion had not been included as a part of it.

1. EXECUTIVE SUMMARY

The goal of Papa Moon Vineyards & Winery LLC is to cultivate and manufacture a variety of high-quality craft beverages including hard ciders, wines and meads as well as several non alcoholic ciders, canned coffees and teas in Scottsbluff, Nebraska for a broad range of consumers. Our vineyard is managed and cultivated by hand and has successfully produced healthy grapes for approximately 20 years; from these grapes, we have produced high-quality wines for the last 10 years. Our first year of production yielded a batch of red table wine and our second year (2015) batch yielded a barrel or 30 gallons of port-style wine. In the past 10 years we have expanded our production volume by 23,233 % and reached new markets and state distribution with great success. We hope to continue this trend of exponential production growth in the coming years until our product can adequately sustain our business and our customers' demands. We plan to continue producing a variety of different red and white wines including: dessert wines, table wines, and blended wines, a variety of our incredibly popular flavored hard ciders, meads, and our increasingly popular non alcoholic ciders, teas and coffees to meet the demands of a wide array of consumers. We are excited to continue to offer this array of craft beverages to the panhandle and surrounding states. Papa Moon has also experienced significant demand for community oriented, family friendly atmospheres and events as well as a significant increase in novel tourism of individuals and families looking for farm to table and the craft experience. We have done our best to meet this demand and provide incredibly unique experiences however our current location is starting to see its limitations due to high demand. Our research and experience have shown that such a market is in high demand but can be hard to find in the western portion of the state.

Over the years we have amassed a large array of equipment to support our cultivation and production processes; during this time, we have passionately immersed ourselves in the dedicated study of viticulture, enology, and business management. We have divided our workflow amongst the partners and co-founders of the company with each co-founder focusing on specific parts of our critically important business process. By using each co-founder's specific strengths, maintaining a philosophy of open communication, and leveraging technology, we have effectively divided the business into 2 departments (vineyard and production) which function as a fully integrated mechanism for our operations. We have researched our market and potential customers in-depth and have already invested heavily in professional marketing, branding, and design work, which have thus far totally exceeded our expectations. We have garnered the help of family, friends and other local businesses and entrepreneurs to assist the growth of the business and to date; we have established a debt-free business with the help of co-founder investments. Papa Moon Vineyards & Winery LLC aims to continually improve product quality and workflow efficiency by modeling well-established research within the craft beverage and marketing industries as well as by utilizing novel and creative ideas from within our company and through public input via outreach campaigns.

We have the advantage of debt-free startup costs and supplemental owner investment to make our business successful. We currently only operate seasonally (June - September) and hope to expand to year round operations soon. More importantly, the founders of Papa Moon Vineyards & Winery are incredibly passionate about every detail of craft beverage manufacturing from soil chemistry to bottled product. We have, and always will, continue to pour over self-collected data as well as established research in order to produce the most exceptional products and experiences as possible.

1.1 Product

Our current lineup of products feature various types of wine, ciders, hard ciders, meads, teas and coffees. Our hard ciders have won several international awards and have taken top honors at international competitions in which we compete at times with up to 7 other countries including the US. We plan to continue to significantly expand and grow our manufacturing capacity which has grown

23,333 % over the last 10 years to meet the demand we have seen internationally from winning at such competitions. We have propagated a variety of different grape species suited to grow in our climate region, which will be used to produce our wine. We have established great relationships with our many partners and suppliers to provide quality ingredients and a reliable supply chain.. Our location offers an incredibly unique and unforgettable novel "Nebraska " experience, to capitalize on this we will continue to offer our space for special events, community gatherings and fundraisers with the knowledge that we have outgrown our current space due to demand and expansion is necessary. All members of the LLC have chosen the panhandle to raise their young families and have established deep roots in the community for many many years. Family growth is important to us and important to the community, thus, we will continue to provide education to children through our partnership with the nature conservancy, provide families with children a safe and friendly place to frequent as well as safe, non alcoholic craft beverages with the knowledge of the hard work and the process it takes to get from soil to table.

1.2 Customers

The target audience for Papa Moon Vineyards & Winery consists primarily of men and women aged 21 and over. We find that our model attracts younger people especially those with families and individuals who travel for leisure or tourism. As a compliment to those young families, we have worked to incorporate children with non alcoholic beverages and many educational opportunities. Our marketing and branding strategies have been implemented with a focus on fun, family friendly environment and education in mind. Our labels, brochures, social networking pages, website, and paraphernalia all feature very organic designs which have been targeted directly toward individuals who care about where their food/alcohol comes from and where their money goes.

1.3 What Drives Us

The Members of Papa Moon LLC were all born and raised in the panhandle. For over 100 years our family has been passionate about seeing the community grown and significantly invested in programs for families, wildlife and nature, sat on several community boards and advocated for the community at large. The members will continue to have this as their primary focus. Being young adults in the community we look for things that we enjoy and that benefit our community. Growing and crafting beverages has become a passion because it allows us to express ourselves and show the world, through competition and outreach, what Nebraska is and can be. Over the years, we have hired several employees that have become family. We love to see them grow with us and feel we are providing them with good income, a fun and great place to call home.

3. MARKET RESEARCH

3.1 Industry (Local)

There are currently 29 registered wineries within the Nebraska Winery and Grape Growers Association; the vast majority of these being clustered near the Lincoln/Omaha area. The state of Nebraska is divided into seven different wine regions (Nebraska Winery and Grape Growers Association, 2015) Papa Moon Vineyards and Winery features almost no competition with the exception of 17 Ranch Winery (labeled #1 in Figure 1) which is situated near the border between the Panhandle and Prairie Lakes regions. Papa Moon's location would provide a centrally located vineyard and winery within the Panhandle region and would allow access to a large area with demand for a winery.

Figure 1 - State of Nebraska wine growing regions (Nebraska Winery and Grape Growers Association, 2015)

The current Nebraska wine industry shows huge potential for producers, consumers, and the general economic outlook of Nebraska. Figure 2 depicts the rate of increasing growth within the industry from 1994 to 2005.

Figure 2 - Rate of farm winery wine production in Nebraska from 1994 to 2005 (Thompson & Freudenburg, 2007)

Table 1 depicts the combined direct annual economic impact of Nebraska wineries and Nebraska grape growers, while Table 2 represents the estimated annual economic impact of the Nebraska wine industry in terms of total retained spending, employment, and wages. These data represent great potential for the area wine industry.

Direct Annual Economic Impact

	Spending (millions)

3.1 Industry (National)

We have seen healthy growth and demand in other states across the United States. As industry trends fluctuate Papa Moon is uniquely positioned in the market due to its wide product portfolio. With over a decade of experience we have the ability to quickly and knowledgeable pivot our wide array of products to accommodate any change in trends.

In 2021, cider produced \$553.6 million in revenue, a slight dip from \$566 million in 2020 but an increase over \$517.8 million in 2019, according to NielsenIQ. However, that only accounts for chain retail sales. Including on premises draft and other sources, cider produces over \$1 billion in revenue. And in North America, the market is Expected to grow by 3.5% between 2022 and 2027, in large part due to U.S. consumers embracing hard cider.

We have just started tapping into distribution channels in Nebraska and surrounding states and expect large increases in demand as new markets are tapped.

3.2 Customers

We plan to leverage the trending interest in local food and commerce as well as the use of novel marketing and branding strategies that bring a more progressive feel to the Nebraska craft beverage industry in order to appeal to our target customer groups. Our brand has the greatest appeal among millennials with growing families and casual consumers and we have therefore established this group as our primary target consumer market (ages 25-40).

3.3 Competitors

Competition within our regional industry is incredibly low, with the nearest Nebraska winery being located 95 miles to the east. This not only allows us to establish a much-needed local market, it also allows us to appeal to customers from Eastern Wyoming, as we will be the westernmost winery in Nebraska. There are currently 29 registered wineries within the Nebraska Winery and Grape Growers Association; the vast majority of these being clustered near the Lincoln/Omaha area. The state of Nebraska is divided into seven different wine regions (Figure 1) (Nebraska Winery and Grape Growers Association, 2015) The prospective region for Papa Moon Vineyards and Winery features almost no competition with the exception of 17 Ranch Winery (labeled #1 in Figure 1), which is situated near the border between the Panhandle and Prairie Lakes regions. Papa Moon's location would provide a centrally located vineyard and winery within the Panhandle region. Competition from area craft produces is also low however, always increasing.

3.4 Competitive Advantage

Papa Moon Vineyards & Winery will aim to provide high-quality, locally grown and produced craft beverages to consumers who increasingly show interest in the local experience. This interest in the local experience has become apparent in the last few years manifesting through increasing interest in, and an expanding trend toward consciousness of local food, fare, and business. Our products are intended to target a variety of different consumers through the use of approachable, friendly, and organic graphic design. We continue to aim towards our goal to offer exceptional products and unique experiences for the community and the several hundred novel tourists we see every summer. We have been in the industry for over a decade and with the depth of our experience and product portfolio we

are uniquely positioned to pivot and adapt to industry trends. Papa Moon also has an amazing location to offer its products, that of which cannot be found anywhere else in the panhandle. We offer incredible learning opportunities for families through our “Firefly Fest”, Bird adventure and Wildlife expos with our collaboration with the nature conservancy. We have nature lovers from all over the country come to see our fireflies, which cannot be seen in many places in the country.

3.5 Regulation

The alcohol industry is heavily regulated by federal, state, and municipal laws and standards. Having licenses for several years we already have an in-depth knowledge of the regulations in the industry. Papa Moon has a great track record with compliance with the TTB. We are always researching and updating our policies to meet new regulations and laws regarding producing and consumption. Papa Moon is an advocate for safe consumption, following all regulations allows for this to take precedent. The FDA regulates all non-alcohol related products and manufacturing processes.

4. PRODUCT/SERVICE LINE

4.1 Product or Service

Papa Moon Vineyards & Winery provides a variety of ciders, hard ciders, wines, meads and non-alcohol products. We have created an incredible location which subsequently has turned into a large tourist attraction. Papa Moon also hosts several events and educational opportunities like the aforementioned “Firefly Fest” which attracts several tourists from across the country as well as offers unique educational opportunities through our partnership with the nature conservancy. Fireflies in this number cannot be seen in many places in the country. Papa Moon's current location also provides a great place for weddings and events which are booked out 2 years in advance.

4.2 Pricing Structure

Item	Price Per Item/Bottle
Cider 4 Pk	\$12.00
Wine - Bottle	\$18.00
Meads - Bottle	\$18.00
Weddings/Events	\$3,200
Stickers	FREE
Food	\$20.00
Hats	\$15.00

Table 3 - Current Pricing for a few popular items.

Our pricing structure will offer discounts for bulk purchases and we plan to offer rebates and/or rewards for a novel recycling program that we plan to initiate shortly. Our pricing is always subject to change to accommodate current trends and supply and demand.

4.3 Product Life Cycle

Hard ciders, wines and meads can take up to a year to produce however due to our production practices, our products containing alcohol will remain shelf stable for several years. Our products that do not contain alcohol are typically turned over quickly and have a shorter expiration period. Over the last decade we have established a health inventory, however due to demand, an expansion is desperately needed.

4.4 Intellectual Property Rights

Papa Moon Vineyards & Winery is a trademarked name in the State of Nebraska. With over a decade in the business we have established some IP in the processing and manufacturing realm that have allowed us to produce highly awarded and unique products.

4.5 Research & Development

Our research and development will be ongoing in order to provide our customers with a desirable product of the utmost quality. While we realize the vast importance of market research, one of our primary goals is the perpetual growth of artisanal and industry knowledge. This knowledge covers

everything from our production processes to industry standards and breakthroughs. By integrating this type of knowledge base, we feel that our baseline market research will become exponentially more effective and the quality of our product and expertise will be vastly improved. In the process of research and development we will scour data produced by the industry to improve product quality and operation efficiency. Along with this aggregated data, we are already engaged in collecting data on our own operation for the past decade. We implement crowd-sourced data to accrue information on our customers' reception to our products as well as gathering information about our production process. This collection process will continue to evolve as our business matures and it has already been used to glean important information used in decision-making processes. Moving forward, we feel that such data collection will allow us to make important decisions about future blends or flavor additions to our batches as well as necessary alterations to our product line.

5. MARKETING & SALES

5.1 Growth Strategy

A large part of our growth strategy is based on the exponential growth in production output as our demand grows and we expand into new markets. To keep pace with this expansion, we have deployed a system of equipment upgrades and new equipment investment within the manufacturing facility that scales up in conjunction with demand. This system allows us to meet our production requirements based on volume while avoiding unnecessary overhead expenditure and premature investment. Our industry tends to require heavy upfront investment for fixed asset establishment. Most of these investment costs have already been incurred and should be exceptionally less burdensome over the coming years.. Much of the maintenance costs for fixed assets have and will continue to be mitigated through diligent service and cleaning regiments and by performing, whenever practicable, all repairs in-house.

Papa Moon currently operates for the public seasonally (June-September). Our location, mostly a competitive advantage and a positive to our operation has met its limitations on occupancy and also only allows us to operate seasonally. Although our production team can work year round, the size of the building can no longer support our current and projected growth. Papa Moon will actively seek to expand its operations through the acquisition of property located in town or more of an urban center. The infrastructure already being established will allow us to expand into yearly operations significantly increasing revenue. We will also continue to operate our current location hosting the unique experience and events already established at that location.

We have seen significant growth and demand in distribution over the years. In 2023, we plan to double our distribution to the state of Nebraska as well as expand into Colorado and Wyoming. This will however require expansion in manufacturing capacity as well as building acquisition to accommodate seasonal production and expansion.

5.2 Communication

Papa Moon Vineyards & Winery understands the paramount importance of communication when it comes to our current product portfolio. We have already invested large amounts of capital into marketing, branding, and design, and have employed the help of a marketing and design specialist to meet our brand goals. A large part of our communication stratagem is to maintain a heavy presence

within the social networking interface using programs such as Facebook, Twitter, and Instagram. These are great avenues with large audiences to advocate for safe consumption, educate on the process used as well as establish a great audience for community outreach and fundraising.. By maintaining a heavy social networking presence coupled with expeditious response times to inquiries within such services, we are making our business more approachable and appealing to our target market. Along with creating a family friendly, community oriented business aura, we also exponentially increase our reach to our target market.

Along with the establishment of a social media presence, we have a company website and an email program that will feature fully integrated customer service capabilities. Leveraging this technology, we plan to produce an email marketing campaign and we have already begun building an online store that will help us reach our international consumer base.

5.3 Prospects

In the future, we plan to continue building our business by leveraging technology and keeping a clear goal of an outstanding product. Through continued learning and innovation, we can accomplish this end. We currently partner with the nature conservancy, CASA, and other local groups to educate and advocate, we only plan to expand this more in the coming years. As our operations continue to grow and see high demand we will have to massively expand and acquire a local manufacturing facility to not only meet demand but to expand from seasonal to year round. Such a location will need to be located in a town where an established infrastructure exists. Significant investment will need to be made to remodel most buildings locally to accommodate our needs but the need for expansion should be considered immediate. Simply expanding to year round operations will significantly increase revenues and will also increase the need for full time employees and staff members to join our team. We plan to immediately seek the assistance of local realtors and contractors to help with the immediate need for expansion.

Such an expansion will significantly increase foot traffic and tourism. While we plan to continue to operate at our current location, based on our market research, an in town location with a great outdoor space, family friendly activities, games and a calm welcoming environment is needed in the community. This new acquisition will also double as a production location. It will also allow us to more easily incorporate food trucks and other local entrepreneurs. This location should be easily accessible for large trucks of freight which currently have trouble accessing our current location. In looking for a location our customers' access and safety should be a priority as accessing our current location is difficult due to weather conditions at times and minimal infrastructure.

6. FINANCIALS

Owner investment has played a major role in covering start-up and operating costs through the years, as we strongly believe this venture to be worthwhile, profitable, and advantageous to the local economy, community, and to our individual customers. Our LLC members have already personally invested over \$400,000 dollars to get the business started over the course of a decade. The business has been “bootstrapped” to this point which has allowed us to grow debt free and experience significant organic growth even as we currently only operate seasonally.

Table 4 – Three-year financial projections beginning in 2023

Figure 3 - Projected annual sales revenue and gross profit vs. operating expenses

6.5 Financial Assumptions

2023

Potential sales revenue was assumed using financial data for the business dating back to 2018. To be extremely conservative we assumed roughly a 50% increase in revenue which would be our smallest revenue increase ever recorded since the inception of the business and detailed financial data was tracked. 2023 predictions were made assuming the business continues to operate seasonally (June-September). An increase of 50% for COGS was assumed to meet an increase in sales revenue. Expenses will have a slight increase from 2023 accounting for inflation. The business is established and currently holds no debt with steady organic growth. Lowest percent of revenue growth took place from 2019-2020 (70%) with the highest growth increase 2020-2021 (160%). If an acquisition is made, we assume it won't be operational this year as extensive construction and updates would be needed.

2024

Potential Revenue was predicted assuming a building acquisition. With an acquisition, we assumed we will be able to operate year round which would increase revenue 4 times assuming 2022 growth as a conservative approach. We assume growth at the current location will level out and revenue will remain the same at the current location. Payroll and payroll taxes would increase in 2024 as staff would be needed to assist in operating the new location. We assume 10 additional staff making a \$40,000 yearly

salary. Interest from loans was assumed as well as large expenses in "Other Expenses" for improvements and construction at the additional location. Very little profit was assumed due to increased overhead of new acquisition.

2025

A conservative growth percentage of 40% was used as that would be our smallest growth to date. We assume the new acquisition and current locations are running at full capacity and completely operational. We assume an increase in staff payroll as additional staff will be needed. No major construction expenses for this year as we hope to have additions completed by this time.

We assume 20% income taxes throughout the years. Predictions for growth were made from increases in space, foot traffic of intown location, ability to hold more events at current location due to expansion into second location, an increase in distribution.

We did not assume any change in product so the model would be conservative. Papa Moon does plan to add to its product portfolio and manufacturing capabilities in the near future however.

Memorandum

To: THE HONORABLE MAYOR AND MEMBERS OF THE CITY COUNCIL
From: Kevin Spencer, City Manager/Chief of Police
Date: 02/29/2024
Re: Application for a Class YK Liquor License Number YK - 126264, Papa Moon Vineyards & Winery LLC, dba: Papa Moon Ciders, 3109 Avenue B, Scottsbluff, Nebraska 69361

AUTHORITY: The Scottsbluff Police Department reports specific information to the City Council whenever a liquor license application is presented. The information furnished by the Police Department conforms to Chapter 53, Reissue Revised Statutes of Nebraska 1943, and Section 53-132, which outlines the factors the Commission may consider in granting a liquor license.

COMMENTARY

53-132: Section 2

(A) The applicant is fit, willing, and able to adequately provide the service proposed within the city where the premises described in the application are located:

A background check was conducted on Ryan Massey, Katlyn Massey, Trevor Massey, Leah Massey, James Massey, and Barbara Sullivan, owners of Papa Moon Ciders, to determine their fitness to have a liquor license. All reported not having any criminal convictions. I found none during my research. I saw no information that would disqualify the applicants from having a liquor license.

After consideration, I have concluded that the applicant is fit to hold a liquor license.

(B) The applicant can conform to all provisions, requirements, rules, and regulations provided for in the Nebraska Liquor Control Act:

Any operator must adhere to the existing laws while doing business in the community and adhere to acceptable business practices.

On Wednesday, February 21, 2024, Katlyn Massey, Leah Massey, and Trevor Massey appeared before the Liquor License Holders Investigatory Board to discuss their application. Katlyn explained that they all have previous experience and own Papa Moon just north of Scottsbluff, 230975 County Rd J, Scottsbluff, NE. I reviewed the current Papa Moon Liquor Licenses, a YK, and an I. I noticed no violations listed on the Nebraska Liquor Commission website. Katlyn reported that all customers, no matter their age, who wish to purchase alcohol will be required to present a valid form of identification. Katlyn further explained that each server will have a hand-held device to scan identifications to determine a customer's age.

The applicant appears able and willing to conform to language within the Nebraska Liquor Control Act.

- (C) The applicant has demonstrated that the type of management and control exercised over the licensed premises will be sufficient to ensure that the licensed business can conform to all provisions, requirements, rules, and regulations provided for in the Nebraska Liquor Control Act:**

Katlyn told the board they would require all employees to attend TIPS training. Katlyn said that management would inventory and order any alcohol. Adding that overstock will be secured. Katlyn told the board that the business has a video recording system that operates during and after business hours. There is also an audible intrusion alarm. After hearing Massey's plan and answering several questions, the board voted unanimously to send a favorable recommendation to the Council.

The applicant appears committed to complying with all the Nebraska Liquor Control Act provisions, requirements, rules, and regulations.

- (D) The issuance of the license is or will be required by the present or future public convenience and necessity:**

The business will be open Wednesday through Saturday, 11:00 am to 10:00 pm. Papa Moon is in a location that has been a retail business for many years.

Oversight and accountability regarding the sale of alcoholic beverages will be a priority for the applicant.

SPECIFIC ISSUES COMMISSION MAY CONSIDER

- (E) The existence of a citizen's protest made in accordance with Section 53-133:**

There have been no known citizen protests of this business.

- (F) The nature of the neighborhood or community of the location of the proposed licensed premises:**

The business is located at 3109 Avenue B, Scottsbluff, Nebraska 69361. It will be a restaurant and farm winery that will attract customers when opened. Its location is easily accessible and convenient for customers. I would not anticipate any issues with its location.

- (G) The existence or absence of other retail licenses or bottle club licenses with similar privileges within the neighborhood or community of the location or the proposed licensed premises.**

Other area businesses with liquor licenses allow for on and offsite sales.

- (H) The existing motor vehicle and pedestrian traffic flow in the vicinity of the proposed licensed premises:**

Although no recent traffic studies have been completed regarding motor vehicle traffic in the general area, the traffic flow and pedestrian traffic are not of concern now.

- (I) The adequacy of existing law enforcement:**

The Scottsbluff Police Department has an authorized strength of 33 full-time officers and handled over 18,000 calls for service, not including traffic citations, during 2023. The number of liquor licenses within the jurisdictional boundaries of the Police Department, regardless of the class, continues to be a priority to the Police Department, and even routine monitoring of their business practices is complex. Compliance checks remain a concern to those businesses that sell alcohol to

minors. The Nebraska State Patrol has assumed liquor law enforcement duties, and their broad jurisdiction generally precludes any particular focus in the city.

(J) Whether the type of business or activity proposed to be operated in conjunction with the proposed license is and will be consistent with the public interest:

Adequate staffing, training, and close supervision of patrons are essential. Cooperation with the Police Department by management will help to eliminate or diminish potential problems with violations.

Re: Class "YK" Liquor License Application
Papa Moon Vineyards & Winery LLC
3109 Avenue B
Scottsbluff, NE 69361

Action:

The owner of Papa Moon Vineyards & Winery LLC has applied for a new liquor license in the name of Ryan Massey.

The Development Services Department is required by Article 1, Chapter 11 of the Scottsbluff Municipal Code to report specific information to the Mayor and City Council whenever a liquor license application hearing is held. In accordance with that directive the following information is offered:

- (1) The property at 3109 Avenue B is situated in a C-3 (Heavy Commercial) zoning district where a distillery is allowed by right pursuant to the City's Zoning Ordinance, Chapter 25, of the City's Municipal Code of Ordinances.
- (2) The off-street parking requirements for a brewery in a C-3 (Heavy Commercial) zone are one space per 500 square feet of brewery space. The square footage for the brewery portion of the business is 1,662 square feet. This would require four parking spots. The property appears to meet this requirement.
- (3) The use of this property complies with C-3 (Heavy Commercial) zoning codes. The properties to the north and east are zoned C-3 (Heavy Commercial). The property to the south is zoned C-2 (Neighborhood Commercial). The property to the west is zoned R-4 (Heavy Density Multiple-Family).
- (4) There are no churches, schools, or other similar institutions within 300 feet of the subject property.
- (5) The existing population of Scottsbluff is approximately 14,283.

 - a. Ms. Katlyn Massey, Leah Massey and Trevor Massey were present to answer questions regarding the Class YK and Class I Liquor License Applications for Papa Moon Vineyards & Winery, LLC d/b/a Papa Moon Ciders, 3109 Ave. B, Scottsbluff, NE.

Police Chief Spencer asked the Masseys what their experience is in the alcohol industry. Katlynn Massey explained in 2012 they opened the Papa Moon Vineyards & Winery north of Scottsbluff. They started making wine out of grapes grown on the property. That soon grew to ciders which is an apple-based and meade which is a honey based.

Mr. Spencer asked what procedures are in place to prevent under age drinking. Ms. Massey stated they will card everyone who orders alcohol and each server will have a handheld that they will scan the ID bar code with. They will also have ID books

available to look at that contain the ID's of each state. In addition, all employees will be required to take Etips training and they do have a training scheduled for Saturday.

Ms. Massey also commented they have cameras located throughout the building at each entrance and exit and all cameras record. Trevor Massey will do all the inventory and ordering and the alcohol will be served in taps up front, with the actual alcohol located in a room behind that is locked with a keypad. They will sale some beer on tap which will be brought in and located in a small refrigerator by the bar. They plan on selling no hard liquor. The business hours will be Wednesday-Saturday 11:00 a.m. to 10:00 p.m.

When asked what would happen if alcohol was sold to a minor, Ms. Massey explained all employees would be retrained.

After discussion, Committee Member Huck moved, seconded by Committee Member Margheim to send positive recommendations to Council regarding the Class YK and Class I Liquor Licenses for Papa Moon Vineyards & Winery, LLC d/b/a Papa Moon Ciders, 3109 Ave B.
