The County, Municipality or other public entity undertaking the Federal-aid highway project will be referred to herein as the Receiving LPA. The public entity providing the services of an employee to act as a Responsible Charge (RC) will herein be referred to as Assisting Public Entity.

PURPOSE

This Agreement is entered into pursuant to Neb. Rev. Stat. § 13-801 et. seq., and shall be considered an interlocal agreement to the extent allowable for the purposes of Neb. Rev. Stat. § 13-501 et seq., and Neb. Rev. Stat. § 77-3401 et seq. The purpose of this Agreement is to provide the terms for the Assisting Public Entity to provide the services of its employee to act as the RC for a Federally funded (through FHWA) transportation project of the Receiving LPA.

WHEREAS, Receiving LPA cannot provide a full-time public employee to carry out the responsibilities for its Federal-aid transportation project.

WHEREAS, Assisting Public Entity has a full-time public employee on staff who has successfully completed required training to serve as a RC for a Federal-aid transportation project. According to the terms of this Agreement, Assisting Public Entity is willing to provide the services of this employee to Receiving LPA to be in day-to-day responsible charge of all aspects of Receiving LPA's project, from planning through post-construction activities, so that the project remains eligible for Federal-aid transportation project funding.

The parties intend for Receiving LPA to comply with these requirements by using Assisting Public Entity's employee who will be in responsible charge of the Federal-aid

transportation project and will ensure that, at a minimum, (1) all aspects of the project receive independent and careful development, supervision and inspection, (2) the project is constructed in compliance with the plans and specifications, (3) all aspects of the project, from planning through construction activities, including all environmental commitments are carried out according to applicable requirements and remain eligible for Federal funding, and (4) decisions made and actions taken for the project have adequate supporting documentation filed in an organized fashion.

THEREFORE, in consideration of the mutual promises set out herein, the parties agree as follows:

DEFINITIONS

For purposes of this Agreement, the following definitions will apply:

Fully qualified means a person who has satisfactorily completed all applicable NDOR training courses and who has met the other requirements necessary to be included on the NDOR list of LPA RCs.

Full-time public employee means a public employee who meets all the requirements and is afforded all the benefits of full-time employees as that phrase is applied to other employees of the employing public entity. A person is not a full-time public employee if that person provides outside private consulting services, or is employed by any private entity, unless that person can prove to NDOR in advance, that employee's non-public employment is in a field unrelated to any aspect of the project for which Federal aid is sought.

Public employee means a person who is employed solely by a county, a municipality, a political subdivision; a Native American tribe; a school district; another entity that is either designated by statute as public or quasi-public; or an entity included on a list of entities determined by the Nebraska Department of Roads, and approved by FHWA, as fulfilling public or quasi-public functions.

Responsible Charge means the public employee who is fully empowered by LPA and has actual day-to-day working knowledge and responsibility for all decisions related to all aspects of the Federal-aid project from planning through construction project activities, including all environmental commitments. RC is the day-to-day project manager, and the LPA's point-of-contact for the project. Responsible charge does not mean merely delegating the various tasks; it means active day-to-day involvement in identifying issues, investigating options, working directly with stakeholders, making decisions, and actively monitoring project construction. It is understood that RC may elect to use consultants to provide certain technical tasks associated with the project so long as RC actively manages and represents the owner's interests in those technical tasks.
