---------	--------------------------------	---------------------

CONTRACTUAL - 2 TRUCKS

2 Trucks @ \$85.00/hr. = \$170.00 x 10 days for 6 days	\$10,200
--	----------

GRAND TOTAL **\$87,255**

Our department cleans 98 miles of mains - i.e. snow routes and we are doing residential due to the heavy snow amounts that we have received to date.

These costs don't include the rental/lease of a snow blower due to damage incurred when picking up windrows. A large landscape boulder was in a windrow and damaged our snow blower beyond repair. We are working with a company out of Lincoln that would have a loader mounted snow blower for purchase/lease/rent. The cost of purchasing a snow blower stands at \$55,000 for a used one.
