RE: Le Sueur County Shop—Leak #3431

Dear Mr. Pettis:

Information recently provided by American Engineering Testing Inc. and Frattalone Companies Inc. has enabled Petrofund staff to complete the review of your application for reimbursement received on June 2, 2014. Reimbursement of \$141,766.98 has been approved for payment.

Please note that you have three options available to you:

- ▶ **You may appeal the reimbursement determination.** If you choose this option, you must file a written notice setting forth the specific basis for the appeal by **January 2, 2016** (pursuant to Minn. Stat. §115C.12, subd. 1, which provides that the appeal must be made within 60 days of the date of this letter). Any additional information that clarifies or documents the specific basis for your appeal should also be included in your letter. If that information does not lead to a revised staff reimbursement determination, your application will be reviewed by the Petrofund Board at the **March 9, 2016**, Board meeting. The meeting will be held at the Department of Commerce, 85 Seventh Place East, St. Paul, MN. Signs posted at the Department will direct you to the meeting room.
- ▶ **You may advise us in writing that you do not intend to appeal the amount approved for reimbursement.** In this case, your reimbursement will be issued approximately three to four weeks after we have received your written notice.
- ▶ **You may take no action.** If you choose this option, your reimbursement will be issued in approximately three months.

Reimbursement has not been approved for the following:

1. **The costs for soil disposal that exceed the amount actually charged by the disposal facility (by \$3,938.85).** Minn. Stat. §115C.09, subd. 3 provides that costs for which reimbursement is requested must be determined to be reasonable. Steele County Landfill charged \$7,353.90 for soil disposal services

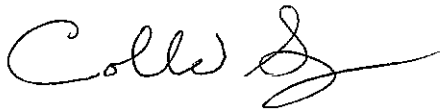

and Frattalone Companies Inc. invoiced an additional \$3,938.85 for these services. Reimbursement has not been approved for the additional costs because the reasonableness of these charges has not been established. Specifically, Frattalone Companies Inc. has not documented what services it provided as part of the soil disposal services.

2. **The costs for hauling that exceed the maximum cost (by \$11,644.25).** You have requested reimbursement for a total of \$18,852.75 in costs for hauling 525 cubic yards of contaminated soil from the leak site to the disposal site (45 miles one way). Minn. Rule 2890.3800 D. provides that hauling has a maximum cost of \$121 plus .30 per cubic yard/mile. In this case, the maximum cost for hauling is \$7,208.50.
3. **The costs for contractor services that have not been documented as reasonable (totaling \$5,363.69).** You have requested reimbursement for demo hauling services and demo disposal services that were performed by Timms Trucking & Excavating and included in the costs invoiced by Frattalone Companies Inc. (see invoice No. 5429, dated April 30, 2014). Timms Trucking & Excavating charged a total of \$4,727.98 for demo hauling and demo disposal and Frattalone Companies Inc. invoiced an additional \$5,363.69 for these services. Reimbursement has not been approved for the additional costs charged by Frattalone Companies Inc. because the reasonableness of these charges has not been established (as required by Minn. Stat. §115C.09, subd. 3). Specifically, Frattalone Companies Inc. has not documented what services it provided as part of the demo hauling and demo disposal services.
4. **The costs for contractor services not documented on the Petrofund invoice form (totaling \$7,035.53).** Reimbursement has not been approved for the \$7,035.53 in costs for contractor services performed by Frattalone Companies Inc. that were not documented on the Petrofund invoice form ((see Minn. Rule 2890.4300).
5. **The costs for consultant services that have not been documented as incurred (totaling \$1,500.00).** Minn. Stat. §115C.09, subd. 1 (b) (1) provides that costs must be actually incurred by the applicant. Reimbursement has not been approved for the \$1,500.00 in costs for consultant services that were not documented as actually incurred.

A RESOLUTION

Affirming [INSERT COUNTY NAME] County's endorsement of the revised County Program Aid formula developed by the Association of Minnesota Counties' County Program Aid Work Group.

WHEREAS, Minnesota's counties are mandated by the state to provide essential services in many program areas including human services, public safety, and transportation; and

WHEREAS, counties depend on County Program Aid ("CPA") for the financial sustainability of these state-mandated, county-administered services; and

WHEREAS, the current structure of the CPA formula, pursuant MS Chapter 447A.0124, creates considerable volatility in the fund's distribution, interfering with counties' abilities to accurately budget for essential services; and

WHEREAS, the current formula's inadequacies have also resulted in the dramatic reduction of funding for one-third of counties, that have lost at least 50 percent of their funding since 2005; and

WHEREAS, despite fluctuations over the past ten years, the state appropriation to the 2015 CPA is equal to the 2005 appropriation making it greatly depressed in terms of inflation; and

WHEREAS, a revised CPA formula in conjunction with additional funding will enable counties to continue to provide quality services that may also translate into reductions in county levies, decreasing the tax burden of Minnesota residents; and

WHEREAS, in October 2014, the Association of Minnesota Counties assembled the CPA Work Group including leadership from twenty counties and representatives from the Metropolitan Inter-County Association and the Minnesota Rural Counties Caucus to analyze and develop a CPA formula that reflects the pressing needs of Minnesota's counties; and

WHEREAS, the CPA Work Group unanimously approved a revised CPA formula that benefits all Minnesota counties by reducing volatility and ensuring a fair distribution of CPA; and

WHEREAS, the Board of Directors of the Association of Minnesota Counties that represents the diverse interests of Minnesota's 87 counties, voted to support the proposed CPA formula revisions; now, therefore,

BE IT RESOLVED, [COUNTY'S NAME] endorses the following revisions to the Minnesota County Program Aid formula:

- A funding increase of \$40 million;
- The creation of a funding floor that guarantees each county \$350,000 in tax base equalization aid ("TBEA");
- Adjustments to the TBEA formula factors to slow down counties' loss of TBEA funding, including: an increase of the per capita factor to \$190 and a decrease of the county adjusted net tax capacity (ANTC) factor to 9 percent;
- The elimination of special funds and transition aid; and
- The creation of a 5% cap on annual CPA losses; ensuring no county will lose more than 5% of its funding each year.
