306.243 MAINTAINING ABANDONED CEMETERIES.

Subdivision 1. **Appropriation for improvement.** A county board may appropriate the general revenue funds it determines necessary for the improvement and maintenance of the cemetery if there is in the county, whether or not within the corporate limits of a town or statutory city, either of the following:

(1) a cemetery that has been abandoned or neglected and the association having had charge of the cemetery has disbanded or fails to act; or

(2) an abandoned or neglected private cemetery containing the remains of pioneers or residents of this state, deceased before 1875 or civil war veterans or veterans of the armed services of the United States of any previous war.

Subd. 2. **Duties of county board.** If there is an isolated grave or graves located outside the boundaries of a cemetery or outside an abandoned or neglected private cemetery, as described in subdivision 1, the county board of the county where the grave is located may order the disinterment and the reinterment of the body in some cemetery controlled by an organized cemetery association. The county board may appropriate funds for paying perpetual care to that association for the care of the grave or graves.

Subd. 3. **Delegation of duties.** The management and supervision of the maintenance and care of the abandoned cemeteries, and abandoned or neglected private cemeteries, or the removal of bodies as provided in this section must be delegated by the county board to the county highway department or to some existing cemetery association, veterans organization or Boy Scouts of America Area Council, or other charitable institution. That organization is responsible to the county board for its acts.

Subd. 4. **Disbursement of funds.** If funds for the care and maintenance of an abandoned or neglected private cemetery described in subdivision 1 are raised by an organization or institution other than an existing cemetery association, the funds may be paid to the county treasurer to be held or disbursed by the county board for the purposes for which the funds are raised.

Subd. 5. **Transfer.** A county that has assumed maintenance of an abandoned cemetery under this section for a period of at least one year may transfer the cemetery land and property as provided in section 306.02.

Subd. 6. **Abandonment; end of operation as cemetery.** A county that has accepted responsibility for an abandoned cemetery may prohibit further burials in the abandoned cemetery, and may cease all acceptance of responsibility for new burials.

306.02 CEMETERY CORPORATIONS OR ASSOCIATIONS.

Subdivision 1. **Purpose and method of formation.** A corporation or association may: (1) be formed to procure and hold or sell lands or lots exclusively for the purpose of a public cemetery; (2) acquire and manage all real and personal property necessary or proper to establish, embellish, care for, and manage a cemetery, and may construct and operate on that property a crematory and other proper means of disposing of the dead; and (3) sell and convey cemetery lots or sell and convey real or personal property acquired by it but not needed for cemetery purposes. The corporation or association may be formed by three or more persons, who shall execute and verify the certificate or articles of incorporation as required in the matter of the formation of other corporations. The certificate of incorporation shall be recorded in the office of the county recorder of the county where the cemetery is located and upon filing, the association is a corporation.

Subd. 2. **Transfer by local government unit.** Cemetery land and property or a public burial ground owned or controlled by a town, statutory or home rule charter city, or county may be transferred by deed or otherwise to an existing cemetery association or corporation, a cemetery association or corporation formed under this chapter, or a cemetery association or corporation formed under the laws of a federally recognized Indian tribe in Minnesota. The transfer may be with or without condition, as determined by the town, statutory or home rule charter city, or county. The town, statutory or home rule charter city, or county may, as a part of the transaction, enter into a contract or agreement with the cemetery association to provide for the management and maintenance of the cemetery, for the sale of lots or land in the cemetery, and for those other matters concerning the care and control of the cemetery as the town, statutory or home rule charter city, or county considers advisable.

Subd. 3. **Transfer by religious corporation.** Cemetery land or property owned by a religious corporation existing under state laws may be transferred to a cemetery association under state laws without any express consideration. In this case, the articles of incorporation of the cemetery association may provide, or may be amended to provide, for the appointment of its directors or trustees by the board of directors of the religious corporation or by some specified officer of the corporation. A cemetery association affiliated with a religious corporation by such a provision in its articles may provide for the acquisition of other cemetery properties within the state for the burial of persons of the same religious faith, exclusively.

Subd. 4. **Transfer to religious corporation.** A cemetery corporation or association governed by this chapter may transfer cemetery land or property to a religious corporation existing under state laws without any express consideration. Money held by the cemetery corporation or association for maintenance of transferred land containing cemetery burial plots must also be transferred to the religious corporation to which the land is transferred, and the religious corporation shall use the money for maintenance of the land and plots.
