Regular session

Item 4

Warrior Dash Packet

Staff Contact: Kathy Brockway or Michelle Mettler

STAFF REPORT

GENERAL INFORMATION

APPLICANT: WARRIOR DASH, REDFROG EVENTS/JOHN BECK
OWNER: RANDY VOSS, CARIBOU GUN CLUB

911 ADDRESS: 30649 380TH ST LE SUEUR MN

PROJECT DESCRIPTION: Host special events in an Agriculture "A" District, and a Mineral Resources "MR" Overlay District.

ZONING ORDINANCE SECTIONS: 8, 19

DISTRICT PURPOSE:

The Agriculture (A) District is established for areas where agriculture uses are seen as the best and highest long term use of the land. The land itself needs to be preserved for primarily agricultural activities. These areas should avoid existing cities, residential zones and subdivisions. They should be large contiguous land areas with mostly prime soils. Rezoning should only be considered on the zone's borders in order to maintain the Zoning integrity of the District. Dwellings that are allowed should be on the edges of the open farmland where possible or utilize existing abandoned farm sites. The total number of Dwellings shall not exceed sixteen (16) per section of land with the exception of Transfer of Development Right and lots of record. Transfer of development rights may be utilized to exceed the permitted housing density of one dwelling per quarter-quarter section (40 acres), provided that the density does not exceed four dwellings per quarter-quarter section in the receiving quarter-quarter section. Lots of Record, shall be exempt from density standards.

Mineral Resources Overlay District is intended to protect areas with existing significant mineral resources including sand, gravel, limestone and sandstone deposits, as shown in the Le Sueur County Aggregate Resources Inventory completed pursuant to Minnesota Statutes Chapter 84.94. This Mineral Resources Overlay District shall not prohibit mining in other areas of the County not identified within the Mineral Resources Overlay District boundaries as shown on the Official Zoning Map.

DEFINITION:

SPECIAL EVENT - The use of privately owned land, structures for a gathering at any location, for any purpose that will result in attendance of more than three hundred (300) people. Private gatherings are exempt.

1. Special Events include, but are not limited to: Carnivals, Circuses, Concerts, Fund-raisers, Flea markets, Craft fairs, or markets.
 - a. Farmers markets or stands for sale of seasonal products when sold other than on the site where the product is grown.
2. Special Events do not include gatherings at any regularly established place of assembly or other similar permanently established place of assembly provided that such place is being used for its established and normal use allowed by this Ordinance and the applicant/landowner meets all applicable County, State and Federal regulations, shall include but not limited to:
 - a. Permanent place of worship, stadiums, athletic fields, auditoriums, picnic or camping areas, sale or auction of agricultural lands or personal property, polling places for special or general elections.

SITE INFORMATION

LOCATION: 80 acres in the NE 1/4, Section 30, Sharon Township

ZONING: Agriculture and Mineral Extraction Overlay District

GENERAL SITE DESCRIPTION: Existing Hunt and Gun Club

ACCESS: Existing Access off Township Road 380th ST.

EXISTING LAND USE WITHIN ¼ MILE:

North: AG	South: AG
East: AG	West: AG

TOWNSHIP BOARD NOTIFICATION

The applicant contacted Rhonda Schleeve, Sharon Township Board Member on May 1, 2017

NATURAL RESOURCES INFORMATION

SHORELAND: The proposal is not located within the Shoreland District.

WETLANDS: According to the National Wetlands Inventory, Type 1-3 wetlands located in the quarter-quarter section where the project is proposed.

LAND USE & PERFORMANCE STANDARDS- SECTION 19, LE SUEUR COUNTY ZONING ORDINANCE

SPECIAL EVENT STANDARDS

1. Event activities shall be set back a minimum of twenty (20) feet from any Road right-of-way.
2. Event activities shall be set back a minimum of twenty (20) feet from all property lines.

PLANNING AND ZONING COMMISSION CONSIDERATIONS

The Planning Commission and staff shall consider possible adverse effects of the proposed conditional use and what additional requirements may be necessary to reduce such adverse effects. Its judgment shall be based upon the following factors to include, but not limited to:

1. Relationship to County plans.
2. The geographical area involved.
3. Whether such use will negatively affect surrounding properties in the area in which it is proposed.
4. The character of the surrounding area.
5. The demonstrated need for such use.
6. Whether the proposed use would cause odors, dust, flies, vermin, smoke, gas, noise, or vibration or would impose hazards to life or property in the neighborhood.
7. Whether such use would inherently lead to or encourage disturbing influences in the neighborhood.
8. Whether stored equipment or materials would be screened and whether there would be continuous operation within the visible range of surrounding residences.
9. Abatement of Environmental Hazards as regulated in this Ordinance
10. Other factors impacting the public health, safety and welfare.

PLANNING AND ZONING COMMISSION CONDITIONS

The Planning Commission shall recommend such conditions relating to the granting of said Conditional Use Permit, as they deem necessary to carry out the intent and purpose of this Ordinance or recommend that the request be denied. Such recommendation shall be in writing. The conditions may include, but are not limited to the following:

1. Increasing the required lot size or yard dimension.
2. Limiting the height, size, or location of the structures.
3. Controlling the location, size, and number of vehicle access points.
4. Increasing the street width.
5. Increasing the number of required off-street parking space.
6. Limiting the number, size, location, or lighting of signs.

7. Requiring diking, fencing, screening, landscaping or other facilities to protect adjacent or nearby property.
8. Designating sites for open space.

PLANNING AND ZONING COMMISSION FINDINGS
--

Based on the information submitted by the applicant, contained in this report, and as required by the Le Sueur County Zoning Ordinance, the following findings have been developed for this request:

(Please circle one for each item: Agree, Disagree, Not Applicable.)

1. *The conditional use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminishes and impairs property values within the immediate vicinity.*
2. *The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding vacant property for uses predominant in the area.*
3. *Adequate utilities, access roads, drainage and other facilities have been or are being provided.*
4. *Adequate measures have been or will be taken to provide sufficient off-street parking and loading space to serve the proposed use.*
5. *Adequate measures have been or will be taken to prevent and control offensive odor, fumes, dust, noise and vibration, so that none of these will constitute a nuisance, and to control lighted signs and other lights in such a manner that no disturbance to neighboring properties will result.*
6. *Is the Conditional Use Permit consistent with and supported by the statement of purposes, policies, goals and objectives in the Ordinance?*
7. *Is the Conditional Use Permit consistent with the Comprehensive Land Use Plan?*

Recommend (circle one) approval / denial / table / of Conditional Use Permit.

LE SUEUR COUNTY CONDITIONAL USE PERMIT CRITERIA

Conditional Use Permit #: 17125

Applicant: WARRIOR DASH, REDFROG EVENTS LLC, **Land Owner:** RANDY VOSS

Conditional Use Permit Request: TO ALLOW THE APPLICANTS TO HOST A SPECIAL EVENT

1. The conditional use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminishes and impairs property values within the immediate vicinity.

Al	Don Rk	Don Ry	Jeanne	Doug	Shirley	Pam	TOTAL

Explain _____

2. The establishment of the conditional use will not impede the normal and orderly development and improvement of surrounding vacant property for uses predominant in the area.

Conditional Use Permit: Description of Request

Full description of request:

A detailed information about the Warrior Dash 5K can be found in Section A and B of our attached Operational Management Plan.

Complete the following in relationship to the proposed Conditional Use Permit:

1) Proposed days and hours of operation:

Warrior Dash Minnesota 2017 will take place on Saturday, July 8th 2017 at Caribou Gun Club (30649 380th Street, Le Sueur, MN 56058. The festival will open at 7:00 AM and close at 5:30 PM

2) Estimated number of person to attend place of business/location on a daily or weekly basis:

We don't anticipate more than 2,000 people on site at any given time. We will work with Le Sueur County leading up to the event to send updated information if we come close to exceeding the aforementioned number.

3) List of public health plans:

Water Supply: *We will use a hydrant meter located at the Le Sueur airport. We will work with local officials to have all necessary inspections completed before water operations begin,*

Toilet Facilities: *Portable toilets will be utilized for Race Day participants and there will be ADA-compliant restrooms. Toilets will be situated in an accessible area near the entrance of the festival area. Portable toilets will be serviced during race-day by United Site Services. Please reference section B of the Operational Management Plan for further detail.*

Solid Waste: *Waste receptacles will be provided in the festival area, as well as on the course near each water checkpoint. The type of waste will consist primarily of paper and plastic cups, and general festival trash.*

4) Fire prevention:

The Le Sueur Fire Station will be on call to oversee all pyrotechnics and control any fire that is not in control. There is a certified fire extinguisher at the Start Line at all times. Please reference section D of the Operational Management Plan.

5) Security plans:

A private security team will be on site one hour prior to the first wave until the festival and course sweeps are complete.

Please reference section C and Exhibit E of the Operational Management Plan for further detail.

6) Retail sales:

There will be a tent in the festival area selling a variety Warrior Dash merchandise. A full merchandise list can be made available upon request.

7) Food or alcohol:

Food will be available for purchase by Team Outlaw BBQ Company. A full list of menu items can be made available upon request.

Warrior Dash is committed to making sure that all festival attendees are in a safe and controlled environment. RFE staff will work to ensure that all alcohol is monitored and served in a secure manner by complying with state and county policies and procedures.

Please reference Exhibit D (Alcohol Management Plan) of the Operational Management Plan for further detail.

8) Describe if the applicant requests the county to provide any services or county personnel:

We will work the David Tietz to secure on site deputies and vehicle traffic control.

9) Sound amplification, public address system, playing of music:

There will be a stage and sound amplification of music (DJ) during festival hours on Saturday, July 8th. The music will be playing from 7:30 AM until 4:30 PM.

10) Exterior lighting:

While we don't anticipate using exterior lighting during our event, we will have a 6kw light tower on site.

11) Parking and loading:

Parking will be provided for participants and spectators at the venue. There will be a designated area for ADA parking located closest to the festival. All loading and unloading of equipment will be done at the venue.

12) Signage:

Description of festival and course signage can be found in the Operational Management Plan.

13) Road access:

We will work with Rhonda Schleeve to notify township (May 1st meeting) and receive an approval in writing from the proper road authority

14) Certificate of insurance:

Please reference the attached Certificate of Insurance

15) Meet all applicable county, state, and federal regulations:

We will gain approval from all county, state, and federal regulation regarding any additional licensing or permits.

Road Access Approval: I am working with Mr. Tiegs on access approval. There should be no issue since we are not building any driveways and using the existing access on the property for parking and access.

Le Sueur County Sheriff's Office: I have spoke with current sheriff Brett Mason and I will work with his team leading up to the event to make sure we have 2-3 deputies with vehicles to help with parking operations ingress and egress on event day.

A. Purpose & Scope

This Emergency Plan defines responsibilities and provides procedures designed to identify unusual and unlikely conditions that may endanger the participants during the conduct of Warrior Dash (“Event”) and to respond in order to prevent or minimize any loss of life or property.

The Red Frog Events (“RFE”) Tent (see Site Map attached at end of document) will be the Unified Command Center. This area will be secure from all race participants or festival attendees and will be the meeting area for any emergency-related conversations.

B. Event Overview

1. Warrior Dash

Warrior Dash is the World’s Largest Obstacle Race Series. The event features a 5K course, 12 obstacles and an all-day festival experience. Our team strives to exceed the community’s standards by proactively providing a one-of-a-kind running event and festival experience in a controlled environment. A wide range of licensing, contracts and strategies will be implemented to monitor alcohol practices, security procedures and to provide a safe and secure setting for all event-goers.

2. Management Structure

Warrior Dash is promoted and organized by RFE, which is based in Chicago, Illinois. RFE is an event production company and pioneer of the experiential entertainment industry. Since 2007, RFE has developed innovative brands including the Warrior Dash obstacle race series, Firefly Music Festival, ShamrockFest, and Chicago Beer Classic.

Staff for this event will consist of employees of RFE, contracted third-party staff, and local volunteers. The Lead Event Director (“LED”) will serve as the main contact for the venue, local officials and community members. Additionally, the LED will manage construction operations and layouts for both the festival and the course.

3. Participation

Running the Warrior Dash requires paid registration and a signed waiver and release form.

Participants must be at least 10-years-old on race day. For those participants under 18 years old, a parent or guardian sign a waiver and release form and an adult must accompany young children at all times during the event.

4. Alcohol Service and Systems

Sale of alcohol at Warrior Dash will be licensed via the local alcohol authority and administered as set forth in any local city and/or county standard requirements. Alcohol sale and consumption will be restricted to the festival area. No outside food or beer is permitted into the festival area. Security and staff will monitor access points throughout the festival to enforce this policy.

5. Benefits to the Local Area

RFE's values are based in making a positive impact through all of its events and ventures, including maintaining a minimal 'footprint,' giving back to local charities, and adding significant economic revenue to the local community.

a. Philanthropy and Volunteers

RFE has partnered with St. Jude Children's Research Hospital for its events, including Warrior Dash. In addition to working with St. Jude, RFE strives to support local philanthropies through its volunteer program. Groups of volunteers are invited to volunteer at the event and earn a one-time monetary donation to their non-profit organization. Through this program, RFE has donated over \$2,000,000 to local charities in communities across the country.

b. EcoSneakers

RFE encourages participants to donate athletic shoes to be recycled through our partnership with EcoSneakers. Over 100,000 pairs of shoes have been donated to shoe recycling organizations to date.

6. *Event Summary:

Event Name:	Warrior Dash Minnesota 2017
Event Date:	July 8th

Venue Name:	Caribou Gun Club
Venue Address:	30649 380 th street, Le Sueur, MN 56058
Anticipated Number of Participants:	6,000
Anticipated Number of Participants and Spectators:	10,000
Estimated Number of Participants per Wave:	250
Festival Start Time:	7:00 am
First Wave Start Time:	8:00 am
Last Wave Start Time:	2:00 pm
Last Call for Alcohol Sales:	4:30 pm
Festival End Time:	5:00 pm

*Subject to change

7. *Traffic, Parking and Street Closures:

Nearest Major Cities:	Minnesota
Major Highways and Arterial Roads Used:	US 169, MN 112
Parking Lot(s) Locations and Summary:	30649 380 th street, Le Sueur, MN 56058
Estimated Number of Vehicles:	2,000
Amount of Shuttles:	N/A
Shuttle Route:	N/A
Shuttle Drop-off Location:	N/A
Shuttle Pick-up Location:	N/A

*Site access: All cars will be directed into the parking lot. In the case of an emergency requiring a dedicated entrance or exit for emergency personnel, a member of the parking team will provide access to the property and direct vehicles.

C. Assignment of Responsibilities

1. RFE Responsibilities

RFE is responsible for overseeing the entire Event. RFE trains all personnel in the proper procedures of notification and handling the arrival of emergency responders (e.g., fire, ambulance, law enforcement, etc.), including directing emergency response vehicles to any incidents and keeping the response area clear of event participants or attendees. The LED will share responsibilities with the Parking Manager and Festival Manager at the Event.

All RFE staff members are equipped with cell phones and two-way radios so they may communicate among themselves. RFE will provide the medical staff, parking staff, construction staff, and security staff with RFE radios on the same station and share staff phone numbers.

Medical personnel will have secondary two-way radios with a direct line of communication with the LED and EMS Section. Requests for medical assistance will be communicated via two-way radio to EMS Section via either the RFE radios or the medical radios and the EMS command officer will dispatch the appropriate resource for assistance.

2. Emergency Responder's Responsibilities

a. Event Security

A private security team will be on site at the Event* one hour prior to the first wave until the course and venue sweep are complete and it is determined that all participants have left the festival grounds. The security team will be patrolling the Event area, including checking wristbands to ensure the legal consumption of alcohol, assisting in crowd control, traffic control and air medical landing zone assistance (if necessary), and maintaining radio communication with RFE and EMS Section.

****Private security will be on-site unless permitting regulations require local officials to be present as primary security.***

b. Fire

The local fire department will be informed of the event dates, times, and details, and may be

present on site should they determine it is necessary.

c. Medical Team

The Medical Team consists of a medical manager working alongside regional medical officials and personnel. The Medical Team will coordinate Emergency Medical Services (“EMS”) at the Event, including securing local Advanced Life Support Services from local providers. The Medical Team will be responsible for working with RFE to respond to any emergency-related activities and will be equipped with both an RFE radio and a medical radio. The RFE supplied medical manager will be responsible to insure all local and regional requirements are met and act as a liaison to local public safety services if necessary.

The Medical Team will provide field Emergency Medical Technicians (“EMTs”) at the Event. They will be strategically placed throughout the course during the Event. EMT course locations will be determined during the course walk-through prior to the Event. There will be a medical tent stationed within the festival area with qualified staff at all times. This medical tent will serve as the EMS Section and will be positioned in a secure location free of any audible obstructions. An EMS command officer will monitor RFE and medical radios from the EMS Section and dispatch medical resources as necessary.

The Medical Team will supply a dedicated Advanced Life Support Ambulance at the Event and will follow all applicable local treatment and transport protocols up to and including air medical evacuation if required through their already established protocols. This unit will be stationed at the Medical tent and will have direct radio access to the all medical staff on-site, the RFE Lead Event Director and EMS personnel.

EMS Staff will arrive one hour prior to the first wave on event days and leave after the completion of the medical course sweep once released by the Lead Event Director.

3. Event Warning, Evacuation or Cancellation Responsibilities

Prior to the Event, the medical manager will send the forecasted local weather report to the LED. If there is a “red flag” (e.g., high heat, high humidity, thunderstorms, high winds), a conference call will be scheduled to initiate severe weather action steps, including, for instance, additional water checkpoints, misting fans, and shade structures, as well as clarifying evacuation routes and locations.

During the Event, the Medical Team will provide hourly weather updates and, in the case of severe weather within the established thresholds, will notify RFE staff, EMS, and local officials (e.g., fire department, police) via two-way radios. The established weather thresholds are:

- A 45-minute window of approaching severe weather
- Sustained wind greater than 25 mph &/or wind gusts greater than 35 mph
- Cloud to ground lightning within 35 miles of the Event

In the “Alert” stage, the Medical Team will alert RFE staff, EMS, and local officials that severe weather is threatening, but is outside the established thresholds. In this stage, the Medical Team will provide weather updates to RFE staff, EMS, and local officials via two-way radio every 15 minutes until weather is clear. In the case that the severe weather moves within the thresholds of the Event, the “Activation” stage is initiated.

In the “Activation” stage, the Medical Team will notify RFE staff, EMS, and local officials 45 minutes prior to expected severe weather in the area. At this time, the following steps will be taken:

1. The LED, Medical Team, and local officials will meet to evaluate the situation and decide whether site evacuation is required. The LED, Medical Team, and local officials are the only personnel with authority to evacuate the Event.
2. Evacuation procedures will be shared with RFE staff prior to the Event, and in an evacuation situation, RFE staff will be notified to initiate evacuation procedures.
3. RFE will notify the emcees to make announcements postponing running waves until further notice and directing participants and festival attendees to seek shelter in their vehicles. Once announcements have been made, the Security Manager will monitor the festival exit and shuttle pick-up (if applicable) to ensure efficient and safe evacuation.
4. RFE will notify the Parking Manager, who, in the case that shuttles are being utilized, will notify all buses to return to the festival area immediately to transport participants and festival attendees to the parking lot.
5. RFE, volunteers, construction staff and medical staff will close all obstacles and clear participants from the course via the shortest route back to the festival area/parking lots.
6. The course will remain closed until 30 minutes past the last sign of lightning/severe weather.
7. In the event that severe weather will inhibit the re-opening of the Event, the LED will consult local officials to make the final decision regarding the cancellation of the Event.

**Established weather thresholds for “Alert” and “Activation” stages are subject to change at the Lead Event Director and Medical Team’s discretion based on individual event operations and geographical location.*

D. Emergency Procedures

1. Pyrotechnics

American Fireworks is responsible for the flame effects under the direction of RFE. Flames will be fired approximately 4-6 times at the start of each wave of the race. Each wave begins on the quarter hour consistently throughout the hours of Event operation. The Flame units will be placed on top of the starting line archway. The effect is designed for the outdoors, and only operated while attended by a licensed Flame effects operator.

The Local Fire Department will be on call to oversee all pyrotechnics and control any fire that is not in control. There is a certified fire extinguisher at the Start Line at all times.

2. Notification Procedures

a. Public Information Spokesperson

The LED also acts as the Public Information Spokesperson. If a message needs to be sent to all participants, the LED will notify the stage Emcee and Start Line emcee to deliver important messages and will call the RFE in-office Communication Director who will immediately send out a mass email or post all necessary information on the Event's online social media portals (e.g., Facebook, Twitter, etc.)

E. Preventive Actions

RFE will schedule a meeting with the Medical Team and any necessary local officials on the day prior to the Event to discuss all emergency procedures. At this time, a full tour of the Event site will be given. In order to prevent injuries to participants, RFE will take the following additional actions:

1. Provide sufficient water at the water checkpoints (approximately located at mile 1 and 2 of the course) and finish line;
2. Post signs before each obstacle that describe the dangers ahead and encourage participants to use caution;
3. Conduct a pre-event course walk-through with all medical staff so they can locate and respond to medical calls;
4. Provide all RFE staff with two-way radios to ensure efficient communication.

ALCOHOL MANAGEMENT PLAN

1. Overview

Warrior Dash is committed to making sure that all festival attendees are in a safe and controlled environment. RFE staff will work to ensure that all alcohol is monitored and served in a secure manner by complying with state and county policies and procedures. Below is an outline of the alcohol management plan.

2. Entry and Alcohol Sales Plan

Entry is subject to agreement to abide by the Conditions and Guidelines for Entry to Warrior Dash.

- Intoxicated patrons will not be allowed entry and will not be allowed to drive home.
- Beer is the only alcoholic beverage available for purchase at the event, although in

select locations there may be limited samples of other types of alcohol available for consumption pursuant to local tasting or sampling requirements.

- Everyone wishing to purchase alcohol will be wrist-banded at one of two I.D. check stations in the festival area. Once an attendee has been verified to be of the legal drinking age, a wristband will be secured on his/her wrist. Only those wearing wristbands are allowed to purchase, hold, and consume alcohol. Security will closely be monitoring the area.
- Signs will be posted to inform attendees that alcohol cannot be brought in or removed from the Event grounds. A security team will prevent any attendee attempting to remove alcohol from the boundaries of the designated area.
- Security management will also be monitoring the festival and looking for wristbands on anyone consuming alcohol. Anyone found drinking alcohol without a wristband will be questioned; if of legal drinking age or older, they will be escorted to the I.D. check station to get a wristband before further consumption. Anyone under legal drinking age will be escorted from the designated area by the security staff and proper legal action will be taken if necessary.

3. Licensure

The liquor license will be visible during the entire Event.

4. Medical Assistance

First Aid officers will be located on-site in a highly visible, protected area to assist anyone that may be having difficulty due to alcohol.

Exhibit E

SECURITY & CROWD MANAGEMENT PLAN

1. Overview

The Security Management Plan outlines the security and crowd control staffing for Warrior Dash. The security personnel will be overseen by a Security Manager, who will also work with the Medical Team and local officials.

RFE strives to ensure that festival go-ers recognize the festival is well organized, staffed, and secure. The team will provide reassurance by stationing visible guards throughout the festival area.

2. Reporting

The Security Manager will provide in-the-moment reports via two-way radio to the LED in the case of a security incident. If necessary, the LED will be called to the incident for

assistance. After the festival area is cleared post-event, the Security Manager will meet with the LED for a post-Event debrief to review all incident reports throughout the Event prior to being released.

Reporting will also be supplied to the LED from the Medical Team and local officials as necessary.

3. Communications

The primary method of communication will be two-way radio. The Security Manager will also be contactable via mobile phone.

Exhibit F

WEATHER MONITORING POLICY

1. Prior to Event
 - a. Monday
 - i. Weather report obtained online sent to stakeholders
 - ii. If there is a "Red Flag", a conference call with all stakeholders is enacted. Red Flags include the following:
 - a. Predicted temps over 85 degrees or under 45 degrees
 - b. Humidity over 60%
 - c. Thunderstorms
 - d. High winds
 - b. Wednesday – weather report sent to stakeholders
2. During the Event – each hour after the race starts, weather reports shall be sent to RFE providing the following information: temperature, heat index and humidity, and potential weather threats
3. Weather Thresholds
 - a. 45 minute window of an approaching storm
 - b. Sustained wind greater than 25 mph &/or wind gusts greater than 35mph
 - c. Cloud to ground lightning within 35 miles of the Event

Stage 1 – Alert Stage

1. Imminent severe weather is threatening but is on the outside of the 45 min window.
2. Immediate alerts made to onsite stakeholders via radio.
3. Weather checks by EMS Command every 15 mins and reported face-to-face to designated event command.

Stage 2 – Activation Stage

1. Imminent severe weather is within thresholds of the Event, with or without thunderstorm and or tornado warnings.

**Established weather thresholds for “Alert” and “Activation” stages are subject to change at the Lead Event Director and Medical Team’s discretion based on individual event operations and geographical location.*

Exhibit G

LEAD EVENT DIRECTOR RESOURCES FOR “ALERT” STAGE

In “Alert” stage, a few things to consider...

- ☐ If you are experiencing high winds...
 - ☐ Take down pop-up tents
 - ☐ Take down façade signage
 - ☐ Take down obstacle banners
 - ☐ Ask production to take down or add additional support to trussing
- ☐ Review talking points with event staff in the case of evacuation or cancellation
 - ☐ Tell participants to stay tuned to their e-mail inbox for more information
 - ☐ The intention is always to re-open the festival
 - ☐ Do NOT guarantee refunds
 - ☐ When in doubt, “Please reach out to our customer service team at info@warriordash.com.”
 - Utilize the Red Frog Customer Service business cards found in the Solutions bin
- ☐ Water proof RFE staging area and festival tents
- ☐ Remind event staff of evacuation location / rally point, evacuation routes and policies
- ☐ Locate and stage...
 - ☐ Ponchos for event staff
 - ☐ Megaphone for announcements
