Supporting Minnesota's Vital System of Transportation

Minnesota's economic strength and vitality depends on an effective transportation system. To support the state's system of streets, roads and bridges, the Minnesota Department of Transportation distributes funds for highway maintenance and construction to counties, cities and townships based on a formula determined by the legislature.

The department's State Aid for Local Transportation division works closely with local levels of government to ensure the state maintains a safe, effective and coordinated highway network.

Monies from the Minnesota Highway Users Tax Distribution Fund are used to support more than 100,000 miles of trunk highways, county state aid highways, municipal state aid streets and township roads.

Funding sources, including fuel tax revenues, license fees and motor vehicle sales tax revenues, support the highway users fund.

For fiscal year 2017, MnDOT distributed over \$830 million to local governments from the highway users fund.

For fiscal year 2015, MnDOT distributed approximately \$800 million to local governments from the highway users fund.

In addition to funding support, the SALT division provides technical assistance in highway and bridge design, construction and maintenance; authorizes grants for bridge construction; coordinates local federally funded projects; and provides overall management of the state aid system.

SALT links MnDOT with city and county engineers to transfer technical expertise and determine ways to improve the state's highway system.

SALT links MnDOT with city and county engineers to transfer technical expertise and determine ways to improve the state's highway system.

Minnesota Roads

Trunk Highway	11,736
County State Aid Highways <sup>1</sup>	30,597
Municipal State Aid Streets <sup>2</sup>	3,610
County Roads	14,037
Township Roads	58,758
Other Municipal Streets	18,803
Other Minor Systems	5,203
	142,744 miles

<sup>1</sup> In 87 counties

<sup>2</sup> In 148 cities of population greater than 5,000

Bridges

Trunk Highways	3,994	4,036
