Dear Le Sueur County Commissioners

The Waterville Lakes Association represents Lake Tetonka, Lake Sakatah, Lower Sakatah and the portion of the Cannon River between the lakes. We want to thank you for your support in contributing \$10,000 for the year of 2017 to our boat inspection program for the lakes covered under our Association. This a tremendous help since we cannot always raise enough funds from our fundraising programs.

We spent over \$12,000 in 2017 for our boat inspection program. We would like the Commissioners to review their environment spending for 2018, and consider contributing more than \$10,000 to our boat inspection program for year 2018. We don't want to see Zebra Mussels or Asian Milfoil invade our waters in this part of Minnesota.

The Waterville Lakes Association also believes that a portion of these environmental funds be set aside for a Rapid response fund if or when a new invasive species is detected in one of our county's lakes to aggressively fight or eradicate it while we still have a chance to do so.

We would like to see the county continue their contribution and more if available in supporting an excellent program in the Waterville area.

I want to thank you for your support in this matter and look forward to hearing from the Commissioners in continuing the fight for water quality in Le Sueur County.

Sincerely,

Roy McIntyre

President

Waterville Lakes Association

Form 5 – Compliance with Federal and State Laws, Rules, Regulations

As a condition of receiving funding, a Borrower is required to comply with certain state and federal laws, rules and regulations and to ensure that their contractor(s) also comply with these regulations, laws and rules, including, but not limited to the items identified below which will be invoked as a condition of the PFA loan in both the loan agreement and general obligation bond to be executed by the Borrower.

1. Title VI of the Federal Water Pollution Control Act, more commonly known as the Clean Water Act, as amended (Clean Water Revolving Fund recipients).
2. Safe Drinking Water Act (P.L. 93-523) (Drinking Water Revolving Fund recipients)
3. National Environmental Policy Act (P.L. 91-190 (1970)); National Historic Preservation Act (P.L. 89-665 as amended, 80 Stat. 917 (1966)); Archeological and Historic Preservation Act (P.L. 93-291(1974)); Protection of Wetlands, Executive Order No. 11990 (1977), as amended by Executive Order No. 12608 (1997); Flood Plain Management, Executive Order No 11988 (1977), as amended by Executive Order No. 12148 (1979); Farmland Protection Policy Act (P.L. No 97-98 (1981)); Coastal Zone Management Act (P.L. 92-583 (1972), as amended); Coastal Barriers Resources Act (P.L. 97-378, 96 Stat 1653 (1982)); Wild and Scenic Rivers Act (P.L. 90-542, 82 Stat. 913 (1968)); Endangered Species Act (P.L. 93-205 (1973), as amended); Essential Fish Habitat Consultation Process under the Magnuson-Stevens Fishery Conservation and Management Act (P.L. 94-265 (1976), as amended) and; Clean Air Act Conformity (P.L. 95-95 (1977), as amended).
4. Title VI of the Civil Rights Act of 1964 (P.L 88-352), Section 13 of the Federal Water Pollution Control Act Amendments of 1972 (33 U.S.C. Sec. 1251), Section 504 of the Rehabilitation Act of 1973 (P.L. 93-1123, 87 Stat. 355, 29 U.S.C. Sec. 794), The Age Discrimination Act of 1975 (P.L. 94-135 Sec. 303, 89 Stat. 713, 728, 42 U.S.C. Sec. 6102), and subsequent regulations, ensures access to facilities or programs regardless of race, color, national origin, sex, age or handicap.
5. Executive Orders 11246, as amended by Executive Orders 11375 and 12086 and subsequent regulations. Prohibits employment discrimination on the basis of race, color, religion, sex or national origin. Inclusion of the seven clauses in Section 202 of E. O. 11246 as amended by E. O. 11375 and 12086 are required in all project related contracts and subcontracts over \$10,000.
6. Executive Orders 11625, 12138 and 12432; 40 CFR part 33 Participation by Disadvantaged Business Enterprises in Procurement under Environmental Protection Agency (EPA) Financial Assistance Agreements; Section 129 of P. L. 100-590 Small Businesses Reauthorization & Amendment Act of 1988; Public Law 102-389 (42 U.S.C. 437d); a 1993 appropriations act ("EPA's 8% statute"); Public Law 101-549, Title X of the Clean Air Acts

Form 5 – Compliance with Federal/State Laws, Rules, Regulations
Page 2 of 3

Amendments of 1990 (42 U.S.C. 7601 note) (“EPA’s 10% statute”). Encourages recipients to award construction, supply and professional service contracts to minority, women’s business enterprises (MBE/WBE’s) and small businesses and requires recipients to utilize affirmative steps in procurement.

7. Executive Orders 12549 and 12689, Subpart C of 2 CFR Part 180 and 2 CFR Part 1532 entitled “Responsibilities of Participants Regarding Transactions (Doing Business with Other Persons).” Prohibits entering into contracts or sub-contracts with individuals or businesses that are debarred or suspended. Borrowers are required to check and keep a record of the status of all contractors (construction and professional services) and must require contractors to check and keep a record of the status of subcontractors for contracts expected to be equal to or over \$25,000 via this Internet address: <https://www.sam.gov/portal/public/SAM/>
8. Executive Order 13502, use of Project Labor Agreements for Federal Construction Projects.
9. 2 CFR part 200, Subpart F, which establishes audit requirements for state and local governments receiving federal funds.
10. Section 602 (b)(9) of the Clean Water Act, as amended, and 40 CFR Part 35, Subpart L, Section 35.3550(i) require Borrowers to maintain project accounts in accordance with generally accepted government accounting standards (GAAP), and to issue annual financial statements that include the reporting of infrastructure assets in accordance with GASB 34.
11. Section 504 of the Federal Rehabilitation Act of 1973, the Americans with Disabilities Act (ADA), Minn. Statutes 1990, Chapter 363 Minnesota Human Rights Act. Requires that all public spaces and programs be designed and constructed to be accessible to the physically handicapped.
12. Title II of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 as amended and subsequent regulations found at 49 CFR Part 24. Identifies procedures for the acquisition of property and the relocation of persons and businesses.
13. Section 602(b)(6) of the Clean Water Act, as amended and section 1450(e) of the Safe Drinking Water Act (42 U.S.C. 300j-9(e)). Requires that all laborers and mechanics employed by contractors or subcontractors be paid wages at rates not less than those prevailing for the same type of work as determined by the U. S. Secretary of Labor in accordance with the federal Davis-Bacon Act (46 Stat. 1494; 40 U.S.C., sec. 276a through 276a-5). Reorganization Plan Numbered 14 of 1950 (15 F.R. 3176) and section 2 of the Davis-Bacon Act of June 13, 1934, as amended (48 Stat. 948; 40 U.S.C. 276c).

Form 5 – Compliance with Federal/State Laws, Rules, Regulations
Page 3 of 3

14. Section 608 of the Federal Clean Water Act, as amended and HR 244 the Consolidated Appropriations Act of 2017 that requires all of the iron and steel products used in the CWSRF and DWSRF Projects are to be produced in the United States (“Use of American Iron and Steel Requirement”), unless (i) the Borrower has requested and obtained a waiver from the Environmental Protection Agency pertaining to the Project or (ii) the PFA has otherwise advised the Borrower in writing that the American Iron and Steel Requirement is not applicable to the project.
15. Minnesota Statutes, Section 471.345, Uniform Municipal Contracting Law.
16. Minnesota Statutes, Section 16C.285, Responsible Contractor Requirements. Solicitation documents must include the specified language for all contracts advertised after January 1, 2015.
17. Minnesota Statutes, Section 574.26 to 574.32, the Public Contractors’ Performance and Payment Bond Act, as applicable.
18. Minnesota Statutes sections 176.181 – 176.182. Requires recipients and subcontractors to have worker’s compensation insurance coverage.
19. Minnesota Statutes, sections 177.41 – 177.43 (prevailing wage rate law). Requires that contractors pay laborers and mechanics prevailing wages established by the Minnesota Department of Labor and Industry for public works projects. Contractors or subcontractors failing to comply with the prevailing wage law may result in civil or criminal penalties.
20. Minnesota Statutes 290.9705. Requires that 8 percent of payments made to out-of-state contractors be withheld once cumulative payments made to the contractor for work done in Minnesota exceed \$50,000 in a calendar year, unless an exemption is granted by the Department of Revenue.
21. Minnesota Statutes, Chapter 13, the Minnesota Government Data Practices Act.
22. Minnesota Statutes Chapter 363A, the Minnesota Human Rights Act.
23. Minnesota Statutes, Chapter 16A.633, Subdivision 4, Report on Jobs Created or Retained.

The LeSueur County (Name of Borrower) certifies that it has or will comply with the above requirements. **Additionally, LeSueur County (Name of Borrower) will include the PFA Contract Packet and applicable Davis-Bacon and Minnesota prevailing wages in bid solicitations and incorporate the PFA Contract Packet into all construction contracts.**

(Signature of Authorized Official)

Date

Form 6 – Fair Share Statement
and
Disadvantaged Business Enterprise Certification

The LeSueur County (Borrower) proposes a “fair share objective” percentage of **5.0% for Women Business Enterprise and 3.5% for Minority Business Enterprises** for the Lake Jefferson Collection (name of project).

The Borrower agrees it will follow the ***Six Good Faith Efforts*** for DBE participation and will require its contractor(s) to follow these steps and provide documentation to the Borrower. The Borrower will retain all documentation and make it available for inspection.

The Borrower agrees it will include the ***Required Contract Conditions*** and ***Good Faith Efforts*** in procurement contracts.

The Borrower agrees it will establish and maintain a Bidders List with the information items identified on the ***Bidders List*** for the disbursement phase of the project.

The Borrower agrees to submit semi-annual reports, if required, on forms provided by the Authority, of total contracts awarded for the semi-annual period and the amounts awarded to Disadvantaged Business Enterprises.

**LeSueur County Resolution
Authorizing Submission of a
Clean Water Application to PFA**

RESOLUTION OF APPLICATION

BE IT RESOLVED that LeSueur County is hereby applying to the Minnesota Public Facilities Authority for a loan from the Clean Water Revolving Fund to make improvements to the West Jefferson Lake Sanitary Sewer Service District as described in the loan application.

BE IT FURTHER RESOLVED that LeSueur County estimates the loan amount to be \$4,468,000 or the as-bid cost of the project.

BE IT FURTHER RESOLVED that LeSueur County has the legal authority to apply for the loan, and the financial, technical, and managerial capacity to repay the loan and ensure proper construction, operation and maintenance of the project for its design life.

BE IT FURTHER RESOLVED that LeSueur County hereby expresses its official intent to use proceeds of this loan to reimburse construction expenditures made prior to the issuance of its general obligation bond to the Public Facilities Authority.

I CERTIFY THAT the above resolution was adopted by the LeSueur County Board on _____ (month, day, and year).

WITNESSED:

INTERCONNECTION AGREEMENT FOR WASTEWATER TREATMENT
BETWEEN
LE SUEUR COUNTY AND THE CITY OF CLEVELAND

March 5, 2018

[15741-0031/2934032/1]

THIS AGREEMENT, made and entered into this _____ day of _____, 2018, by and between the City of Cleveland, a municipal corporation in Le Sueur County, Minnesota ("City") and the County of Le Sueur, of the State of Minnesota ("County")(collectively the "Parties").

NOW, THEREFORE BE IT RESOLVED, in consideration of the mutual covenants and conditions herein contained and for other good and valuable consideration, the receipt of which is hereby acknowledged, the Parties agree:

RECITALS

The recitals shall not be deemed to be a limitation on the interconnection agreement of City and County to be exercised pursuant to this agreement, but shall be deemed statements of the general purposes of the agreement.

1. The City owns and operates a wastewater treatment system that includes wastewater treatment ponds and a wastewater collection system to provide wastewater treatment services to properties within the City.
2. Property owners around West Jefferson Lake requested the County to construct a centralized wastewater collection and treatment system, and the County has determined these properties are in need of centralized wastewater collection and treatment services.
3. The County has exercised its authority under Minnesota Statutes, Chapter 375B to establish a subordinate service district ("District") encompassing the West Jefferson Lake properties for the purposes of addressing wastewater needs within the district.
4. The County has determined that the best method for providing wastewater collection and treatment services in the District is for the County to install a wastewater collection system to serve the properties within the District and to connect this collection system to the City's wastewater treatment system.
5. The County desires to discharge the District's wastewater to the City wastewater treatment ponds for treatment and the City agrees to receive and treat the County's wastewater from the District under the terms and conditions of this Agreement.
6. The County intends to perform the maintenance on the District wastewater infrastructure and perform all billing functions within the District.

AGREEMENT

In consideration of the mutual covenants and conditions contained herein, the Parties agree as follows:

ARTICLE I GENERAL PROVISIONS

- 1.1. Purpose of Agreement.** The purpose of this Agreement is to set out the terms and conditions under which the City agrees to permit the interconnection of the District to the City's Wastewater Treatment Ponds ("WTP"). The County will construct and maintain all wastewater infrastructure necessary to collect and carry wastewater to the

[15741-0031/2934032/1]

Connection Point at the WTP. The County will perform all billing functions within the District. The City shall solely be responsible for the treatment of wastewater from the District.

1.2. Definitions of Terms. For the purposes of this Agreement, the following terms shall have the meaning given them in this Section.

- 1.2.1. Agreement. Agreement means this contract for the interconnection of sanitary sewer systems between the County of Le Sueur and the City of Cleveland, to receive and treat the County's wastewater from the West Jefferson Subordinate Service District in the City Wastewater Treatment Ponds.
- 1.2.2. Base Fee. The monthly fee charge per Service Connection in addition to the User Fee.
- 1.2.3. Carbonaceous Biochemical Oxygen Demand (CBOD). The quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five (5) days at twenty (20) degrees Centigrade, expressed in terms of weight and concentration (milligrams per liter, mg/l).
- 1.2.4. City. City of Cleveland, Minnesota.
- 1.2.5. City Wastewater Treatment Ponds (WTP). The wastewater treatment ponds constructed, owned, operated, and maintained by the City.
- 1.2.6. City Wastewater Treatment System. The comprehensive collection and treatment of wastewater by the City including, but not limited to, the City Collection System and the City Wastewater Treatment Ponds.
- 1.2.7. County. County of Le Sueur, Minnesota.
- 1.2.8. Connection Point. The point of interconnection with the City Wastewater Treatment System from the West Jefferson Subordinate Service District.
- 1.2.9. Design Capacity. Capacity of the City Wastewater System to collect and treat wastewater consistent with all requirements of the Federal Water Pollution Control Act, as amended, the City's National Pollution Discharge Elimination System (NPDES) permit, and all other requirements established by the City without incurring unreasonable operating expense or causing damage to the City Wastewater System.
- 1.2.10. District. A Subordinate Service District of Le Sueur County established for the West Jefferson Lake area by Le Sueur County Board of Commissioners on January 17, 2017, in accordance with the procedures outlined in Minnesota Statutes, Section 375B. The initial boundaries of the District are as shown in **Exhibit A**. In case of a discrepancy between the map adopted as part of County

[15741-0031/2934032/1]

Resolution and the map included with this Agreement as **Exhibit A**, the map included with this Agreement as **Exhibit A**, including amendments thereto which may be made subsequent to the execution of this Agreement as given under Article VIII, shall govern.

- 1.2.11. District System. The system of sewers, force mains, lift stations, grinder pumps, and meters constructed, and owned by the County, which are intended to carry only liquid and water-carried wastes from residences and other approved uses located within the West Jefferson Subordinate Service District established by the County.
- 1.2.12. Infiltration. Water entering the sewage system (including building drains and pipes) from the ground through sources such as, but not limited to, defective pipes, pipe joints, connections and manhole walls.
- 1.2.13. Inflow. Water, other than wastewater, that enters a sewer system (including building drains) from sources such as, but not limited to, roof leaders, cellar drains, yard and area drains, foundation drains, drains from springs and swampy areas, manhole covers, cross-connections from storm sewers, catch basins, surface runoff, street wash waters or drainage.
- 1.2.14. Infiltration/Inflow (I/I). The total quantity of water from both infiltration and inflow.
- 1.2.15. Maximum Annual Daily Average. The maximum monthly annual daily average is the maximum daily average measured level of a characteristic averaged over a one year period.
- 1.2.16. Maximum Daily Limit. The maximum daily limit is the maximum measured level of a characteristic measured over a single day.
- 1.2.17. Maximum Monthly Average. The maximum monthly average limit is the maximum daily average measured level of a characteristic averaged over a one month period.
- 1.2.18. Monitoring Station. A building or other suitable structure installed at or between the ends of the West Jefferson Lake System where it exits the Subordinate Service District and the Connection Point, containing flow metering and sampling equipment and other apparatus to accurately monitor the strength and volume of wastewater being discharged.
- 1.2.19. MPCA. Minnesota Pollution Control Agency.
- 1.2.20. Normal Domestic Strength Waste. Wastewater that is primarily introduced by residential users with a CBOD concentration not greater than two hundred twenty

[15741-0031/2934032/1]

(220) mg/l and a total suspended solids (TSS) concentration not greater than two hundred forty (240) mg/l.

- 1.2.21. NPDES. National Pollution Discharge Elimination System.
- 1.2.22. Service Connection. The physical connection of a sanitary sewer service line from an individual property to the West Jefferson Subordinate Service District. Each service connection represents one SAC Unit as defined below.
- 1.2.23. Sewer Availability Charge (SAC). A development impact fee assessed for availability, reserve capacity, sewage treatment, and connection rights to the City sanitary sewer system.
- 1.2.24. SAC Units. A number of units that is defined in the City's utility fee schedule, adopted by ordinance, using various parameters for different types of facilities or uses. Under this Agreement, a limit of 140 SAC units or a Maximum of 12,775,000 gallons/year will be allowed for the West Jefferson Lake System, specifically assigned to individual parcels as given in **Exhibit B**.
- 1.2.25. State. State of Minnesota.
- 1.2.26. Total Suspended Solids (TSS). The total suspended matter that floats on the surface of, or is suspended in, water, wastewater or other liquids and which is removable by a standard glass fiber filter.
- 1.2.27. User. Any person who discharges wastewater, or causes or permits the discharge or placement of wastewater, into the West Jefferson Lake System.
- 1.2.28. User Fees. The amount the City shall charge the County for receiving and treating wastewater from the District System based on gallons of wastewater.
- 1.2.29. Wastewater. All liquid or water-carried waste products from whatever source derived, together with such groundwater infiltration and surface water inflow as may be present.
- 1.3. **Compliance with Applicable Laws**. Each party shall be responsible for complying with all applicable Federal, State, and local laws, rules, regulations and ordinances in carrying out their respective obligations under this Agreement and for obtaining all permits or permissions that may be required.
- 1.4. **Cooperation with Agencies**. The County and the City shall cooperate and participate in providing all data requested by any State or Federal agency relative to regulatory policies or funding requests related to activities contemplated by this Agreement.
- 1.5. **Term of Agreement**. Unless terminated earlier as provided herein, the County shall have the right, for as long as the City operates the City Wastewater System, to convey

[15741-0031/2934032/1]

wastewater from District System to the City WTP for treatment, provided the County acts in compliance with provisions of this Agreement.

- 1.6. **Review of Agreement.** The County and the City shall cooperate and participate in a review of this Agreement at least every five (5) years from the date of execution of this Agreement, or at such time that the renewal of the NPDES permit for the WTP occurs, whichever occurs sooner.
- 1.7. **Termination.** Either party may terminate this Agreement for cause arising from an event of default as provided in this Section.
 - 1.7.1. **Termination for Cause.** Notwithstanding anything else to the contrary in this Agreement, either party may terminate this Agreement for cause arising from an event of default. If an event of default occurs, and if the non-defaulting party desires to terminate this Agreement, it shall provide the other party written notice describing the event of default and what must be done in order to cure the default. If the defaulting party fails to reasonably cure the default within 180 days of its receipt of the notice of default, the non-defaulting party may terminate this Agreement by providing the other party a written notice of termination. For the purposes of this section, the failure to adequately perform any of the following obligations under this Agreement shall constitute an "event of default" allowing a termination for cause: (1) repeated non-payment of any non-disputed amounts; (2) failure of the County to put in place or enforce restrictions regarding the number of connections within the Subordinate Service District; (3) failure to construct the District System or Connecting Sewer Line by December 31, 2020; or (4) failure to comply with any other material term of this Agreement.
 - 1.7.2. **Effect of Termination.** Upon termination, the respective rights and obligations of the Parties under this Agreement shall cease, except that the City shall be entitled to any past due payments and for continuing payments until the City Wastewater System is no longer receiving wastewater from the District. Recognizing the fact this Agreement provides for the connection of two wastewater systems, and that the County must provide an alternative means for treating wastewater before it can reasonably disconnect from the City Wastewater System, the Parties agree to work in good faith to identify and resolve the issues associated with separating the systems and dissolving the cooperative arrangement established between the Parties by this Agreement.
- 1.8. **Title to Wastewater Systems.** It is agreed and understood by the Parties that the title to, and all incidents of ownership in, the City Wastewater System, any subsequent replacement or upgrades, improvements or expansions thereof, and all the grounds upon which the same is located shall remain in the City and shall be the absolute property of said City. It is further agreed and understood that the operation of the City Wastewater System and employment of personnel therefore shall be in the full charge of the City. It is further agreed and understood that the title to, and all incidents of ownership in, the District System, including any subsequent replacement or improvements, shall be the

[15741-0031/2934032/1]

property of and owned by the County exclusively. Those that may be contracted by the County to construct or improve the District System and shall not be the responsibility of the City.

- 1.9. **Disposition of Property.** Upon termination of this Agreement all property hereunder which is within the City limits of the City, including the connecting sewer forcemain that discharges wastewater from the District to the WTP, shall belong to the City and all other property acquired hereunder shall belong to the County.

ARTICLE II WEST JEFFERSON SUBORDINATE SERVICE DISTRICT

- 2.1. **Construction.** The County is solely responsible for, at its own cost, designing and constructing the District System, and completing all work to connect the system to the WTP. The City shall have no financial or other obligation to the District System other than to receive and treat its wastewater as provided in this Agreement.
- 2.2. **Plan Review.** The County shall be responsible for preparing all plans and specifications needed for the construction of the District System. The County shall submit all such plans and specifications to the City for review and approval at least 30 days prior to the County advertising for bids for its construction. The materials and specifications to construct the District System must be at least of the same quality used by the City and must otherwise be acceptable to the City. Approval by the City shall not be unreasonably withheld.
- 2.3. **Limitations on District System.** The Parties understand and agree that the District System will be designed to serve up to a total of 140 SAC units which is approximately a maximum of 12,775,000 gal/yr. No Service Connections shall be allowed downstream of the Monitoring Station. The total number allowable SAC Units available to the District shall be specifically allocated to individual properties. Initial allocations shall be designated by Parcel Identification Number as set forth in **Exhibit B**. The designation of additional allocation, not to exceed 140 SAC units, or the transfer of SAC Unit allocations from one parcel to another by the County is allowed under this Agreement, but requires an immediate revision to **Exhibit B**. The County shall not make or allow any additional Service Connections in excess of 140 SAC units to the District System without the prior written consent of the City and amendment of this Agreement.
- 2.4. **Easements.** The County is responsible for acquiring, at its own expense, all easements or other permissions required to construct the District System, Monitoring Station, and extend the District System to the Connection Point, and as may otherwise be needed to carry out its obligations under this Agreement. The City will provide permits as may be required to perform any work within the City's streets, right of ways, or easement areas at no cost. The County shall be responsible for maintaining the grounds and any associated facilities around the Monitoring Station. Should the Connection Point be required to be relocated in the future, the City shall be responsible for the costs of removal, restoration, and relocation.

[15741-0031/2934032/1]

- 2.5. **Third Party Penalties.** The County shall be responsible for paying any penalties or violation fees imposed on the City and County from the MPCA, or other similar agency, if such penalties or violation fees are the result of the County's action or inaction related to the District System. The City shall be responsible for paying any penalties or violation fees imposed on the City and County from the MPCA, or other similar agency, if such penalties or violation fees are the result of the City's action or inaction related to the operation or maintenance of the City's Wastewater Treatment System or WTP.

ARTICLE III INTERCONNECTION

- 3.1. **Authority for Connection.** In consideration of the terms and conditions of this Agreement, the City hereby grants the County permission and authority to connect the District to the City WTP at the Connection Point.
- 3.2. **Connection Point.** The connection point of the District System with the City Wastewater Treatment System shall be at a point near the City WTP as provided in construction plans approved by the Parties.
- 3.3. **Construction of Interconnection.** The District shall be responsible for all work and costs associated with the connection of the District System to the City WTP.
- 3.4. **Future Discharge Interconnection.** The City may determine, in conjunction with a review by an independent third party engineer, that it is in the best interests of the City that the location of the Connection Point of the District System with the WTP needs to be modified or changed. The City in its sole discretion may exercise the option to determine that the location of the Connection Point of the District System with the WTP needs to be modified or changed in the future. The City shall be responsible for all work and costs associated with the modification or relocation of the Connection Point of the District System to the WTP.
- 3.5. **Monitoring Station.** The County shall be responsible for acquisition, construction, maintenance, and insurance for the Monitoring Station as provided in this Section.
- 3.5.1 **Monitoring Required.** All wastewater discharged into the WTP from the District System shall be accurately monitored for strength and volume by acceptable automatic metering and sampling equipment installed at the Monitoring Station. The County shall, at its own cost, be responsible for purchasing and installing the equipment. The type, specification, and location of the metering and sampling equipment, any future improvement or replacement of such equipment, shall be approved by the City. At a minimum, the metering device shall be equipped with automatic registering and recording mechanisms for continuous recording of the rate of flow, which measures and provides a cumulative total of the volume of discharge. The County shall provide the City unfettered access to the Monitoring Station at all times.

[15741-0031/2934032/1]

3.5.2 **Operation and Maintenance.** The City shall operate and maintain the monitoring equipment and Monitoring Station. The cost for all such services shall be the responsibility of the County. All required flow metering and sampling equipment shall be operational on a continuous basis and wastewater flow shall be measured on a continuous basis, with volumes totaled and recorded continuously. The reading and recording of results and collection and analysis of wastewater samples from the District System metering and sampling equipment shall be completed by the City. Wastewater samples shall be analyzed for CBOD, TSS and any other pollutants once a week for the first six months after connection to the WTP, twice a month for the following six months, and thereafter monitoring and sampling will be performed monthly or as needed. A report shall be submitted by the City to the County monthly. Analysis of pollutants may be conducted by the City at any time in a laboratory certified for such analyses by the State of Minnesota.

3.5.3 **Calibrations.** The flow meter in the monitoring station shall be calibrated as provided in this Section.

3.5.3.1 *Regular Calibrations.* The City, at the County's expense, shall calibrate, with certified calibration procedures, its flow meter on a quarterly basis for the first year of this Agreement, and thereafter on an annual basis. A calibration report shall be prepared and filed with the County within twenty (20) days of completion of the calibration procedures.

3.5.3.2 *Annual Calibrations.* On a yearly basis, the City shall, at the County's expense, contract with a qualified flow metering calibration firm to have the metering device used in billing calculations of this Agreement calibrated.

3.6. **Events of Failure.** If the required flow metering or sampling equipment fails, the City shall estimate the wastewater volume and pollutant loadings for the period of equipment failure using the most comparable recent historical data. Said estimates shall continue until such time as the equipment is repaired or replacement equipment is installed as required by this Agreement.

ARTICLE IV ACCEPTABLE WASTEWATER

4.1 **User Regulations.** The County and City shall enact, adopt, and strictly enforce all such resolutions, ordinances, or regulations as may be necessary to impose limitations on users of the District System that are at least as strict as those applicable to users within the City and as may be needed to give full effect to the stipulations contained in this Agreement.

4.2 **Acceptable Wastewater.** The quality, strength and character of wastewater which the City receives at its WTP from the District System shall comply with applicable statutes, rules and regulations of the State of Minnesota. The County shall do those things necessary to comply with the City's NPDES permit and use its best efforts to prevent any

[15741-0031/2934032/1]

surface or stormwater, excessive I/I, or non-domestic or industrial wastes to be discharged into the District System.

- 4.3 **Maximum Limits.** The Parties recognize that the capacity of the City WTP is limited. In order to avoid overburdening the City's system, or precluding use by properties within the City, the amount of wastewater discharge from the West Jefferson Lake System and the Connecting Sewer Line to the City Collection System shall strictly conform to the following parameters and limits, which shall constitute the County Capacity Allocation:

County Capacity Allocation and Monitoring Requirements						
					Monitoring Requirements	
Effluent Characteristic	Maximum Daily Limit	Maximum Monthly Average	Maximum Annual Daily Average	Peak Instantaneous Limit	Minimum Measurement frequency	Sample type
Flow (gal/day)	140,000	42,000	35,000		Continuous	Recorded
CBOD (lbs/day)	82	74	68.25	N/A	Monthly	Composite
TSS (lbs/day)	97	88	74	N/A	Monthly	Composite
Phosphorous (lbs/day)	4.9	4.2	3.5	N/A	Monthly	Composite

4.4 **Quality and Prohibited Materials.**

4.4.1 **Quality of Effluent.** The quality of raw wastewater to be delivered to the WTP from the District System shall be aerobic in character and the odor shall not be stronger than that associated with municipal raw wastewater. If additional aeration or injection of chemicals is required in the judgment of the MPCA or the City in order to prevent damage to the WTP or to eliminate nuisance odor conditions from resulting from the District System, all costs associated with such mitigation or corrective measures shall be borne by the County.

4.4.2 **Prohibited Materials or Discharges.** The County shall not allow any user to discharge, either directly or indirectly, into the District System, any flows or materials prohibited by the City Code of Ordinances and the City's WTP NPDES Permit, along with any of the following:

- A. Waste of any type generated from any source outside the District;
- B. Waste generated from septic tank contents, privy vault contents, sewage holding tanks or similar sources from within the District;
- C. Wastes which may directly or indirectly impair the proper functioning of the City Wastewater System;

[15741-0031/2934032/1]

- D. Any wastes, the strength or pollution effects of which are not effectively altered by ordinary treatment processes, or the presence of which in the receiving stream would violate State and Federal water quality standards; and
- E. Any wastewater having a pH less than 6.0 or more than 10.0 or having any other corrosive property capable of causing damage or hazard to structures, equipment and personnel of the City Wastewater System.

ARTICLE V INSPECTIONS

- 5.1 **City Inspections.** The City, or its designated representative, upon reasonable notice first given to the County and any affected private property owner, shall be permitted to audit and inspect the materials and construction of the District System in order to confirm that the same is being constructed, according to applicable City specifications and standards, all applicable Federal, State, and local laws, rules, regulations, and ordinances, and to verify compliance with terms of this Agreement.

ARTICLE VI FEES, PAYMENTS AND ADDITIONAL COSTS

- 6.1 **Consideration.** In consideration of the use of the City WTP by the County for its District System, the District shall pay the City the fees and charges provided for in this Article as well as any other amounts required by this Agreement.
- 6.2 **SAC Connection Fee.** The District shall pay to the City a SAC connection fee in the amount of \$1,000.00 per dwelling unit. This shall be paid prior to the connection of the Service Connection to the District System.
- 6.3 **Fees.** The City may maintain a user fee system which assesses a user charge for each Service Connection on the District.
 - 6.3.1 **Base Fees.** The District shall pay a base fee of \$1.00 per Service Connection per month to the City. This is allocated for operation and maintenance of the WTP.
 - 6.3.2 **User Fees.** The District shall pay a User Fee based on the monthly flow discharged to the WTP as measured by flow meters at the Monitoring Station. The monthly User Fee shall be calculated by multiplying the metered gallons of wastewater through the Monitoring Station in a month by the current rate (metered gallons X \$/gallon = User Fee). The rate per 1,000 gallons of wastewater shall be 120% of the User Fee that the City charges its residents. The rates are as follows:

2019-- \$6.56 per 1,000 gallons
2020-- \$6.76 per 1,000 gallons
2021-- \$6.96 per 1,000 gallons

[15741-0031/2934032/1]

After 2021, the User Fee shall be set by the City, reviewed annually and adjusted as necessary. The City shall provide the County at least 60 days' notice of changes to the User Fees.

6.3.3 **Invoice.** The City shall invoice the County monthly for the prior month's fees and costs. The invoice shall include a total invoice amount but shall also list the number of Base Fees, the calculation of the current User Fee, and all itemized pass-through costs for calibration of monitoring equipment, operation and maintenance of the Monitoring Station, or other related expenses. The County, through its established subordinate service district, collects all costs from properties within the District, so detailed and itemized invoices are critical.

- 6.4 **Non-Payment.** Failure on the part of the District to pay all amounts due to the City within 30 days of the invoice date shall render such unpaid amount delinquent. If the delinquent amount is not paid in full within 14 days of notice of delinquency, such delinquent amount shall bear interest at an annual rate of twelve percent (12%).

ARTICLE VII REQUEST FOR EXPANSION

- 7.1 **Procedure.** The District may request to expand the number of connections within the District. The request for adding connections must be approved by the City. The City will authorize the County to expand the District boundaries. The County has the authority to allow the expansion of the District following Minnesota Statutes Section 375B.
- 7.2 **Review of Request.** No expansion shall be allowed by the City unless it is in the form of a written amendment to this Agreement and approved by the governing bodies of the County and the City.
- 7.3 **Expansion of City Wastewater System.** Expansion or improvement of the City Wastewater System shall be subject to this Section.

7.3.1. **City Project.** If the City undertakes a project to expand or replace its WTP, construct a new Wastewater Treatment Plant, the District shall be responsible for paying its proportionate share of such project, with such proportionate share to be determined based on the percentage of flow as monitored by the District flow meter and the City flow meter based on a five (5) year average.

ARTICLE VIII INDEMNIFICATION AND LIABILITY

- 8.1 **County Indemnification of City.** The County shall defend, indemnify, and hold harmless the City, its officers, employees, and agents against any claim brought, action filed, or penalty imposed by reason of any act or omission of the County, its officers,

[15741-0031/2934032/1]

employees, and agents against any and all liability, loss, costs, damages, expenses, fines, penalties, claims, or actions, including attorney fees, which the City, its officers, employees, or agents may hereafter sustain, incur, or be required to pay, arising out of or by reason of the construction, operation, maintenance, or improvement of the District System, the Connecting Sewer Line, or the District. This indemnification obligation includes the County defending, indemnifying, and holding the City harmless against any claims or actions arising from or related to any actions taken by the City or County to enforce the limits or prohibitions established in this Agreement related to the amount of the wastewater received from the District including, but not limited to, restricting flow, suspending service, or imposing additional costs on Users. The County is not responsible for indemnifying the City against actions arising solely from the claimed negligence of the City, its officers, employees, or agents. The indemnification obligation contained in this Section is in addition to any other County indemnification obligations contained in this Agreement.

- 8.2 **City Indemnification of County.** The City shall indemnify, defend, and hold harmless the County from any and all loss or damage to any property, liability, loss, costs, damages, expenses, fines, penalties, claims, or actions, including attorney fees incurred by the County by reason of any act or omission on the part of the City, its agents or employees, in connection with the construction or operation and maintenance of the City Wastewater System, unless the same shall be due to the negligence of the County, its agents or employees. This indemnification obligation includes the City defending, indemnifying, and holding the County harmless against any claims or actions arising from or related to any actions taken by the City or County to enforce the limits or prohibitions established in this Agreement related to the amount of the wastewater received from the District including, but not limited to, restricting flow, suspending service, or imposing additional costs on Users. The City is not responsible for indemnifying the County against actions arising solely from the claimed negligence of the County, its officers, employees, or agents. The indemnification obligation contained in this Section is in addition to any other City indemnification obligations contained in this Agreement.
- 8.3 **Circumstances Beyond Control.** The City shall not be responsible if the City Wastewater System is prevented from receiving or treating wastewater from the District in accordance with the terms of this Agreement by any cause not reasonably within the control of the City including, but not limited to, acts of God (fire, explosion, flood, earthquake, tornado), strike, war, unavoidable accident, ruptured pipe resulting from temperature change or ground disturbances, or Federal or State interference (governmental exercise of authority, court orders). The City agrees (except in the case of total destruction or near total destruction of its properties) to diligently put its works in condition again, as soon as practicable, to dispose of sewage in the manner provided for in this Agreement. The County shall hold, save, and defend the City harmless for any damage or loss resulting from such impossibility, frustration, interruption, or suspension of performance of the terms of this Agreement.

[15741-0031/2934032/1]

- 8.4 **Liability Caps and Exemptions.** To the extent a court considers this Agreement to constitute a joint venture or joint enterprise between the City and the County, any liability arising from or related to the activities contemplated by this Agreement shall be considered as against a single entity and shall not exceed the limit for a single entity as provided in Minnesota Statutes, Section 471.59, Subdivision 1a(a). Nothing herein shall constitute a waiver by any party of the limitations on or exclusions from liability available to either under Minnesota Statutes, Chapter 466 or as otherwise provided in law.

ARTICLE IX CHOICE OF LAW AND VENUE; DISPUTES

- 9.1 **Choice of Law and Venue; Disputes.** This Agreement shall be governed by and construed in accordance with the laws of the state of Minnesota. Any disputes, controversies, or claims arising out of this Agreement shall be heard in the state or federal courts of Minnesota, and the Parties to this Agreement waive any objection to the jurisdiction of these courts, whether based on convenience or otherwise.

ARTICLE X MISCELLANEOUS PROVISIONS

- 10.1 **Entire Agreement.** The terms, covenants, conditions, and provisions of this Agreement, including present and all future attachments or exhibits shall constitute the entire agreement between the Parties, superseding all prior agreements and negotiations. This Agreement shall be binding upon and inure to the benefit of the respective successors and assigns of the City of Cleveland and the County of Le Sueur.
- 10.2 **Amendments.** This Agreement may be amended or modified only by mutual, written agreement duly executed by both of the Parties. Such written agreement shall be executed by a resolution duly adopted by the Board of the Le Sueur County Commissioners and the City Council of the City of Cleveland.
- 10.3 **Governing Law.** This Agreement is made pursuant to and shall be construed in accordance with the laws of the State of Minnesota.
- 10.4 **No Third Party Rights.** No party to this Agreement shall by virtue of this Agreement have any responsibility with respect to services provided or contractual obligations assumed by any other party, and nothing in this Agreement shall be deemed to constitute or to create any fiduciary or agency relationship among the Parties or any other party.
- 10.5 **Audit.** The County shall have the right to inspect and audit City records with respect to this Agreement.
- 10.6 **Recitals and Attachments.** The recitals contained herein, together with all Attachments or Exhibits referred to in this Agreement, are hereby made a part hereof and incorporated herein by reference as fully and as completely as if set forth herein verbatim.

[15741-0031/2934032/1]

- 10.7 **Waiver.** The waiver by either party of an event of default of any term of this Agreement by the non-defaulting party shall not operate, or be construed to operate, as a waiver of any subsequent claim of default or any other claim available under this Agreement or available at law or in equity. The making or the acceptance of a payment by either party with knowledge of the existence of a default shall not operate, or be construed to operate, as a waiver of any subsequent claim of default or any other claim available under this Agreement or available at law or in equity.
- 10.8 **Severability.** In the event that any provision of this Agreement is determined to be invalid, illegal, or unenforceable by any court of competent jurisdiction, by reason of any existing or subsequently enacted legislation, or by the application of existing or subsequently adopted rules and regulations of any State or Federal agency, the other provisions of this Agreement shall remain in full force and effect, and the Parties shall negotiate in good faith and agree to such amendments or modifications of or to this Agreement or other appropriate actions as shall, to the maximum extent practicable in light of such determination, implement, and give effect to the intentions of the Parties.
- 10.9 **Notice.** Any notices required under the provisions of this Agreement shall be in writing and sufficiently given if delivered in person or sent by first class mail, postage prepaid, as follows to the City Clerk if to the City, or to the County Administrator if to the County.

[Remainder of page left intentionally blank.]

IN WITNESS WHEREOF, the City of Cleveland has caused this Agreement to be signed in duplicate by its Mayor and City Clerk, and its corporate seal to be hereunto affixed pursuant to a resolution of the City Council of the City of Cleveland, a certified copy of which is hereto attached; and the County of Le Sueur has caused this Agreement to be executed by its chairman, attested to by its clerk to the Board pursuant to a resolution duly adopted by the Board of the Commissioners of Le Sueur County, certified copy of which is hereto attached.

RESOLUTION #07-2018

WHEREAS, The Cleveland City Council met a regularly scheduled meeting to discuss the final Interconnect Agreement for Wastewater Treatment between Le Sueur County and the City of Cleveland, and

WHEREAS, the council reviewed the agreement and determined it was in the best interest of the City to proceed with the Interconnect Agreement, Therefore

BE IT RESOLVED THAT, the Cleveland City Council accepts this Interconnect Agreement as written.

Dated this 5th day of March, 2018

Mayor

City Clerk-Treasurer
