This Agreement may be modified only in a writing signed by both us and you, making specific reference to the provision modified. Directing us to start work prior to execution of this Agreement constitutes your acceptance of this Agreement.

1.2 The words "you," "we," "us," and "our" include officers, employees, and subcontractors.

1.3 Any conflicting or additional terms in a purchase order, work order, or other form used to authorize our services are not part of our Agreement unless we specifically accept them in writing. If we cannot agree on mutually acceptable terms, we have the right to withdraw our proposal without liability to you or others, and you will compensate us for services already rendered.

Article 2 Our Responsibilities

2.1 We will provide the services specifically described in our Agreement. You agree that we are not responsible for services that are not fairly included in our specific undertaking. Unless otherwise agreed in writing, our findings, opinions, and recommendations will be provided to you in writing. You agree not to rely on oral findings, opinions, or recommendations without our written approval.

2.2 In performing our services, we will use that degree of care and skill ordinarily exercised by reputable members of our profession practicing under similar circumstances in the same locality at the same time.

2.3 Our duties do not include supervising your contractors or commenting on, overseeing, or providing the means and methods of their work, unless we accept such duties in writing. We will not be responsible for the failure of your contractors to perform in accordance with their undertakings, and the providing of our services will not relieve others of their responsibilities to you or to others.

2.4 We will provide a health and safety program for our employees, but we will not be responsible for contractor, job, or site health or safety unless we accept that duty in writing. You will provide, at no cost to us, appropriate site safety measures as to work areas to be observed or inspected by us.

Such estimates are an exercise of our professional judgment and are not guaranteed or warranted. Actual costs may vary. You should allow a contingency in addition to estimated costs.

2.6 Locations of field observations or sampling described in our report or shown on our sketches are based on information provided by others or estimates made by our personnel. You agree that such dimensions, depths, or elevations are approximations unless specifically stated otherwise in the report. You accept the inherent risk that samples or observations may not be representative of things not sampled or seen and that site conditions may change over time.

Article 3 Your Responsibilities

3.1 You agree to provide us with all site information and data to which you have access which may affect our services. We will not be responsible for locating buried objects at the site unless we accept that duty in writing. You agree to hold us harmless from claims, damages, losses, and related expenses involving buried objects that were not properly marked or identified or of which you had knowledge but did not timely call to our attention or correctly show on the plans you or others on your behalf furnished to us.

3.2 You will provide access to the site. In the course of our work some damage is normal even when due care is exercised. We will use reasonable care to minimize damage to the site but we will not be responsible for reasonable or normal damage. We have not included the cost of restoration of such damage in the estimated charges.

3.3 You agree to provide us with information in your possession or control relating to contamination at the work site.

3.4 Neither this Agreement nor the providing of services will operate to make us an owner, operator, generator, transporter, treater, storer, or a disposal facility within the meaning of the Resource Conservation Recovery Act, as amended, or within the meaning of any other law governing the handling, treatment, storage, or disposal of hazardous materials. You agree to hold us harmless and indemnify us from any such claim or loss.

3.5 Monitoring wells are your property, and you are responsible for their permitting, maintenance, and abandonment unless we accept that duty in writing.

In the event you do not own the site, you acknowledge that it is your duty to inform the owner of the discovery or release of contaminants at the site. You agree to hold us harmless and indemnify us from claims related to disclosures made by us that are required by law and from claims related to the informing or failure to inform the site owner of the discovery of contaminants.

Article 4 Reports and Records

4.1 Our reports, notes, calculations, and other documents and our computer software and data are instruments of our service to you, and they remain our property but are subject to a license to you for your use in the related project for the purposes disclosed to us. You may not transfer our reports to others or use them for a purpose for which they were not prepared without our written approval. You agree to indemnify and hold us harmless from claims, damages, losses, and expenses, including attorney fees, arising out of such a transfer or use. At your request, we will provide endorsements of our reports or letters of reliance, but only if the recipients agree to be bound by the terms of our agreement with you and only if we are paid the administrative fee stated in our then current Schedule of Charges.

4.2 Because electronic documents may be modified intentionally or inadvertently, you agree that we will not be liable for damages resulting from change in an electronic document occurring after we transmit it to you.

4.3 If you do not pay for our services in full as agreed, we may retain work not yet delivered to you and you agree to return to us all of our work that is in your possession or under your control.

GENERAL TERMS AND CONDITIONS

4.4 Samples and field data remaining after tests are conducted and field and laboratory equipment that cannot be adequately cleansed of contaminants are and continue to be your property. They may be discarded or returned to you, at our discretion, unless within 15 days of the report date you give us written direction to store or transfer the materials at your expense.

Article 5 Compensation

5.1 You will pay for services as agreed upon or according to our then current Schedule of Charges if there is no other written agreement as to price. An estimated cost is not a firm figure. You agree to pay all sales taxes and other taxes based on your payment of our compensation. Our performance is subject to credit approval and payment of any specified retainer.

5.2 You will notify us of billing disputes within 15 days. You will pay undisputed portions of invoices on receipt. You agree to pay interest on unpaid balances beginning 30 days after invoice dates at the rate of 1.5% per month, or at the maximum rate allowed by law.

5.3 If you direct us to invoice another, we will do so, but you agree to be responsible for our compensation unless you provide us with that person's written acceptance of all terms of our Agreement and we agree to extend credit to that person and to release you.

5.4 Your obligation to pay for our services under this Agreement is not contingent on your ability to obtain financing, governmental or regulatory agency approval, permits, final adjudication of lawsuit in which we are not involved, your successful completion of a project, receipt of payment from another, or any other event. No retainage will be withheld.

5.5 You agree to compensate us in accordance with our fee schedule if we are asked or required to respond to legal process arising out of a proceeding related to the project and as to which we are not a party.

5.6 If we are delayed by factors beyond our control, or if project conditions or the scope or amount of work change, or if changed labor union conditions result in increased costs, decreased efficiency, or delays, or if the standards or methods change, we will give you timely notice and we will receive an equitable adjustment of our compensation.

5.7 In consideration of our providing insurance to cover claims made by you, you hereby waive any right of offset as to fees otherwise due us.

Article 6 Disputes, Damage, and Risk Allocation

6.1 Each of us will exercise good faith efforts to resolve disputes without litigation. Such efforts will include, but not be limited to, a meeting(s) attended by each party's representative(s) empowered to resolve the dispute. 6.2 Neither of us will be liable for special, incidental, consequential, or punitive damages, including but not limited to

those arising from delay, loss of use, loss of profits or revenue, loss of financing commitments or fees, or the cost of capital.

6.3 For you to obtain the benefit of a fee which includes a reasonable allowance for risks, you agree that our aggregate liability for all claims will not exceed the proceeds from available insurance.

6.4 You agree to indemnify and defend us from all liability to others in excess of the risk allocation stated above and to insure this obligation.

6.5 The prevailing party in any action relating to this agreement shall be entitled to recover its costs and expenses, including reasonable attorney fees, staff time, and expert witness fees.

6.6 The law of the state in which our servicing office is located will govern all disputes. Each of us waives trial by jury.

Article 7 General Indemnification

7.1 We will indemnify and hold you harmless from and against demands, damages, and expenses of others to the comparative extent they are caused by our negligent acts or omissions or those negligent acts or omissions of persons for whom we are legally responsible. You will indemnify and hold harmless from and against demands, damages, and expenses of others to the comparative extent they are caused by your negligent acts or omissions or those negligent so those negligent acts or omissions of persons for whom you are legally responsible.

7.2 To the extent it may be necessary to indemnify either of us under Section 7.1, you and we expressly waive, in favor of the other only, any immunity or exemption from liability that exists under any worker compensation law.

7.3 You agree to indemnify us against losses and costs arising out of claims of patent or copyright infringement as to any process or system that is specified or selected by you or by others on your behalf.

Article 8 Miscellaneous Provisions

8.1 We will provide a certificate of insurance to you upon request.

8.2 You and we, for ourselves and our insurers, waive all claims and rights of subrogation for losses arising out of causes of loss covered by our respective insurance policies.

8.3 Neither of us will assign or transfer any interest, any claim, any cause of action, or any right against the other. Neither of us will assign or otherwise transfer or encumber any proceeds or expected proceeds or compensation from the project or project claims to any third person, whether directly or as collateral or otherwise.

8.4 Our Agreement may be terminated early only in writing. We will receive an equitable adjustment of our compensation in the event of early termination.

8.5 If a provision of this Agreement is invalid or illegal, all other provisions shall remain in full force and effect.

Resolution to Incorporate the Summary of Watercourses into the Le Sueur County Comprehensive Local Water Management Plan

Whereas; Minnesota Statutes Chapter 103F.48 requires soil and water conservation districts (SWCDs) in consultation with local water management authorities, to develop, adopt, and submit to each local water management authority within its boundary a summary of watercourses.

Whereas; The Board of Water and Soil Resources has adopted Buffer Law implementation Policy #6 'Local Water Resources Riparian Protection ("Other Watercourses")' which identifies steps SWCDs are required to take in developing said inventory.

Whereas; Le Sueur SWCD has adopted a Descriptive inventory of other watercourses and provided it to Le Sueur County on "June 13, 2017".

Whereas; Minnesota Statutes Chapter 103F.48 requires a local water management authority that receives a summary of watercourses identified under this subdivision must incorporate an addendum to its comprehensive local water management plan or comprehensive watershed management plan to include the SWCD recommendations by July 1, 2018.

Whereas; Minnesota Statutes Chapter 103F.48 does not require a plan amendment as long as a copy of the included information is distributed to all agencies, organizations, and individuals required to receive a copy of the plan changes.

Therefore be it resolved that; The summary of watercourses or "other waters" for Le Sueur County shall be incorporated as an addendum in its current local water management plan.

Be it further resolved that; Le Sueur County authorizes staff to provide a copy of the addendum and any supporting information to be distributed to all agencies, organizations, and individuals required to receive a copy of the plan changes.

RE: Le Sueur County's 2017 Feedlot Annual Report

Attached is the 2017 Le Sueur County Feedlot Officer Annual Report, Supplemental Information Page, and Feedlot Financial Report. These report forms were provided to the county from the Minnesota Pollution Control Agency (MPCA) to report the feedlot activities conducted by the county feedlot officer in 2017.

Each year the county's feedlot program is reviewed by MPCA staff to determine if the county is meeting its feedlot goals and requirements, per the approved work plan. Le Sueur County's program was reviewed on March 7, 2018.

As part of the review process, the county feedlot officer presents the report to the County Board of Commissioners for review. After review and discussion of the report, I request a motion to be made to have the Chair of the Le Sueur County Board of Commissioners sign the report.

For 2017, the county's feedlot program was funded through the MPCA.

Additional Information:

- 2017 was a year to re-register animal feedlots for the 2018 to 2022 registration cycle. I started mailing the re-registration forms out on December 8, 2017 (majority of the county's animal feedlot owners were mailed a re-registration form between December 8, 2017 and January 17, 2018). The re-registration packet consisted of a cover letter, a blank registration form, and a copy of the last registration.
 - As of March 22, 2018,
 - 194 re-registration packets have been mailed
 - 150 registrations have been received
 - All 150 registrations have been emailed to the MPCA for entry into the Tempo database.
 - On March 12, 13, and 22, 2018, 24 feedlot owners were mailed a second packet.
- 2017 Inspections
 - Six facility compliance inspections were conducted
 - Three animal feedlot facilities located in shoreland
 - One facility between 100 and 299 animal units
 - Two facilities over 300 animal units

- Six construction inspections were conducted at two separate facilities
 - Both facilities over 300 animal units
- One land application of manure inspection was conducted
 - Facility over 300 animal units
- I was only able to count inspections entered into MPCA's Tempo database as of March 1, 2018 on the county's annual feedlot report, which were two facility inspections and the construction inspections.
- 2017 permit applications
 - There were three animal feedlot permit applications received in 2017.
 - There were three public meetings held by the County (all three required a Conditional Use Permit).
 - Only one animal feedlot permit application could be counted on the annual report because the other two permit applications met the requirement for a either National Pollutant Discharge Elimination System or State Disposal System Permit because of the amount of livestock or animal units proposed to be housed on-site.

The Honorable Kathryn D. Messerich Chief Judge, 1st Judicial District Dakota County Judicial Center 1560 Highway 55 Hastings, MN 55033

Re: Funding of Expert Witnesses, Transcripts, Interpreters, etc. pursuant to Minnesota Statute 611.21

Dear Judge Messerich:

I am writing to inform you that my office has now exhausted our funding for expert witnesses, transcripts, interpreters, medical records and other services necessary for an adequate defense. We will therefore resume petitioning for payment of these expenses pursuant to Minnesota Statute 611.21. This will be necessary until our new fiscal year begins on July 1, 2018.

Unless you prefer that we use a different procedure, I will again require that public defenders contact me before making a Minnesota Statute 611.21 request. If I agree that their request is appropriate, I will provide the defender with an *Ex Parte Application for Minnesota Statute 611.21 Funds* containing my signature, and stating that my office no longer has funds available for the requested expense. I will also provide the defender with a proposed *Minnesota Statute 611.21 Order*. The defender assigned to the case will then approach the court and provide such case specific information as the court may require to show that the requested service is necessary for an adequate defense.

As in the past, we will make requests for funding of \$1000 or less to the judge assigned to the case. It is my understanding that if no specific judge has been assigned to a case, requests for funding of \$1000 or less may be presented to any judge chambered in the county where the case originated. Requests for funding exceeding \$1000 will be made directly to you, or to Assistant Chief Judge Knutson if you are unavailable.

Please let me know if you have any questions, concerns, or if you would like us to use a different procedure.

I regret the inconvenience this will cause to everyone involved.

Sincerely,

Steve Holmgren Chief Public Defender 1st Judicial District Email: steve.holmgren@pubdef.state.mn.us Telephone: 651-539-1029
